Minutes from the meeting in November were approved by the council.

The School Improvement Council has reached out to Coastal Carolina University with information about scheduling and how Scholars Academy works. This was so Coastal Carolina University could better understand the master schedule for Scholars Academy and how it works. Some responses are still being waited on.

Trena Kirby announced that library funds need approval and a form with information about the requested materials will be sent out. All members of the council will need to give approval. Most of the books are for classroom library usage, while others are teacher references.

### Principal Update

Scholars Academy administration met and planned how scheduling information will go out, how registration for the next semester will be done, and when everything will be due. Students will get information in an advisory meeting on Tuesday February 4th. CCU registration will need to be submitted by April 6th.

Next year, Trena Kirby will be moving and as a result a new US History teacher position will be opening up. All other staff for the 2025-26 school year is expected to be unchanged.
