The Board of Education, the Superintendent and the CFO/Treasurer of the Westlake City Schools ("the Team") have collaboratively developed these guidelines to facilitate their work.

Because an academically excellent and fiscally responsible school district is important to the community of Westlake, we agree that the Team should be focused on supporting the community's interests as identified in the Strategic Plan, in combination with being fiscally responsible to the community as a whole.

In support of this, Team members will work to:

- Interact together in good faith and share information in order to promote understanding and avoid surprise among the members of the Team.
- Allow reasonable time for other Team members to review, and discuss information and data before a decision is to be made.
- Encourage and enhance orderly and meaningful public discussion by reading pre-meeting materials and asking questions prior to the meeting if items are not understood or if clarity is needed.
- Be prepared to discuss matters and make decisions in a timely manner when data and information have been provided.
- Demonstrate professionalism and civility at all times through respectful interactions with all Team members.
- Keep an open mind and focus on resolving issues.
- Articulate how decisions or suggestions impact both academic excellence and fiscal responsibility.
- Encourage opportunities for questions and meaningful dialogue among the Team members before final decisions are reached.
- Consider and discuss different points of view before a final decision is made.
- Set collective goals, evaluate the Team's performance, and be open to on-going learning about leading practices in governance and team-based leadership.
