THE FOUNDATION
FOR OKLAHOMA CITY PUBLIC SCHOOLS

OKCKIDS.COM | OKCKIDS.COM/FACEBOOK | OKCALUMNI.COM

Creating community ownership in the success of every child.

The Foundation for Oklahoma City Public Schools works to advance excellence, create champions and build strong community support for lasting change in Oklahoma City Public Schools.

Focus Areas and Strategic Alignment

The Foundation's focus areas are in direct alignment with OKCPS's strategic plan, The Great Commitment. See below for our focus areas and supporting programs/initiatives.

Innovative support of teachers (Partnership with DonorsChoose.org)

Community Engagement initiatives (Partners in Action)

English Language Learning program support (Bilingual Teacher Pipeline Project, Spanish for English speaking OKCPS staff, translation technology support)

Teacher and Leader Professional Development (Urban Teacher Preparation Academy)

Advocacy (Focused on driving a narrative about OKCPS that results in increased investment and engagement)

DonorsChoose.org

Through a partnership with DonorsChoose.org and with the assistance from generous community partners and District employees, The Foundation provides funding for Oklahoma City Public Schools classroom projects posted by OKCPS teachers. This partnership provides funding for classroom supply needs, field trips and other educational projects. Since the partnership with DonorsChoose.org launched, The Foundation has assisted with funding for nearly 2,000 projects for our schools, reaching virtually every student in OKCPS multiple times, with a total financial impact of more than $1Million.

STARS of Education

In partnership with The Oklahoma City Public Schools, The Foundation seeks to recognize members of the OKCPS community that demonstrate exceptional teaching, inspired service and volunteerism within the district. To that end, The Foundation provides recognition and cash awards for the OKCPS Teacher of the year and finalists, exceptional support staff within the district and valuable volunteers and community partners who make a difference daily. In partnership with the City Council of Oklahoma City and the Downtown Rotary Club, The Foundation also recognizes exceptional teaching within the district through the Rotary Teacher of the Month program. These activities provided almost $20,000.00 in cash awards to teachers, schools and support staff within the district.

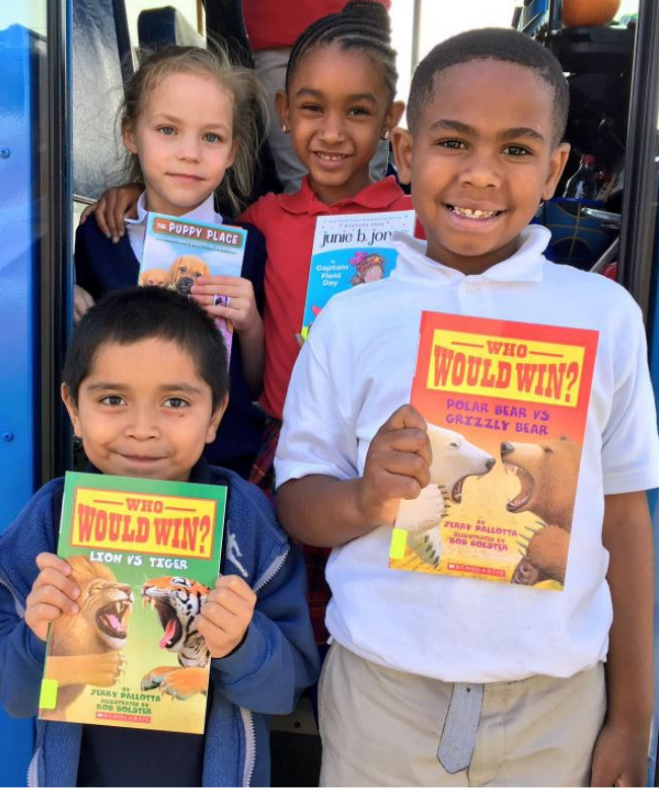

Bilingual Teacher Pipeline Project

The demographic makeup of OKCPS is 52 percent Hispanic, creating a shortage of bilingual teachers. To help fill that gap, The Foundation, with the assistance of donors and education partners UCO, OSU-OKC, OCCC and Rose State College, has launched the Bilingual Teacher Pipeline Project. The program provides funding for tuition, fees and books for bilingual paraprofessionals already working in the district to become certified teachers. We currently have 35 bilingual paraprofessionals participating.

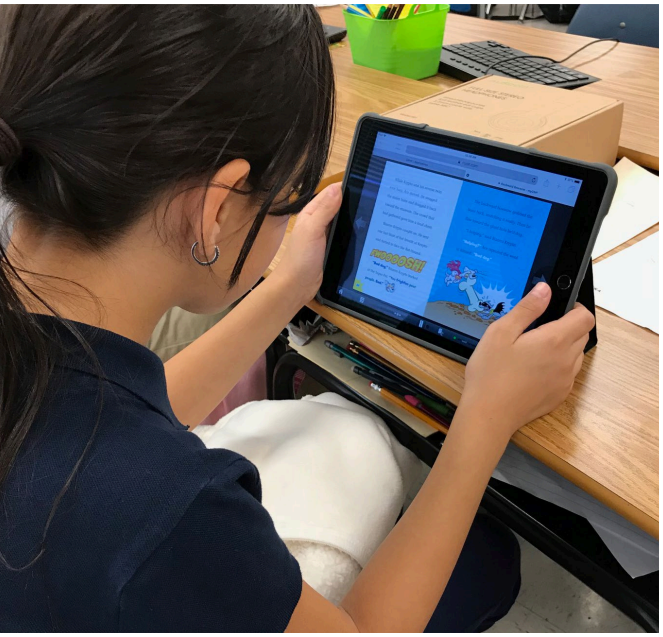

Foundation Projects

Each year The Foundation looks for ways that it can partner with the district to provide much needed support to schools, teachers and students. This year was no different, with The Foundation and its community partners providing the funding for a number of outreach events and serving as the fiduciary for an increased number of Partner Funding Agreements benefitting the District and specific schools and school projects.

OKLAHOMA CITY PUBLIC SCHOOLS SPECIAL INSTRUCTIONAL PROGRAMS

PROGRAM NAME	PROGRAM SUMMARY
ACADEMIC ACHIEVEMENT (AA/MS)	Innovative coursework for middle school students designed to reinforce and enrich learning concepts in reading/language arts and math.
ACT-AMERICA'S CHOICE	This comprehensive instructional system includes rigorous core syllabi and model units, end-of-course examinations, formative assessment tools, intervention and acceleration programs, and professional development, all designed to help ensure that students are ready for college and careers without a need for remediation.
ADVANCED PLACEMENT	AP gives high school students a chance to do college level work and gain valuable skills and study habits for college. Students who get a "qualifying" grade on the AP Exam may receive college credit.
AVID	Advanced Via Individual Determination provides research-based strategies and curriculum designed to prepare students for success in high school, college, and a career, especially students traditionally underrepresented in higher education.
EARLY BIRDS	A free family-based program that provides parents with the information and tools they need to prepare their child to enter kindergarten ready and eager for school.
ENHANCEMENT (HS)	Innovative coursework for high school students designed to reinforce and enrich learning concepts in reading/language arts and math.
GEAR UP	Discretionary grant program designed to increase the number of low-income students who are prepared to be successful in postsecondary education. Preparation and planning resources, readiness tools, and scholarship opportunities are provided.
GREAT EXPECTATIONS	Great Expectations is an eclectic approach to teaching that emphasizes the behavioral component of classroom instruction.
HEAD START	Head Start is a comprehensive child development program which serves children from birth to age five, pregnant women, and their families. The goal is to increase school readiness of young children in low-income families.
JROTC	JROTC is a high school program where military courses are given during regular school hours in addition to many out-of-classroom activities. Students learn the basics in military history, government, technology awareness, and current events. The main focus is on developing leadership skills as well as how to study, take tests, interview for jobs, and learn first aid skills.
JUNIOR ACHIEVEMENT	Junior Achievement teaches students how they can impact the world around them as individuals, workers, and consumers. This program prepares students for future economic and workforce issues they will face.
KENNEDY CENTER PARTNERS IN EDUCATION	Schools develop a vision and long-range plan for arts integration, select from various introductory and in-depth professional learning options, and receive technical assistance from more experienced schools and the Kennedy Center for the Performing Arts.

LEARNER FIRST	Helps teachers and leaders identify and remove barriers to student learning. This includes knowing students as individuals, finding out their interests and what motivates them, and identifying their learning strengths and areas for improvement. Parents, families, and community members become stakeholders to provide support for students inside and outside of the classroom.
NATIONAL ACADEMY FOUNDATION	Educational model which includes industry-focused curricula, work-based learning experiences, and business partner expertise from five themes: finance, hospitality and tourism, information technology, engineering, and health sciences.
PBIS	Positive Behavior Interventions and Supports (**PBIS**) is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional and academic success.
ROBOTICS	Provides knowledge and skill to tackle problems in the core subjects of science, technology, engineering, and mathematics by gathering information, evaluating it, and presenting effective solutions. The program encourages important life skills such as teamwork, communication, and project-based organization.
SCHOOLS FOR HEALTHY LIFESTYLES	This program focuses on injury prevention, cardiovascular disease prevention, cancer control, and physical fitness.
SCHOOL-TO-WORK	Combines classes at school with hands-on-learning and training in the workplace, building partnerships between schools and employers focusing on local needs for today's demanding jobs.
SMART START	Smart Start is an early childhood collaborative to assure that children are healthy and ready for 1st grade. Activities include parenting education, child development, family literacy, arts and crafts, community mobilization, and overall family support.
SUMMIT PERSONALIZED LEARNING	Enables teachers to customize instruction for individual student needs while students become self-directed learners and develop habits to help them succeed with continuing education, career, and life.
