*** Please note:** *Sports awards for Yr. 7 & Yr. 8 entrants are for pupils who display a talent across a range of sports. There is no individual scholarship for a particular sport until Year 9. (Exceptions are Swimming via National Timings & Tennis via LTA Rankings)

**Please Note:**

Applications for scholarships for new families must be made at the point of Formal Registration in gaining a place at Ellesmere College. It is important to note that there are no opportunities for requests for mid-year scholarship applications outside of the normal cycle.

For those current families at Ellesmere, Scholarship can only be applied for when the child is moving between the key sections of the school – so on entering Year 9 and/or entering Year 12.

Due to the competitive nature and demands for award and scholarships, each application will be set against the qualifying criteria and judged against the evidence provided. It is important to note that due to the large number of applications received, not every application will be successful.

***Scholarship Recognition***

There are, at the Headmaster's discretion, a number of awards that can be given to students on recognition of work, approach and dedication to a particular area of school life. The candidate will be identified as a scholar and have access to the Scholar Programme, but this carries no financial award.

Once the form has been received, we will inform you of whether the scholarship requirements have been met and how we will proceed with the next stage of the process
