

Dear Parents and Guardians,

We want to hear from you! Our district and the Kentucky Department of Education (KDE) value your input as a parent or guardian of a child with an Individual Education Program (IEP). Your feedback will help us understand how we can improve parent and family engagement. Thank you for sharing your experience with us!

We value your feedback! Please take a few minutes to complete a short survey about how the school has supported your involvement as a parent or guardian this school year. We especially want to know how the school includes you in the special education process for your child.

The survey is available in English, Spanish, Arabic, Somali, Swahili, and Amish. Your responses are completely anonymous and cannot be traced back to you or your child. Thank you for helping us improve our services and support for your child!

The survey can be completed in three ways:

1. Visit the Kentucky Post School Outcomes [Parent Involvement Survey](#) page and click “Take the 2026 Parent Survey.”
2. Scan the QR code below using your smartphone or mobile device. Some smartphones will automatically open the survey link when you open your camera, while others may require a QR code scanner app. If you do not have access to a computer or smartphone, you may contact your child’s school to request a printed copy and a confidential envelope.

3. If using a printed copy, the sealed envelope can be returned to your child’s special education case manager, and they will ensure it is sent to the appropriate location. You may also mail the completed survey to the address below:

*Human Development Institute
c/o Tony LoBianco
120 Graham Avenue
Lexington, KY 40506*

Please have only one parent or guardian complete this survey for each student. If you have more than one child with an IEP, please fill out a separate survey for each child.

The Kentucky Department of Education (KDE) and the Human Development Institute (HDI) at the University of Kentucky (UK) will carefully review the survey results and share them with the Office of Special Education Programs (OSEP). Your feedback will help us understand how we can better support parents and families in the special education process. Thank you for your time and input!

The deadline for completing this important survey is **June 30, 2026**. If you have any questions or need assistance, please contact our district.

Thank you for your help.
