RESOURCE DIRECTORY
2025-2026

Orange Unified School District
1401 N Handy St.
Orange, CA 92867
(714) 628-4000

Dear OUSD Staff,

This District Resource Directory combines district and community resources to better support students and their families as a whole. By bringing these resources together, we can more effectively address the challenges families face every day, whether it's finding food, stable housing, healthcare, or other essential needs. When families have the support they need, students are more focused, engaged, and ready to succeed both in school and beyond.

This Directory is designed to help school staff connect families with available community resources. It includes referral links and practical guidance to help remove barriers to learning and well-being.

As a living tool, the directory will grow and adapt with our community's needs, reflecting our shared commitment to equity, inclusion, and community-centered engagement.

Thank you for your continued dedication to supporting the whole child, the whole family, and the whole community.

Warmly,

Orange Unified School District

Orange Unified School District Resources

Orange Unified School District's Early Learning offers a variety of early childhood education programs designed to support families and caregivers of children from birth through early elementary years. These programs focus on school readiness, developmental growth, and family engagement.

Programs Offered:

Learning Link (Ages 0–4)

A free, drop-in program for families with children ages 0 to 4. Children engage in hands-on activities that support early learning and school readiness. No pre registration is required, and families may attend any site. Several locations are available across the district—visit the website for the most up-to-date schedule and site information.

Preschool (Parent Paid & State Funded)

Preschool programs for ages 3 to 4 are available through tuition-based and free state-funded options. Both focus on early academics, play-based learning, and social-emotional development. State-funded preschool also offers meals and family support services.

Transitional Kindergarten (TK)

TK is a free, full- or part-day program for children who turn 4 by September 1. It bridges preschool and kindergarten with age-appropriate, play-based learning. TK supports all learners, including multilingual students and those with special needs.
