ALTERNATIVE EDUCATION

The Administration at Muhlenberg High School, with permission from the Superintendent of Schools, may place a student in an approved Alternate Education Program. Students eligible for Alternate Education will have exhausted the traditional discipline procedures; they will have exhibited various characteristics while in the regular school program, such as:

- Flagrant or repeated violations of school rules
- Disruptive behavior related to truancy
- Violations of the district's Drug and Alcohol policy
- Extreme academic underachievement
- Possession of a weapon on school property
- Making a terroristic threat against persons/property

The length of placement in an Alternate Program varies with each individual case; however, the customary minimum placement is for a period of 45 school days. Activity participation while placed in an Alternative Education program is at the discretion of the principal. Students are not permitted to attend or participate in school-related activities during their alternative education placement unless permission is granted by the administration.

ANNOUNCEMENTS

Announcements are made daily. If you want an announcement made, prepare it in advance, have it signed by the faculty sponsor, and submit it to the television studio. Please remain quiet during announcements.

ASSEMBLIES

Assemblies provide enrichment, general culture, information, entertainment, and opportunities for students to perform for fellow students. Sit with your homeroom class in its assigned section. Be courteous. Applause is the only acceptable form of showing approval/appreciation. **No food or drink is permitted in the auditorium at any time.**

ASSESSMENTS & TESTING

Muhlenberg High School students participate in a variety of assessment procedures for the purpose of:

- Measuring student achievement
- Determining appropriate placement in academic classes
- Determining the need for remediation or academic assistance
- Measuring the alignment of school programs with state standards and requirements.

The testing program can include competency exams (Keystone Exams) in the subject areas of Algebra, Literature, and Biology, as well as other testing programs administered on an as-needed basis. Benchmarking tests are taken throughout the school year for grades 10 and 11. All students are required to participate in the appropriate testing program and are encouraged to do their best on the tests.

ATTENDANCE

Because school attendance is directly related to academic success, students are expected to attend school on a regular basis. Student attendance is recorded at the beginning of each class period daily.

Excused Absences

If a student is unable to attend school, the student's parent/guardian must call the Attendance Office at (610) 921-8078, extension 4113, before 9 a.m. on the day of the absence to report his/her child absent from school.

- Students must follow up all absences with an excuse blank or a parent note within three school days of the absence.
- Excuse blanks are available in the high school office, from classroom teachers, and on our district website (www.muhsdk12.org). These notes are required by law to verify absences, and they must be signed by a parent/guardian. Students are not permitted to sign their own excuse blanks regardless of age.
- Absences of three or more consecutive days due to illness must be verified with a doctor's excuse.
- Students will be granted up to five excused days for bereavement purposes.

- Once a student accumulates a total of 10 excused absences, the parent/guardian of that student will receive an Excessive Absence letter. All future absences from that point must be followed up with a doctor's note in order for that absence to be considered excused.

Unexcused Absences

- If an excuse blank or note is not submitted within three days following the return to school, the absence becomes unexcused.
- The issuing of a citation with the District Justice may result in fines of up to \$300.00/day for students of 18 years of age and younger; additionally, these students may lose their driver's license for up to six months.
- Students with chronic attendance issues will meet with the high school's attendance committee to discuss the importance of regular school attendance as well as solutions that will improve the students' attendance record. Parent/Guardian of these students will attend such meetings as well. In addition, a Student Attendance Improvement Plan (SAIP) will be implemented, and a Student Attendance Improvement Conference (SAIC) will be held. Parents/Guardians should be contacted with the unexcused absence occurrences below as well.
- Consequences for the accumulation of unexcused absences are as follows:

| Unexcused Absences | Consequences |
|--------------------|--|
| 3 | A letter sent to the home address within ten (10) days of the third absence |
| 6 | Considered habitually truant. A School Attendance Improvement Conference is established between the school and parents within (10) days of 6 unexcused absences. Students referred to school-based or community-based attendance programs. |
| 10 | A citation may be filed by the school* |
| 15 | Loss of prom privileges and/or participation in sports, clubs, activities & field trips |
| 20 | A citation may be filed by the school* |
| 25 | A citation may be filed by the school* Possible loss of participation in commencement ceremonies for seniors |

*For students of compulsory school age (up to/including age 18)

Make-Up Work

- It is the student's responsibility to communicate with his/her teachers to make arrangements to make up work that is missed due to absences from school for any reason.
- Students will have a maximum of one week to make up work missed due to absences from school. If during an absence from school, the student misses tests, quizzes, assignments, etc. that have been announced sufficiently in advance, the student may be required to make up for that missed work as soon as he/she return to school.
- Students who are assigned an out-of-school suspension must communicate with their classroom teachers to obtain work to be completed while on suspension. All written tests and quizzes that are missed while a student is on suspension must be made up.

College Visitations and Educational Trips

- Students who plan to miss school for college visitations must bring in a note from a parent/guardian requesting permission for such absences.

- This request must be submitted to the Attendance Office at least one week before the intended visitation. **College documentation will credit the student as a full day in attendance. Otherwise, it will be considered an excused absence. Only 5 days are permitted each school year for such visitations**
- Students who plan to miss school for an educational trip must bring in a note from a parent/guardian requesting permission for such an absence. This request must be submitted to the Attendance Office at least 10 days before the intended trip. **Students may be excused from school no more than 5 school days for educational trip purposes.**

Illness During the School Day

- If a student becomes ill during the school day, he/she must first report to his/her assigned class to get permission from the teacher to visit the nurse's office. The nurse will contact the student's parent/guardian if it becomes necessary to send the student home during the school day.
- Students who have been given permission by the nurse to leave school must sign out in the Attendance Office. Students may not leave school without permission from the nurse or principal/assistant principal if they are not feeling well.

Tardy/Late to School

- Students who are not in their classroom by 7:40 a.m. are considered to be late to school and must sign in at the tardy desk located outside the Main Office. Students will then be given a pass to report to class.
- An accumulation of 10 excused tardies to school will result in a student needing to provide a doctor's note.
- Students who participate in sports, clubs, activities, and field trips will not be allowed to participate in the day's activity if they arrive at school after Period One without a valid excuse note (i.e., doctor's note, court subpoena).
- **Consequences for the accumulation of unexcused tardies to school are as follows:**

| Unexcused Tardies | Consequences |
|--|---|
| 5 | 1 Detention |
| 10 | 1 Detentions/activity restriction – 2 weeks |
| 15 | 1 Detentions/activity removal (No Prom) |
| 20 | 1 Detentions*/activity removal (No Prom) |
| 25 | 1 Detentions*/activity removal (No Prom) |
| Every additional 5 days will result in similar consequences. | |

****Failure to attend detention will result in failure to follow policy, which is subject to further disciplinary action (including ISS or out-of-school suspension).***

Student athletes refer to the Athletic Handbook for additional consequences.

Tardy/Late to Class

- Students are expected to be in class on time.
- Consequences for student tardiness to class will be determined by individual classroom teachers. These consequences may include, but are not limited to the following: receiving a teacher detention, earning a zero for work missed during the tardy time, losing participation points during the tardy time, and participating in a parent/teacher/student conference.
- Students with habitual tardiness to class will be referred to the administration for further disciplinary action.

Early Dismissals

- Students who must leave school early for any reason must submit a written parental/guardian request to the Attendance Office no later than the morning of the intended early dismissal.
- Students must report to the Main Office to wait for a parent/guardian to sign them out in the Attendance Office before leaving school early.

Video Cameras

All Muhlenberg School District buses are equipped with video cameras with audio features and capabilities. Video is typically used for investigating incidents and behaviors on the bus. BUILDING SECURITY- AUDIO/VIDEO SURVEILLANCE

A safe and secure environment for our students and staff is a primary concern of the school district administration. Please be advised that the doors to the building will be closed and locked after the beginning of the school day, and entry to the building will be restricted. All guests to school and students arriving late to school should contact the main office via the closed-circuit greeting system located at the main entrance to the building. The main office will check the identity and buzz

the person into the building. Guests will be directed to the appropriate office to sign in and be issued a visitor's badge. Students arriving late to school, after 7:40, should report to the tardy desk. All persons are advised that the building will be locked prior to athletic or other events, and entry will be permitted only during the designated times for such events.

The PA State Board of Education regulations grant local school boards the authority to make reasonable and necessary rules governing the conduct of students in school as found in 22 PA Code Sec. 12.3. In that regard, students, parents, and staff are advised that the high school building is under video surveillance at all times and that information from recordings may be used for monitoring purposes and in the disposition of disciplinary actions.

CAFETERIA

Report directly to the cafeteria during your assigned lunch period. Students are reminded of the four-minute passing time and are advised that loitering in the halls is not permitted, nor is anyone allowed to leave school at lunchtime. In addition, students or their parents are not permitted to "order out" and have food delivered from an outside source to school for students. If students are dismissed from lunch to attend meetings, a list of those students will be provided for the cafeteria monitors prior to the meeting. Clean up your area after you have finished eating. **Food and drink are to remain in the cafeteria area, and students are not permitted to remove these items from the cafeteria or to have them in the classrooms, hallways, or restrooms.** Return dishes, flatware, and trays to the dish room and put paper refuse in containers provided. Sign out with the teacher in charge to use the lavatory during lunch period. Follow the direction of any staff member while you are in the cafeteria. They are there to provide reasonable supervision, and we expect full cooperation in helping maintain order and a proper cafeteria atmosphere.

- Remain Seated
- Keep Chairs Out of the Aisle
- Clean Up Your Space
- Respect Yourself and Others
- Help Maintain A Safe Environment

CAREER & TECHNOLOGY CENTER

The Reading-Muhlenberg Career & Technology Center offers a wide variety of courses designed to broaden and enrich the high school curriculum. Most are planned to prepare students for entry into a skilled job upon graduation. Detailed course descriptions can be obtained from your guidance counselor and the guidance office at the CTC.

COUNSELING DEPARTMENT

Each student is assigned to one of three school counselors. Your counselor will help you understand yourself in relation to your educational and vocational opportunities and requirements. Your counselor will not make decisions for you, but will provide you with information needed to make your own decisions. Counseling is a service that will assist you educationally, vocationally, personally, and socially. It is a long-term developmental process through which the counselor gets to know you, then helps you identify and clarify your goals. We encourage you to use this service.

Students who obtain 15 or more unexcused absences, and or 15 or more unexcused tardies to school, are ineligible for all dances, including the prom and homecoming.
- **Identification:** Students and guests need to carry a picture identification card for admission to MHS-sponsored dances. Either a school ID card or a driver's license will qualify a student for admission to the dance. Students should be prepared to have their ID cards collected at the door by the administrator or chaperone in attendance at the dance. Cards will be returned at the end of the dance or when the student leaves.
- Administrators or chaperones have the right to deny any person entrance to the dance.
- Dances are limited to students attending Muhlenberg High School (Grades 10 through 12). 9th Grade students are not permitted to attend high school dances.
- **Guests:** All non-MHS students/graduates are not permitted at dances, except for the junior/senior prom.
- **Re-entry:** Students leaving prior to the end of any dance without permission from the administrator or chaperone in charge may not re-enter the dance.
- **Smoking:** Dances, including the prom, are school-sponsored activities. Even though the dance may occur away from school premises, the rules for smoking and subsequent penalties remain in effect.
- **Driving:** Dances shall be scheduled so that they conclude in adequate time for students to safely travel home at the conclusion of the dance in accordance with state driver's license regulations (HB 10, PN 2065).

Prom

- Students who attend the prom shall be high school students (Grades 10-12, not exceeding age 20).
- 9th-grade students from MSD and/or any other school are not permitted to attend the Junior/Senior Prom.
- Non-MHS guests must submit the appropriate Guest Form to be approved as a guest. The administrator may make an inquiry to the guest's school. Students will be given advance notice that guests are not permitted at the Prom in the event that this situation should occur. Students with non-MHS dates/guests who have not pre-registered their guests will be restricted from entering the prom. Administrators or chaperones have the right to deny a person entrance to the prom.
- **Students who obtained 4 or more days of Out of School Suspension/ISS are ineligible for the prom.**
- **Students who obtained 15 or more unexcused absences from school are ineligible for the prom.**
- **Students who obtained 15 or more unexcused late to school are ineligible for the prom.**
- **Students who are absent or late (after period 1) on the day of prom are ineligible for prom.**

DISCIPLINE

Student responsibilities are: regular attendance, conscientious effort in class, and conformance to school rules and regulations—developed to produce a climate within the school that is conducive to wholesome learning and living. All students are expected to respect the rights of other students and all staff.

General Guidelines

1. Each offense, major or minor, will automatically be reported to parent via phone call (preferred), email, or mailing.
2. Corroborated circumstantial evidence warrants an appropriate disciplinary response.
3. Students referred to the office for inappropriate action will be counseled by the assistant principal, principal, and maybe a guidance counselor before a disciplinary response is made.
4. A student may be restricted from the library during study periods for a specified amount of time; however, a student with a research pass may go to the library.
5. Any offense on school grounds that is considered criminal will involve the police.

Code

Student Responsibilities

- A. Attend and be on time for school functions and all classes daily except when excused.
- B. Pursue and attempt to complete satisfactorily the courses of study prescribed by the state and local authorities.
- C. Make all necessary arrangements for making up work when absent from school.
- D. Respect the rights of other students.
- E. Express ideas and opinions in a respectful manner so as not to offend or slander others.
- F. Respect the rights and authority of teachers, administrators, and all others involved in the educational process
- G. Be aware of all rules and regulations for student behavior and abide by them.
- H. Assume that until a rule is waived, altered, or repealed, it is still in effect.
- I. Be aware of and comply with federal, state, and local laws.
- J. Be willing to volunteer information in matters relating to health, safety, and welfare of the school community and the protection of school property.
- K. Dress and groom to meet fair standards of health and safety. Appearance must not cause disruption in the education process.
- L. Assist the staff in operating a safe school.
- M. Exercise proper care when using public facilities and equipment.
- N. Avoid the use of indecent or obscene language when dealing with other students or school district staff members.

Student Discipline Options

- A. Student-teacher conference.
- B. Contact with parent/guardian by phone.
- C. Teacher-parent conference is arranged and conducted by a teacher, counselor, or administrator.
- D. Teacher-counselor-student conference is arranged by the teacher or the counselor.
- E. Teacher-administrator-student conference arranged by the teacher or an administrator.
- F. Staff conference, including members who can provide insight into a student's problem.
- G. Teacher Detention, Lunch Detention, Morning/After School Detention, Out of School Suspension, and ISS.
- H. Suspension and Exclusion (Policy 233). Students, parents/guardians, and staff should be aware of the infractions that warrant suspension from school. This information is available in the student handbook, teacher manuals, and other publications, including the school district policy manual.
- I. Outside agency conference: This is arranged and conducted by a counselor or administrator with appropriate staff members involved.
- J. All items A through I in this section must be accounted for by written record.

The options listed above are not intended to be all-inclusive. It should not be assumed that any one or a combination of the above options will resolve a particular problem.

Misconduct/Response Structure

- A. The misconduct/response structure presents a comprehensive series of typical misbehaviors, which are classified into four levels and arranged in a continuum according to the seriousness of the act and the frequency of its occurrence.
- B. While the gravity of an infraction determines its classification, the frequency of the occurrence may require reclassification and a more severe disciplinary response. For instance, a Level I misconduct, though its seriousness remains the same, could be moved to a Level II, even III, if the act occurs repeatedly enough and corrective action at the appropriate level has failed.
- C. Level I infractions occur mainly in settings under the teacher's control or supervision. The responsibility for disciplinary action remains with the teacher, although other school support personnel may be involved.
- D. Level II and III infractions are almost always serious enough to require the special attention of the principal/assistant principal.
- E. Level IV acts of misconduct are so serious that they require the involvement not only of the principal/assistant principal, but also of the superintendent/assistant superintendent and the school board, as well as law enforcement authorities.
- F. Optional disciplinary responses are included at each level, which may be appropriately applied to correct or punish related infractions. These options, which allow some flexibility and discretion, have been selected to fit the seriousness of the misbehavior, beginning with the least punitive and progressing through the levels to the most severe. Still, this attempt to match the severity of the discipline with the seriousness of the infraction in some circumstances does not preclude the use of options from a lower level in dealing with higher-level infractions. On the other hand, the more severe options at a higher level are not recommended as a response to less serious infractions at a lower level unless those offenses have been repeated and lower-level alternative actions have failed to remediate.

Level I Offenses

Minor misbehavior, which impedes ordinary classroom procedures or interferes with the orderly operation of the school. Classroom teachers are responsible for the disciplinary response/remediation for all classroom-related actions, including but not limited to: minor disturbances, unacceptable language/behavior, cheating, lying, plagiarism, failure to follow directives, electronic device uses, and lateness to class. **Note:** Violation of school rules in common areas, i. e. hallway, cafeteria, will be sent to administration for disposition.

Level II Offenses

Misbehavior whose frequency or seriousness tends to disrupt the learning climate. An accumulation of three offenses under any category may be considered unmodified behavior and will move to Level III.

Detention is scheduled from 2:50 to 3:30 p.m. on the days designated by the principal/assistant principal. Students shall be assigned to serve detention by the teacher, principal/ assistant principal. Students shall be notified in advance of the date/s detention is to be served. Students are required to be academically engaged throughout the detention period. Those who do not have work or assignments to complete shall be assigned work by the detention proctor. Tardiness to detention will result in an additional session being assigned. Failure to report to detention will result in one day of out-of-school suspension for the first offense. A second instance will result in additional consequences based on the principal/assistant principal's discretion. **All rescheduled detentions need to be approved by the principal/assistant principal and must be accompanied by the appropriate documentation to warrant the change in date and time. Failure to attend an assigned detention will result in additional disciplinary consequences.**

Individual teachers may schedule, assign, and proctor their own detention as the need arises. The same rules for detention would apply in this situation.

EXCLUSION FROM SCHOOL

Suspension

Reasons for suspensions from school by a principal or his/her designee shall include actions such as but not limited to:

- theft of school or personal property
- physical attack or threat to a student or staff member
- smoking on school property or during school activities
- drug or alcohol possession, use, or sale (see Policy 3.4, Drug/Alcohol)
- chronic cutting of school, class, or other scheduled activities
- chronic lateness to school, class, or other scheduled activities
- willfully damaging school or personal property
- verbally abusing (obscenity, threats) a staff member or student
- refusing to serve detention
- leaving school grounds without permission during the school day
- any activity performed on school property or during school functions that is considered criminal under local, state, or federal law
- refusing to comply with reasonable instructions of a staff member or published school rules (general rules and regulations are found in student handbooks, teacher manuals, and other school publications)
- willfully disrupting the normal operation of the school

When a determination has been made that a suspension is warranted, the principal/designee shall enforce suspension in accordance with the following:

1. Parent/Guardian will be contacted and notified of the reason(s) for suspension and asked to remove the student from school as soon as possible, or parent/guardian will be notified of suspension dates. If contact is not made or if a student is not removed from school, the student shall remain in school until the end of the school day under the supervision of an administrator or designated staff member.

2. A letter will be sent to the parent/guardian stating the reason(s) for and length of the suspension, and the date and time for a conference. Copies of the suspension letter must be on file in the offices of the assistant superintendent and the principal.
3. No suspension shall exceed 3 consecutive school days unless a conference has been held with the parent/guardian within the three-day period with the purpose of extending the suspension. No student shall ever be suspended for more than 10 consecutive school days without board approval. If a student's suspension is extended to include the maximum of ten school days, a second parent/guardian conference must be scheduled no later than the tenth day of the suspension for the student's readmittance on the eleventh day. If a parent/guardian refuses to appear for a scheduled conference within three days, the principal will readmit the student. If, however, the offense warrants the extension of suspension beyond the original conference date, the principal will notify the parent/guardian of the extended time period via certified mail, continue efforts to establish a conference and document those efforts, and notify the appropriate supervisor of the status of the case on a daily basis.
4. A student shall have the responsibility for anticipating and completing assignments while he/she is on suspension. Upon returning to the normal school program, a student shall make up examinations missed while on suspension.
5. The assistant superintendent shall review chronic cases of suspension with the appropriate principal
6. Students may be assigned community service to be served during the suspension period as a component of the disciplinary actions.

Suspension of an intellectually disabled person for any length of time is a change in educational assignment requiring notice and provision of the opportunity for a due process hearing.

1. The principal and his/her designee who is considering the suspension of a student with an intellectual disability shall contact the assistant superintendent to present the facts in the case.
2. If the incident warrants suspension as agreed upon by the assistant superintendent and building administrators, the chronology of events must be recorded and submitted in writing immediately to the assistant superintendent.
3. The assistant superintendent will issue a due process notice to the parent/guardian concerning the change in educational assignment for the intellectually disabled student being suspended. In emergency situations, the bureau of special education may approve suspensions, exclusions, or interim changes of assignment for the intellectually disabled student if parental consent of the suspension could not be obtained because the school office was unable to contact parent/guardian in order to inform him/her of the proposed suspension or because parent/guardian requested a hearing and refused to grant permission for an interim suspension pending the hearing. Also, the bureau may approve if the student's continued presence in school presents a danger to himself/herself or to others. Such emergency situations include physical assault or threatened assault of a staff member or student, action of a criminal nature on school property, and continuous disruptive conduct that undermines classroom or school discipline, and which the school has attempted but failed to control.

Expulsion Procedures

Regular Education Students

1. The assistant superintendent, in recommending to the superintendent that a student be expelled from school, must involve guidance personnel and the appropriate administrative staff in preparing a report that shall include: a chronological list of all incidents which include disciplinary action taken by the school; a guidance report listing measures taken by the counselor in his/her attempts to assist the student, and a review of the involvement and assistance provided to the student and his/her parent/guardian by the guidance staff.
2. Expulsion from school must be approved by the school board upon recommendation from the superintendent (Section 1318, Pennsylvania School Code).

Students with Exceptionalities

Students whose behavior is such that expulsion is recommended shall:

1. be removed from class if necessary for the safety and/or well-being of staff members or students
2. be referred to the assistant superintendent for alternative education placement upon recommendation of the principal
3. be evaluated by the school psychologist and/or psychiatrist
4. be placed in homebound instruction for the period between removal from school and assignment to another appropriate educational setting.

Formal Hearing for Expulsion

1. The student's parent/guardian, unless the student is emancipated or married or beyond compulsory school age, and the student must be notified of the charges and of the time and place of the hearing by registered or certified mail, return receipt requested.
2. The hearing shall be public unless the student's parent/guardian (or the student in the event that he/she is emancipated because of marriage or age) requests that it be held in private.
3. The student shall have the right to an impartial tribunal and to be represented by counsel.
4. The student has the right to the names of witnesses against him or her, to copies of affidavits of those witnesses, if any exist, and to demand that any such witnesses appear in person and answer questions or be cross-examined.
5. If a student and/or his/her parent/guardian is dissatisfied with the findings of the hearing, recourse can be had to the appropriate court.
6. A record must be kept of the hearing either by a stenographer or through a tape recorder, and the student or his/her parent/guardian is entitled, at their expense, to a copy of the transcript.

It is recognized that students who are less than 17 are subject to compulsory attendance laws, and even though expelled must attend school. The responsibility for meeting this legal requirement rests with the student's parent/guardian as outlined in the School Laws of Pennsylvania, January 1971.

STUDENT SEARCHES

Consistent with Board Policy 226, the school reserves the right to conduct searches of students and their belongings when reasonable suspicion exists that a student may be in possession of prohibited, unsafe, or illegal items. Searches may include but are not limited to backpacks, lockers, desks, school-issued computers, automobiles parked on school property, personal items, or other possessions. Searches may also be conducted by police and police-trained dogs.

Non-Compliance with a Search

If a student refuses to comply with a reasonable search request:

1. School administration will contact the student's parent/guardian to request their presence in the building to assist in ensuring the search is completed.
2. If the parent/guardian is unable or unwilling to support the process, the student's refusal will be considered Failure to Follow School Policy.
3. Refusal to comply with a search may result in disciplinary action, which may include **1–3 days of In-School Suspension (ISS) or Out-of-School Suspension (OSS)**.

The purpose of this procedure is to maintain a safe and orderly school environment.

Use of Handheld Metal Detector Wands

To support a safe and secure learning environment, Muhlenberg High School may use handheld metal detector wands when conducting searches of students. If the wand indicates the presence of metal, the student may be asked to reveal the item, remove it from their clothing, or allow further inspection of belongings. If a student refuses to comply with the wand search, the refusal will be handled in accordance with the *Non-Compliance with a Search* policy.

When Wands May Be Used

- Wands may be used when there is reasonable suspicion that a student may be in possession of a prohibited, unsafe, or illegal item.
- Wands may be used as part of a targeted or random safety screening, consistent with school safety procedures.

Student and Family Notification

Parents/guardians will be notified if prohibited, unsafe, or illegal items are found, or if a student refuses to comply with the search procedure.

POSSESSION OF WEAPONS ON SCHOOL PROPERTY

- Definition.** Notwithstanding the definition of “weapon” in section 907 (relating to possessing instruments of crime), “weapon” for purposes of this section shall include but not be limited to any knife, cutting instrument, cutting tool, nun-chuck stick, firearm, shotgun, rifle and any other tool, instrument or implement capable of inflicting serious bodily injury.
- Offense defined.** A person commits a misdemeanor of the first degree if he possesses a weapon in the buildings of, on the grounds of, or in any conveyance providing transportation to or from any elementary or secondary publicly-funded educational institution, any elementary or secondary private school licensed by the Department of Education, or any elementary or secondary parochial school.

**(Added by Act No. 1980-167 (1); eff. 12/15/80.) (rev.81) Pennsylvania Criminal Code)*

DRUGS AND ALCOHOL

The following administrative procedures will be followed in cases of students involved with drugs and/or alcohol

I. Formulation and Application

- A. The students, parent/guardian, staff, and Board of School Directors of the Muhlenberg School District, being concerned with the welfare and future of the student body, hereby formulate and implement these alcohol and drug abuse procedures in the hope that they will motivate community support for a community problem. We start at the school level because we sincerely believe that mind-altering

substances have no value in an educational program. Clear heads and healthy bodies are necessary attributes for achieving the most value from the learning process.

- B. The procedures will apply to all dangerous drugs, look-alike drugs, contraband, controlled substances, and devices, including, without limitation, those defined by the Controlled Substances, Drug, Device and Cosmetic Act 1972, P. L. 233, No. 64 (Section 4, Schedules of Controlled Substances) and any future amendments to this act.
- C. These procedures will apply to alcohol and alcoholic beverages as defined in Section 6308 of the Pennsylvania Crimes Code and any future amendments to this code.
- D. School officials shall be permitted to conduct a search and/or seizure of items in a student's possession or without the student's control as per Policy 226, Searches.
- E. For the protection of the student, prescription drugs and patent medicines brought to the school must be registered with the school nurse or delegated authority. At this point, the administration of medication is under the supervision of the nurse (see Policy 210 Use of Medications).
 - 1. Students must have authorization from a medical doctor for the use of prescription drugs.
 - 2. Medication brought to school by a student must be accounted for in quantity in the case of oral administration (such as tablets, capsules, and liquid medication). Refer to Policy 210 Use of Medications for details.
 - 3. Ingestion of any drugs or proprietary materials to the point of disorientation or physical harm is prohibited for all students on school property or at school functions.
- F. Use or possession of any drugs is prohibited for all students on school property or at school functions.
- G. Use and/or possession without a medical prescription or authorization of addictive or dangerous drugs, alcohol, health-endangering substances, and/or those that provide a euphoric effect is forbidden.
- H. In the event that a staff member suspects a student of buying, using, possessing, and/or selling drugs of any type, he/she must immediately notify the building or designee.
- I. These procedures are in effect whenever a student is in the school's jurisdiction, including participation in field trips, sports, and all other extracurricular activities. The rules apply to students whether they are active participants or guests/spectators at such functions.

II. Classification and Implementation

A. Student Seeking Help

1. Every effort shall be made to gain the student's consent to notify the parent/guardian or at least consent to referral for treatment.
2. The Pennsylvania Drug and Alcohol Abuse Control Act #63 (1690.112. Consent of minor) states: "notwithstanding any other provisions of law, a minor who suffers from the use of a controlled or harmful substance may give consent to the furnishing of medical care or counseling related to diagnosis or treatment. The consent of the parents or legal guardian of the minor shall not be necessary to authorize medical care or counseling related to such diagnosis or treatment. The consent of the minor shall be valid and binding as if the minor had reached his majority. Such consent shall not be voidable nor subject to later disaffirmance because of minority. Any physician or any agency or organization operating a drug abuse program who provides counseling to a minor who uses controlled or harmful substances may, but shall not be obligated to, inform the parents or legal guardian of any such minor as to the treatment given or needed." Thus, the Pennsylvania Drug and Alcohol Abuse Act protects the right of the school to refer consenting students for treatment without parental knowledge or consent. It should be remembered, however, that the School Board recommends that all reasonable attempts be made, with the consent of the students, to involve parents at the earliest practical time.
3. Parents of a minor student will be notified if it is necessary for the student to receive emergency care (See Policy 210.2, Medical Attention for Students).
4. Strict confidentiality shall be maintained, and the lines of communication between student and confidant must be kept open.
5. The student shall be advised that any future use, possession, or transfer of illegal drugs will not be condoned, and that information concerning any such future activity will not be treated confidentially.

B. Suspicion of Usage

1. When a student exhibiting unusual behavior is suspected of being under the influence of drugs or alcohol, an investigation shall take place immediately.
2. The school nurse will complete a confidential "Health Assessment When Questioning Substance Use" (Attachment A). This assessment will become part of the student's permanent school health record, and information obtained may be used in the decision-making process for the student's disposition.
3. When the investigation warrants, parents of a child who is exhibiting unusual behavior shall be notified and asked to come to the school. Following a discussion with school personnel, parents will decide whether to take the child for further assessment or treatment.
4. If it has been ascertained that the student's behavior was the result of illegal drugs and/or alcohol, the parents and student will be notified of the sections of this policy which deal with disciplinary procedures and actions implemented by the district, including but not limited to referral to Student Assistance Program (SAP), Student Policy 3.33

C. Actual Usage

1. When there is reasonable evidence that a student is under the influence of, or is involved in the use of a drug or an alcoholic beverage, and this is his/her first offense, the parent/guardian shall be notified, and the student shall be given a 1- to 10-day suspension from school depending on the situation. The informal hearing and conference will be conducted in

conjunction with Chapter XII of the regulations of the Pennsylvania State Board of Education. During this suspension, it is recommended that the student seek counseling and/or treatment from any one of the various licensed agencies or licensed individuals who offer help in this area.

2. At the second offense, the parent/guardian shall be notified and referral shall be made to the principal for a decision as to the length of the suspension pending treatment. The principal will notify the Superintendent regarding his/her decision.
3. For habitual offenses, the penalty may be exclusion from school for a period of up to 1 calendar year or more unless recommendation of the principal provides an alternative. Application for readmission at the conclusion of this period will be reviewed by the Superintendent/designated committee, and a report with a recommendation forwarded to the Board of Education.
4. Law enforcement authorities may be contacted in any of the above situations.

D. Possession Without Actual Use

1. When a student is found in possession of suspected drugs, a referral must be made to law enforcement authorities, who will obtain an analysis of such suspected drugs and will determine whether an arrest or referral to a judicial agency will be made.
2. If, except as to look-alike drugs, the result of the analysis is negative and no further legal action is taken, all records as to the identity of the student shall be destroyed.
3. If the result of the analysis is positive or look-alike drugs are involved, steps shall be taken as in Section C, (Actual Usage).

E. Selling or Buying

1. It is not the intent of these regulations to distinguish between a seller and a buyer. However, individual situations may result in such a distinction being made.
2. Parent/guardian and local police may be contacted. The decision regarding those involved will be at the discretion of the law enforcement authorities.
3. When there is reasonable evidence that a student is guilty of buying or selling, those involved may be excluded from school for up to 1 calendar year.
4. An individual case may be reviewed, and readmission before the complete calendar year has elapsed may be granted if sufficient evidence exists that rehabilitation has taken place and that further exclusion is detrimental to the welfare of the student.
5. An application for readmission at any time will be reviewed by the superintendent/designated committee.

F. Discovery of Drugs

1. Drugs found anywhere on the school premises are to be promptly given to law enforcement authorities.
2. A receipt for the same must be obtained from such authorities.

G. Apprehended by police for Distributing Illegal Drugs, Contraband, and or Marijuana

If a Muhlenberg School District youth is apprehended by the police for activities involving suspicion of use, possession, or the buying or selling of illegal drugs, look-alike drugs, marijuana, or alcohol while the student is under the jurisdiction of the school district, and if the principal is notified by law enforcement officials, the student will be subject to disciplinary measure of Section II, subsections B, C, D, E, and F of this policy.

H. Discovery of Drugs by Staff Members

If a staff member discovers the use or sale of drugs, look-alike drugs, controlled substances, alcohol, or contraband during the performance of duties, he/she should attempt to identify the students, isolate and detain the students, and seek immediate assistance in an investigation of the matter (See I.F.)

ELIGIBILITY FOR ATHLETICS AND EXTRACURRICULAR ACTIVITIES

In order to contribute to the welfare of the athletic/activity program, the student must recognize and willingly assume certain responsibilities as a student athlete or activity participant. As representatives of the Muhlenberg School District and its programs, participants are expected to exhibit exemplary behavior in and out of school.

Extracurricular activity is defined as an activity covered by the provision of Section 511 of the School Code that is sponsored or approved by the board of school directors, is conducted partially or entirely outside the regular instructional day schedule and is available to students enrolled in the district's schools who voluntarily elect to participate, subject to the eligibility requirements of the activity.

The definition includes a school district's program of interscholastic athletics, including varsity sports, and includes all activities relating to competitive sports contests, games, events, or exhibitions involving individual students or teams of students whenever such activities occur between schools within or outside of the school district.

All students participating in Muhlenberg School District extracurricular activities are governed by the Student Discipline Policy, and the Student Athlete/Activity Participant Code of Responsibility (Attachment A). Any violation of the student discipline code on school property or while actively participating in or traveling to or from school or to or from an organized extracurricular activity may result in the forfeiture of the privilege of participation on a Muhlenberg athletic team or related activity. If a violation of the discipline code involves a one-to-ten-day out-of-school suspension, the participant will not practice or compete on those days. While head coaches and activity sponsors may assess penalties for participants in violation of team or activity rules and regulations, the building principal or designee may declare a student ineligible for participation in extracurricular activities because of conduct or behavior unbecoming of a student athlete or activity participant.

- I. Specific actions defined herein may result in suspension or dismissal from participation in extracurricular activities at the discretion of the Principal/Designee. Permanent prohibition from extracurricular activities may occur for any subsequent violations:
 - A. Providing, selling, being in the possession of, or being under the influence of alcohol, drugs, narcotics, prescription medication exceeding the amount prescribed, other controlled substances, or over-the-counter medications in accordance with MSD policies 227 "Controlled Substance/Paraphernalia" and 210 "Use of Medications." Prom/Graduation restriction if offense is committed during the 2nd semester.
 - B. Possession of or use of tobacco products (snuff, chewing tobacco included).
 - C. Damaging or stealing school, community, or private property.
 - D. Being disciplined in levels three and four of the discipline code. Students assigned to alternative education programs are ineligible to participate in extracurricular activities for the duration of the assignment.
 - E. Follow District Attendance Policy and Administrative Regulations.
 - F. A total of 10 tardies constitutes a first offense; 15 tardies constitutes a second offense; 20 total tardies will constitute a third offense, in one school year.
 - G. Two out-of-school suspensions in one school year.
- II. Students shall arrive no later than the end of the first period in order to be eligible to participate in any extracurricular activity on that day. The building principal must approve any exception to this rule (i.e., doctor's note, court subpoena).
- III. Each student is responsible for school-issued equipment and is responsible for properly securing equipment in an assigned locker. Each athlete or activity participant is responsible for reporting to the head coach, activity advisor, or equipment manager any equipment that is damaged, in need of repair, or replacement for safety or other reasons. Any athlete or activity participant who has not returned any item of school-issued equipment or

- has any other obligations will not be eligible for awards or other recognition activities and may not participate in other athletic programs or activities until cleared.
- IV. Students are not eligible to participate in any interscholastic contest if they attain the age of 19 before June 30, immediately preceding the school year. (15th birthday, where interscholastic competition is limited to grades 7 and 8; 16th birthday, where limited to grades 7 through 9.)
 - V. Students must retain an amateur status in order to be eligible to participate in any contest.
 - VI. A physical examination is required before participation in any sport is permitted.
 - VII. All students participating in interscholastic activities must adhere to the Muhlenberg School District and Pennsylvania Interscholastic Athletic (P.I.A.A.) academic rules on eligibility. According to Article IX, Sections 1 – 4 of the P.I.A.A. by-laws:
 - A. A pupil must pursue and maintain an acceptable grade in a full-time curriculum defined and approved by the principal.
 - B. Eligibility shall be cumulative from the beginning of the grading period and shall be reported weekly.
 - C. A pupil must have passed at least four full credit subjects or the equivalent (4 credits) during the previous grading period.
 - VIII. In accordance with these requirements, the following additional academic stipulations for all activity participants shall be as follows:
 - A. If, after a weekly academic check, a student has failed any two subjects (full or partial credit courses), the student will be ineligible for contest participation for a period of one week. If a student is declared ineligible for a total of five weeks during the course of a season, the student will be dismissed from the activity and will not be eligible for awards or recognition activities. Participation and attendance at contests, performances, or activities are both still prohibited during the ineligibility period. If at the completion of a grading period (distribution of report cards), a student has failed any two subjects but has passed an equivalent of four credits, the student will be ineligible for practice and contest participation for a period of one week. If the next weekly academic check shows an improvement in grades from failing to passing, the restriction will be lifted.
 - B. If at the completion of a grading period (distribution of report cards), a student has not passed an equivalent of four full credits, the student will be ineligible for practice and contest participation until the student has completed a total of 15 school days. Continued satisfactory academic progress will allow the student to participate in contests, performances, or other activities at the end of the 15-day ineligibility period.
 - C. Eligibility at the beginning of the fall semester will be based on final grades from the preceding school year. Approved summer make-up courses may be used to fulfill four credit deficiencies.
 - IX. In order to participate in any sport or activity, a consent form signed by parent or legal guardian is required to be on file with the Principal or designee
 - X. Muhlenberg School District shall permit a resident child who is enrolled in a Home Education program or Charter School to participate in any activity that is subject to the provisions of Section 511, including, but not limited to, clubs, musical ensembles, athletics, and theatrical productions, provided that the child:
 - A. Meets the eligibility criteria, or their equivalent, for participation in the activity that applies to students enrolled in the school district.
 - B. Meets the try-out criteria, or their equivalent, for participation in the activity that applies to students enrolled in the school district.
 - C. Complies with all policies, rules, and regulations, or their equivalent, of the governing organization of the activity.
 - XI. Where the activity requires completion of a physical examination or medical test as a condition of participation and the school district of residence offers such physical examination or medical test to students enrolled in the school district, the school district shall permit a child who is enrolled in a Home Education program or Charter School to access such physical examination or medical test. The school district shall publish the dates and times of such

physical examination or medical test in a publication of general circulation in the school district and on its publicly accessible internet website.

- XII. The school district may charge the charter school for charter student participation in extracurricular activities, since these costs are part of the per-pupil payment that is paid to charter schools. This fee is on a “cost basis,” with the school district neither losing nor making money, as determined by the school district using the expenses of each activity, including coach or director, uniforms, transportation, and miscellaneous costs

QUALIFICATIONS

It must be understood that concern for the well-being of the individual in any of the actions described must be weighed against concerns for the well-being of the student body at large. Therefore, it must be recognized that appropriate discretionary action by those charged with carrying out the disciplinary process must not be prohibited by these guidelines. Any deviations from standard policy are determined on a case-by-case basis and do not establish precedent for subsequent cases. It is suggested, however, that such diversions from the established procedures should be the exception rather than the rule.

FIRE DRILLS

When the fire alarm is sounded, follow your teacher’s directions promptly and exactly. There should be no talking during the entire drill so that instructions can be given when needed. Class groups should stay together so that the teacher in charge can take roll once outside the building. Students should walk in pairs at a reasonable speed. All lights in the classroom should be turned off, windows closed, and the classroom door closed by the last student to leave.

Students should move away from the building once they are outside to allow for the free movement of emergency vehicles. In the parking lot, students should move into the area where the cars are parked. At the bus loading area, students should move across the roadway.

GRADES, REPORT CARDS, FINAL GRADES, etc.

Grades

Periodic reports of student achievement by way of letter grades are given at the end of each marking period in each of the subjects that you have elected to take or that are required for graduation. The grade assignments are given in actual percentage grades on the report cards. Grades are established based on the following key:

| Numerical Grade | Letter Equivalent | Quality Points |
|-----------------|-------------------|----------------|
| 97% - 100% | A+ | 4.00 |
| 93% - 96.4% | A | 4.00 |
| 90% - 92.4% | A- | 3.75 |
| 87% - 89.4% | B+ | 3.50 |
| 83% - 87.4% | B | 3.00 |
| 80% - 82.4% | B- | 2.75 |

| Numerical Grade | Letter Equivalent | Quality Points |
|-----------------|-------------------|----------------|
| 77% - 80.4% | C+ | 2.50 |
| 73% - 76.4% | C | 2.00 |
| 70% - 72.4% | C- | 1.75 |
| 67% - 69.4% | D+ | 1.50 |
| 63% - 66.4% | D | 1.00 |
| 0% - 63.4% | F | 0.00 |

| Numerical Grade | Letter Equivalent | Quality Points |
|-----------------|-------------------|----------------|
| Incomplete | I | 0.00 |
| Medical Excuse | M | |
| Pass | P | 0.00 |

(Note: Students who receive grades of “I”, [Incomplete] assigned for legitimate medical or emergency reasons, have two weeks beyond the end of the quarter/ year to make up incomplete assignments.)

Report Cards

Report cards are issued approximately six school days beyond the end of each marking period. Report cards show numerical grades representing the percentage earned for each class according to the scale listed above. Report cards may also show appropriate comments from individual teachers about the progress of a particular student. Report cards are available online via Infinite Campus or by contacting your counselor.

***Note** – Minimum failing grade: Report card will reflect actual percentage grades earned in each class with the exception of a minimum failing grade of 50% for the first marking period. Administration has the right to assign the actual grade earned in Q1 due to the circumstances involved.

GPA and attendance are also included as part of the reporting procedures. Check the school calendar for marking period dates to determine when report cards will be issued. Any questions about grades or other information should be directed through the guidance office.

Final Grades

The final grade in a course will be determined by using the four marking period grades and the average of the midterm and final exam grades [MP1 + MP2 + MP3 + MP4 + (average of Mid-term + Final) divided by 5 = final grade]. The final grade for a semester course will be determined by averaging two times the percentage grade from each quarter and the final exam grade (2MP1 + 2MP2 + Final Exam divided by 5 = Final grade).

The total grade point average for the marking period will be determined by using the grades in all of the courses a student takes, major, and minor. **The minimum passing grade for a course is a “D” or 63% average.**

Honor Roll

| Grade point equivalents for the awarding of academic honors are as shown | High Honors | Honors |
|--|-------------|--------------|
| | 3.7 | 3.4 to 3.699 |

Supplementary Reports

Student grades are readily available on their student’s grade book link. Upon parental request, supplementary reports will be mailed home midway through each marking period. Should your parents wish additional information regarding your progress, they may contact your teacher or your guidance counselor.

Grade Point Averages (GPA)

Grade point averages are calculated at the end of each marking period and cumulatively at the end of each year. Grade point averages are determined by adding the grade point equivalents for each grade and course and then dividing by the

total number of credits for the courses being taken. Credits for courses can be determined by referencing the “Educational Planning Guide” in effect for the current school year.

Grade Weighting

The following procedures will be in effect for the purpose of determining the weighted GPA used in the calculation of class rank. Weighted grades are based on the student's course load and are weighted at the end of the school year:

- A.P. courses are valued at 1.25 credits
- Class Rank is based on a GPA calculated in the following manner:
 - ◆ The 4-point system is in effect for grade values (see Grades & Grade equivalents)
 - ◆ Plus, add .1 for each AP course
 - ◆ Plus, add .035 for each Honors course

Class Rank

Students in grades eleven and twelve will be ranked at the end of the academic year using final weighted grade point averages. Ranking will be based on all subjects carried. The student with the highest GPA based on final grades will be ranked first, etc.

GRADUATION REQUIREMENTS

Graduation requirements are outlined in the Curriculum Guide. See graduation requirements on page 7 of the Curriculum Guide located on the school website, or discuss your situation with your school counselor.

HOMECOMING

In order to involve all segments of the Muhlenberg High School community in the Homecoming activities, the following procedures will be in effect.

1. The Homecoming game date will be set for mid to late October based on the schedule for home football games.
2. If the game is scheduled for a Friday, the dance will be held on Saturday of that week. If the game is postponed for any reason from Friday to Saturday, the dance will be held on Saturday during the hours specified by the principal. If the game is scheduled for a Saturday, the dance will be held on the preceding Friday evening.
 - a. If a student has obtained 1 or more days of Out of School Suspension, they are not eligible for the dance.
3. The student council will coordinate “Spirit Week” activities held in conjunction with Homecoming.
4. Homecoming decorations are the responsibility of the following groups,

 - a. Be a member of the senior class
 - b. Have maintained a cumulative 2.5 grade point average at the end of the 11th grade year.
 - c. Have participated in an activity for a minimum of two years. (Club advisors are responsible for verifying that the candidate has participated in the club for two years.)

- d. Maintain eligibility under the student code of responsibility.
6. A list of eligible students by GPA will be posted in a central location, which will comprise the nominations pool for Homecoming candidates. Each club advisor is then responsible for nominating a male and female candidate from the respective club. Each club advisor will then give the names of the top three nominees (both male and female) to the assistant principal and student council advisors. Club advisors will supply three nominees in case there is an overlap with another club.
7. In order for the student body to “get to know” the candidates for king and queen:
 - a. Each club will be responsible for “advertising” their male and female candidates. At a minimum, each club should make a poster that includes a picture of the male and female candidates.
 - b. The student council will introduce candidates through the TV announcements.
8. The entire student body will vote for the Homecoming King and Queen.
9. The male candidate receiving the highest number of votes will be the king, and the female candidate receiving the highest number of votes will be the queen.
10. A Pep Rally will be conducted during spirit week and will be run by the cheerleaders and student council.
11. On Friday of spirit week, a luncheon will be held for members of the Homecoming Court, the high school administration, and appropriate faculty advisors. Students will not be permitted to leave the building prior to regular dismissal time.
12. On the night of the Homecoming Football game, the homecoming court will assemble in front of the high school and be escorted to the field in the traditional manner. The members of the court will be announced in alphabetical order by club. After everyone has been introduced, the King and Queen will be announced and recognized. The entire court will then preside over the remaining festivities.

HOMELESSNESS

ECYEH (PA Education for Children and Youth Experiencing Homelessness) The Education for Children and Youth Experiencing Homelessness (ECYEH) is an initiative of the Pennsylvania Department of Education, and is based on the federal McKinney-Vento Homeless Assistance Act. This federal legislation ensures that homeless children and youth have access to a free, appropriate public education. Children and youth experiencing homelessness have the right to:

ID CARDS

Student ID cards will be issued in the fall of every year. Every MHS student must wear a Muhlenberg High School photo ID card at all times while on the campus during the school day or when attending a school function. Returning students should use their ID from the previous year until new cards are issued. New enrollees during the school year will have their pictures taken for ID cards, and cards will be issued as part of the enrollment process. Temporary student IDs are available in the main office. Failure to wear your I.D. card will result in disciplinary consequences.

Students shall present their ID card when requested by a staff member. Failure to wear the card when requested will result in disciplinary action according to the “Failure to follow policy” infraction with resulting consequences for this offense. Misrepresentation or alteration of the information on the card will also result in appropriate consequences according to the high school discipline code.

Student ID cards are required for such functions as (but not limited to):

If you become ill during school hours, the teacher to whom you are assigned will issue a pass slip to the nurse's office or, in her absence, to the main office. If it is necessary for you to go home, a pass slip will be issued by the nurse or the office, informing the teacher of the action taken. If you become ill during your time at CTC or on the bus returning from CTC, you must report to the nurse or, in her absence, to the main office. Any student who is dismissed due to illness must sign out in the main office before leaving the building. **You may not dismiss yourself from school for reasons of illness.**

IMPACT

IN LOCO PARENTIS

Pennsylvania School Code 24 PS 13-1317

"Every teacher, vice/assistant principal, and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the pupils attending his/her school, during the time they are in attendance, including the time required in going to and from their homes, as the parents, guardians or persons in parental relation to such pupils may exercise over them."

According to this statute, teachers and principals have the same authority over children as their parents or guardians. Students are expected to follow reasonable directives of their teachers and principals in regard to both academics and behavior.

INSURANCE

Accident insurance is available on a voluntary basis for a premium paid by your family. Insurance forms are distributed in homerooms early in the school year.

LAVATORY

Lavatories are available to you during class time only. You are not allowed to use the lavatory during passing time. You must carry your lav pass at all times. When you use the lav, you will have your teacher fill in the date, time, and signature on the pass. When you return, the teacher will record the time on the pass. You also will be disciplined for using the lavatories during passing time.

LIBRARY

If you are not using the library for its intended purpose, you will be sent back to class. Continued library behavior problems will result in long-term restriction from the library during regular school hours. Remember, the library is a place for quiet research and study. All students are expected to display appropriate behavior.

LIBRARY SECURITY SYSTEM

Any attempt to bypass the library security system for any reason, including “joking around,” will be treated as a Level II offense for the first incident and a Level III offense for the second incident.

LOCKERS

Lockers are provided in the halls and in the gym locker rooms for your convenience. They remain school property and simply are on loan to you. Locks are provided by the school for school lockers, and they should be kept locked at all times. Students are not permitted to use locks other than school-supplied locks on school-furnished lockers. Lock combinations should be kept secure and not divulged or shared with others.

Valuables should not be left in school lockers at any time. The school cannot assume responsibility for items that are missing or taken from lockers. Students shall be responsible for restitution for any vandalism, including but not limited to physical damage, graffiti, etc, done to the school locker provided for their use.

LOST AND FOUND

Books, articles of clothing, jewelry, eyeglasses, and other items that are found should be brought to the main office. If you have lost any such item, check with the main office to see if the item has been turned in. The office will retain lost and found items for up to 30 days.

NATIONAL HONOR SOCIETY

Selection to membership in the National Honor Society is based on scholarship, leadership, service, and character. Membership is bestowed by the faculty council on behalf of the faculty. To be eligible for membership, a candidate must be a junior or senior and have attended Muhlenberg for one semester. Candidates must have a cumulative scholastic average of at least 3.4 (on a 4.0 scale), the cumulative average to include grade nine.

After the first semester, the guidance department will compile and post a list of those eligible. Students wishing to withdraw from consideration should contact their adviser. The adviser will notify all those who are academically eligible.

These students will be asked to provide information regarding service and leadership activities on the Student Activity Information Form, which must be returned for further consideration for membership. Review of the information by the council does not guarantee election. For additional input, the council will ask all faculty members to submit comments on the candidacy of scholastically eligible students. The faculty council will use all available information, including the guidelines from the national office, to evaluate potential members. Actual selection will be by a majority vote of the council. Students selected, along with their parents, will be notified and invited to the induction ceremony by a letter from the principal. The National Honor Society is under the sponsorship and supervision of the National Association of Secondary School Principals. According to NASSP legal counsel, no constitutional due process requirements apply in non-selection cases.

PARKING & DRIVING REGULATIONS

- When issued a parking tag, only parking in the assigned space will be recognized. Parking tags must be displayed from the rearview mirror of your registered car when parking on our lot during school hours.
- Every student must observe the 15 miles per hour speed limit at all times (before school, during school, after school, evenings, weekends)
- Students are not permitted to drive on school district access roads and are required to follow applicable traffic regulations, traffic patterns, and directions while on school grounds.
- No interference with the passage of school vehicles is allowed.
- Students may not park in faculty, visitor, or handicapped spaces. Contact the main office for more information if you need to park close to the school due to medical reasons. This could be temporary or a permanent situation.
- Driving violations, speeding, repeated violations of the school discipline code, or any misconduct involving students in the parking lot will result in the revocation of the parking privilege for a period of time determined by the Principal or Assistant Principal.
- Subsequent violations could result in disciplinary action (loss of park/drive privilege or removal of vehicle from school property). The vehicle's owner will be responsible for any and all towing charges. If the vehicle is towed, neither the school district nor the towing company will be responsible for damages that take place in the process.
- Students are not permitted to give their parking tag to anyone or allow anyone to park in their assigned space. If this occurs, both students will lose their privilege to park on school property.
- If at any time you get or use another vehicle other than the one you have registered and for which you have been issued a tag, you must notify the office. You must show the necessary information on the new or different car.
- Students are also reminded that driving, traffic control, and parking on school grounds are only permitted in accordance with policy 711 "Traffic, Parking, and General Control of School Grounds and Property" with all related consequences in effect for violators. Failure to follow procedures will be subject to a fine.
- The Muhlenberg School District is not responsible for any damages that occur as a result of individual actions, vandalism, accidents, or acts of nature to private vehicles parked on school grounds.

PASSES

Pass slips of various kinds are issued to provide a convenient means of communication among staff members who are accountable for your supervision. Tardy passes are issued in the main office to students who are late in coming to school after homeroom. General passes are issued as permission to a student to go from one assigned area, such as a study hall, to another area, such as a classroom, to make up work. Library research passes are issued by a subject teacher to students for the specific purpose of doing library research in the teacher's subject. Permanent passes are issued by individual faculty members to students on a semester basis to be used from a study hall for such reasons as

to work with a science club, be an aquatic aide, complete extra work in shops, etc. Permission of the receiving teacher must be secured before such a pass is issued.

Lavatory passes are issued to each student periodically throughout the school year to be used for permission to use the restrooms and commons. Except for medical reasons, students may use the lavatory no more than twice during the school day (see Lavatory).

PROMOTION

At the high school level, you need not repeat any course that you have passed. You earn credit for each course passed with the goal of reaching the appropriate number of credits for graduation. A 9th-grade student must earn a minimum of 5 credits prior to September 1 of the following school year to be considered a 10th-grade student. A 10th-grade student must earn a minimum of 10.5 credits prior to September 1 of the following school year to be considered an 11th grader. An 11th grader must earn a minimum of 17 credits prior to September 1 of the following year to be considered a 12th-grade student. 24.00 Credits are required to be eligible for graduation.

RIGHT TO PRIVACY

Routine screening and evaluations are used to determine student needs. This information is protected under federal legislation and under state legislation and regulations. Complete information on identifying student needs and students' and parents' rights to privacy is mailed to each family and is available by contacting the main office in the high school.

SOCIETY FOR ACADEMIC ACHIEVEMENT

SAA awards are granted to members of the graduating class on the basis of grades earned for the seven-semester period immediately preceding the last semester of the senior year. Points will be awarded for all those courses that meet five or more periods each week. The minimum requirement is 125 points (145 or more for cum laude inscription) with 4 points for an A, 3.5 points for a B+, and 3 points for a B. No credits are given for physical education, driver training, military science, work study, or educable mentally handicapped courses. School officials, in coordination with the sponsoring organization, may continue to present or initiate additional requirements as deemed appropriate and compatible with the specific needs of the school curriculum, as long as the minimum prerequisites as outlined above are met. Semester grades will be determined by averaging the quarter grades. Final tests and final grades will not be used. Only the top 10 percent will qualify for the awards.

| A & B = A- | 3.5 points | A- & B- = B | 3 points |
| A & B- = B | 3 points | B & B = B | 3 points |
| A & C = B | 3 points | Other combinations | 0 points |

Various school clubs provide funds and operate a school store located in the student commons. It carries a variety of basic stationery supplies, Muhlenberg souvenir items, and certain clothing items bearing the name and mascot of Muhlenberg High School. The activity adviser in charge of the school store will appoint the store manager(s).

STUDENT ASSISTANCE PROGRAM (SAP)

The Student Assistance Program (SAP) provides an intervention process for at-risk youth. It consists of a core team of teachers, counselors, a nurse, administrators, and a Licensed Social Worker. The program will identify, evaluate, and appropriately refer students deemed at-risk for substance abuse, depression, suicide, anger control, and other significant problems to the proper treatment program. It is an intervention and referral program, not a treatment program.

STUDY HALL

Come to study hall prepared to work or read. "No talk" periods are to be observed. Report to your assigned study hall prior to being excused for commons, library, or any other purpose. A certain number of students will be permitted to go to the library from the study hall. Students will sign their names on the appropriate sign-out sheets. An incomplete (I) grade on your report card will restrict you to study hall the following quarter, if not made up within 2 cycles of the quarter end date. If you are being removed by a teacher from a study hall on a long-term basis, you must have a pass from the teacher with an explanation as to where you will be reassigned. This pass must be approved by the main office before being presented to the study hall teacher for removal from that study hall. If a subject teacher judges that you are not working up to your potential, that teacher may inform your study hall teacher(s) that you are to be restricted to study hall until further notice.

TEXTBOOKS

Textbooks are supplied by the school district using funds received from taxes. Every text issued is numbered and bears the stamp of the school. They are loaned to you for your use. It is your responsibility to use them properly and to care for them so that, upon their return at the end of the course, only fair wear will have occurred. Textbooks are costly. If there is unwarranted damage or defacement of a textbook issued to you, you may be assessed a fine to cover the cost of rectifying the damage or defacement. If you lose a book, you will be required to reimburse the district on a pro rata basis at the rate of 20 percent of the current replacement cost for each remaining year of useful value, with a minimum charge of 40 percent of the replacement value. A textbook has an average useful period of five years. If you withdraw from a given class or from school for any reason, you are personally responsible for returning all books issued to you.

VISITORS

Visitors are distracting to the educational process. Therefore, your cooperation in showing the visitors our building and its facilities outside of school hours is appreciated. Recognizing that there are certain situations in which visitors should be permitted, arrangements should be made with the principal/assistant before the visitor arrives so that a proper pass can be issued and the visitor welcomed to Muhlenberg High School. Normally, such permission to have visitors will be restricted to one-half day.

WITHDRAWING FROM SCHOOL

If you plan to withdraw from Muhlenberg High School for any reason, you should initiate the process with your school counselor.

1.0.2 Post conspicuously on the Internet home page of the school district and in student handbooks or calendars the information described in subsection 1.0.1 of this policy; Directly or through the Berks County Intermediate Unit, consult annually with private school administrators and representatives concerning the development of, and then develop, child find activities designed to identify, evaluate, and offer special education services and programs to children with disabilities who reside within the District and who attend private schools, provided, however, that nothing in this policy shall be construed to authorize the provision of special education programs and services in or on the premises of private schools;

1.0.3 Display conspicuously in every public school building in the school district printed circulars or pamphlets containing the information described in subsection 1.0.1 of this policy.

2.0 Screening System

The superintendent or his or her designee shall establish a system of screening to accomplish the following, and, whenever practicable, the system thus established shall use existing building-level supports, services, and processes:

2.0.1 Assessment at reasonable intervals to determine whether all students are performing based on grade-appropriate standards in core academic subjects;

2.0.2 Use of such assessments to provide additional instructional opportunities for students not achieving at the proficient level or otherwise not performing based on grade-appropriate standards in core academic subjects, including use of alternate instructional strategies, opportunities for extended learning time, and ongoing assessment of student response;

2.0.3 For students who are not performing based on grade-appropriate standards in core academic subjects, a determination that the performance deficit is not the result of a lack of English language proficiency or cultural differences;

2.0.4 For students who are not responding to the core program of reading or math instruction, provision of scientifically-based instruction in regular education settings, delivered by qualified personnel, as indicated by observations of routine classroom instruction, with repeated, formal assessments of achievement and progress conducted at reasonable intervals, the results of which shall be provided to the parents of the student;

2.0.6 Provision of peer support for teachers and other staff members to assist them in working effectively with students in the general education curriculum;

2.0.7 Completion of hearing and vision screening in accordance with section 1402 of the Public School Code of 1949, 24 P.S. 14-1402, for the purpose of identifying students with hearing or vision difficulty so that they can be referred for assistance or recommended for evaluation for special education;

2.0.8 Identification of students who may need special education services and programs.

2.1 Rights

Preserved and Waiver of Pre-evaluation Screening. The screening activities described in section 2.0 of this policy shall not serve as a bar to the right of a parent to request a multidisciplinary team evaluation at any time. When the completion of screening activities prior to referral for a multidisciplinary team evaluation will result in serious mental or physical harm, or significant educational regression, to the student or others, the school district may opt to initiate a multidisciplinary team reevaluation without completion of the screening process. Whenever an evaluation is conducted without a pre-evaluation screening, the activities described in section 2.0 of this policy shall be completed as part of that evaluation whenever possible.

All confiscated personal electronic devices shall be delivered promptly to the building administrator's office. The investigative report shall be retained by the principal/designee and forwarded to the Assistant Superintendent as appropriate.

Step 4 – District Action

If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.
