

PLACEMENT IN AN ALTERNATIVE EDUCATION SETTING
STUDENTS RETURNING FROM TJJD – ACCLIMATION

FOCA
ADMINISTRATIVE REGULATION

ACCLIMATION PERIOD	Students exiting the Texas Juvenile Justice Department (TJJD) facilities and reentering the public school system may be transitioned through the District Alternative Educational Program (DAEP) for a period of acclimation before returning to the traditional school setting.
LENGTH OF TRANSITION PERIOD IN DAEP	Students' original charges (law violations) will be considered in determining the length of time the student will be assigned to the DAEP. Assignments may range from six weeks to one calendar year. Placements greater than 60 days will be reviewed every 30 days.
ENROLLMENT PROCESS	When the registering school receives the paperwork from TJJD denoting that a student is returning to public school, the campus registrar will register but not enroll the student. The parents shall provide the appropriate documentation for enrollment. The registering school reviews the appropriate documentation and contacts ADC for an intake meeting. The registering school sends copies of all documentation to ADC and the Student Services office.
