

Corporate Work Study

The only all-girls school in the nation that *works.*

The Corporate Work Study (CWS) program provides our students the opportunity to gain professional work experience throughout their four years at ICA Cristo Rey Academy. Numerous companies and organizations from across the San Francisco Bay Area hire our students for a diverse range of jobs. Students gain professional skills and insight into their future career paths and earn a significant portion of tuition costs through CWS partnerships.

What is the duration of the program?

The Corporate Work Study program starts at the beginning of every school year from mid-August to late May.

What does the work schedule look like?

All students report to their job sites once a week. No students report to work on Fridays.

Where do students go to work and how do they get there?

All student job placements are in San Francisco, Downtown Oakland, and the Peninsula.

What is the cost to hire students?

1-3 students:
\$12,000/student
4+ students:
\$11,000/student

Students travel to work through our van service. All transportation costs and insurance costs are covered by ICA Cristo Rey.
