In the months when we do not have work sessions we will have committee of the whole meetings according to the below schedule.

All Committee Meetings of the Whole will begin at 6:00 PM in the Multi-Purpose room.

These dates are set for the months of **January 13, April 14, June 2, August 11, and September 8**. However, if there is a need for a committee to meet beyond the regularly scheduled day, members will be notified and appropriate advertisements will be made. If a committee meeting time is not listed with the committee, that committee will meet on the committee of the whole dates.
