Summary

How to sign up for a Parent Account in Schoology?

Solution

1. Go to [Schoology Learning](#)
2. Click **Login** at the top of the page

3. Click **Parent & Student Logins**

PowerSchool
Logins

Parents & Student Logins

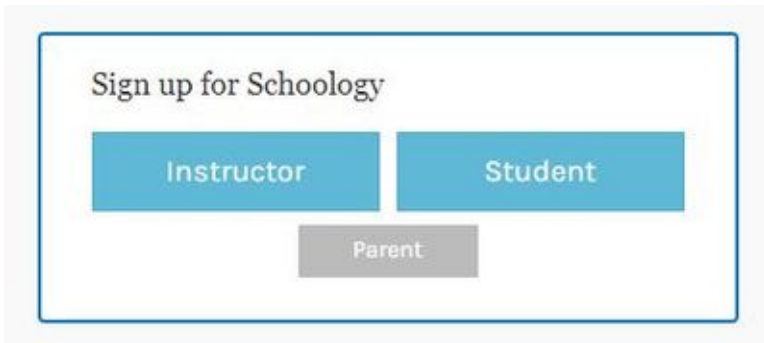

All Product Logins

4. Click **Register for Schoology Learning**

5. Select **Parent**

6. Enter your **Parent Access Code**. This is a 12-digit code in **xxxx-xxxx-xxxx** format that you receive from one of your child's instructors.
7. Click on **Continue**.
8. Fill out the form with your information.
9. Click **Register** to complete.

When you use a Parent Access Code to create an account, you are automatically associated with your child. You can add additional children to your account using the **Add Child** option.

Notes:

- Parent Access Codes are unique to each student but can be used to make multiple parent accounts.
- If your Parent Access Code does not allow you to register or if the code does not have 12 digits, please contact your child's instructor or school for more information.

Multiple Children in Different Districts

If your children attend different schools that are not in the same district (or are not part of the same Schoology Enterprise account), you will see the following error message when you attempt to use the **Add Child** option to associate your parent account with their student account:

We've noticed that your child belongs to another school. To complete the process, you must register for a new Schoology parent account within your child's school using the form below. ✕

Add Child

Child Code:	<input type="text" value="XXXXXXXXXX"/>
First Name: *	<input type="text" value="Mya"/>
Last Name: *	<input type="text" value="Martinez"/>
Email or Username: *	<input type="text"/>
Password: *	<input type="password"/>
Confirm Password: *	<input type="password"/>
School:	<input type="text" value="Mount Castleville School District"/>
