
EQUIVALENCY CREDIT OPPORTUNITIES: 2413

Credit for Competency/Proficiency

Federal Way Public Schools recognizes the importance of educational benefits that can be gained by giving students the opportunity to demonstrate competency of skills, proficiency of standards, and mastery of concepts in a variety of contexts directly supported or managed by the school system. As such, and in accordance with state law, the District will allow credit to be granted based on demonstration of proficiency through robust learning activities outside traditional course taking, in accordance with procedures developed by the Superintendent.
