MOON AREA ATHLETICS

MOON AREA ATHLETICS

JOURNEY TO VICTORY

We are a high-performing interscholastic athletic program competing at the highest level in the WPIAL and PIAA. Our mission is to inspire, compete, and deliver excellence on and off the field. Together, we can create winning moments for both our fans and your brand.

MOON AREA ATHLETICS

WHO WE ARE

Moon Area School District (MASD) is situated in Allegheny County and educates about 4,200 students from Moon and Crescent Townships, who attend classes in six buildings, including one high school, one middle school, and four elementary buildings, each containing specially designed spaces for twenty-first century learning.

The District covers an approximate 26-square mile attendance area and is located 15 miles from Pittsburgh and minutes from Pittsburgh International Airport. Moon Area School District offers a 30-acre secondary campus which utilizes modern technologies to foster student learning and support program development. The campus showcases spectacular athletic fields and courts, modern auditoriums, and unmatched amenities for students, staff, and community members.

University Boulevard serves as the boundary line for elementary school attendance zones. Those residing on the Robert Morris University side attend Brooks Elementary (K-4), and McCormick Elementary (K-4). Those residing on the opposite side of University Boulevard attend Bon Meade Elementary (K-4) and Allard Elementary (K-4). The middle school serves all students in grades 5-8 and the high school serves the traditional grades of 9-12.

MOON AREA ATHLETICS
