- Each year, students are required to take one elective course in the Health and Wellness Magnet program. Students will request additional elective offerings in Spanish, performing arts, visual arts, AVID, and/or physical education.
- Based on standardized test scores, Individualized Education Plan (IEP), and teacher recommendation, some students will be automatically scheduled into an academic support class for their additional elective period.

Review Required Core Courses – Students will be placed in appropriate courses.

Automatic Placement Recommendation will be made for core courses based on Standardized Test Scores, previous grades, and teacher recommendation.

PE Waiver - We would like to have one on file in case the schedule does not include Physical Education (PE). Students are required to take at least one semester of PE each year. A completed waiver must be on file or a schedule change from your previously requested electives may occur to include PE.

PE Waiver Statement: Senate Bill 610 requires the equivalent of one class period per day of physical education for one semester of each year for students in grades 6 – 8. The physical education requirement shall be waived for a student who meets one of the following criteria: a) The student is enrolled or required to enroll in a remedial course, b) the parent requests that the student enroll in another course from among those offered as options by the school district, or c) the student is participating in physical activities outside the school day, which are equal to or in excess of the mandated requirement.

After reading the PE Waiver statement, I believe my child meets one of the listed criteria for an exemption and requests a course other than PE.
