

CISD Regular Board Meeting

President's Report

February 23, 2026

As we move through this school year, I wanted to take a moment to highlight something very special taking place across our District: Our year-long United States of America 250 initiative, honoring the 250th anniversary of our great nation. Throughout the year, Carroll ISD is proudly recognizing America's semiquincentennial, by celebrating the values that unite us: freedom, service, civic responsibility, and appreciation for those who have built and defended this country.

You'll notice special USA 250 signage, displayed here in our board room, on every campus across the District, and at Dragon Stadium. These visible reminders reinforce our commitment to honoring our nation's history while preparing our students to lead its future. This initiative is about more than banners and signs; it's about instilling an appreciation for our country's founding principles and encouraging thoughtful civic engagement in the next generation of leaders.

Next, we are excited to share a new transparency resource, recently added to the district website, called "[Fact Checker](#)." This page is designed to provide accurate, timely information and to address misinformation that may be circulating on social media, in the legacy media, or within our community. Our goal is simple: to create a trustworthy, easy to access resource the community can rely on when questions emerge.

Lastly, we also want to remind our community that we have added a donation button to the district website. For those who wish to support Carroll ISD financially, you now have the ability to contribute directly to the District's general fund, or designate your gift to a specific campus or department. We remain tremendously grateful for a community that consistently invests in our students and staff.

As always, we remain committed to excellence, transparency, and putting our students first in every decision we make.
