

Cosmetology Science

OUT OF DISTRICT APPLICATION

2026-2027

Interested in hair, makeup, and beauty trends? In this hands-on course, you'll step into the world of professional cosmetology and learn the skills used in real salons. From hairstyling and coloring to nail care and skin treatments, you'll practice the techniques that help people look and feel their best. You'll also learn the business side of the industry, including customer service, communication, and salon management. Creativity, teamwork, and professionalism are emphasized throughout. This course is a great starting point for students considering cosmetology school, earning industry certifications, or pursuing a career in the beauty and wellness industry.

Class location: TBD

Course Length: Full year, 3 trimesters

Class Time: 7:50 am to 9:30 am Monday - Friday

Credits: 3.0 credits

Kelso School District Immunization Verification Requirements

The State of Washington and the Kelso School District recognize the importance of healthy students and require that all immunization records submitted to schools, by state law, be medically verified. This means immunization records turned in to the school must be from a health care provider, or you must attach to your handwritten form, paperwork from a health care provider to verify the accuracy of your student's records.

Immunization records must be turned in to the school on or before the first day of attendance. **Your child will not be able to attend any Kelso public school until these records are provided.**

The following are examples of medically verified immunization records:

- A completed [Certificate of Immunization Status \(CIS\)](#) signed by a health care provider. Find the CIS form by visiting <https://www.doh.wa.gov/SCCI> and clicking on "Certificate of Immunization Status."
- A CIS filled out by you or another parent/guardian with medical records attached.
- A CIS printed by a health care provider or school from the Washington State Immunization Information System.
- A CIS printed from [MyIR](#) which is a free Department of Health online tool that allows families to view and print their official immunization records themselves. Go to <https://wa.myir.net/register> to begin the sign-up process.

If you are requesting an exemption from one or more of the immunization requirements, you must provide the school a completed Certificate of Exemption. Found on our website www.kelso.wednet.edu (Documents>Departments>Student Services>Health Information) or from your school office.

If your child already meets immunization requirements and has verified records on file with a Kelso school, you do not need to do anything.

If you have any questions, please contact one of our district nurses.

Instructions for completing the Certificate of Immunization Status (CIS): Print the from the Immunization Information System (IIS) or fill it in by hand.

To print with the immunization information filled in:

Ask if your health care provider’s office enters immunizations into the WA Immunization Information System (Washington’s statewide registry). If they do, ask them to print the CIS from the IIS and your child’s immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn’t use the IIS, email or call the Department of Health to get a copy of your child’s CIS: waisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

1. Print your child’s name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediarix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records

All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state’s IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider’s electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status

Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose). To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.
