2. The Association shall have the right to post appropriate notices of their activities and matters of Association concern on Association bulletin boards at least one of which shall be provided in each administrative unit. The District and CSEA agree that surveillance cameras and GPS systems are not intended to replace or circumvent the supervisory or managerial responsibilities associated with employee supervision or discipline. The District will not utilize the information generated by the surveillance or GPS systems as a means to make accusations absent proper investigation.

Surveillance cameras will not be installed for the purpose of monitoring employee actions without reasonable suspicion, prior authorization of the Superintendent or designee and notification to the CSEA President, Chapter 179 with the basis for the action. The District shall provide an annual notification to all unit members that worksites are subject to video surveillance.

Employees may elect coverage under either the Kaiser HMO 10/10, VEBA Direct HMO \$10, UHC Signature Value Alliance 20/30, Nexus ACO Select Plus PPO 80/50 – No HRA, UHC Journey Plan – Harmony, UHC Journey Plan – Alliance, or SIMNSA (Mexico Plan) HMO. Eligible employees may select dental coverage through Delta Dental PPO or DeltaCare USA HMO dental plans. Effective December 1, 2025, the cost of premiums for these plans are reflected in the published open enrollment documentation.

Effective December 1 of that year, the District shall have the right to adjust the monthly payroll deduction to reflect the increased cost of benefits that exceed the maximum District contribution. This adjustment will begin on the December paycheck, for health and dental program increases taking effect on January 1.

c. Opt-Out/Waiver of Benefits

Effective December 1, 2006, District employees who are eligible for benefits, and who have chosen to opt-out of benefits to receive a

3. Employees who do not provide the required documents within the specified open enrollment period each year will permanently lose their ability to waive benefits.

Waiver of Health Benefits:

1. Employees who provide proof of insurance may waive health benefits separate from the opt-out provision above. Employees must elect this option during the open enrollment period or upon experiencing a qualifying event through the submission of the Medical Insurance Waiver statement to the District’s Payroll Department.

Employees do not receive financial compensation for electing to waive health benefits.

2. Employees with a spouse/domestic partner employed in the District may waive health benefits coverage by completing the health enrollment form and marking the “Spouse No Co-Pay” coverage category. The spouse/domestic partner providing coverage must list the dependent employee on their health enrollment form to ensure coverage. Employees do not receive financial compensation for electing to waive health benefits.

10. Longevity

1. Sick Leave

This includes all personal illness or off duty accidents to the employee. Employees may access all available sick leave in the event the employee needs to obtain or seek any relief or medical attention for themselves or their child due to being a victim of domestic violence, sexual assault, or stalking. This includes utilizing sick leave to take time off from work to obtain or attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief, to help ensure the health, safety, or welfare of the victim or his or her child. Employees may also utilize sick leave to take time off from work for any of the following purposes:

- a. To seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- b. To obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence, sexual assault, or stalking.
- c. To obtain psychological counseling related to an experience of domestic violence, sexual assault, or stalking.
- d. To participate in safety planning and take other actions to increase safety from future domestic violence, sexual assault, or stalking, including temporary or permanent relocation.
- e. Regular full-time classified employees of the District are entitled to yearly sick leave with full pay at the rate of one (1) day per month accumulated without limit. Regular classified employees working less than 12 months, or less than 8 hours per day, shall be credited for sick leave prorated in accordance with hours worked.
- f. All permanent classified employees may use sick leave from the first day of their work year, even though they are unable to report for duty. For accounting purposes, the supervisor or the personnel office must be notified. Both annual and accumulated sick

leave may be used, but the annual sick leave will be refunded by the employee if not earned during the school year it is taken.

- g. All probationary classified employees shall be eligible to take not more than six (6) days or the proportionate amount of sick leave which they are entitled until the first day of the calendar month following six (6) months' probation.
- h. A classified employee shall once a year be credited with a total of not less than 100 working days of sick leave, not accumulative. In the event illness occurs, current and accumulative sick leave at full pay will be deducted from the 100 working days and compensation for the remainder of the 100 days shall be at 66- $\frac{2}{3}$ percent; any differential pay used must be supported by a written statement from a medical advisor.
- i. According to the rules established by the Administration, an employee shall report his or her absence.
- j. When an employee's absence rate appears to be excessive, a written statement from a medical advisor, verifying the nature and degree of illness may be required. Frequent absences may require the employee to submit to a physical examination by a qualified medical advisor selected by the District. The cost of such examination will be paid for by the District.
- k. An employee reporting for duty who cannot continue because of illness through the first 25 percent of the workday will be considered absent for one whole day. An employee reporting for duty who cannot continue because of illness from more than 25 percent to 75 percent will be considered absent for one-half day. An employee who completes more than 75 percent of the workday shall not be charged sick leave. This provision may only be utilized for a maximum of two workdays per school year. Employees will be charged in fifteen (15) minute increments for absences that exceed the two-day maximum.
- l. Calamitous/Catastrophic Event Leave: The District and CSEA desire to create a bank of sick leave days from which eligible bargaining unit members may apply for additional sick days when they or their family members are suffering from a catastrophic illness, injury or calamitous event. In such instances, the unit member will exhaust available paid leaves leave prior to accessing the bank.

i. Definitions

- a. Bargaining Unit Member Illness/Injury: In cases affecting a bargaining unit member, a catastrophic illness or injury is defined as one that is expected to incapacitate the bargaining unit member for an extended period of time and which causes the bargaining unit member to exhaust all fully paid leave. An extended period of time is defined as in excess of 30 workdays/6 work weeks. Leave bank donations will run concurrent with the 100 days of extended illness leave (commonly referred to as differential pay, Article IX: Leaves, Section 1(d)).
- b. Care for Ill/Injured Family Member: In cases affecting a bargaining unit member's family, a catastrophic illness or injury is defined as an instance that requires the employee to take time off from work to care for that family member that is expected to be incapacitated for an extended period of time. Family members are those defined in Article IX: Leaves, Section 5. Bereavement Leave, Subsections A-S. Proof that the unit member is required to assist the family member will be required. In such instances, the unit member will apply to the leave bank. Should the Leave Bank

Committee determine eligibility, the unit member shall exhaust available paid leaves leave prior to accessing the bank. Unit members who qualify for catastrophic leave to care for a family member will be able to utilize their sick leave prior to receiving donations from the leave bank. An extended period of time is defined as in excess of 30 workdays/6 work weeks.

- c. Maternity: Maternity leaves shall be considered catastrophic only if qualified as defined.
- d. Calamity: A calamitous event is an event of significant nature such as flood, fire, earthquake, etc. In such instances, the unit member will exhaust available paid leaves leave prior to accessing the bank. Unit members who qualify for calamity leave will be able to utilize their sick leave prior to receiving donations from the leave bank.
- e. Members Utilizing Workers Compensation: Employees absent from work due to a work-related injury are not eligible to apply for sick leave from the bank as leave provisions and wage payments are separately provided for under Workers' Compensation. Once the employee has exhausted sixty (60) industrial leave days, they are eligible to apply for up to twenty (20) days from the leave bank.
- f. Leave Days: For the purposes of the Catastrophic Leave Program, "days" will be defined as the hour's equivalent to a unit member's respective workday.

ii. Management

- a. The governance shall be a joint responsibility of the Association and the District. The Committee shall consist of three (3) members, two (2) selected by the Association and one (1) selected by the District. The Association President shall designate the Chair. Approval/disapproval of the leave shall be by a majority vote.
- b. All requests will be answered in writing within ten (10) workdays of the decision. Strict confidentiality shall be maintained.
- c. When the days in the bank are projected to drop below one hundred (100) days/800 hours, additional voluntary contributions will be solicited. Should there be insufficient voluntary contributions to maintain the bank, the District and the Association shall request additional donations. In the event that an adequate number of donations are not received, the bank will be disbanded and the remaining contributions will be proportionately returned to active members of the bank.

iii. Denial

- a. Bargaining unit members who are injured or become ill while on an unpaid leave of absence are not entitled to the use of the Bank until such time as they are scheduled to return from the leave and have exhausted their accumulated sick leave and differential leave.
- b. If the committee denies a request for a withdrawal from the bank, the bargaining unit member making the request shall be notified in writing of the reason for denial. Unit members subject to denial may resubmit their request with new or additional information.

- c. If the committee has insufficient days to fund a withdrawal request, neither CSEA the Committee or the District shall be under any obligation to pay the unit member.

iv. Eligibility

- a. Use of the bank shall be available to all bargaining unit members who have made a donation of the number of hours equivalent to at least one (1) of the unit member's workdays to the bank. Donations must be made during established open enrollment periods or upon request by the Committee.
- b. New unit members will not be eligible for this program until they have passed their probationary period. At the completion of their probation, the unit member will be eligible for the program up to the next open enrollment period. To maintain program eligibility beyond that time the new employee, must donate a minimum of one day at the next open enrollment period.
- c. If a bargaining unit member does not join at the first eligibility opportunity, he/she must wait until the next enrollment opportunity, and eligibility will become effective 30 calendar days after the first contribution.
- d. In a calamitous leave situation, employees are required to exhaust available leave prior to accessing the leave bank.
- e. Unit members on an illness and disability leave at the time the bank is formed will not need to donate a day in order to be eligible. Upon return to employment, the employee shall be given the opportunity to donate one day to the bank.
- f. Proof of need must be included in every request to use the bank.

v. Responsibilities

- a. The District shall provide the committee with the names of all bargaining unit members who have joined and are currently enrolled in the bank.
- b. The District shall verify an applicant's sick leave to the committee and provide the applicant's remaining paid leave balance.
- c. The Association shall help solicit donations during the period of District open enrollment.
- d. When the leave bank falls below one hundred (100) days/800 hours, the District shall notify the Association and the Association shall solicit bargaining unit members for donations of sick leave for the bank.

vi. Donations

- a. All donations are voluntary and irrevocable.
- b. Donations shall be made in daily increments from a minimum of one (1) day to a maximum of five (5) days per year. Employees must have a positive illness leave balance to be eligible to donate to the bank. Employees with less than one years' illness leave balance may only contribute one day.

c. Donations to the bank are general and are not to a specific member.

vii. Withdrawals

a. Withdrawals shall be granted in units of the number of hour's equivalent to one (1) workday of the unit member with a maximum withdrawal of eighty (80) workdays per event.

b. Participants may request additional days as bank withdrawal expires.

viii. Days approved but not used shall be returned to the bank.

ix. Decisions of the Committee are final and are not subject to the grievance procedures.

m. Maternity Leave:

Effective January 1, 2025, following childbirth, permanent unit member(s) shall have six (6) work weeks of fully paid maternity leave during the pregnancy disability period. The leave may only be taken on "contract days" for which unit members are paid (weekends and breaks do not count against the six (6) work weeks. These maternity leave days shall not be deducted from the unit member's accumulated leave balance. If any portion of the unit member's pregnancy disability period falls outside of their work year, the unit member may use the remainder of the maternity leave within one (1) calendar year of the birth of the child in increments of no less than one (1) week. It is the responsibility of the bargaining unit member to notify the District and provide documentation regarding the childbirth.

n. Parental Leave:

Effective January 1, 2017, sick leave may be used for parental leave. Parental leave is defined as leave taken for the birth of a child of the employee or placement of a foster or adoptive child with the employee. When an employee has exhausted all accumulated sick leave, and continues to be absent from his or her duties on account of parental leave, the employee shall be compensated at the differential pay rate described in paragraph 1.d of this article for the remaining portion of the 12-workweek period of parental leave. The 12-workweek period of parental leave shall be reduced by any period of sick leave, including accumulated sick leave, taken during a period of parental leave. An employee shall not be provided more than one 12-workweek period for parental leave during any 12-month period. Parental leave taken pursuant to this paragraph shall run concurrently with parental leave taken under the Family Medical Leave Act or the California Family Rights Act. The basic minimum duration of parental leave is two weeks. However, the District shall grant a request for parental leave of less than two weeks duration on any two occasions. The purpose of this paragraph is to comply with Education Code 45196.1.

2. Up to half the annual allocation of sick leave may be used for diagnosis, care, or treatment of an existing health condition of, or preventative care for, an employee or an employee's family member.

a. "Family member" means a child (biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis regardless of age or dependency status); a biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's spouse or registered domestic partner, or a person who stood in loco parentis when the employee was a minor child; a spouse; a registered domestic partner; a grandparent; a grandchild; or a sibling.

3. Industrial Accident and Industrial Illness Compensation Leave

All regularly employed classified personnel shall be entitled to industrial accident and illness leave under the following rules and regulations:

- a. Allowable leave for each industrial accident or industrial illness shall be during the days which the schools of the District are required to be in session, or when the employee otherwise would have been performing work for the District and shall not exceed sixty (60) such days for eligible personnel.
 - i. The accident or illness must have arisen out of and in the course of the employment of the employee and must be accepted as such by the Workers' Compensation Agency.
 - ii. Allowable leave shall commence on the first day of absence and shall be reduced by one day for each day of authorized absence, regardless of a temporary disability indemnity award. Such leave shall not be accumulated from year to year.
 - iii. When an employee is absent from duty on account of industrial accident or illness, the employee shall be paid such portion of the salary due for any month in which the absence occurs. This, when added to the temporary disability indemnity, shall result in a payment of not more than full salary.
 - iv. During any paid leave of absence, the employee shall endorse to the District the temporary disability indemnity checks received on account of industrial accident or illness. The District, in turn, shall issue the employee appropriate salary warrants for payment of salary and shall make retirement and other authorized deductions.

When an employee is absent from duty on account of an industrial accident or illness, he or she shall submit within the first seven (7) days of leave, a statement from a licensed physician or other evidence as may be required by the District affirming that the industrial accident or illness does exist and did occur while performing work for the Cajon Valley Union School District.  - vi. Upon termination of the industrial accident or illness leave, the employee shall be entitled to the benefits provided for sick leave and absence. If the employee continues to receive temporary disability indemnity, that employee may elect to take as much accumulated sick leave, which, when added to temporary disability indemnity, will result in payment of not more than full salary.

4. Personal Necessity Leave

Personal Necessity Leave (PN) as defined in Education Code 45207

During any year an employee may elect to use annual allocation of sick leave benefits for personal necessity. The days allowed for this purpose shall be limited to a maximum of seven (7) days. These days shall be deducted from and may not exceed the number of fully paid days of sick leave to which the employee is entitled. Personal necessity is intended for use in situations beyond the employee's immediate control which would compel an individual to be absent from his or her duties, examples include:

1. Serious illness in the immediate family

3. Accident involving employee or his property, or one of his immediate family
4. Appearance in court

Personal Necessity Leave is not intended to provide employees time off for vacation, recreational or social activities, or for activities related to work slowdown or stoppage, or job training for a position not connected to the school district. All days under this provision shall be designated as confidential, and the employee will not have to disclose the reason for taking them.

An employee using personal necessity leave, shall enter their leave in the District's substitute system or leave portal designating the absence as personal necessity leave. By doing so, the employee is certifying the leave is for the purpose of personal necessity as defined by this Article. Leave must be entered into the appropriate system as far in advance of the absence as possible.

Personal necessity may be taken in minimum units of one (1) hour increments and up to a maximum of five (5) consecutive days.

5. Jury Duty/Court Subpoena Leave

Employees shall be paid full salary for absence caused by jury duty. Payment for jury duty will be retained by the employee, and the corresponding amount will be deducted from the employee's next paycheck, as an employee cannot receive jury pay in addition to his or her regular salary. Leave of absence to serve as a witness in a court case shall be granted to an employee when he has been served a subpoena to appear as a witness, not as the litigant, in the case. The length of the leave shall be for the number of days in attendance in court as certified by the clerk or other authorized officer of the court. The employee shall receive full pay during the leave period, provided that the subpoena or court certification is filed with the school district. Request for leave of absence to serve as a witness should be made by presenting the official court summons to the supervisor. Additional allowances made by the court for travel, meals, parking, etc., shall be retained by the employee.

In addition to current language, classified employees whose work year follows the instructional calendar, and who normally have a substitute when absent, may receive additional compensation for deferring jury duty to non-duty days. Title	Transfer and Reassignment
Code	Article 10
Status	Active
Adopted	February 11, 2025

1. A written request for transfer of an employee from one administrative unit to another may be initiated on the appropriate form at any time by either an employee or the employee's supervisor.
2. An administrative reassignment or permanent change in work schedule for no more than sixty (60) minutes may be initiated by the unit member, unit member's principal or department head when he/she deems a reassignment or permanent change in work schedule would be in the best interest of the unit member or the District and is approved by the principal/department head. Fifteen (15) days before any administrative reassignment or permanent change in work schedule is implemented, the unit member must be advised in writing by the principal or department head of the assignment change and why it was necessary. Upon request, an opportunity will be provided for the unit member to meet with their supervisor to discuss the reassignment/permanent change in work schedule. Administrative reassignments shall not be made for punitive or preferential reasons. If there is a hardship which prevents the member from implementing the work schedule change, a meeting to review the reassignment shall take place between CSEA and the District.
3. An employee, new to the District, will not be considered eligible for voluntary transfer to another position in a lower or related job class until they have obtained permanent status in their present classification. An employee, new to the District, who accepts part-time employment may request a voluntary transfer to a position of increased hours under the supervision of their current supervisor within their current job class. A permanent employee who is probationary in a new class may request transfer to a related classification for which such employee is eligible if the employee has achieved a Competent/Meets Standards rating on the employee's three (3) month evaluation in the new position. The District may transfer new employees to other positions in the same classification at any time.
 - a. A permanent employee may be transferred to a position in a related class on the same salary schedule. Transfers shall be made without change in annual salary rate, anniversary date, accumulated illness leave, and accumulated vacation credit.
 - b. The Classified Personnel Administrator shall determine whether classes are sufficiently related to permit transfer. Similarity of duties, minimum qualifications, examination content, occupational group, and promotional field shall be considered. In general,

more latitude in transfers may be permitted:

- i. As the employee's seniority in the classified service increases.
 - ii. When the transfer request is based on reclassification, impending layoff, or for reasons of health.
 - iii. When the employee meets the minimum requirements for the class.
- c. Permanent employees transferring to a position in a class in which they have not previously completed a probationary period, shall be considered probationary in that class for a period of six months. At any time during the probationary period, they may be returned (transferred) to their former class without right of appeal, unless such action results in layoff, demotion, or reduction in assigned time. In the latter cases, the employee will have the same appeal rights as a permanent employee who is demoted or dismissed.
- d. Transfers shall affect seniority as follows:
- i. District years of service - none.
 - ii. Seniority within the same classification - none.
 - iii. Seniority from one classification to another begins with the first day of assignment to the new classification.
- e. Reasons for any transfer, which is not voluntary, shall be discussed with the employee by the immediate supervisor.
- f. Written notices of transfer opportunities shall be emailed to all bargaining unit employees and posted on the District website not later than three (3) working days prior to the closing date.
- g. When the District has a position to be filled caused by transfer or termination, the position shall be filled within forty-five (45) days when an eligibility list is available and when the site administrator, or designee, is available for interviews. Positions not covered above will be filled within ninety (90) days.
- h. Medical Transfers - The District may give alternate work when the same is available to an employee who has become medically unable to satisfactorily perform his/her regular job class duties. Such alternate work may constitute promotion, demotion, or lateral transfer to a related class providing such procedure follows the District Rules and Regulations.
- i. A transfer requested by the employee to a similar position on the same calendar year program shall not result in the loss of compensation, seniority, or any fringe benefit to the employee. It should be noted that such a transfer to a similar position on a different calendar year program could possibly result in lower annual compensation. Upon request of the employee, the Payroll and Personnel Departments will advise employees interested in transferring regarding these issues.

It shall be the policy of the Governing Board to provide for the payment of the cost of replacing or repairing property of an employee, such as eyeglasses, hearing aids, dentures, watches, or other articles of clothing necessarily worn or carried by the employee, when any such property is damaged in the line of duty without fault of the employee, and when

The District may file and prosecute an action to enforce its subrogation right in any court of competent jurisdiction.

6. Alcohol and Drug Testing Procedures CSEA and the District agree the safety and health of students, staff, and the public requires every reasonable effort be made to discourage alcohol and/or illegal substance abuse among all employees. The observations must be made immediately prior to the determination that reasonable suspicion testing is warranted.
 - ii. The observations must be made by a supervisor and District official who has received at least one-hour training in identifying indicators of probable alcohol misuse plus at least two-hour training in identifying indicators of probable controlled substance use. The supervisor and District Official making the observation shall be from separate sites.

- iv. A covered employee who is subject to post-accident testing must remain readily available for such testing or may be deemed by the District as refusing to submit to testing. However, this requirement should not delay necessary medical attention for injured people following an accident or prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident.

Title	Contract Grievance Procedure
Code	Article 16
Status	Active
Adopted	February 11, 2025

Grievances shall be limited to matters concerning the specific provisions of this Agreement. A "grievance" as that term is used in this contract, means a claim by an employee or employees or the Association that the terms of this contract have been violated, or a question concerning the proper application or interpretation of this contract, and this procedure shall constitute the sole and exclusive method for adjustment of all such grievances.

STEP 1

Any employee or the Association that claims a grievance shall present such grievance informally to his or her immediate supervisor within ten (10) workdays after the event giving rise to the claimed grievance. Where extenuating circumstances exist, an extension of two (2) workdays may be granted by the supervisor. In the event of denial, an immediate appeal may be presented to the Classified Personnel Administrator, who may then grant an additional five (5) workdays to the original ten (10) workdays, for a total of fifteen (15) workdays. The immediate supervisor shall give a written response regarding the grievance to the employee or the Association not later than five (5) workdays after the conference.

STEP 2

Within five (5) workdays after completion of the first step, the grievance, if it has not been resolved shall be presented by the employee or association to the Classified Personnel Administrator in writing, signed by the aggrieved. The Personnel Administrator will arrange a hearing with all parties to the grievance present. The Personnel Administrator then shall give an answer in writing to the aggrieved and his or her representative, if any, within five (5) workdays from the date

STEP 3

If the grievance has not been resolved in the second step, the aggrieved, within five (5) workdays after the completion of the second step of the grievance, shall so advise the Superintendent or designated representative in writing and request a meeting between the Superintendent, the Grievant, and the Representative, if any. Following that meeting the Superintendent shall advise the aggrieved and Association in writing of the decision; if this action is not completed within five (5) workdays, the grievance may proceed to the fourth step of the Grievance Procedure.

STEP 4

Within five (5) workdays after the completion of the third step the grievance, if it is to be processed further, will be referred to the Fact-finding Committee consisting of three (3) members: one appointed by the Board, one appointed by the Association, and a chairman selected and mutually agreeable to both the Board and the Association. Such notice requesting review shall be in writing and shall be signed by the employee or employees claiming the grievance and the Association representative. Within ten (10) workdays after the receipt of such notice, the Fact-finding Committee will meet to determine the facts relating to the grievance. Upon completion of all Fact finding the Committee will submit its recommendations to the Superintendent. The Superintendent will then have five (5) workdays to consider these recommendations and recommend a solution to the problem. If the solution is not satisfactory to both parties, then the grievant may submit to Step 5 for Arbitration.

STEP 5

Section 1 - Within fifteen (15) workdays after the completion of the fourth step, the grievance, if it is to be processed further, shall be noticed for arbitration. Such notice requesting arbitration shall be in writing and shall be signed by the Association representative and by the employee or employees who signed the grievance. Within ten (10) workdays after receipt of such notice, the Board or designated representative and a representative of the Association shall select an impartial arbitrator. If the Board and the Association cannot agree upon an arbitrator, the State Conciliation Service will be asked to submit an odd numbered list of arbitrators from which one will be selected, by each party striking a name from the list until one name remains who will become the arbitrator.

Section 2 - The arbitrator so selected will confer with a representative of the Board, the Association's Grievance person, and the Grievant to set and hold hearings promptly. The arbitrator shall issue the decisions not later than twenty (20) days from the date of the close of the hearings or if oral hearings have been waived, then from the date the final statements and proofs are submitted to him. The arbitrator's decisions shall be in writing and will set forth the findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decisions which require the commission of an act prohibited by law or which is in violation of the terms of this agreement. The decision of the arbitrator shall be submitted to the grievant, the Association's Grievance Session, and the Board within thirty (30) days. It is agreed that the arbitrator is empowered to include in any award such financial reimbursement or other remedies within the terms of this agreement as judged to be proper. The arbitrator shall have only the authority set forth herein and shall have no power to add or subtract from, or modify, any of the terms of this agreement or any agreements made supplementary hereto. The decision of the arbitrator shall be final and binding upon the parties of this agreement. The costs and expenses of the arbitration shall be borne by the party whom the decision is against. If the decision is not clear, the arbitrator shall designate the loser for pay purposes. Each party shall pay the costs of preparing and presenting its own case.

Section 3 - Any grievance which has not been presented under the Grievance Procedure within the time limit specified herein and any grievance which is not appealed to the next appropriate step of the Grievance Procedure within the applicable time specified herein shall be considered settled and shall not be subject to further actions under this procedure except the Board may, upon request by the grievant, allow the time limit to be extended. When the Association becomes aware of an event giving rise to a claimed grievance, the Association and the District will meet to determine what means of resolution is appropriate.

Section 4 - If and when a grievance arises, the designated job representative may be allowed a total of three (3) hours for grievance administration and resolution during each workweek. No job representative shall leave regularly assigned work in order to investigate a grievance without first obtaining approval of the supervisor.

Title	Impacts and Effects of Layoffs
Code	Article 18
Status	Active
Adopted	February 11, 2025

1. Re-employment: Employees shall maintain re-employment rights after layoff for 39 months to a like position with equivalent assigned hours. Such employees shall also have re-employment rights to positions with more assigned hours should such positions not be filled through the regular District transfer process.
2. Temporary Employment: All laid off classified employees shall receive first priority for both substitute and limited term assignments within classification and any other classifications for which they are qualified.
3. Use of Volunteers: Pursuant to California Education Code Section 35021 - Volunteer Aides, the District may utilize non-teaching volunteer aides under the immediate supervision and direction of certificated personnel to perform non-instructional work assisting teachers. This practice is commonly used in the District and acknowledged here. However, specifically with regard to classified layoff, it is the intent of the District to use volunteer aides to enhance the educational program, but not to permit displacement of classified employees nor allow schools to utilize volunteers in lieu of normal employee requirements.
4. Notification: Classified employees will receive at least sixty (60) days advance notice prior to layoff.
5. Vacation: Unused vacation at the time of lay off will be paid for by the District.
6. Probationary Employees: Probationary employees will receive the same rights as permanent employees under the terms of this agreement.
7. Seniority Ties: In the event that two or more classified employees subject to lay off have the same seniority date within a class, the determination as to whom shall be laid off will be made on the basis of the original hire date as a classified employee in the District, and if that be equal, on the basis of the initial day of paid status as a substitute classified employee in the District, and if that be equal, by lot. In the event an employee is unable to be present for the drawing, the employee may authorize an agent from CSEA to act on their behalf. The selection of employees for lay off by lot shall be conducted by the Assistant Superintendent, Personnel, or designee, with two CSEA representatives as witnesses.

8. Involuntary Transfers Required As A Result Of The Elimination Of Positions: A classified employee whose position is eliminated or reduced, but who is not laid off and is not bumped into a lower class shall have the right to require the involuntary transfer of the least senior classified employee at the same school site within the same class and the same number of hours. Seniority means District seniority within a class. Classified employees who are to be involuntarily transferred as a result of layoff shall have the right to bid on vacant positions within their class in accordance with their seniority within their class.
9. Benefits: Fringe benefits (medical and dental coverage) which the employee was enrolled for during the month prior to layoff will be continued at District expense for three months after layoff. The employee is responsible for the employee co-premium for medical benefits during the three-month period. The employee may decline continuation of benefits by submitting written notification to the Personnel department prior to the effective date of layoff.
10. Legal Compliance: With regard to employee layoff, the District will comply with Personnel Commission Rules and Regulations and relevant sections of the Education Code.
 - a. Employees serving in a probationary status in any classification in which positions are to be eliminated shall be laid off prior to any permanent employee.
 - b. When the Board of Education determines that classified positions are to be eliminated due to lack of funds or lack of work, classified employees shall be subject to layoff. Layoff shall be made in inverse order of seniority in the class in which the layoff occurs. The employee who has been employed the shortest time in the class, plus any classes higher on the salary schedule, shall be considered to have the least seniority and, therefore, shall be laid off first (Ed Code 45308).
 - c. Seniority for layoff purposes shall be calculated on the basis of "length of service." "Length of service" shall be defined to include the hire date of that employee as a regularly probationary or permanent employee in the classification. Employee hire date shall not be interpreted to include any service, except service in "restricted" positions, performed prior to entering into a probationary or permanent status in the classified service of the District (see Personnel Commission Rule 30.100.1). Seniority in substitute positions will only be considered in instances of seniority ties as outlined in paragraph 7 of this article.
 - d. A permanent employee whose position has been designated by the Board of Education to be eliminated and who has greater seniority than other employees in the same classification shall be entitled to "bump" the employee who has the least seniority in the following order:
 - i. Senior employees will bump positions with an equal number of hours to the position being lost.
 - ii. If no equal position is available, senior employees will bump positions with the greater number of hours closest to the position being lost.
 - iii. If no greater hourly position is available, senior employees will bump positions with the least number of hours closest to the position being lost.
 - iv. In instances where the application of the above criteria results in the least senior employee "bumping" into a position with greater hours, then positions of greater hours will be offered to senior employees in order of seniority.
 - e. No permanent employee shall be laid off from any position while employees serving in emergency, provisional, limited term, probationary, or substitute status are retained

in positions in the same classification.

f. A permanent employee whose position has been designated by the Board of Education to be eliminated or a permanent employee who has been "bumped" by an employee with greater seniority shall have the right to "bump" less senior employees in a former classification in order to maintain hours and/or benefits, provided that the employee has satisfactorily completed a probationary period in the lower classification. Bumping will be handled in accordance with section 10.D.

g. In any layoff situation the classifications within which a permanent employee may exercise "bumping" rights shall be based entirely on the classification titles formally approved with the classification plan adopted by the Commission at the time of the layoff.

h. The District shall provide the Association with a list of employees displaced through a bumping process 72 hours prior to sending final reassignment letters.

11. Specific Job Duties Previously Performed By Classified Employees Who Are Laid Off: Specific job duties previously performed by classified employees who have been laid off shall not be generally assigned to independent contractors. This provision shall not be interpreted to alter any past practice with regard to the utilization of outside contractors

12. Modification of District Vacant Positions: For all vacancies, positions will not be modified by the District any earlier than twelve (12) months from the time a position is vacated. If it becomes necessary for the District to modify a position before the twelve (12) month time period, the District will negotiate with CSEA. Position modifications are defined as:

a. The increase or decrease of hours, or work year, from the previous incumbent.

b. Adjusting the assigned hours of a vacant position into two or more positions with decreased hours.

13. Waiver: Article XXIII: Waiver applies to the impacts and effects of layoff.

Code	Article 19

1. Assignment of School Bus Driver, Van Driver and Bus Attendant Routes

- a. School Bus Drivers shall be guaranteed a minimum of six (6) hours per day. Van Drivers and Bus Attendants shall be guaranteed a minimum of five (5) hours per day. Employees will bid for routes according to seniority and job classification.
- b. Prior to the beginning of each school year a committee will be established to assist in the development and assignment of initial School Bus Driver, Van Driver and Bus Attendant routes. The committee will be organized by the department administrator and supervisor, and include one General Education School Bus Driver, one Special Education School Bus Driver, one Van Driver and one Bus Attendant. Initial routes will be developed to resemble, as closely as possible, the contracted route hours the employee by job classification had at the end of the previous year.

Initial routes will be posted online and in the office for viewing four (4) work days prior to the start of the school year. If the employee is not satisfied with the initial assignment, they may ask for a review by the Operations Supervisor or the Director of Transportation. Request for review will be submitted no later than one day after receipt of a route and responded to within two days of receiving the request.

Assigned contract time from the previous year will be guaranteed up to the single annual route bid, which will be conducted within the first two weeks of October.

- c. Available routes will be posted online and in the office for viewing five (5) work days prior to the bidding process. Employees will be notified via email in advance regarding the place, date, and time the bid process will be conducted. It is the responsibility of each bidding employee to attend the bid process at their scheduled time. If that is not possible, the bidding employee should indicate their route preferences in priority order to the Operations Supervisor or designee authorizing them to bid by proxy. If the bidding employee is not available to bid in person and a bid proxy has not been received, the Operations Supervisor will assign the absent bidding employee the next available open route with the highest available route hours so as to not delay the bidding process.
- d. The bidding process will begin with the most senior bidding employee by job classification and continue until all bidding employees have bid for a route. To expedite, each bidding employee will be allowed ten (10) minutes for bidding to

review the routes available and make a selection.

- e. All School Bus Drivers have a choice of regular education or special education routes and must be proficient in the type of bus needed for the route prior to the start of the new route.
- f. In May of each school year, the District will post a sign-in sheet to recruit permanent bidding employees interested in summer routes. In June, routes will be offered to willing employees in accordance with their job classification and seniority. If there are not enough bidding employees to cover all of the summer routes, the District shall have the authority to mandate the least senior employees by job classification, in reverse seniority order, to cover the routes required for summer school transportation needs. In a reverse seniority event, any employee who is unable to work will be required to provide supporting documentation for review and approval by the Operations Supervisor or designee by the end of the closing date of the sign-up sheet. Employees mandated to cover summer routes for the current school year will receive at least fifteen (15) working days' notice of their requirement to work.
- g. In May of each school year, the District will post a sign-in sheet to recruit permanent van drivers interested in driving summer routes. In June, routes will be offered to willing employees in accordance with their seniority. If there are not enough van drivers to cover all of the summer routes, the District shall offer these routes to permanent School Bus Drivers first (provided all School Bus Driver routes are filled), followed by permanent Bus Attendants and then substitute Transportation employees.
- h. Vacant Route: If during the course of the school year, after the October bid, a route becomes vacant, the District shall have five (5) working days to modify/restructure the route. At the end of the five (5) working days, the route will be posted and all employees within the same job classification, by seniority order, shall have the option to bid on the vacant route.

2. Assignment of Buses

Buses will be assigned according to the needs of routes and the Transportation Department.

3. Modification and Requirement of Routes After Initial Bidding

Subsequent to the bid, it may be necessary to modify certain routes. When this occurs, the following procedure shall be used:

a. Modification Increasing Hours

- i. When a route's daily bid average (DBA) (total time for the week divided by five (5) days) increases by thirty (30) minutes or more, for five (5) consecutive working days, the District shall have an additional five (5) working days to modify/restructure the route. If at the end of the ten (10)-day period, the route has maintained an increase of thirty (30) minutes DBA or more, the route will be posted and a bidding employee by job classification with greater seniority than the bidding employee by job classification of the affected route may exercise bumping rights.

Notification of increased route hours shall be posted online and emailed to bidding employees by job classification and posted for three (3) working days. Interested employees of the same job classification with greater seniority than the bidding employee of the same job classification must email the Operations Supervisor or sign the interest form by the posted deadline. The route shall be awarded to the bidding employee of the same job classification with the

greatest seniority. The route change will become effective no later than five (5) working days following the posting deadline.

All routes at or above 6.75 hours shall be posted for three (3) working days, all bidding employees within the same job classification will have the option to bid on the route. The employee with the most seniority by job classification shall be awarded the route.

- ii. Open routes will be posted for three (3) working days and all bidding employees within the same job classification shall have the option to bid on the open route.
- iii. The resulting bid becomes the bidding employee's new contracted bid time. The new contract hours will become effective the first working day of the following month.

b. Modification – Decreasing Time

- i. When a route's daily bid average (DBA) (total time for the week divided by five (5) days) decreases by thirty (30) minutes or more for five (5) consecutive working days, the District shall have an additional five (5) working days to modify/restructure the route. If at the end of the 10-day period, the route has maintained a decrease of thirty (30) minutes DBA or more, the route will be posted and affected bidding employee(s) may exercise bumping rights. The District shall provide a makeup work assignment during the ten (10) working day adjustment period. The bidding employee affected by the decrease in route hours must notify the Operations Supervisor, or designee in writing of their intent to accept the decreased route hours or exercise bumping rights within three (3) working days of being notified of the decreased route.
- ii. If bumping rights are exercised, bidding employees by job classification may bid on a route at or below their seniority level.
- iii. The resulting bid becomes the bidding employee's new contracted bid time. The new contracted bid time will become effective the first working day of the following month.
- iv. An involuntary decrease in hours due to a midyear route change shall not affect the employee's health benefit status until the following October bid.

c. From the date an employee is notified that their assigned route time will be reduced, they will be paid at their previously assigned contracted bid time. The employee will be assigned makeup work to fulfill contracted hours. The employee may voluntarily forgo the assignment of the makeup work by using Personal Necessity or Vacation time to fulfill their contracted hours. The new contract time will begin the first work day of the following month.

4. Assignment of Work in Lieu of Regular Assigned Driver Time

The Operations Supervisor or designee may have an operational need to add, remove, or consolidate runs based upon program volume and efficiency. During such times, employees shall be assigned other work to fulfill the employee's contracted hours.

5. Assignment of Field Trips

a. Within County Field Trips (Daily trips)

Regular education School Bus Drivers will be given the first opportunity to accept or decline daily trips by seniority rotation. If the number of trips exceeds the number of regular education School Bus Drivers available for these daily trips, the uncovered trips become available to all School Bus Drivers on the seniority rotation lists. Compensation for such trips will be in accordance with Article VI - Employee Compensation of the contract.

b. Extended Field Trips more than 100 Miles One-Way

Open to all School Bus Drivers. Extended field trips will be assigned to the next eligible School Bus Driver eligible in seniority rotation.

c. Extended Field Trips Requiring Overnight Stay

Open to all School Bus Drivers.

i. Compensation for extended field trip driving time:

Actual driving time shall be compensated pursuant to Article VI – Employee Compensation of the contract. The unpaid meal period shall be one-half hour.

Upon delivery of student passengers to the final destination for the evening, School Bus Drivers will be paid one-half hour to secure and prepare the bus for the evening. After securing the bus, School Bus Drivers will be in a non-duty status. On-duty time is defined as thirty (30) minutes prior to scheduled departure time.

6. General Provisions Applicable to All Field Trips

Assignment Process

Field trip assignment shall be based on seniority rotational sign-up sheets. As field trips become available, drivers will have the opportunity to sign up for or decline on a rotating basis. Rotation shall be conducted as follows:

- i. All field trip opportunities will be posted, when possible, five (5) working days before the scheduled trip date provided the trip has been requested before that time. School Bus Drivers must be present to exercise their sign-up option or they must email the Safety and Training Supervisor or designee to be assigned a trip. Eligible School Bus Drivers who decline an assigned trip must notify the Safety and Training Supervisor or designee three (3) work days prior to the scheduled trip date. Final assignment of trips to drivers will be made no less than forty-eight (48) hours prior to the scheduled trip. If a trip is canceled, the previously assigned driver will remain in the same position on the seniority rotation list and will be assigned the next appropriate trip.
- ii. If a driver is unable to report for an assigned field trip for reasons other than illness, personal necessity, or bereavement, pursuant to Article X: Leaves, of the contract, the School Bus Driver will not be eligible for the next field trip based on normal seniority rotation for that sign-up sheet (i.e., extended field trips or extended field trips more than 100 miles one-way).
- iii. On a daily basis, excluding weekends and holidays, due to the absence of the School Bus Driver assigned to a field trip or a last moment field trip request, additional assignments may be available. The dispatch office will maintain an additional work list. Any School Bus Driver interested in such unscheduled trips may sign up on this list. Drivers who have signed up on the additional work list will be assigned field trips on the following basis:
 - a. General Education School Bus Drivers that signed up on the Daily Field Trip sheet by daily seniority rotation.
 - b. Special Education School Bus Drivers that signed up on the Daily Field Trip sheet based on daily seniority rotation.
 - c. School Bus Drivers that signed up on the Daily Additional sign-up sheet based on daily rotation. The completion of the additional work trip will not affect a

driver's rotation on the seniority list for subsequent regular field trips.

- iv. Weekend and Holiday: On weekends and holidays, trips may become available due to the absence of an assigned field trip School Bus Driver or last moment field trip request(s). The dispatch office will call the next available School Bus Driver in rotation (who signed up for that day's trips) and offer them the trip. If the School Bus Driver accepts the trip it will not affect their rotation on the seniority list for subsequent field trips. If a School Bus Driver accepts an assignment twenty-four (24) hours or more prior to the trip, that School Bus Driver would remain in their normal rotation and the line would start under their name. If a school bus driver accepts an assignment less than twenty-three (23) hours before the trip, it will not affect their rotation on the seniority list for subsequent field trips.
7. Uniforms and Safety Shoes Mechanics shall be provided five (5) complete uniforms (shirts and trousers). The employer shall maintain mechanics uniforms. Such uniforms must be returned to the employer upon separation from the District. Unit members will reimburse the employer for any lost uniforms. All mechanics, and mechanic assistants, who repair vehicles are required to wear safety shoes while at work. Upon authorization of the Transportation Director, the District will reimburse these employees up to \$200 every two years to purchase the appropriate work shoes.
 8. Mechanics on Standby Bus mechanics who serve in a standby duty status during the weekend will receive two hours of compensation at the individual employee's salary placement for such service. If the mechanic is called out to perform a service while serving in a standby status, the two hours of standby compensation shall be credited against actual time spent on a call, (i.e., if a standby mechanic is called out for one hour of service, the mechanic shall receive only the two hours of standby compensation. If the standby mechanic performs three hours of service, such mechanic shall receive only three hours of pay for the day the mechanic was on standby).
 9. Supplemental Procedures Relative to Article VII - Vacation Plan, Article VIII - Holidays, and Article IX - Leaves
 - a. Bidding Employees Payroll and Fringe Benefit Policy
 - i. Each year, the average of October bid hours assigned will establish eligibility for health and dental insurance to begin on November 1. The average will be computed through dividing the bid time by five days per week (i.e., 7.3; 4.8; 5.2; 4.2; 6.8 = $28.3 \div 5$ gives the average of 5.66) to be used as the basis for benefits.
 - ii. Vacation and sick leave will be accrued according to the average of actual hours worked per day, excluding overtime. Payment procedures for full or partial days of vacation or sick leave will also be based on this method.
 - b. Compensation for Time Intervals Between Bus Runs Employees will be compensated for time intervals between assignments totaling thirty (30) minutes or less at their regular hourly rate.
 - c. Vacation, Holidays, Sick Leave, and Differential Pay Employees with route time submitted on time sheets may take personal necessity or sick leave in one (1) hour increments. Vacation Requests: The District will make a concerted effort to maintain the personnel required to provide substitutes to accommodate employee leave requests. Requests for consecutive days off will be considered as a whole, and every attempt will be made to grant such requests. Vacation time shall not be taken in units of less than two (2) hours.

d. Rest Periods Employees who are working eight hours shall receive two (2) fifteen (15) minute rest periods during their workday. Employees who are working seven hours and less than eight hours shall receive one (1) fifteen (15) minute and one (1) ten (10) minute rest period during their workday. Employees who are working six hours or more and less than seven hours shall receive two (2) ten (10) minute rest periods. Employees who are working four hours or more and less than six hours shall receive one (1) fifteen (15) minute rest period. The rest period will be added to an employee's regular route time when no layover/standby time is provided between the time the employee leaves and returns to the bus compound after the morning run, and the time the employee leaves the bus compound and returns after the afternoon run. This rest period does not include any student supervision.

10. License Renewal Training In license renewal years, School Bus Drivers who complete a minimum of fifteen (15) hours of District-provided classroom instruction will receive a stipend of \$300.00. In license non-renewal years, School Bus Drivers who complete a minimum of ten (10) hours of District-provided training (Classroom/Behind-the-Wheel/In-Service) will receive a stipend of \$200.00. Training during contracted hours shall be in a paid status. Training outside of contracted hours will be paid at the stipend rate.

Shaded steps show the longevity factor of 1.125% (based on Step 5, current range) added after the completion of 5 - 37 years of regularly employed service in the District. Employees must satisfy contract requirements to qualify for the 6% retirement longevity. Refer to the negotiated contract or contact Personnel Services for additional information.

To calculate monthly base pay: Monthly rate divided by 173.33 = approximate hourly rate. Multiply hourly rate x number of hours per day x number of contract days per year, divided by the number of monthly payments you receive per year (most school site employees receive 11 checks per year; most department employees receive 12 checks per year).

Example: \$2020 ÷ 173.33 = \$11.65 per hour. Then, \$11.65 per hour x 3 hours per day x 204 days = \$7,129.80 ÷ 11 pay = approximately \$648.16 base pay per month.
