

All visitors on campus must obtain a visitor pass to access both campuses.

To obtain visitor passes, you must have one of the four acceptable forms of identification: a state-issued driver's license, State issued identification card, military identification, or a passport. Visitor passes and badges must be visible and available upon request by a staff member. Staff is subject to ask visitors for proof of visitor passes. Anyone who does not possess a visitor pass or Franklin County School District identification badge will be deemed unauthorized and is trespassing. Thank you for your cooperation.
