GOOD NEWS!
Just for North Carolina Juniors

On _____, you and your classmates will participate in the school-day administration of the ACT® test, accepted by most colleges and universities in the United States. Your school-day administration of the ACT will include four subject tests: English, mathematics, reading, and science. Your English, mathematics, and reading scores will result in a composite score. You will also receive a separate science score, as well as a STEM score (mathematics + science). As you prepare for the ACT, know that colleges and universities in North Carolina look forward to receiving your ACT scores.

On or before the test date, your school will provide you with instructions for creating your MyACT® account. In MyACT, you may choose up to four colleges and universities to receive your ACT score report, free of charge. This is optional. The ability to use your four free score reports from the school-day administration expires two days after your test date. After that time, if you wish to send your ACT score report to colleges or universities, you will be responsible for the cost.

A wide range of colleges, universities, and majors are available in your home state. Should you decide to stay in North Carolina for this next phase of your educational career and want to send your scores to one or more North Carolina colleges or universities, a list of codes is provided, starting on the next page of this letter. Feel free to use this document to identify your selection(s) if you choose college or university score recipients in MyACT.

We encourage you to discuss these choices with your parent(s) and/or legal guardians before choosing where to send your ACT scores.

Your transition from high school to college or the workforce is crucial not only for you, but also to North Carolina's future and that of our nation. ACT staff and North Carolina educators encourage you to do your best on the ACT, as well as on your remaining high school coursework.

Sincerely,

ACT
