St. Petersburg High School

Principal's Message

2026-2027

Dear Parents and Students:

Welcome to St. Petersburg High School home of the Green Devils. You will find a wealth of excellent and valuable information in this 2026-2027 Curriculum Guide. We are extremely proud of the many programs and educational opportunities offered to our students, from our AVID, Construction Technology Magnet, 3DE- Junior Achievement and ESPE programs to our Dual Enrollment and AP courses which offer students the opportunity to begin earning college credits while still in high school. Furthermore, many of our Business Education courses offer students the opportunity to earn Industry Certifications which help support them in the workforce and which can help earn college credit as well. Selecting academic and elective courses is both exciting and important. This process provides you with an opportunity to reflect and carefully consider your academic progress. Make sure that you are selecting courses that help support your overall goals for post high school.

Please take time to think carefully about the course choices you are making. Now is the time to think about your future plans, setting your educational goals high and to do everything you can to take full advantage of all of the opportunities that are available here at SPHS. Your teachers and counselors are here to assist you and answer any questions you may have.

We know that 2026-2027 will be the best school year yet for students here at St. Petersburg High School. We look forward to helping all of our students continue to be successful in school and whatever path they choose to follow in life.

Sincerely,

A handwritten signature in cursive script that reads "Darlene Lebo".

Pinellas Pathways to Graduation

The district has created three Pathways to Graduation to boost student achievement and assist families with educational planning: The Advanced Scholar Pathway, the College Scholar Pathway and the Technical/College Pathway.

Each Pathway provides rigorous and relevant course options that help students successfully complete the requirements for earning a high school diploma from the state. The Pathways also prepare students for future success and allow our graduates to uniquely distinguish themselves as they apply to colleges, universities, and technical schools, or enter the workforce.

The Pathways provide a roadmap to success. Students are free to pursue different Pathways later or multiple Pathways at the same time. No matter which Pinellas Pathway(s) students choose, they will be eligible for any or all of the diploma designations below, if they meet the necessary requirements.

Advanced Scholar Pathway

This course of study includes a rigorous series of required and elective courses that best prepare students seeking admission to competitive four-year universities both in and out of state. This Pathway aligns with Pinellas County School's Advanced Scholar diploma designation.

Students who choose the Advanced Scholar Pathway will also have the opportunity to be recognized as Advanced Placement Scholars by the district and the [College Board](#).

College Pathway

This course of study includes a rigorous series of required and elective courses that best prepare students seeking admission to universities or two- to four-year college degree programs both in and out of state. This Pathway aligns with the state's Scholar diploma designation.

Technical/College Pathway

This course of study offers the opportunity for students to challenge themselves in specific academic and elective areas of interest, earn nationally recognized industry certifications and seek admission to universities, two- to four-year college degree or technical programs both in and out of state. This Pathway aligns with the state's Merit diploma designation.

Academics

Diploma Designations

Students have the ability to earn three new diploma seals, also known as diploma designations: the state's new Scholar and Merit designations and Pinellas County School's new Advanced Scholar designation.

Students who meet all of the requirements for a state Scholar designation and earn a score of 3 or better on three Advanced Placement examinations will be eligible for the district's Advanced Scholar seal. As stated above, they will also be eligible for recognition by the College Board.

Required Grade Point Average

Students must achieve a cumulative grade point average of 2.0 or above on a 4.0 scale to be eligible for a diploma. All high school courses taken will be included in the GPA calculation unless the grade has been forgiven.

Grading Scale:

The following point scale will apply to all high schools, as well as to middle school students enrolled in high school courses in grade 7 or 8 for credit toward graduation:

A= 4 grade points (90-100)

B= 3 grade points (80-89)

C= 2 grade points (70-79)

D= 1 grade point (60-69)

F= 0 grade points (0-59)

I= 0 grade points

Exam Requirements* School Board Policy 5420.03

1. Final examinations shall be required in the following courses: art, music, social studies, science, language arts and reading, math, world languages, physical educations, driver's education, health education and vocational.
2. All students shall take final examinations in those courses for which such examinations are required. An Advanced Placement or International Baccalaureate exam may be taken in lieu of a teacher developed final exam in those designated courses. In such cases, the student must still attend his or her regular subject area classes for structured activities and/or projects until the end of the grading period.
3. In the event a student is unable to take an examination at the given time because of a legitimate absence through illness or some other serious reason, the student shall be given an opportunity to make up the examination without penalty of any kind.
4. In the event a student is under suspension during such an examination period, the principal shall provide for the student's taking of the examination either at the given time or through some special arrangement, at the discretion of the teacher and principal.

Final Exam Requirement:

With the following enumerated exceptions, students who have a course grade of “A” or “B” in the 1st quarter and a provisional course grade of “A” or “B” in the 2nd quarter are not required to take the final in that course. Except for second semester seniors, this provision shall apply to no more than three courses each semester, regardless of the number of periods in a student’s schedule. The provisional 2nd quarter grade will be based on the grades earned for the first seven weeks of the 2nd quarter. The student must maintain the “A” or “B” grade through the remainder of the 2nd quarter.

Exceptions

1. The student is enrolled in the same course during two (2) terms of the same school year. In such cases, the student is required to take at least one (1) final exam in that course.
2. The student has been enrolled in a District public high school for less than the entire term. In such cases, the student is required to take all exams.
3. The student has five (5) or more absences per semester in any class. If so, the student is required to take the final exam in all classes. Regardless of the number of minutes in a class period, an absence from the class is only counted as one (1) absence in the class for purposes of this policy. For purposes of this policy a student who is not present in class at least one half of the class period shall be counted absent. Preapproved absences for school sponsored activities, religious holidays, and college/post-secondary visitation shall not be counted in calculating the five (5) or more absences specified above. Absences for college/post-secondary visitation are limited to three (3) days per year for seniors and one day per year for juniors.
4. The final exam is a State-required End of Course exam. Students not required to take a final exam may elect to take their final examinations to improve the final grades. A final grade shall not be reduced as a result of the examination grade, should the student elect this option.
5. The final exam is an Advanced Placement exam. Students are required to take the first semester exam for Advanced Placement courses. An Advanced Placement exam will be taken in lieu of a teacher developed final (semester 2) exam in those designated courses. In such cases, the student must still attend his or her regular subject area classes for structured activities and/or projects until the end of the grading period.

Early Exams

If a secondary student withdraws or leaves school for the remainder of the year during the last ten (10) school days of the semester for a reason acceptable to the school principal, the student may be permitted to take early examinations.

1. No early exams shall be administered prior to the last twelve (12) school days of each semester.
2. Students shall pay a reasonable fee per examination as established by the Superintendent. The teacher who prepared the examination and the person (a certified instructional professional) who administers the examination will each be paid one-half (1/2) the fee per exam.
3. Early examinations shall not be given during regular school hours. Early examinations may be administered after school hours and on weekends.
4. In courses where the teacher chooses to give an oral/participation examination the exam shall be administered by that teacher.

Weighted Grade Point Average

Grades are assigned the following point values only when determining class rank and for averages for summa cum laude, magna cum laude, cum laude status. Valedictorian, Salutatorian, and the National Honor Society:

	A	B	C	D	F
AP/IB/DE	5	4	3	1	0
Honors (Q)	4.5	3.5	2.5	1	0
Regular4	3	2	1	0	

**Class Rank:* Class rank will be computed based on all courses taken for high school credit through the first semester of the 12th grade year.

**Honors Status:* Students must earn the following cumulative weighted grade point averages (not rounded) to qualify for honors status. High School seniors who become eligible for an honors status during the second semester of their senior year shall have their seals mailed to them.

Summa cum laude	GPA greater than 4.0
Magna cum laude	GPA greater than 3.8 but less than or equal to 4.0
Cum laude	GPA greater than or equal to 3.5 but less than or equal to 3.8
With Distinction	GPA greater than or equal to 3.25 but less than 3.5

**Valedictorian and Salutatorian Identification:* Each high school will identify a Valedictorian and Salutatorian based on class rank (see policy 5.15 (7) (a)) and students who qualify for summa cum laude, magna cum laude or cum laude status based upon the cumulative weighted grade point average as determined within this policy. For the purpose of determining the Valedictorian and Salutatorian a graduation 12th grader may drop high school credit courses taken in middle school or outside the regular school day in grades 9-12 from the calculation if the courses are not needed for graduation. Such selection does not provide that the students will address the graduating class. The choice of graduation speaker shall be made at the discretion of the principal. Students graduating with 18 credits in the accelerated graduation option are not eligible for Valedictorian or Salutatorian. Also, students enrolling in any specialty program with special program requirements may not have room in their schedule to guarantee enough quality point electives to qualify for Valedictorian or Salutatorian status.

College Admissions

The Florida Board of Regents has established minimum state level admissions policies for new college students and for students transferring without having AA degrees from Florida community colleges. These policies include a list of required high school academic courses considered to be the best preparation for entry into college. These requirements are minimum state standards that apply to all 11 public universities in Florida. Beyond these state standards, each public university may establish higher or additional criteria for admission.

COMPETITIVE ADMISSION PRACTICES

Admission into Florida's state universities is controlled and competitive. The degree of competition will vary from institution to institution, depending on the number and qualifications of those who apply for admission. The competition is greatest for the fall semester because of the large number of applicants for that term. Because of the competitive nature of the admissions process, high school students should try to exceed the minimum requirements in order to increase their chances of admission.

A State University System freshman applicant typically must meet the following minimum requirements:

- A high school diploma
- Minimum test scores on the SAT or ACT
- A "B" or better average (3.0 on a 4.0 scale) in the following required academic subjects (additional weight will be assigned to grades in Honors and/or Advanced Placement courses):
 - Four credits in English, three of which must have included substantial writing requirement
 - Four credits in Mathematics all of which must be at Algebra I and above (Liberal Arts Math does not count).
 - Three credits in Natural Science, two of which must have included a substantial laboratory requirement.
 - Three credits in Social Studies.
 - Two credits in Foreign Language, both of which must be in the same language.
 - Four credits in additional approved electives.

Electives should be approved courses in any of the five subject areas listed above. Students intending to apply to college, however, are strongly advised to take at least four units in each of the five core subject areas.

A student who has less than the required 3.0 average must present a combination of grade point average and SAT or ACT, scores as outlined in a scale, as approved by the State Board of Regents. Please see your counselor for further details.

EARLY COLLEGE PROGRAM

Pinellas County has partnered with St. Petersburg College to allow a few select students to attend St. Petersburg College full-time during their junior and senior years and still retain their "seat" at St. Petersburg High School. Students may also continue to participate in extra-curricular activities at SPHS. Information is available through the SPC campuses in Seminole, St. Petersburg and Tarpon Springs.

EARLY ADMISSIONS

A high school student may enter St. Petersburg College, the University of Florida, or the University of South Florida Honors Programs after the 11th grade provided that certain requirements have been satisfied. College application fees and tuition are waived by the college and textbooks are paid for by the school district. This program requires that students spend their senior year as a full time SPC student, completing high school graduation requirements while working toward their college AA degree.

In order to be eligible for early admission to college students must:

- Have completed three full years of high school;
- Have a cumulative grade point average of 3.0 on a 4.0 scale;
- Have met the minimum level of performance for high school graduation on the FSA ELA and Algebra 1 EOC tests;
- Have earned an acceptable score on the college placement test;
- Have obtained the signature of the high school principal on the application for Early Admission to college; and
- Meet the college application deadline.

**The curriculum assistant principal in each high school has further details regarding this program.

TALENTED TWENTY

Graduates from Florida public high schools who rank in the top 20% of their class and who have completed the required 19 units of core courses shall be admitted into one of the eleven state universities, although not necessarily the university of the applicant's choice. After three notifications of denial, other universities will provide complimentary reviews of the transcripts of the Talented Twenty applicants at the request of the high school counselor. Once any university accepts the student, the guarantee for admissions has been considered met, even if the student does not wish to attend that particular university.

PINELLAS TECHNICAL COLLEGE (PTC)

PTC offers custom training for business and industry in the highly-technical and specialized areas of medical, automotive, electronics, construction, manufacturing, and a variety of service occupations. Incoming juniors and seniors who meet eligibility requirements may take a bus from our campus to PTC St. Petersburg Campus in the morning, returning for lunch and afternoon classes to St. Pete High School. Course enrollments are limited to space availability and include:

Program Name	Enrollment Year	Enrollment Semester
Air Conditioning, Heating & Refrigeration I	Senior	August
Automation and Production	Senior	August
Automotive Collision and Repair	Senior	August
Automotive Service	Senior	August
Building Construction	Senior	August
Commercial Photography	Senior	August
Cosmetology (accelerated)	Senior	August January
Digital Video Production	Junior	August
Drafting	Junior	August
Electricity (SDS)	Junior	August
Landscape and Turf Management	Junior	August
Medical Administrative Office Specialist	Senior	August
Network Support Services	Junior Senior	August
Pharmacy Technician (2.5 GPA + 17 years old)	Senior	August
Plumbing (SDS)	Junior	August
Welding	Senior	August

Qualifications for dual enrollment remain the same:

- 16 years of age
- Unweighted 2.0 GPA,
- Minimal behavior referrals
- Good attendance record

(Exception is Pharmacy Technician- see above)

NCAA Division I- Initial Eligibility Academic Requirements

There are new requirements for college-bound student-athletes enrolling full time at NCAA Division I college or university on or after August 1, 2016.

- Minimum core-course GPA of 2.300 required for competition;
- Ten core courses required before beginning of senior year for competition; and
- Slight changes in GPA/test score index (sliding scale).

For college-bound student-athletes enrolling full time at an NCAA Division I college or university on or after August 1, 2016, there are three possible academic outcomes:

1. Full Qualifier = competition, athletics aid (scholarship), and practice the first year.
2. Academic redshirt = athletics aid the first year, practice in the first regular academic term (semester of quarter).
3. _ = no athletics aid, practice or competition the first year.

Students will need to meet the following requirements to receive **athletics aid, practice** and **compete** their first year:

- 16 core courses in the following areas:
 - 4 years English;
 - 3 years math at Algebra 1 level or higher
 - 2 years natural or physical science (one lab if offered at any high school attended);
 - 1 year additional English, math or natural/physical science;
 - 2 years social science; and
 - 4 years additional from areas above or foreign language, philosophy or comparative religion.
- Minimum required GPA:
 - Minimum GPA of **2.300** required for competition in those 26 core courses.
- Graduate from high school.

Core-course progression.

- Must complete **10** core courses before seventh semester of high school (e.g., senior year)
- Of the **10** core courses completed, **seven** must be in the area of **English, math** or **science**.
- These **10** core courses become “locked in” for the purpose of core-course GPA calculation.
 - A repeat of one of the “locked in” courses will not be used if taken after the seventh semester begins.

Division I Sliding Scale (abbreviated)

Core GPA	SAT (critical reading/math only)	ACT Sum
2.725	730	60
2.700	740	61
2.675	750	61
2.450	840	70
2.425	850	70
2.150	960	81
2.125	970	82
2.100	980	83
2.075	990	84
2.050	1000	85
2.025	1010	86
2.000	1020	86

The full sliding scale can be found at www.eligibilitycenter.org under Resources.

Academic Redshirt:

Requirements for **Scholarship** and **Practice**.

-16 core courses in the following areas:

- 4 years English,
 - 3 years math at Algebra 1 level or higher;
 - 2 years natural or physical science (one lab if offered by any school attended);
 - 1 year additional English, math or natural/physical science;
 - 2 years social science; and
 - 4 years additional from areas above or foreign language, philosophy or comparative religion.
- Minimum required GPA
 - Minimum GPA of 2.000-2.299 in 16 core courses.
 - Sliding scale.
 - Minimum ACT sum or SAT score (critical reading/math only) that matches the 16 core-course GPA.

Student-athletes who fail to meet the required 10 core courses prior to the start of the seventh semester (seven of which must be in English, math, or natural or physical science), will be allowed to retake core courses in the seventh or eighth semester, which will be used in their academic certification for the purpose of meeting the academic redshirt requirements.

If a college-bound student-athlete meets these requirements, he/she can receive an **athletics scholarship** during his/her first year at an NCAA Division I college or university. After the first term is complete, the student-athlete must be academically successful (successfully completing nine semester hours or eight quarter hours in each applicable term) at his/her college or university to continue to practice for the remainder of the year.

What if a student does not meet either set of requirements?

If a college-bound student-athlete does not meet either set of requirements, he/she is a **nonqualifier**.

A **nonqualifier**:

- Cannot receive athletics aid during the first year at an NCAA Division I college or university.
- Cannot practice or compete during the first year at a Division I college or university

Florida Bright Futures Scholarship Program

For Bright Futures evaluation purposes, the high school graduation date for a 2026 high school graduate must be between September 1, 2025, and August 31, 2026. Students must APPLY for the scholarship by submitting the Florida Financial Aid Application (FFAA) no later than August 31, 2026. If a student does not apply for the scholarship by the deadline, a student cannot receive the scholarship!

The Office of Student Financial Assistance (OSFA) strongly encourages students to complete the FFAA as soon as possible even if eligibility requirements have not yet been satisfied or if a student chooses to attend an out-of-state postsecondary institution. All eligibility requirements must be met by high school graduation; however, scores of ACT®/CLT®/SAT®/PERT tests taken no later than August 31 are accepted for evaluation purposes.

After submitting the FFAA, the student is responsible for tracking their application and award status online, keeping OSFA informed of any demographic or institutional changes, and ensuring that funding for an academic year is accurate by contacting their institution's financial aid office. Once disbursed program funds, the Bright Futures Scholarship will renew automatically each year (up to the scholarship limit) if the student maintains renewal requirements. An annual FFAA is not required to be submitted to renew the Bright Futures Scholarship.

General Requirements

- Be a Florida resident and a U.S. citizen or eligible noncitizen, as determined by the student's postsecondary institution.
- Complete the FFAA during your senior year between October 1, 2025, through August 31, 2026.
- Earn a standard Florida high school diploma or its equivalent from a Florida public high school or a registered Florida Department of Education (FDOE) private high school; or complete a home education program.
- Not have been found guilty of, or pled nolo contendere to, a felony charge, unless the student has been granted clemency by the Governor and Cabinet sitting as the Executive Office of Clemency.
- Be accepted by and enrolled in a degree or certificate program at an eligible Florida public or independent postsecondary institution.
- Be enrolled for at least 6 non-remedial semester credit hours (or the equivalent in quarter or clock hours) per term.
- If not funded in the academic year immediately following high school graduation, apply within two years of high school graduation to have your award reinstated.

Specific Requirements for Scholarships

Florida Academic Scholars (FAS) and Florida Medallion Scholars (FMS) Awards

Florida high school students who wish to qualify for the Florida Academic Scholars (FAS) award or the Florida Medallion Scholars (FMS) award must meet the following initial eligibility requirements:

- Graduate high school from a Florida public high school with a Florida Standard Diploma (high school graduation requirements), graduate from a registered Florida Department of Education private high school, earn a GED, complete a Home Education program, or graduate from a non-Florida high school (OOS);
- Complete the required high school coursework;
- Achieve the required minimum high school grade point average (GPA);
- Achieve the required minimum score on either the ACT® or SAT® college entrance exam; and
- Complete the required number of service hours.

Type	16 High School Course Credits	High School Weighted GPA	College Entrance Exams (ACT®/CLT®/SAT®)	Service Hours	Paid Work Hours Only	Combination of Volunteer & Paid Hours
FAS	4-English <i>(three must include substantial writing)</i> 4- Mathematics <i>(at or above the Algebra 1 level)</i> 3- Natural Science	3.50	2025-26 Graduates 29/95/1330 2026-27 Graduates 29/95/1330	100 hours	100 hours	100 hours
FMS	<i>(two must hav substantial laboratory)</i> 3- Social Science 2-World Language <i>(sequential, in same language)</i>	3.00	2025-26 Graduates 24/82/1190 2026-27 Graduates 24/82/1190	75 hours	100 hours	100 hours

High School Course Credits

For both scholarships, the required coursework aligns with the State University System admission requirements. The world language requirement can be met by demonstrating proficiencies based on scores on Credit-By-Exam Equivalencies or other university approved means. Otherwise, the high school transcript must include a world language “completer” course to show that the world language requirement has been met.

High School GPA

The evaluation for a Bright Futures award includes an unrounded, weighted high school GPA (calculated to two decimal places) in the 16 college preparatory credits. The following courses are weighted 0.25 per semester course or 0.50 per year course in the calculation of the GPA: Advanced Placement (AP), Pre-International Baccalaureate (Pre-IB), International Baccalaureate (IB), Honors, Pre-Advanced International Certificate of Education (Pre-AICE), Advanced International Certificate of Education (AICE), or academic Dual Enrollment. For example, whereas an ‘A’ equals 4.00 quality points for an unweighted course, an ‘A’ would equal 4.50 quality points for a weighted course. If necessary, students may use two additional credits from courses in the above academic areas, or from AP, IB, or AICE fine arts courses to raise their GPA

College Entrance Exams

Students must meet exam scores set in statute for either the ACT®, CLT®, or SAT®.

- Starting with 2025-26 graduating class, the ACT® Science section is optional for Bright Futures. The ACT® composite score will be calculated using the following policies:
 - Students who have never taken the Science section will have three sections (English, Math, Reading) added together and divided by three.
 - Students who have ACT® scores with Science reported will have two averages calculated (with and without Science), which will consist of:
 - Four sections (English, Math, Reading, Science) added together and divided by four, and
 - Three sections (English, Math, Reading) added together and divided by three.**Note:** The higher average of these two composite scores will be used for Bright Futures evaluation purposes.
 - Composite scores ending in 0.50 or higher will be rounded up to the next whole number.
 - Composite scores utilize the highest score achieved within each of the individual subject areas.
- The SAT® combined score is the sum of the best Reading (Critical Reading or Evidence-Based Reading and Writing) and Math section scores from any timely test sitting of the SAT®.
- The CLT® combined score is the sum of the best Verbal Reasoning, Grammar/Writing and Quantitative Reasoning from any timely test sitting of the CLT® for an Overall Score.
- The ACT®, CLT®, or SAT® exams may be taken an unlimited number of times through August 31 of the high school graduation year (or through January 31 for mid-year graduates).
- Students will be evaluated based on official test scores from the FDOE repository. To ensure OSFA obtains official test scores:
 - Ensure demographics on your test registration and high school transcript match; and
 - Request your official single sitting test scores be sent to one of Florida’s public colleges or state universities when registering for the ACT®, CLT®, or SAT®

Volunteer Service and Paid Work Hours

Students must complete a program of volunteer service or, paid work, as approved by the district school board, the administrators of a nonpublic school. Each district school board and the administrators of a nonpublic school must establish approved activities and the process for documentation of volunteer service or paid work hours including the deadline by which they must be completed. Students must earn either the required volunteer service, paid work hours, or the combination of both for 100 total hours.

The student may identify a social or civic issue or a professional area that interests them and develop a plan for their personal involvement in addressing the issue or learning about the area. The student must, through papers or other presentations, evaluate and reflect upon their volunteer service or paid work experience. Volunteer service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service or paid work.

Other ways to qualify

Students who have demonstrated academic merit through a recognition program may be eligible for Bright Futures without having to meet one or more of the requirements. Note: IB Diploma must be earned prior to high school graduation (August 31st). Please refer to the table on the next page for how to qualify based on one of the merit recognition programs.

Merit Recognition Program	College Entrance Exams by High School Graduation Year		Volunteer Service*	Paid Work Hours*	Combination of Volunteer/ Paid Hours	Bright Futures Award
	2025-26	2026-27				
National Merit® Finalists and Scholars			100 hours	100 hours	100 hours	FAS
			75 hours			FMS
AP Capstone Diploma			100 hours	100 hours	100 hours	FAS
Advanced International Certificate of Education (AICE) - Diploma			100 hours	100 hours	100 hours	FAS
			75 hours			FMS
International Baccalaureate (IB) - Diploma			100 hours	100 hours	100 hours	FAS
			75 hours			FMS
AICE - Curriculum	29/95/1330	29/95/1330	100 hours	100 hours	100 hours	FAS
	24/82/1190	24/82/1190	75 hours	100 hours	100 hours	FMS
International Baccalaureate (IB) - Curriculum	29/95/1330	29/95/1330	100 hours	100 hours	100 hours	FAS
	24/82/1190	24/82/1190	75 hours	100 hours	100 hours	FMS

IB Curriculum

- Complete a minimum of 10 credits identified by the International Baccalaureate Organization:
 - Two credits each in three of the following areas and one credit each in the remaining three areas: Language Arts, World Language, Social Studies, Science, Mathematics and Arts/Electives. (Each of these credits must be an IB or AP course. Pre-IB courses do NOT meet IB curriculum requirements.)
 - One credit in Theory of Knowledge.
- Complete the Creativity, Action, Service (CAS) requirement
- Complete an extended essay.

Gold Seal Vocational Scholars (GSV)

The Florida Gold Seal Vocational Scholars (GSV) can only be used to fund a career education or certificate program. Florida high school students who wish to qualify for the Florida Gold Seal Vocational Scholars (GSV) award must meet the following initial eligibility requirements.

- Meet the General Requirements for Bright Futures;
- Achieve the required weighted minimum 3.0 GPA in the non-elective high school courses;
- Take at least 3 full credits in a single Career and Technical Education program;
- Achieve the required minimum 3.5 unweighted GPA in the career education courses;
- Achieve the required minimum score on the ACT[®], SAT[®], or Florida Postsecondary Education Readiness Test (P.E.R.T.) exams (see table below); and
- Complete 30 service hours.

College Entrance Exams

Exam types cannot be combined; a student must qualify based on each sub-test score for a single exam type. Sub-test scores from different test dates may be used to meet the test requirement. Scores taken through June 30th of the student's graduation year. Request test scores be sent to one of Florida's 12 state universities, Florida state colleges (public community colleges), or public high schools when the student registers for the ACT[®] /SAT[®] so that test scores will be sent to the FDOE repository.

Exam Type	Sub-test	Required Score
ACT [®]	English	17
	Reading	19
	Math	19
SAT [®]	Reading Test	24
	Writing and Language Test	25
	Math Test	24
P.E.R.T (Only applies to the GSV Scholarship)	Reading	106
	Writing	103
	Math	114

Service Hours

Students must complete volunteer service hours during high school and by high school graduation. Service hours may include, but are not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours must be documented in writing, and signed by the student, the student's parent or guardian, and a representative of the organization. Each public school district and private school establishes approved activities and the process for documentation of service hours.

Gold Seal CAPE Scholars (GSC) –High School Graduates

The Florida Gold Seal CAPE Scholars award (GSC) can only be used to fund a career education or certificate program. Upon completion of an associate in science degree program that articulates to a Bachelor of Science degree, a GSC Scholar may also receive an award for a maximum of 60 credit hours toward a Bachelor of Science degree program. Upon complete of a n associate in applied science program, a GSC Scholar may also receive an award for a maximum of 60 credit hours toward a bachelor of applied science degree program.

Florida high school students who wish to qualify for the Florida Gold Seal CAPE Scholars award must meet the following initial eligibility requirements:

- ❖ Meet the General Requirements for Bright Futures;
- ❖ Earn a minimum of 5 postsecondary credit hours through CAPE industry certifications which articulate for college credit; and
- ❖ Complete 30 service hours.

Service Hours

Students must complete volunteer service hours during high school and by high school graduation. Service hours may include, but are not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours must be documented in writing, and signed by the student, the student's parent or guardian, and a representative of the organization. Each public school district and private school establishes approved activities and the process for documentation of service hours.

Academic Support

Student Services

Shannon Roarty: Last Names A to F
Michelle Saez: Last Names G to N
Kelly Hallas: Last Names O to Z
La'Tina Johnson: All IB Students
Janna Vichaikul: Social Worker
Kahlilah Dawkins: School Psychologist

Counselors work closely with teachers, psychologists, social workers, administrators and other mental health professionals to best meet the needs of children and families.

- Individual / Group counseling
- Anger Management
- Peer Mediation / Life Skills Training
- Alcoholism . Substance Abuse Awareness
- Intervention Support Groups
- Hospice Services
- Academic Coaching
- Psychological Evaluations
- Social Work Services

Academic Advising is an integral part of the school setting. School counselors prepare students for the future by providing them with many opportunities to achieve individual success while enrolled in high school.

- Meeting graduation requirements
- College and university admissions procedures
- Academic tutoring
- Developing effective study skills
- Financial aid and scholarship information
- Dropout prevention services
- Exploring career choices
- Preparing leaders for the 21st century
- Interpretation of student testing and academic records

Important Information About Registration:

When meeting with your counselor to plan your schedule, we kindly ask that you keep the following in mind:

- Registration begins during the second semester
- Discuss course selections with your teachers and parents.
- Choose electives wisely when completing your registration form.

Schedule Corrections:

Schedule corrections will be made for the following reasons:

1. Course was not requested, nor selected as an alternate.
2. Student does not meet requirements for course.
3. Another course is required for graduation or college admission.
4. Already have credit for the course.

NO corrections will be made for the following reasons:

1. Change of mind about courses selected at registration.
2. Personal opinion as to difficulty of the course.
3. Desire to have a class at a more “convenient” time.
4. Preference for a teacher.

Look carefully at all the electives and choose them wisely when building your schedule. Select three or more alternate courses that may be used in your class schedule next year. Realize that change of mind is NO an option to get a schedule change.

TESTING

The following are key standardized tests that the guidance department administers:

Florida Assessment of Student Thinking (FAST):

Students in tenth grade beginning the school year must pass the English Languages Arts (ELA) assessment to graduate. This test is made up of a Text-based Writing Component and Reading Assessment. Students who do not pass the 10th grade FSA ELA will be placed in an intensive class until a passing score is obtained. A college ready score on the ACT or SAT can be used to supplement passage on the FSA ELA. See your Guidance Counselor for more details.

EOC:

Students entering 9th Grade must take the following statewide, standardized EOCs (End-of-Course Exams):

- Algebra 1 - **Must pass to meet graduation requirement**
- Geometry
- Biology 1
- US History

ASVAB:

The ASVAB (Armed Services Vocational Aptitude Battery) is administered by the Armed Services in coordination with the guidance department. Minimum scores are required for entrance to various programs of the service branches. Non-military students may elect to take the ASVAB and receive valuable career interest and aptitudes information.

PSAT/NMSQT:

The Preliminary SAT (PSAT) is a valuable tool for students. Pinellas County Schools pays for all 9th and 10th grade students to take the PSAT in order to evaluate the skills that each student has developed in critical reading, mathematics and writing based on nationally normed data. The PSAT is an effective way for students to start getting ready for the SAT and provides personalized feedback about their academic strengths and weaknesses, which leads to stronger preparation for life beyond high school and greater success in college and careers.

In addition to providing this test free of charge to all 9th and 10th grades students, we strongly encourage 11th grade students to pay the small fee to take the PSAT. This is the final opportunity to take the PSAT and it is the only year that the PSAT results are considered to qualify a student to be recognized as a National Merit Scholar, Hispanic Scholar or National Achievement Scholar. These three recognitions all award significant scholarships for eligible students who meet the criteria and complete the requirements. For more information, contact the PCS Advanced Studies office at (727) 588-6466.

PERT:

The purpose of the PERT (Post Secondary Readiness Test) is designed to measure entry-level skills in writing, reading and mathematics. State law mandates that state-supported institutions test their students' entry-level skills.

ACT:

The ACT (American College Test) is a college entrance exam offered six times a year. This four-part test includes timed sections on English, Social Studies, Science and Mathematics. Registration materials for the ACT are available in the guidance office and online at www.actstudent.org.

SAT:

The SAT (Scholastic Aptitude Test) is a college entrance exam offered seven times a year. It is composed of time verbal and mathematical sections. The verbal section includes analogies, sentence completions and questions based on reading passages. The mathematical section includes algebra, geometry and reasoning. Registration materials for the SAT are available in the guidance office and online at www.collegeboard.com.

CLT:

The CLT (Classic Learning Test) is a college entrance exam offered multiple times throughout the year. This three-part includes timed sections including Verbal Reasoning, Grammar & Writing, and Quantitative Reasoning.

AP Tests:

Students in AP (Advanced Placement) classes are tested each year (usually in May) to determine whether college credit is awarded.

HONORS QUALITY POINTS

Courses which qualify for quality points are noted in the curriculum guide with a Q in the heading. These courses will be indicated on the report card under the heading "LEVEL." The quality point applies from this year forward and may not apply to prior year students.

Honor Courses: Courses will offer learning opportunities for students to develop the critical skills of analysis, synthesis, and evaluation in a more rigorous and reflective academic setting. Students will engage in the following: analyzing historical documents and supplementary readings, working in the context of thematically categorized information, becoming proficient in note-taking, participating in Socratic seminars/discussions, emphasizing free-response and document-based writing, contrasting opposing viewpoints and solving problems. Students will develop and demonstrate

skills through participation in a capstone and/or extended research-based paper/project (e.g. national history competitions, citizenship projects, mock congressional hearings, investment portfolio contests, or other teacher-directed projects).

Planning for Success

One of the most important things about applying for school is planning ahead. This timeline offers some ideas that can help prepare you for your future. Remember, it's never too early to start!

9th Grade

- ✓ Plan all your high school courses with your career goal in mind.
- ✓ Keep in mind that your grades from 9th grade forward affect your overall high school GPA.
- ✓ Participate in school or community extracurricular activities.
- ✓ Discuss a college or post-secondary savings plan with your parents.
- ✓ Websites recommended to review are facts.org, collegecareerplanning.com and connected.net.
- ✓ Review Bright Futures requirements

10th Grade

- ✓ Enroll in courses appropriate for your career goal.
- ✓ Continue looking into general college entrance requirements, including prerequisite courses and GPA standards.
- ✓ Think about what you want to do for a career and what types of programs would be suitable for that career choice.
- ✓ Continue involvement in volunteer activities and pursue leadership roles in them.
- ✓ Participate in summer programs or a job/internship that has relevance to your career choice.
- ✓ Collect college and post-secondary information and requirements through the internet and high school guidance counselors.
- ✓ Continue to develop an educational savings plan and discuss college costs with your family.
- ✓ Plan to take the Future Plans assessment.

11th Grade

- ✓ Continue to take career prep and college prep courses.
- ✓ Work on maintaining a GPA that is 2.0 or higher for graduation purposes.
- ✓ Focus on your career goals and the training necessary to achieve them.
- ✓ Make a list of the things important to you in a college (i.e. campus size, location, costs, on-campus housing, major, sports, etc.)
- ✓ Use the criteria to conduct school searches on the Web.
- ✓ Maintain and modify list of potential technical post-secondary colleges and universities.
- ✓ Attend college fairs, make appointments with visiting school reps, and discuss your options with family.
- ✓ Conduct an in-depth college or technical post-secondary school information search, including each school's application process and requirements, tuition, fees, room & board, activities, course offerings available, faculty, accreditation, and facilities.
- ✓ Narrow school choices to your top three to five schools and plan campus visits during the summer.
- ✓ Register and take the PSAT in October. Take the ACT and SAT.
- ✓ Register and take the ASVAB for valuable career information.

12th Grade

ALL SENIORS SHOULD:

Review your credit check to make sure you have 17 credits before you start your senior year and, if no, sign up for night school, Florida Virtual School (FLVS) and/or the Extended Learning Program (ELP).

MILITARY

- ✓ Take the ASVAB test.
- ✓ Visit the Recruiters table during lunch when they are on campus.
- ✓ Schedule a home visit.
- ✓ Research the different military branches. (Army, Navy, Air Force, Marines, National Guard, Army Reserve, Coast Guard).
- ✓ Have a signed contract for special jobs as early as possible.

PTEC

- ✓ Take ASVAB test in October or November to help identify areas of interest.
- ✓ Sign up for a PTEC field trip.
- ✓ Take the TABE test, each program has a cut-off score.
- ✓ Complete as application for PTEC.
- ✓ Talk to a representative in the cafeteria or designated days.
- ✓ Take the ACT and/or SAT for Bright Futures.

TWO-YEAR COMMUNITY COLLEGE

- ✓ Visit with a representative in the media center on designated days.
- ✓ Register for the next ACT or SAT or take the PERT at SPC if you have not already done so.
- ✓ Best practice is to complete ALL applications by Thanksgiving. Do not wait for ACT or SAT scores!
- ✓ Complete the Pinellas Education Foundation online form and apply for all scholarships available.
- ✓ Complete hours of pre-approved community service for the Bright Futures Scholarship (Bright Futures scholarships cannot be used for remedial courses.)

FOUR-YEAR UNIVERSITY

- ✓ Narrow down school application choices. You can use CHOICES at <https://access.bridges.com/auth/login.do?sponsor=7>
- ✓ Register for the SAT or ACT if you have not taken either one.
- ✓ Communicate your plans with your counselor.
- ✓ Best practice is to complete ALL applications by Thanksgiving. Do not wait for ACT or SAT scores!
- ✓ Attend a College Night - SPC scheduled in October.
- ✓ Attend the district's Financial Aid Workshop.
- ✓ Complete FAFSA (Free Application for Federal Student Aid) as soon after January 1st as possible.
- ✓ Complete the Pinellas Education Foundation online form and apply for all scholarships available.
- ✓ Request transcripts by completing a transcript request form. Transcripts are free; however, students will be charged \$2 for official copies. If you are applying to a private school, you will need to request an application directly from them and include an official transcript with your application packet.
- ✓ Complete 75 hours of pre-approved community service for the Bright Futures Scholarship (Bright Futures Scholarships cannot be used for remedial courses.)
- ✓ Check calendar in Guidance for the dates College Representatives will be here on campus. Sign up if you wish to meet with them.

Four (4) documented college visitation days will be allowed for students, beginning at the start of the junior year through the end of the senior year. Armed Forces and vocational school visitations will also fall under this provision. Absences for college/post-secondary visitation are limited to three (3) days per year for seniors and one (1) day per year for juniors.

Students Entering Grade Nine in the 2020-2021 School Year or Later

Academic Advisement Flyer-What Students and Parent Need to Know

What are the diploma options?

Students must successfully complete one of the following diploma options:

- ▶ 24-credit standard diploma
- ▶ 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option
- ▶ International Baccalaureate (IB) Diploma curriculum

What are the state assessment requirements?

Students must pass the following statewide assessments:

- ▶ Grade 10 ELA (or ACT/SAT concordant score)
- ▶ Algebra 1 end-of-course (EOC) and the results constitute thirty percent of the final course grade* or a comparative score on SAT/ACT or PSAT

Students must participate in the EOC assessments, and the results constitute 30 percent of the final course grade*. These assessments are in the following subjects:

- ▶ Biology 1 ▶ US History
- ▶ Geometry

*Special Note: Thirty percent not applicable if not enrolled in the course but passed the EOC.

What is the credit acceleration program (CAP)?

This program allows a student to earn high school credit if the student passes an advanced placement (AP) examination, a College Level Examination Program (CLEP) or a statewide course assessment without enrollment in the course. The courses include the following subjects:

- ▶ Algebra 1 ▶ Biology I ▶ US History
- ▶ Geometry ▶ Algebra 2

What are the graduation requirements for students with disabilities?

Two options are available only to students with disabilities. Both require the 24 credits listed in the table and both allow students to substitute career and technical (CTE) course with related content for one credit in ELA IV, mathematics, science and social studies (excluding Algebra 1, Geometry, Biology 1 and U.S. History).

- Students with significant cognitive disabilities may earn credits via access courses and be assessed via an alternate assessment.

- Students who choose the academic and employment option must earn at least .5 credit via paid employment.

What are the requirements for the 24-credit standard diploma option?

4 Credits English Language Arts (ELA)
<ul style="list-style-type: none"> ▪ ELA I, II, III, IV ▪ ELA honors, AP, IB, AICE General Paper and dual enrollment courses may satisfy this requirement
4 Credits Mathematics
<ul style="list-style-type: none"> ▪ One of which must be Algebra 1 and one of which must be Geometry. ▪ Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra 1 and Geometry)
3 Credits Science
<ul style="list-style-type: none"> ▪ One of which must be Biology 1, two of which must be equally rigorous science courses. ▪ Two of the three required credits must have a laboratory component. ▪ An industry certification that leads to college credit substitutes for up to one science credit (except for Biology 1) ▪ An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology 1).
3 Credits Social Studies
1 credit in World History 1 credit in US History .5 credit in US Government .5 credit in Economics with Financial Literacy
1 Credit Fine and Performing Arts, Speech and Debate, or Practical Arts
1 Credit Physical Education
To include the integration of health
8 Elective Credits
1 Online Course
Student must earn a 2.0 grade point average on a 4.0 scale.

What are the requirements for standard diploma designations?

Scholar Diploma Designation
<p>In addition to meeting the 24-credit standard high school diploma requirements, a student must</p> <ul style="list-style-type: none"> ▶ Earn 1 credit in Algebra 2 (must pass EOC); ▶ Pass the Geometry EOC; ▶ Earn 1 credit in statistics or an equally rigorous mathematics course; ▶ Pass the Biology 1 EOC ▶ Earn 1 credit in Chemistry or Physics; ▶ Earn 1 credit in a course equally rigorous to Chemistry or Physics; ▶ Pass the U.S. History EOC; ▶ Earn 2 credits in the same world language; and ▶ Earn at least 1 credit in AP, IB or a dual enrollment course. <p>A student is exempt from the Biology 1 or U.S. History assessment in the student is enrolled in an AP or IB Biology 1 or U.S. History course and the student</p> <ul style="list-style-type: none"> ▶ Takes the respective AP, IB assessment; and ▶ Earns the minimum score to earn college credit
Merit Diploma Designation
<ul style="list-style-type: none"> ▶ Meet the standard high school diploma requirements ▶ Attain one or more industry certifications from the list established (per section 1003.492, Florida Statutes [F.S.]).

Can a student who selects the 24-credit program graduate early?

Yes, a student who completes all the 24-credit program requirements for a standard diploma may graduate in fewer than eight semesters.

What is the distinction between the 18-credit ACCEL option and the 24-credit option?

- ▶ 3 elective credits instead of 8
- ▶ Physical Education is not required
- ▶ Online course is not required

All other graduation requirements for a 24-credit standard diploma must be met (per s. 1003.4282(3)(a)-(e), F.S.).

Where is information on Bright Futures Scholarships located?

The Florida Bright Futures Scholarship Program rewards students for their academic achievements during high school by providing funding to attend a postsecondary institution in Florida. For more information, visit <http://www.floridastudentfinancialaid.org/SSFAD/bf/>.

What are the public postsecondary options?

State University System
<p>Admission into Florida's public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their change for acceptance. To qualify to enter one of Florida's public universities, a first-time-in-college student must meet the following minimum requirements:</p> <ul style="list-style-type: none"> ▶ High School graduation with a standard diploma ▶ Admission test scores ▶ 16 credits of approved college preparatory academic courses ▶ 4 English (3 with substantial writing) ▶ 4 Mathematics (Algebra 1 level and above) ▶ 3 Natural Science (2 with substantial lab) ▶ 3 Social Science ▶ 2 World Language (sequential, in the same language) ▶ 2 approved electives <p>http://www.flbog.edu/forstudents/planning</p>
The Florida College System
<p>The 28 state colleges offer career-related certificates and two-year associate degrees that prepare students to transfer to a bachelor's degree program or to enter jobs requiring specific skills. Many also offer baccalaureate degrees in high-demand fields. Florida College System institutions have an open door policy. This means that students who have earned a standard high school diploma, have earned a high school equivalency diploma or have demonstrated success in postsecondary coursework will be admitted to an associate degree program.</p> <p>http://www.fldoe.org/schools/higher-ed/fl-college-system/index.shtml</p>
Career and Technical Centers
<p>Florida also offers students 48 accredited career and technical centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations.</p>

Where is information on financial aid located?

The Office of Student Financial Assistance State Programs administers a variety of postsecondary educational state-funded grants and scholarships. To learn more, visit <http://www.floridastudentfinancialaid.org/>.

Seven Period Class Schedule

St. Petersburg High School's schedule is a 7 period schedule. However, our schedule is a flexible schedule which means that some classes are scheduled as rotating block classes, others are 'skinnies'. Block classes last approximately 96 minutes and meet every other day while 'skinnies' are 46 minutes and meet every day. Under this schedule, students may earn three and a half (3.5) credits each semester (0.5 for each class) for a total of seven (7) credits per year- assuming a student passes every class.

One credit course will be year-long and are completed in two semesters (August to June- earning a full [1] credit).

Half-credit courses are one semester (August to January or January to June and earn one-half [0.5] credit).

Grading on a Seven Period Class Schedule

Students will earn credits each semester. They receive $\frac{1}{2}$ credit for each class per semester for each passing grade. Grades are posted each (nine weeks) grading period and a report card distributed for every student.

Exams and Exemptions

Final Exam Requirement- Students who have a course grade of "A" or "B" for their nine weeks grades (provisional course grade of "A" or "B" for the semester are not required to take the final in that course). Except for second semester seniors, this provision shall apply to no more than three courses each semester. The provisional semester grade will be based on the grades earned for the first and second quarters. The student must maintain the "A" or "B" grade through the remainder of the semester. **EXCEPTION:** The student has five (5) or more absences per semester in any class. If so, the student is required to take the final exam in all classes. Regardless of the number of minutes in a class period, an absence from the class is only counted as one (1) absence in the class for purposed of this policy. For purposes of this policy a student who is not present in class at least one half of the class period shall be counted absent. Preapproved absences for school sponsored activities, religious holidays, and college/post-secondary visitation shall not be counted in calculating the five (5) or more absences specified above. Absences for college/post-secondary visitation are limited to three (3) days per year for seniors and one day per year for juniors.

Calculating Final Grades

For courses that do not have a state mandated EOC the final grade in high schools offering the seven (7) credit schedule is a semester grade determined by giving a 75% weight to the two quarter grades and 25% weight to the final examination.

$$\left(\left(\frac{Q1 + Q2}{2} \right) \times 75\% \right) + (Exam \times 25\%)$$

In the case where a student exempts the final examination, the final semester grade will be determined by averaging the two quarter grades.

$$\left(\frac{Q1 + Q2}{2} \right)$$

Sample Student Schedule

All Single Periods

First Semester	Second Semester
Classes meet everyday	Classes meet everyday
English II	English II
Biology	Biology
HOPE	HOPE
Spanish II	Spanish II
Geometry	Geometry
World History	World History
PE Elective	Personal Fin. Lit & Money Management

Language Arts

All English courses have summer reading requirements. Visit the school website for information on summer reading for your specific course.

Standard Course Sequence	
9 th grade	Pre-AP English I
10 th grade	Pre-AP English II
11 th grade	English III Honors
12 th grade	English IV Honors
College Prep Sequence	
9 th grade	Pre-AP English I
10 th grade	Pre-AP English II
11 th grade	AICE English General Paper
12 th grade	English IV Honors/ AP English Language
Advanced College Prep Sequence	
9 th grade	Pre-AP English I/Pre-AP English II
10 th grade	Pre-AP English II/ AICE English General Paper
11 th grade	AICE English General Paper/AP English Language/DE Composition I/II

AP Options

Advanced Placement English: Language and Composition

Grade level: 11

Prerequisite: English Honors II Full Year-Credit Q

Students are required to take the Advanced Placement Examination. This course substitutes for the English III requirement. Summer reading is required to be completed by the first day of school.

Advanced Placement English: Literature and Composition

Grade level: 12

Prerequisite: ENC 1101 or AP English: Language & Teacher Recommendation, Full Year-Credit Q

Students are required to take the Advanced Placement Examination. This course substitutes for the English IV requirement. Summer reading is required.

NOTE: The exam for the first semester of all AP courses is part of the course curriculum and cannot be exempted. Per district procedures, students enrolled in an AP course are required to take the Advanced Placement examination in the spring.

Q * Pre-AP English I	
Course #	1001415
Grade Level	9
Length	1 year
Prerequisite	M/J Language Arts 3 (any level)
Credit	1
<p>Pre-AP English 1 focuses on the reading, writing, and language skills that have immediate relevance for students and that will be essential for their future coursework. Texts take center stage in the Pre-AP English 1 classroom, inspiring and preparing all students for close, critical reading and analytical writing. The course trains the reader to observe the small details in a text to arrive at a deeper understanding of the whole. It also trains the writer to focus on crafting complex sentences, building this foundational skill en route to more sophisticated, longer-form analyses.</p>	

Q * Pre-AP English II	
Course #	1001416
Grade Level	9-10
Length	1 year
Prerequisite	English I (any level)
Credit	1
<p>English 2 builds on the foundation of English 1, with an emphasis on the recursive moves that matter in preparing students for the challenges of college-level reading, writing, and discussion. While English 1 introduces the fundamental routines of close observation, critical analysis, and appreciation of author’s craft, English 2 requires students to apply those same practices to a new host of nonfiction and literary texts. As readers, students develop a vigilant awareness of how the poet, playwright, novelist, and writer of nonfiction alike can masterfully manipulate language to serve their unique purposes. As writers, students compose more nuanced analytical essays without losing sight of the importance of well-crafted sentences and a sense of cohesion.</p>	

Q * AICE English General Paper	
Course #	1009400
Grade Level	10-11
Length	1 year
Prerequisite	Pre-AP English II
Credit	1
<p>The aim of AICE English General Paper is to improve learners’ skills in reading and writing and the ability to think critically about contemporary issues. It also seeks to improve communication in English. As they explore modern issues in this course, learners become aware that not everyone sees the world as they do. Where we live and what we value play important roles in shaping our views. Students should strive to approach modern matters with both maturity and sensitivity. Activities featured in the scheme of work are designed to help them do this. Learners will take responsibility to pay attention in core courses such as science, math, history, and the arts to help reinforce their understanding of these topics. The strategies for reading and writing explored in this course can transfer to any academic field, making it foundational to learners’ overall educational experience. Each unit builds reading skills, which scaffold into writing. Student may earn college credit if appropriate score is earned on end of course Cambridge exam.</p>	

Q * English Honors IV

Course #	1001410
Grade Level	11-12
Length	1 year
Prerequisite	AICE English General Paper
Credit	1
<p>This course focuses on the close reading and careful analysis of complex literary (with an emphasis British and World literature) and informational texts, and the compositional process. Students develop skill in reading analytically, speaking and listening, language, and composition. Emphasis is placed on key ideas and details, author's craft and structure, integration of knowledge and ideas, the range of reading and level of text complexity, vocabulary development, student research, and the process and production of various modes of writing.</p>	
<p>**Honors courses cover essentially the same topics and skills as regular classes but at higher levels of complexity, greater depth, and a more rigorous pace. Student expectations for honors level courses often require additional work outside of the classroom, beyond the traditional school day.</p>	

Course #	1001430
Grade Level	12 (in some cases, grade 11)
Length	1 year
Prerequisite	ENC 1101 or AP English Language and Composition
Credit	1
<p>AP English Literature and Composition is an introductory college-level literary analysis course. Students cultivate their understanding of literature through reading and analyzing texts as they explore concepts like character, setting, structure, perspective, figurative language, and literary analysis in the context of literary works.</p>	
<p>**AP Literature and Composition may take the place of the English IV (or other appropriate) requirement. AP courses involve higher levels of complexity, greater depth, and more reading and writing than traditional courses. AP courses are recommended for students with either an average English grade of at least a C or enrollment in AVID, though this is not a requirement. Students are required to take the Advanced Placement examination.</p>	

Q*Advanced Placement English: Language and Composition	
Course #	1001420
Grade Level	11, 12 (in some cases, grade 10)
Length	1 year
Prerequisite	English Honors II
Credit	1
<p>AP English Language and Composition is an introductory college-level composition course. Students cultivate their understanding of writing and rhetorical arguments through reading, analyzing, and writing texts as they explore topics like rhetorical situation, claims and evidence, reasoning and organization, and style.</p>	
<p>**AP Language and Composition may take the place of the English III (or other appropriate) requirement. AP courses involve higher levels of complexity, greater depth, and more reading and writing than traditional courses. AP courses are recommended for students with either an average English grade of at least a C or enrollment in AVID, though this is not a requirement. Students are required to take the Advanced Placement examination.</p>	

Q * Dual Enrollment Composition I and II	
Course #	ENC 1101/1102
Grade Level	11, 12
Length	1 year
Prerequisite	English Honors II and qualifying PERT
Credit	1 or 2
<p>This course is designed to develop composition skills. It emphasizes the development of the multi-paragraph essay and includes practice in information retrieval from electronic and other sources, as well as in the selection, restriction, organization, and development of topics. It also offers the student opportunities to improve proficiency with sentence structure, diction, and mechanics. Selected writing samples are examined as models of form and as sources of ideas for the student's own writing. It stresses methods of library research including information retrieval from electronic sources, and emphasizes writing of the research paper and the paper of literary interpretation. The reading includes selections from at least two forms of literature.</p>	
<p>**This is a college level course that will impact both the high school GPA and college GPA.</p>	

Q * Advanced Placement English: Literature and Composition

Language Arts Electives

**Debate I	
Course #	1007330
Grade Level	10-12
Length	1 semester or year
Prerequisite	None
Credit	1
The purpose of this course is to develop debate skills through the study of fundamental concepts of argumentation and problem solving and through the presentation of informative, persuasive, and argumentative speeches. Emphasis is placed on critical thinking and research skills. Students will participate in debate activities.	

Q** Debate III	
Course #	1007350
Grade Level	10-12
Length	1 semester or year
Prerequisite	Debate II
Credit	1
The purpose of this course is to enable students to develop advanced skills and techniques for use in debate and forensic activities. Emphasis is placed on critical thinking, research, logic, techniques of public speaking, analysis of debate, and timing and judging techniques. Students will participate in various kinds of debate activities.	

** Debate II	
Course #	1007340
Grade Level	10-12
Length	1 semester or year
Prerequisite	Debate I
Credit	1
The purpose of this course is to improve argumentation and debate skills. Emphasis is placed on greater proficiency in critical thinking and research skills. Students will evaluate debates and debate techniques, and they will participate in various kinds of debate activities.	

Q** Debate IV	
Course #	1007360
Grade Level	10-12
Length	1 semester or year
Prerequisite	Debate III
Credit	1
The purpose of this course is to enable students to develop advanced skills and techniques for use in debate and forensic activities. Emphasis is placed on critical thinking, research, logic, techniques of public speaking, analysis of debate, and timing and judging techniques. Students will participate in various kinds of debate activities.	

** Journalism I (Yearbook or Devil Vision)	
Course #	1006300

Grade Level	9-12
Length	1 semester or year
Prerequisite	None
Credit	1
<p>The purpose of this course is to provide instruction in basic aspects of journalism and workshop experiences in journalistic production. Emphasis is placed on identifying and describing elements of the history and traditions of journalism as well as organizing and utilizing appropriate production modes.</p>	

Course #	1006320
Grade Level	10-12
Length	1 semester or year
Prerequisite	Journalism II
Credit	1
<p>The purpose of this course is to improve writing and production skills related to journalistic media. Emphasis is placed on writing in a variety of styles. Students apply organizational and managerial skills in the production of various publications.</p>	

Journalism II (Yearbook or Devil Vision)	
Course #	1006310
Grade Level	9-12
Length	1 semester or year
Prerequisite	Journalism I
Credit	1
<p>The purpose of this course is to develop writing skills through practice in journalistic writing. Emphasis is placed on gathering information, writing articles, and exploring career opportunities in journalism. Students prepare materials for publication.</p>	

Q Journalism IV (Yearbook or Devil Vision)	
Course #	1006330
Grade Level	10-12
Length	1 semester or year
Prerequisite	Journalism III
Credit	1
<p>The purpose of this course is to refine writing and production skills related to journalistic media. Emphasis is placed on writing, graphic design, and/or photographic techniques. Students practice managerial skills in journalistic contexts.</p>	

Q Journalism III (Yearbook or Devil Vision)
--

Mathematics

AP Options

Q* Advanced Placement Statistics

Course #	12103201, 2
Grade Level	11-12
Length	1 year
Prerequisite	One full credit of Algebra 2
Credit	1

Q* Advanced Placement Calculus AB

Course #	12023101, 2
Grade Level	11-12
Length	1 year
Prerequisite	Credit in Trigonometry and Analysis of Functions or Pre-Calculus
Credit	1

NOTE: The exam for the first semester of all AP courses is part of the course curriculum and cannot be exempted.

Per district procedures, students enrolled in an AP course are required to take the Advanced Placement examination in the spring.

Standard Course Sequence		
9 th	Pre-AP Algebra	Algebra IA
10 th	Geometry Honors	Pre-AP Algebra 1
11 th	Math for College Liberal Arts	Geometry Honors
12 th	Math for Data & Financial Literacy/ Algebra 2	Math for College Liberal Arts
College Prep Sequence		
9 th	9 th Pre-AP Algebra	Geometry Honors
10 th	Geometry Honors	Math for College Lib. Arts/Math for Data & Financial Literacy/ Algebra 2/ Algebra 2 Honors
11 th	Math for College Lib. Arts/Math for Data & Financial Literacy/ Algebra 2/ Algebra 2 Honors	Algebra 2/ Algebra 2 Honors/ AP Precalculus/ AP Stats
12 th	Math for Data & Financial Literacy/ Algebra 2/ Algebra 2 Honors/ AP Precalculus/ AP Stats/ Prob. & Stats Honors	Prob. & Stats Honors/ AP Precalculus/ AP Statistics/ AP Calculus AB
Advanced College Prep Sequence		
9 th grade		Algebra II Honors
10 th grade		AP Pre-Calculus AP Precalculus
11 th grade		AP Statistics AP Calculus AB
12 th grade		AP Statistics AP Calculus AB AP Calculus BC

Please Note: Since math is a sequential subject, course prerequisites must be satisfied. In many instances, students are scheduled for math courses too early in the school year to determine whether or not they have fulfilled all necessary prerequisites for a math course. If it is determined at a later date that a student has not satisfied all prerequisites for a math course, the student will be rescheduled from that course to a more appropriate one.

Q * Pre-AP Algebra 1

Course #	1200386	EOC
Grade Level	9-12	
Length	1 year	
Prerequisite	None	
Credit	1	

The Pre-AP Algebra 1 course is designed to deepen students' understanding of linear relationships by emphasizing patterns of change, multiple representations of functions and equations, modeling real world scenarios with functions, and methods for finding and representing solutions of equations and inequalities. Taken together, these ideas provide a powerful set of conceptual tools that students can use to make sense of their world through mathematics.

*Algebra 1A (Two-credit Algebra Program)	
Course #	1200370
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>This course is the first half of the algebraic content for the algebra one program. Topics shall include, but not be limited to, the real number system with emphasis on rational and irrational numbers, sets, variables, algebraic expressions, patterns, relations and functions, solutions to linear equations and inequalities, rates, ratios, proportions, coordinate geometry, graphs, Venn diagrams, real-world problems, problem solving strategies, and literacy strategies.</p>	

Credit Recovery Courses	
Becomes effective with the 2011-2012 entering ninth and subsequent years.	
Course #	OC 1200315 Algebra 1 for Credit Recovery ALG 1 CR (EL Credit)
<p>Special notes: Credit Recovery courses are credit bearing courses with specific content requirements defined by Next Generation Sunshine State Standards and/or Common Core State Standards. Students enrolled in a Credit Recovery course must have previously attempted the corresponding course (and/or End-of-Course assessment) since the course requirements for the Credit Recovery courses are exactly the same as the previously attempted corresponding course. For example, Algebra 1 (1200310) and Algebra 1 for Credit Recovery (1200315) have identical content requirements. It is important to note that Credit Recovery courses are not bound by Section 1003.436(1) (a), Florida Statutes, requiring a minimum of 135 hours of bona fide instruction (120 hours in a school/district implementing block scheduling) in a designed course of study that contains student performance standards, since the students have previously attempted successful completion of the corresponding course. Additionally, Credit Recovery courses should ONLY be used for credit recovery, grade forgiveness, or remediation for students needing to prepare for an End-of-Course assessment retake.</p>	

* Math for College Liberal Arts	
Course #	1207350
Grade Level	9-12
Length	1 year
Prerequisite	One full credit of Geometry 1
Credit	1
<p>In Mathematics for College Liberal Arts, instructional time will emphasize five areas: (1) analyzing and applying linear and exponential functions within a real-world context; (2) utilizing geometric concepts to solve real-world problems; (3) extending understanding of probability theory; (4) representing and interpreting univariate and bivariate data and (5) developing understanding of logic and set theory. Curricular content for all subjects integrates critical-thinking, problem-solving, and workforce-literacy skills; communication, reading, and writing skills; mathematics skills; collaboration skills; contextual and applied-learning skills; technology-literacy skills; information and media-literacy skills; and civic-engagement skills.</p>	

*Algebra 2	
Course #	1200330
Grade Level	9-12
Length	1 year
Prerequisite	One credit in Algebra 1 or equivalent
Credit	1
<p>The purpose of this course is to continue the study of the structure of algebra and to apply these skills to fields such as science, social science, statistics, and health-related fields. Topics shall include, but not be limited to, complex numbers, functions, equations and inequalities, rational expressions and equations, absolute value, direct, inverse and joint variation, arithmetic and geometric sequences and series, systems of equations and inequalities, parabolas, quadratic equations, powers, roots, exponents and logarithms, polynomials, problem solving strategies and literacy strategies.</p>	

Q* Geometry Honors		
Course #	1206320	EOC
Grade Level	9-12	
Length	1 year	
Prerequisite	Completion of the Algebra 1 course or equivalent (See Note) One full credit of the Algebra 1 course or completion of an Algebra 1 or equivalent course with a passing grade.	
Credit	1	
<p>In Geometry Honors, instructional time will emphasize five areas: (1) proving and applying relationships and theorems involving two-dimensional figures using Euclidean geometry and coordinate geometry; (2) establishing congruence and similarity using criteria from Euclidean geometry and using rigid transformations; (3) extending knowledge of geometric measurement to two-dimensional figures and three-dimensional figures; (4) creating and applying equations of circles in the coordinate plane and (5) developing an understanding of right triangle trigonometry.</p>		

Q * Algebra 2 Honors	
Course #	1200340
Grade Level	9-12
Length	1 year
Prerequisite	One full credit in Algebra 1 Honors or one full credit in Algebra 1 and enrollment in AVID
Credit	1
<p>The purpose of this course is to study algebraic topics in-depth with emphasis on theory, proof, and development of formulas and their applications. Topics shall include, but not be limited to, complex numbers, functions, equations and inequalities, absolute value, direct, inverse and joint variation, systems of equations and inequalities, parabolas, quadratic equations, powers, roots, exponents and logarithms, polynomial equations and inequalities, Binomial Theorem, radical expressions, non-linear systems of equations, conic sections, sigma notation, arithmetic and geometric sequences, equations of circles, real-world applications, problem solving strategies and literacy strategies.</p>	

Mathematics for Data and Financial Literacy	
Course #	1200384
Grade Level	10-12
Length	1 year
Prerequisite	One full credit in Geometry or equivalent
Credit	1
<p>In Mathematics for Data and Financial Literacy, instructional time will emphasize five areas: (1) extending knowledge of ratios, proportions and functions to data and financial contexts; (2) developing understanding of basic economic and accounting principles; (3) determining advantages and disadvantages of credit accounts and short- and long-term loans; (4) developing understanding of planning for the future through investments, insurance and retirement plans and (5) extending knowledge of data analysis to create and evaluate reports and to make predictions. Curricular content for all subjects must integrate critical-thinking, problem-solving, and workforce-literacy skills; communication, reading, and writing skills; mathematics skills; collaboration skills; contextual and applied-learning skills; technology-literacy skills; information and media-literacy skills; and civic-engagement skills.</p>	

Q *Probability and Statistics with Applications Honors	
Course #	1210300
Grade Level	11-12
Length	1 year
Prerequisite	One full credit in Algebra 2 or higher
Credit	1
<p>The purpose of this course is to introduce the methods used in the field of applied statistics. Emphasis is given to basic concepts and techniques for collecting and analyzing data, drawing conclusions, and making predictions.</p>	

Q*AP Pre-Calculus	
Course #	
Grade Level	10-12
Length	1 year
Prerequisite	One full credit in Algebra 2
Credit	1
<p>The purpose of this course is to emphasize the study of functions and other skills necessary for the study of calculus. Topics shall include, but not be limited to, polynomial, rational, trigonometric/circular functions, arithmetic and geometric series, concept of limits, vectors, conic sections, polar coordinate systems, mathematical induction, parametric equations, complex numbers, real-world applications, problem solving strategies and literacy strategies.</p>	
<p><i>Note: Students are required to take the Advanced Placement examination.</i></p>	

Q*Advanced Placement Calculus AB	
Course #	1202310
Grade Level	11-12
Length	1 year
Prerequisite	Credit in Trigonometry and Analytic Geometry or Pre-Calculus
Credit	1
<p>The purpose of this course is to provide study of elementary functions and the general theory and techniques of calculus. The content is specified by the Advanced Placement Program.</p>	
<p><i>Note: Students are required to take the Advanced Placement examination. A student may earn credit in both AP Calculus AB and BC.</i></p>	

Q*Advanced Placement Calculus BC	
Course #	1202320
Grade Level	11-12
Length	1 year
Prerequisite	Credit in AP Calculus AB
Credit	1
<p>An introductory college-level calculus course. Students cultivate their understanding of differential and integral calculus through engaging with real-world problems represented graphically, numerically, analytically, and verbally and using definitions and theorems to build arguments and justify conclusions as they explore concepts like change, limits, and the analysis of functions.</p>	
<p><i>Note: Students are required to take the Advanced Placement examination..</i></p>	

Q*Advanced Placement Statistics	
Course #	1210320
Grade Level	11-12
Length	1 year
Prerequisite	One full credit in Algebra 2
Credit	1
<p>The purpose of this course is to provide study in exploratory data, planning a study, anticipating patterns in advance, and statistical inference. Topics shall include, but not be limited to, graphical displays, summaries and comparisons of distributions of univariate data, bivariate data and categorical data, overview methods of data collection, planning and conducting surveys and experiments, anticipating patterns using probability simulation, and confirming models through statistical inference. Credit in this course precludes credit in Probability and Statistics with Applications.</p>	
<p><i>Note: Students are required to take the Advanced Placement examination.</i></p>	

Sciences

Standard Course Sequence

AP Options

Q* Advanced Placement Environmental Science

Course #	20013801, 2
Grade Level	9-12
Length	1 year
Prerequisite	Biology and Chemistry with a recommended average grade of C or better in Biology and/or enrollment in AVID
Credit	1

Q* Advanced Placement Biology

Course #	20003401, 2
Grade Level	9-12
Length	1 year
Prerequisite	Biology and Chemistry with a recommended average grade of C or better in Biology and/or enrollment in AVID
Credit	1

Q* Advanced Placement Chemistry

Course #	20033701, 2
Grade Level	9-12
Length	1 year
Prerequisite	Biology and Chemistry with a recommended average grade of C or better in Biology and/or enrollment in AVID
Credit	1

NOTE: The exam for the first semester of all AP courses is part of the course curriculum and cannot be exempted. Per district procedures, students enrolled in an AP course are required to take the Advanced Placement

homework, and meet the standards of more challenging tests.

Science SB4	
What are the science credit requirements for graduation?	Three credits to include: 1. One credit in Biology 1 or a series of courses equivalent to Biology 1 earned by passing the Biology EOC Assessment 2. Two Equally Rigorous Courses

Courses *not* Equally Rigorous change to elective credit for 9th graders entering 2013 and thereafter.

Q Biology Honors		EOC
Course #	2000320	
Grade Level	9-12	
Length	1 year	
Prerequisite	None	
Credit	1	
<p>While the content focus of this course is consistent with the Biology I course, students will explore these concepts in greater depth. In general, the academic pace and rigor will be greatly increased for honors level course work. Laboratory investigations that include the use of scientific inquiry, research, measurement, problem solving, laboratory apparatus and technologies, experimental procedures, and safety procedures are an integral part of this course. Advanced courses require a greater demand on students through increased academic rigor. Academic rigor is obtained through the application, analysis, evaluation, and creation of complex ideas that are often abstract and multi-faceted. Students are challenged to think and collaborate critically on the content they are learning.</p>		
<p>Students are required to take the state Biology End-of-Course Exam.</p>		

Q Anatomy and Physiology Honors (EQ)	
Course #	2000360
Grade Level	9-12
Length	1 year
Prerequisite	Any Biology 1 credit
Credit	1
<p>This advanced course will cover essentially the same topics as regular anatomy and physiology but at higher levels of complexity, greater depth, and faster pace. The reading level will be higher and more reading will be required. Students will be required to use a higher level of vocabulary, do more writing, do more</p>	

Q AICE Marine Science	
Course #	2002515
Grade Level	10-12
Length	1 year
Prerequisite	Any Biology 1 credit
Credit	1
<p>Cambridge International AS Level Marine Science provides a coherent and stimulating introduction to the science of the marine environment. The content of the AS level concentrates on the scientific study of the sea and its ecosystems. We will examine the dynamics of the physical, chemical and biological aspects of the marine environment and discuss human activities influencing the various ecosystems of the ocean. In order to obtain a complete understanding of the marine environment, we will utilize knowledge from physics, chemistry, biology, earth science and environmental science. Major topics we will cover include: Water, Earth Processes, Interactions in marine ecosystems, Classification and Biodiversity, Examples of marine ecosystems. The content and activities will challenge you to solve problems, think creatively, and apply concepts to practical situations. Student may earn college credit if appropriate score is earned on end of course Cambridge exam.</p>	

Physical Science Honors	
Course #	2003320
Grade Level	10-12
Length	1 year
Prerequisite	Any Biology 1 credit
Credit	1
<p>This course provides students with a qualitative, investigative study of the introductory concepts of physics and chemistry. Topics include dynamics, periodic table, forms of energy, electricity and magnetism and chemical interactions.</p>	

Q AP Environmental Science	
Course #	2001380
Grade Level	9-12
Length	1 year
Prerequisite	Recommended Biology and Chemistry
Credit	1
<p>The purpose of this course is to provide a college level course in environmental science, and to prepare the students to seek credit and/or appropriate placement in college environmental science courses. To parallel college science courses that have a required laboratory section, it is recommended that this course be accompanied by or paired with Earth/Space Science Honors to insure sufficient time for the required laboratory experiences.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q Pre-AP Chemistry	
Course #	2003365
Grade Level	9-12
Length	1 year
Prerequisite	Algebra I
Credit	1
<p>Pre-AP Chemistry focuses on students developing a deep conceptual understanding of matter and energy at the molecular level by asking students to explain their macroscopic observations using particulate-level reasoning. The Pre-AP Chemistry course emphasizes the integration of content with science practices—powerful reasoning tools that support students in analyzing the natural world around them. Having this ability is one of the hallmarks of scientific literacy and is critical for numerous college and career endeavors in science and the social sciences</p>	

Q Advanced Placement Biology	
Course #	2000340
Grade Level	9-12
Length	1 year
Prerequisite	Recommended Biology and Chemistry
Credit	1
<p>The purpose of this course is to provide a college level course in biology, and to prepare the student to seek credit and/or appropriate placement in college biology courses. To parallel college science courses that have a required laboratory section, it is recommended that this course be accompanied by or paired with Biology II Honors to insure sufficient time for the required laboratory experiences.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q Advanced Placement Chemistry	
Course #	2003370
Grade Level	9-12
Length	1 year
Prerequisite	Recommended Chemistry 1 or 1H
Credit	1
<p>The purpose of this course to provide a college level course in chemistry, and to prepare the student to seek credit and/or appropriate placement in college chemistry courses. To parallel college science courses that have a required laboratory section, it is recommended that this course be accompanied by or paired with Chemistry II Honors to insure sufficient time for the required laboratory experiences.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q AP Physics I	
Course #	2003421
Grade Level	9-12
Length	1 year
Prerequisite	Students should have completed geometry and be concurrently taking Algebra II or an equivalent course. Although the Physics 1 course includes basic use of trigonometric functions, this understanding can be gained either in the concurrent math course or in the AP Physics 1 course itself. No prior course work in physics is necessary.
Credit	1
AP Physics 1 is an algebra-based, introductory college-level physics course. Students cultivate their understanding of physics through classroom study, in-class activity, and hands-on, inquiry-based laboratory work as they explore concepts like systems, fields, force interactions, change, conservation, and waves.	
Students are required to take the Advanced Placement examination.

Grade Level 9-12
Length 1 year
Prerequisite NONE
Credit 1

Q* Advanced Placement Psychology

Course # 21073501, 2
Grade Level 9-12
Length 1 year
Prerequisite Recommended: Psychology 1
Credit 1

Q* Advanced Placement European History

Course # 2109380
Grade Level 9-12
Length 1 year
Prerequisite NONE
Credit 1

Q* Advanced Placement US Government and Politics

(course offering dependent on # of requests, students must also enroll in US Government Honors)
Course # 21064201, 2
Grade Level 9-12
Length 1 semester (semester 2)
Prerequisite None
Credit Half credit (.5)

Honors/Advanced courses offer scaffolded learning opportunities for students to develop the critical skills of analysis, synthesis, and evaluation in a more rigorous and reflective academic setting. Students are empowered to perform at higher levels as they engage in the following: analyzing historical documents and supplementary readings, working in the context of thematically categorized information, becoming proficient in note-taking, participating in Socratic seminars/discussions, emphasizing free-response and document-based writing, contrasting opposing viewpoints, solving problems, etc. Students will develop and demonstrate their skills through participation in a capstone and/or extended research-based paper/project (e.g., history fair, participatory citizenship project, mock congressional hearing, projects for competitive evaluation, investment portfolio contests, or other teacher-directed projects).

Q* Advanced Placement Macroeconomics

Course #	21023700
Grade Level	11-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)

AP Macroeconomics is an introductory college-level macroeconomics course. Students cultivate their understanding of the principles that apply to an economic system as a whole by using principles and models to describe economic situations and predict and explain outcomes with graphs, charts, and data as they explore concepts like economic measurements, markets, macro-economic models, and macro-economic policies

Students are required to take the Advanced Placement examination.

Q* Advanced Placement Microeconomics

Course #	21023600
Grade Level	11-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)

AP Microeconomics is an introductory college-level microeconomics course. Students cultivate their understanding of the principles that apply to the functions of individual economic decision-makers by using principles and models to describe economic situations and predict and explain outcomes with graphs, charts, and data as they explore concepts like scarcity and markets; costs, benefits, and marginal analysis; production choices and behavior; and market inefficiency and public policy.

Students are required to take the Advanced Placement examination.

***United States Government**

Graduation Requirement:	American Government (AG)
Course #	2106310
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)

The grade 9-12 United States Government course consists of the following content area strands: Geography, Civics and Government. The primary content for the course pertains to the study of government institutions and political processes and their historical impact on American society. Content should include, but is not limited to, the functions and purpose of government, the function of the state, the constitutional framework, federalism, separation of powers, functions of the three branches of government at the local, state and national level, and the political decision making process.

Q *United States Government Honors

Course #	2106320
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>The grade 9-12 United States Government course consists of the following content area strands: Geography, Civics and Government. *World History	
Graduation Requirement:	World History (WH)
Course #	2109310
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>The grade 9-12 World History course consists of the following content area strands: World History, Geography and Humanities. This course is a continued in-depth study of the history of civilizations and societies from the middle school course, and includes the history of civilizations and societies of North and South America. Students will be exposed to historical periods leading to the beginning of the 21st Century. So that students can clearly see the relationship between cause and effect in historical events, students should have the opportunity to review those fundamental ideas and events from ancient and classical civilizations.</p>	

Q *Advanced Placement United States Government and Politics	
Course #	2106420
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>Students acquire a critical perspective of politics and government in the United States. They learn general concepts used to interpret American politics and analyze specific case studies. Students also become familiar with the various institutions, groups, beliefs and ideas that constitute the American political perspective.</p>	
<p>Students are required to take the Advanced Placement examination. This course is paired with US Government Honors (2016320). Students must register for and take both courses.</p>	

Q *World History Honors	
Graduation Requirement:	World History (WH)
Course #	2109320
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1

Q *Advanced Placement World History	
Graduation Requirement:	World History (WH)
Course #	2109420
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students understand the development of civilizations of the world within the context of history by examining connections to the past in order to prepare for the future as participating members of a global community. Students use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures, and humanities to solve problems in academic, civic, social, and employment settings.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q *United States History Honors	
Graduation Requirement:	American History (AH)
Course #	2100320
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students examine the development of the United States from the Reconstruction period to the current time within the context of history by examining connections to the past to prepare for the future as participating members of a democratic society. They use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings. Students in an honors class will study and analyze primary source documents, write document based question essays, and incorporate additional reading and current events.</p>	

*United States History	
Graduation Requirement:	American History (AH)
Course #	2100310
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>The grade 9-12 United States History course consists of the following content area strands: United States History, Geography, and Humanities. The primary content emphasis for this course pertains to the study of United States history from Reconstruction to the present day. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the development of the United States and the resulting impact on world history. So that students can clearly see the relationship between cause and effect in historical events, students should have the opportunity to review those fundamental ideas and events which occurred before the end of Reconstruction.</p>	

Q *Advanced Placement United States History	
Graduation Requirement:	American History (AH)
Course #	2100330
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students analyze the development of the United States within the context of history by examining connections to the past to prepare for the future as participating members of a democratic society. Students use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Social Studies Electives

Law Studies	
Course #	2106350
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>The grade 9-12 Law Studies course consists of the following content area strands: American History, World History, Geography, Humanities, Economics, and Civics and Government. The primary content for the course pertains to the study of the American legal system as the foundation of American society by examining those laws which have an impact on citizens' lives and an introduction to fundamental civil and criminal justice procedures. Content should include, but is not limited to, the need for law, the basis for our legal system, civil and criminal law, adult and juvenile courts, family and consumer law, causes and consequences of crime, individual rights and responsibilities, and career opportunities in the legal system.</p>	

African-American History	
Course #	2100340
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>The grade 9-12 African-American History course consists of the following content area strands: World History, American History, Geography, Humanities, Civics and Government. The primary content emphasis for this course pertains to the study of the chronological development of African Americans by examining the political, economic, social, religious, military and cultural events that affected the cultural group. Content will include, but is not limited to, West African heritage, the Middle Passage and Triangular Trade, the African Diaspora, significant turning points and trends in the development of African American culture and institutions, enslavement and emancipation, the Abolition, Black Nationalist, and Civil Rights movements, major historical figures and events in African-American history, and contemporary African-American affairs.</p>	

Personal Financial Literacy	
Course #	2102372
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>This course consists of the following content area and literacy strands: Economics, Financial Literacy, Mathematics, Languages Arts for Literacy in History/Social Studies and Speaking and Listening. Basic economic concepts of scarcity, choice, opportunity cost, and cost/benefit analysis are interwoven throughout the standards and objectives. Emphasis will be placed on economic decision-making and real-life applications using real data. The primary content for the course pertains to the study of learning the ideas, concepts, knowledge and skills that will enable students to implement beneficial personal decision-making choices; to become wise, successful, and knowledgeable consumers, savers, investors, users of credit and money managers; and to be participating members of a global workforce and society.</p>	

Q Advanced Placement European History	
Course #	2109380
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students analyze the development of Europe within the context of history by examining connections to the past in order to prepare for the future as participating members of a global community. Students use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q AICE Sociology	
Course #	2108310
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>In a rapidly changing world, Cambridge International AS and A Level Sociology offers learners the opportunity not only to explore the processes that are shaping current trends, but also to develop an understanding of the complexity and diversity of human societies and their continuities with the past. The study of sociology stimulates awareness of contemporary social, cultural and political issues, and focuses on the importance of examining these issues and direction of behavior, theories, methods and issues related to the assessment of human differences, and the impact of social factors on behavior. in a rigorous, reasoned and analytical way.</p>	

Q Advanced Placement Psychology	
Course #	2107350
Grade Level	9-12
Length	1 year
Prerequisite	Recommended: Psychology I
Credit	1
<p>Analyze human behavior, behavior interaction and the progressive development of individuals. This will better prepare them to understand their own behavior and the behavior of others.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

Q Advanced Placement Human Geography	
Course #	2103400
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>The purpose of this course is to prepare students to understand the discipline of geography, including its tools, themes, and concepts; think critically about geographic problems on a global, national, and local scale; appreciate global cultures and their economic characteristics; and understand how cultural landscapes are created and how they change over time.</p>	
<p>Students are required to take the Advanced Placement examination.</p>	

History of the Vietnam War (History of the 60s)	
Course #	210040
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>The grade 9-12 The History of Vietnam course consists of the following content area strands: United States History, World History, Civics and Government, Geography, and Humanities. The primary content emphasis for this course pertains to the study of the chronological development of the Vietnam War by examining the political, economic, social, religious, military and cultural events that affected the war. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the progression of the war including, but not limited to, an analysis of the United States military effort and makeup in the war, an evaluation of the role of the United States home front, interpretations of the effects of the media, film and literature during and after the war, a judgment of crucial decisions made during the Vietnam War and an analysis of the resulting impact of the conflict.</p>	

Florida History (History of St. Pete)	
Course #	2100350
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	Half credit (.5)
<p>The grade 9-12 Florida History course consists of the following content area strands: World History, American History, Geography, Humanities, Civics and Government. The primary content emphasis for this course pertains to the study of the chronological development of the state of Florida by examining the political, economic, social, military and cultural events that affected the state. Students will be exposed to the historical, geographic, political, economic, and sociological events which influenced the progression of Florida including, but not limited to, the evolution of Florida's diverse heritage through Spanish, French, British and American occupations, Florida's Native American population, United States annexation and territorial experience, statehood and an analysis of Florida's first constitution, Florida's system of slavery, Florida under the Confederacy and Reconstruction, Florida's role as a part of the new South, technological and urban transformations of the state, the evolution of Florida lifestyles and ideals over the centuries, the historic evolution of the Florida economy, Florida's diverse geographic regions and population groups, state government, modern day Florida's successes and challenges, and the projection of Florida's future development.</p>	

World Languages

NGSSS for World Languages Communication Standards

Interpretive Listening and Reading,
Interpersonal Communication,
Presentational Speaking and Writing
And Intercultural Standards

Language Arts CC Standards for Reading, Writing,
Speaking and Listening
Key Ideas and Details
Comprehension and Collaboration
Presentation of Knowledge and Ideas
Text Types and Purposes

Every learner will use a world language, in addition to English, to engage in meaningful, intercultural communication, understand and interpret the spoken and written language, and present information, concepts and ideas in local and global communities. As a result of their language study, students gain an understanding of the perspectives of other cultures and compare the language and cultures learned with their own. The standards and benchmarks for these courses are aligned with the expected levels of language proficiency rather than grade levels.

Students who earn high school credit for middle school study are expected to take at least one to two additional years of the same language in high school or begin a two-year sequence (minimum) of a different language. Completion of the longest sequence possible in the same language is recommended.

AP Options

Q* Advanced Placement Spanish Language

Course # 07084001, 2
Grade Level 9-12
Length 1 year
Prerequisite Spanish 4
Credit 1

Q* Advanced Placement Spanish Literature

Course # 07084101, 2
Grade Level 9-12
Length 1 year
Prerequisite AP Spanish Language
Credit 1

NOTE: The exam for the first semester of all AP courses is part of the courses curriculum and cannot be exempted.

Per district procedures, students enrolled in an AP course are required to take the Advanced Placement.

French 1	
Course #	0701320
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>French 1 introduces students to the target language and its culture. The student will develop communicative skills in all 3 modes of communication and cross-cultural understanding. Emphasis is placed on proficient communication in the language. An introduction to reading and writing is also included as well as culture, connections, comparisons, and communities. Students are expected to demonstrate proficiency at the Novice-low to Novice-high level by the end of this course.</p>	

Q French 4 Honors	
Course #	0701350
Grade Level	9-12
Length	1 year
Prerequisite	French 3 or equivalent
Credit	1
<p>French 4 expands the skills acquired by the students in French 3. Specific content includes, but is not limited to, more advanced language structures and idiomatic expressions, with emphasis on conversational skills. There is additional growth in vocabulary for practical purposes, including writing. Reading selections are varied and taken from the target language newspapers, magazines, and literary works. Students are expected to demonstrate proficiency at the Advanced-low to Advanced-mid level by the end of this course.</p>	

French 2	
Course #	0701330
Grade Level	9-12
Length	1 year
Prerequisite	French 1 or equivalent
Credit	1
<p>French 2 reinforces the fundamental skills acquired by the students in French 1. The course develops increased listening, speaking, reading, and writing skills as well as cultural awareness. Specific content to be covered is a continuation of listening and oral skills acquired in French 1. Reading and writing receive more emphasis, while oral communication remains the primary objective. The cultural survey of the target language-speaking people is continued. Students are expected to demonstrate proficiency at the Intermediate-low to Intermediate-mid level by the end of this course.</p>	

Q French 5 Honors	
Course #	0701360
Grade Level	9-12
Length	1 year
Prerequisite	French 4 or equivalent
Credit	1
<p>French 5 expands the skills acquired by students in French 4. Specific content to be covered includes, but is not limited to, developing presentational speaking skills through oral reports on literary and cultural topics, current events, and personal experiences. Reading selections include newspaper and magazine articles, adaptations of short stories and plays, and surveys of target language literature. Presentational writing is enhanced through compositions using correct language structures. Students are expected to demonstrate proficiency at the Advanced-high level by the end of this course.</p>	

Q French 3 Honors	
Course #	0701340
Grade Level	9-12
Length	1 year
Prerequisite	French 2 or equivalent
Credit	1
<p>French 3 provides mastery and expansion of skills acquired by the students in French 2. Specific content includes, but is not limited to, expansion of vocabulary and conversational skills through discussions of selected readings. Contemporary vocabulary stresses activities that are important to the everyday life of the target language-speaking people. Students are expected to demonstrate proficiency at the Intermediate-high to Advanced-low level by the end of this course.</p>	

Spanish 1	
Course #	0708340
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
Spanish 1 introduces students to the target language and its culture. The student will develop communicative skills in all 3 modes of communication and cross-cultural understanding. Emphasis is placed on proficient communication in the language. An introduction to reading and writing is also included as well as culture, connections, comparisons, and communities. Students are expected to demonstrate proficiency at the Novice-low to Novice-high level by the end of this course.	

Spanish 2	
Course #	0708350
Grade Level	9-12
Length	1 year
Prerequisite	Spanish 1 or equivalent
Credit	1
Spanish 2 reinforces the fundamental skills acquired by the students in Spanish 1. The course develops increased listening, speaking, reading, and writing skills as well as cultural awareness. Specific content to be covered is a continuation of listening and oral skills acquired in Spanish 1. Reading and writing receive more emphasis, while oral communication remains the primary objective. The cultural survey of the target language-speaking people is continued. Students are expected to demonstrate proficiency at the Intermediate-low to Intermediate-mid level by the end of this course.	

Q Spanish 3 Honors	
Course #	0708360
Grade Level	9-12
Length	1 year
Prerequisite	Spanish 2 or equivalent
Credit	1
Spanish 3 provides mastery and expansion of skills acquired by the students in Spanish 2. Specific content includes, but is not limited to, expansion of vocabulary and conversational skills through discussions of selected readings. Contemporary vocabulary stresses activities that are important to the everyday life of the target language-speaking people. Students are expected to demonstrate proficiency at the Intermediate-high to Advanced-low level by the end of this course.	

Q Spanish 4 Honors	
Course #	0708370
Grade Level	9-12
Length	1 year
Prerequisite	Spanish 3 or equivalent
Credit	1
Spanish 4 expands the skills acquired by the students in Spanish 3. Specific content includes, but is not limited to, more advanced language structures and idiomatic expressions, with emphasis on communication skills. There is additional growth in vocabulary for practical purposes, including writing. Reading selections are varied and taken from the target language newspapers, magazines, and literary works. Students are expected to demonstrate proficiency at the Advanced-low to Advanced-mid level by the end of this course.	

Q Advanced Placement: Spanish Literature	
Course #	0708410
Grade Level	9-12
Length	1 year
Prerequisite	*Spanish 4 and/or 5 or equivalent
Credit	1
<i>*It is recommended that students complete the highest level of Spanish offered at the school and AP Spanish Language before enrolling in an AP course.</i>	
The purpose of this course is to develop oral and written fluency in the language. The content includes, but is not limited to, that determined by the Advanced Placement Program.	
Students are required to take the Advanced Placement examination.	

Q Advanced Placement: Spanish Language	
Course #	0708400
Grade Level	9-12
Length	1 year
Prerequisite	*Spanish 4 and/or 5 or equivalent
Credit	1
<i>*It is recommended that students complete the highest level of Spanish offered at the school before enrolling in an AP course.</i>	
The purpose of this course is to develop oral and written fluency in the language. Content includes, but is not limited to, that determined by the Advanced Placement Program Guidelines.	
Students are required to take the Advanced Placement examination.	

Physical Education/Health

Students entering 9th grade in 2007-2008 and after are no longer required to complete the personal fitness and/or the PE activity course requirements. They will be required to complete a new one-credit physical education course. See the HOPE course below. (NOTE: The marching band waiver will not apply to this PE requirement. Students may obtain an athletic waiver or JROTC waiver by meeting specific criteria shown in Board Policy 5.13.

Health Opportunities through Physical Education (HOPE) Required for Graduation

Course #	3026010
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1

The purpose of this course is to develop and enhance healthy behaviors that influence lifestyle choices and student health and fitness. Students will alternate between learning principals and background information in a classroom setting and applying that knowledge during physically activity. Content to include: Understand the impact of personal health behaviors on body systems. Develop and implement an individual nutrition and wellness plan. Demonstrate knowledge of depression, suicide prevention, and stress management skills. Apply knowledge and skills for safety, injury and disease prevention. Utilize technology to facilitate health and personal fitness. Apply effective communication skills to enhance interpersonal relationships, refusal skills and decision making to promote teamwork, sportsmanship, and cultural diversity. Demonstrate the ability to make positive decisions regarding wellness. Advocate for personal, family and/or community health and fitness promotion. Analyze the influence of culture, media, technology, and other factors on health.

Individual & Dual Sports I

Course #	1502410
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2

The purpose of this course is to provide students with opportunities to acquire knowledge of strategies of individual and dual sports play, develop skills in selected individual and dual sports, and maintain and/or improve their personal fitness. The content should include, but not be limited to, knowledge and application of skills, techniques, strategies, rules, and safety practices necessary to participate in selected individual and dual sports. Individual and dual sports selected may include, but not be limited to, archery, badminton, bowling, golf, gymnastics, handball, paddleball, racquetball, skating, swimming, table tennis and tennis. Activities selected in Individual and Dual Sports I shall not be repeated in Individual and Dual Sports II or III. Strategies of individual and sports play, skill acquisition, and the maintenance and/or improvement of personal fitness should be stressed.

Individual & Dual Sports II

Course #	1502420
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2

The purpose of this course is to provide students with opportunities to acquire knowledge of strategies of individual and dual sports play, develop skills in selected individual and dual sports, and maintain and/or improve their personal fitness. The content should include, but not be limited to, knowledge and application of skills, techniques, strategies, rules, and safety practices necessary to participate in selected individual and dual sports. Individual and dual sports selected may include, but not be limited to, archery, badminton, bowling, golf, Ind. & Dual gymnastics, handball, paddleball, racquetball, skating, swimming, table tennis, and tennis. Activities selected in Individual and Dual Sports II shall not be repeated in Individual and Dual Sports I or III. Strategies of individual and dual sports play, skill acquisition, and the maintenance and/or improvement of personal fitness should be stressed.

Team Sports I	
Course #	1503350
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2
<p>The purpose of this course is to provide students with opportunities to acquire knowledge of strategies of team sports play, develop skills in selected team sports, and maintain and/or improve their personal fitness. The content should include, but not be limited to, knowledge and application of skills, techniques, strategies, rules, and safety practices necessary to participate in selected team sports. Team sports selected may include, but not be limited to, basketball, flag football, flicker ball, gatorball, soccer, softball, speedball, track and field, and volleyball. Activities selected in Team Sports I shall not be repeated in Team Sports II. Strategies of team sports play, skill acquisition, and maintenance and/or improvement of personal fitness should be stressed.</p>	

Weight Training 1	
Course #	1501340
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2
<p>The purpose of this course is to provide students with opportunities to acquire basic knowledge and skills in weight training that may be used in physical fitness pursuits today as well as in later life, improve muscular strength and endurance, and enhance body image. The content should include, but not be limited to, knowledge of the importance of muscular strength and endurance, assessment of muscular strength and endurance, knowledge of health problems associated with inadequate levels of muscular strength and endurance, knowledge of skeletal muscles, knowledge and application of biomechanical and physiological principles to improve and maintain muscular strength and endurance, knowledge of sound nutritional practices related to weight training, knowledge of safety practices related to weight training, and knowledge of consumer issues related to weight training.</p>	

Team Sports II	
Course #	1503360
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2
<p>The purpose of this course is to provide students with opportunities to acquire knowledge of strategies of team sports play, develop skills in selected team sports, and maintain and/or improve their personal fitness. The content should include, but not be limited to, knowledge and application of skills, techniques, strategies, rules, and safety practices necessary to participate in selected team sports. Team sports selected may include, but not be limited to, basketball, flag football, flicker ball, gatorball, soccer, softball, speedball, track and field, and volleyball. Strategies of team sports play, skill acquisition, and the maintenance and/or improvement of personal fitness should be stressed.</p>	

Weight Training 2	
Course #	1501350
Grade Level	9-12
Length	1 semester
Prerequisite	Weight Training 1
Credit	1
<p>The purpose of this course is to provide students with opportunities to extend the acquisition of knowledge and the development of skills in weight training that may be used in physical fitness pursuits today as well as in later life, further improve muscular strength and endurance, and further enhance body image. The content should include, but not be limited to, reinforcement of basic weight training knowledge, knowledge of safety practices, expansion of weight training programs by incorporating new Intermediate Weight exercises, increasing resistance, and modifying the number of sets and repetitions, knowledge of various weight training theories, knowledge of various equipment available in the field to develop muscular strength and endurance, and knowledge of designing, implementing and evaluating a personal weight training program.</p>	

Weight Training 3	
Course #	1501360
Grade Level	9-12
Length	1 semester
Prerequisite	Wgt. Training 2
Credit	1/2
<p>The purpose of this course is to provide students with opportunities to extend the acquisition of knowledge and the development of skills introduced in intermediate weight training, further improve muscular strength and endurance, and further enhance body image. The content should include, but not be limited to, reinforcement of the knowledge introduced in beginning/intermediate weight training, application of knowledge to design and implement a personal weight training program to meet specific needs and goals, and knowledge of the organization/administration of weight lifting competition.</p>	

Visual Arts Education

**Creating Two-Dimensional Art	
Course #	0101355
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1
<p>Students investigate a wide range of media and techniques, from both an historical and contemporary perspective, as they engage in the art-making processes of creating two-dimensional works, which may include drawing, painting, printmaking, and/or collage. Student artists reflect on their own artwork and that of others through critical analysis to achieve artistic goals related to craftsmanship, technique, and application of 21st-century skills. This course incorporates hands-on activities and consumption of art materials.</p>	
<p>**Students must take both this and Creating Three-Dimensional Art classes together for a school year.</p>	
**Creating Three-Dimensional Art	
Course #	0101365
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	0.5
<p>Students in Creating Three-Dimensional Art, investigate a wide range of media and techniques, from both an historical and contemporary perspective, as they engage in the art-making processes of creating 3-D artworks, which may include sculpture, assemblage, and/or ceramics. Student artists reflect on their own artwork and that of others through critical analysis to achieve artistic goals related to craftsmanship, technique, and application of 21st-century skills. This course incorporates hands-on activities and consumption of art materials.</p>	
<p>**Students must take both this and Creating Two-Dimensional Art classes together for a school year.</p>	

**Two-Dimensional Studio Art 2	
Course #	0101310
Grade Level	10-12
Length	1 year
Prerequisite	Creating Two-Dimensional Art, Creating Three-Dimensional Art, Two-Dimensional Studio Art 1, OR Three-Dimensional Studio Art 1
Credit	1
<p>Students develop and refine technical skills and create 2-D compositions with a variety of media in drawing, painting, printmaking, collage, and/or design. Student artist's sketch, manipulate, and refine the structural elements of art to improve mark-making and/or the organizational principles of design in a composition from observation, research, and/or imagination. Through the critique process, students evaluate and respond to their own work and that of their peers. This course incorporates hands-on activities and consumption of art materials.</p>	

Q** Portfolio Development -Two-Dimensional Honors	
Course #	0109320
Grade Level	10-12
Length	1 year
Prerequisite	2 Years of Visual Art
Credit	1
<p>Students work in a self-directed environment to develop a portfolio showing a body of their own work that visually explores a particular artistic concern, articulated and supported by a written artist's statement. Artists may work in, but are not limited to, content in drawing, painting, printmaking, mixed media, traditional photography, digital photography, and/or new media and emerging technologies that demonstrate understanding of design principles as applied to a 2-dimensional surface. Students regularly reflect on aesthetics and art issues individually and as a group, and manipulate the structural elements of art and organizational principles of design to create 2-dimensional works of art that are progressively more innovative and representative of the student's artistic and cognitive growth. In keeping with the rigor expected in an accelerated setting, students' portfolios show personal vision and artistic growth over time, mastery of visual art skills and techniques, and evidence of sophisticated analytical and problem-solving skills based on their structural, historical, and cultural knowledge.</p>	

**Three-Dimensional Studio Art 2	
Course #	0101340
Grade Level	10-12
Length	1 year
Prerequisite	Creating Two-Dimensional Art, Creating Three-Dimensional Art, Two-Dimensional Studio Art 1, OR Three-Dimensional Studio Art 1
Credit	1
<p>Students explore spatial relationships through the use of nonobjective, abstract, or representational forms, products, or structures. Instruction may include, but is not limited to, content in green or industrial design, sculpture, ceramics, or building arts. Processes and techniques for substitution include wheel-thrown clay, glaze formulation and application, or extruded, cast, draped, molded, laminated, or soft forms. Media may include, but are not limited to, clay, wood, metal, plaster, paper maché, and plastic with consideration of the workability, durability, cost, and toxicity of the media used. 3-D artists experiment with and manipulate space-producing devices, including overlapping, transparency, interpenetration, vertical and horizontal axis, inclined planes, disproportionate scale, fractional or abstracted representation, and spatial properties of the structural art elements. Craftsmanship and quality are reflected in the surface and structural qualities of the completed art forms. Students in the 3-D art studio focus on use of safety procedures for process, media, and techniques. Student artists use an art criticism process to evaluate, explain, and measure artistic growth in personal or group works. This course incorporates hands-on activities and consumption of art materials.</p>	

Q **Portfolio Development: Three-Dimensional Honors	
Course #	0109330
Grade Level	12
Length	1 year
Prerequisite	2 Years of Art
Credit	1
<p>Students work in a self-directed environment to develop a portfolio showing a body of their own work that visually explores a particular artistic concern, articulated and supported by a written artist's statement. Artists may work in, but are not limited to, content in clay, wood, wire, glass, metal, jewelry, fabrics/fibers, fashion design, green design, industrial design, and/or objects for interior design or architecture that integrate 3-dimensional design issues in a purposeful way. Students regularly reflect on aesthetics and art issues individually and as a group, and manipulate the structural elements of art and organizational principles of design to create 3-dimensional works of art that are progressively more innovative and representative of the student's artistic and cognitive growth. In keeping with the rigor expected in an accelerated setting, students' portfolios show personal vision and artistic growth over time, mastery of visual art skills and techniques, and evidence of sophisticated analytical and problem-solving skills based on their structural, historical, and cultural knowledge. Students are self-directed and display readiness for high levels of critical thinking, research, conceptual thinking, and creative risk-taking. This course incorporates hands-on activities and consumption of art materials. <u>Students must submit a minimum of 2 works to Countywide Exhibitions that are adjudicated such as Scholastic Art Awards, Word and Image, Student Surreal, 3+ Dimensions and St. Petersburg College High Schools Exhibition</u></p>	

Q*Advanced Placement Art/Drawing Portfolio	
Course #	0104300
Grade Level	11-12
Length	1 year
Prerequisite	2 years of art
Credit	1
The purpose of this course is to give advanced students the opportunity to develop quality, concentration, discipline, and breadth in drawing. Course includes district developed requirements that demonstrate students' mastery of rigorous standards required of quality point art courses.	

decision-making about how to use the elements and principles of art in an integrative way. It is for the advanced student who wishes to seek AP Credit through submitting a Portfolio of work for consideration by the College Board. Course includes district developed requirements that demonstrate students' mastery of rigorous standards required of quality point art courses.

Q**Advanced Placement Studio Art: 2/D Design Portfolio	
Course #	0109350
Grade Level	10-12
Length	1 year
Prerequisite	2 years of art
Credit	1
This Advanced Placement course is intended to address a very broad interpretation of two-dimensional (2-D) design issues. This type of design involves purposeful	

Q**Advanced Placement Studio Art: 3/D Design Portfolio	
Course #	0109360
Grade Level	10-12
Length	1 year
Prerequisite	2 years of art
Credit	1
This Advanced Placement course is intended to address a very broad interpretation of sculptural issues in three-dimensional (3-D) design. Such elements and concepts may be articulated through additive, subtractive, and/or fabrication processes. It is for the advanced student who wishes to seek AP Credit through submitting a Portfolio of work for consideration by the College Board. Course includes district developed requirements that demonstrate students' mastery of rigorous standards required of quality point art courses.	

Drama and Theatre Arts

Some drama/theatre courses may require student insurance due to after-school rehearsals and off-school concerts. Some music courses may require mandatory after-school rehearsals and performances as part of the criteria for grading. Students interested in participating in any music course should check with the instructor to determine the requirements of the course.

***Theatre 1**

Course #	0400310
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1

This year-long, foundational class, designed for students with little or no theatre experience, promotes enjoyment and appreciation for all aspects of theatre. Classwork focuses on the exploration of theatre literature, performance, historical and cultural connections, and technical requirements. Improvisation, creative dramatics, and beginning scene work are used to introduce students to acting and character development. Incorporation of other art forms in theatre also helps students gain appreciation for other art forms, such as music, dance, and visual art.

***Theatre 2**

Course #	0400320
Grade Level	10-12
Length	1 year
Prerequisite	Theatre 1
Credit	1

This course is designed for students with a year of experience or more, and promotes enjoyment and appreciation for all aspects of theatre through opportunities to build significantly on existing skills. Classwork focuses on characterization, playwriting, and playwrights' contributions to theatre; while improvisation, creative dramatics, and scene work are used to help students challenge and strengthen their acting skills and explore the technical aspect of scene work.

Q*Theatre 3 Honors

Course #	0400330
Grade Level	10-12
Length	1 year
Prerequisite	Theatre 2
Credit	1

This course is designed for students with extensive experience in theatre, and promotes significant depth of engagement and lifelong appreciation for theatre through a broad spectrum of primarily self-directed study and performance. In keeping with the rigor expected in an accelerated setting, students assemble a portfolio that showcases a significant body of work representing personal vision and artistic growth over time; mastery of theatre skills and techniques in one or more areas; and evidence of sophisticated oral and written analytical and problem-solving skills based on their structural, historical, and cultural knowledge.

Q*Theatre 4 Honors	
Course #	0400340
Grade Level	10-12
Length	1 year
Prerequisite	Theatre 3
Credit	1
<p>This course is designed for students with extensive experience in theatre, and promotes significant depth of engagement and lifelong appreciation for theatre through a broad spectrum of primarily self-directed study and performance. In keeping with the rigor expected in an accelerated setting, students assemble a portfolio that showcases a significant body of work representing personal vision and artistic growth over time; mastery of theatre skills and techniques in one or more areas; and evidence of sophisticated oral and written analytical and problem-solving skills based on their structural, historical, and cultural knowledge.</p>	

*Technical Theatre Design and Production 2	
Course #	0400420
Grade Level	10-12
Length	1 year
Prerequisite	Technical Theatre: Design and Production 1
Credit	1
<p>Students focus on the design and safe application of basic tools and procedures to create elements of technical theatre, including costumes, lighting, makeup, properties (props), publicity, scenery, and sound. Students develop assessment and problem-solving skills; the ability to connect selected literature to a variety of cultures, history, and other content areas. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or performances beyond the school day to support, extend, and assess learning in the classroom.</p>	

*Technical Theatre Design and Production 1	
Course #	0400410
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students focus on developing the basic tools and procedures for creating elements of technical theatre, including costumes, lighting, makeup, properties (props), publicity, scenery, and sound. Technical knowledge of safety procedures and demonstrated safe operation of theatre equipment, tools, and raw materials are central to success in this course. Students explore and learn to analyze dramatic scripts, seeking production solutions through historical, cultural, and geographic research. Students also learn the basics of standard conventions of design presentation and documentation; the organizational structure of theatre production and creative work in a collaborative environment; and the resulting artistic improvement. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or performances beyond the school day to support, extend, and assess learning in the classroom.</p>	

*Technical Theatre Design and Production 3	
Course #	0400430
Grade Level	11-12
Length	1 year
Prerequisite	Technical Theatre: Design and Production 2
Credit	1
<p>Students regularly reflect on aesthetics and issues related to and addressed through theatre, and create within various aspects of theatre. Student designers and technicians assemble a portfolio that showcases a body of work representing artistic growth over time; growing command of theatre skills and techniques in one or more areas; and evidence of significant oral and written analytical and problem-solving skills. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or performances beyond the school day to support, extend, and assess learning in the classroom.</p>	

Q*Technical Theatre Design and Production 4 Honors	
Course #	0400440
Grade Level	11-12
Length	1 year
Prerequisite	Technical Theatre: Design and Production 3
Credit	1
<p>Students regularly reflect on aesthetics and issues related to and addressed through theatre, and create within various aspects of theatre in ways that are progressively more innovative. Students analyze increasingly more sophisticated theatre literature to inform the work of developing technical design and production pieces for one-acts or a larger production. Students assemble a portfolio that showcases an extensive body of work representing personal vision and artistic growth over time. Public performances may serve as a culmination of specific instructional goals. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.</p>	

*Musical Theatre 2	
Course #	0400710
Grade Level	9-12
Length	1 year
Prerequisite	
Credit	1
<p>Students learn from the styles and techniques used by well-known singer-actor-dancers and choreographers to build a performance portfolio for auditions and/or interviews. Students examine the contributions of major writers, composers, lyricists, and choreographers of musical theatre and learn to analyze the structures, stories, and settings of musical theatre exemplars to understand how those components serve the story and concept. Students extend their dance and movement techniques required to sing and dance at the same time. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.</p>	

*Musical Theatre 1	
Course #	0400700
Grade Level	9-12
Length	1 year
Prerequisite	
Credit	1
<p>Students' course work focuses on, but is not limited to, acting, vocal performance, dance, non-dance movement, and staging, which transfer readily to performances in musicals and other venues. Students survey the evolution of music in theatre from ancient Greece to modern Broadway through a humanities approach and representative literature. Music theatre students explore the unique staging and technical demands of musicals in contrast to non-musical plays. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.</p>	

*Musical Theatre 3	
Course #	0400720
Grade Level	9-12
Length	1 year
Prerequisite	
Credit	1
<p>Students refine their audition techniques and performance/audition portfolio, and consider the contributions of musical theatre in the community and beyond. Students select a number of pieces to showcase their abilities and become conversant about individuals who, currently and in the past, are considered major contributors to the field. Students refine their dance and movement techniques required to sing and dance for long periods of time in rehearsals and performance. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.</p>	

*Theatre Cinema and Film Production	
Course #	0400660
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>In Theatre, Cinema, and Film Production, a one-credit course, students explore the elements of film and cinematic techniques used by those who create movies. Students study the techniques in film that serve the story and articulate the theme. Students also prepare a comparative for theatre, film, and literature. Public performances may serve as a resource for specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or film production beyond the school day to support, extend, and assess learning in the classroom.</p>	

Music Education

Some music courses may require student insurance due to after-school rehearsals and off-school concerts. Some music courses may require mandatory after-school rehearsals and performances as part of the criteria for grading. Students interested in participating in any music course should check with the instructor to determine the requirements of the course.

***Music Theory 1**

Course # 1300300

Grade Level 9-12

Length 1 year

Prerequisite None

Credit 1

The purpose of this course is to introduce and explore musical fundamentals as practiced in various historical periods. Emphasis will be placed on aural and notational skill development.

Q *Music Theory 2 Honors

Course # 1300310

Grade Level 9-12

Length 1 year

Prerequisite Music Theory I or audition/demonstration of skill knowledge

Credit 1

This course enables the student to analyze and apply musical fundamentals as practiced in various historical periods. Emphasis will be placed on aural skills development, harmonic notation and written analysis. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.

Q *Advanced Placement Music Theory

Course # 1300330

Grade Level 10-12

Length 1 year

Prerequisite Music Theory II or audition/demonstration of skill knowledge

Credit 1

The purpose of this course is to develop the student's abilities to recognize and understand the tonal rhythmic nature of any music that is heard or read in the score. The content will include the development of music theory skills, i.e., aural and notational skills, composition, harmonization and counterpoint. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.

Students are required to take the Advanced Placement examination.

Music of the World

Course # 1300340

Grade Level 9-12

Length 1 year

Prerequisite None

Credit 1

Students explore the musical traditions of 20th- and 21st-century American and global communities around the world through study of current trends, focusing on the function of music within various cultures (e.g., jazz, world drumming, mariachi, soul, gamelan, Bollywood, digital). Students examine and report on human activities involving music, technology- and culture-related influences on music, and the sounds and structures of music composition. Public performances may serve as a resource for specific instructional goals. Students may be required to attend one or more performances outside the school day to support, extend, and assess learning in the classroom.

*Keyboard 1	
Course #	1301360
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
This course will provide students with introductory experiences on the keyboard in performance skills and interpretation of simple notation. Content includes the development of music fundamentals, appropriate vocabulary, and listening skills.	

Q *Keyboard 4 Honors	
Course #	1301390
Grade Level	9-12
Length	1 year
Prerequisite	Keyboard III*
Credit	1
This course provides students with advanced instruction in individual keyboard performance of difficult solos and accompaniments in a variety of meters, styles, historical eras and keys. Students will sight-read grade III level literature, harmonize melodies using four part chorale style, transpose easy melodies and harmonies, and formulate critical evaluations and decisions about musical performance. This course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fire arts courses.	

*Keyboard 2	
Course #	1301370
Grade Level	9-12
Length	1 year
Prerequisite	Keyboard I *
Credit	1
This course is designed to develop the ability to perform keyboard selections by using correct fingering and hand positions. The student will demonstrate an intermediate knowledge of music reading and vocabulary, play root chords, scales, and chord progressions.	

*Band 1	
Course #	1302300
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
The purpose of this course is to provide students with the opportunity to develop technical skills on band instruments in an ensemble setting. The content will include developing performance techniques and reading musical notation.	

*Keyboard 3	
Course #	1301380
Grade Level	9-12
Length	1 year
Prerequisite	Keyboard II*
Credit	1
The purpose of this course is to offer students the opportunity to perform varied keyboard literature in a variety of meters, styles and keys. The student will demonstrate appropriate performance techniques, and the knowledge of music vocabulary, history, analysis and listening skills.	

*Band 2	
Course #	1302310
Grade Level	9-12
Length	1 year
Prerequisite	Band I*
Credit	1
This course is designed to extend musicianship skills and the development of technical skills through performance in instrumental ensembles. The content will include the production of characteristic tone, and the development of basic band performance techniques, musical literacy, and music appreciation.	

*Band 3	
Course #	1302320
Grade Level	9-12
Length	1 year
Prerequisite	Band II*
Credit	1
This course provides students with instruction in development of musicianship and technical skills through the study of varied band literature. The content will include interpreting medium level band music, establishing appropriate tone production and performance techniques, identifying simple musical form and various styles, and formulating aesthetic awareness.	

Q *Band 6 Honors	
Course #	1302350
Grade Level	9-12
Length	1 year
Prerequisite	Band 5*
Credit	1
This course is designed to foster internalization of independence in musicianship, performance techniques, and aesthetic awareness through the performance of varied band literature. The student will demonstrate awareness and application of appropriate ensemble Band VI performance techniques and demonstrate independent ability to interpret and perform difficult musical notation at sight. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.	

*Band 4	
Course #	1302330
Grade Level	9-12
Length	1 year
Prerequisite	Band III*
Credit	1
The purpose of this course is to provide students with in-depth instruction in musicianship and technical skills through the study of varied band literature. The content will include interpreting medium/difficult level band literature, refining tone production and performance techniques, demonstrating an understanding of musical form, and evaluating musical performance as a participant and as a listener.	

*Chorus 1	
Course #	1303300
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
The purpose of this course is to develop basic vocal techniques and musicianship skills through the study of varied choral literature. The content will include fundamental skills in vocal tone production, choral performance techniques, musical literacy and music appreciation.	

Q *Band 5 Honors	
Course #	1302340
Grade Level	9-12
Length	1 year
Prerequisite	Band IV*
Credit	1
This course enables the student to develop independent musicianship, performance techniques and aesthetic awareness through performance of varied band literature. The student will demonstrate ability to interpret and perform difficult musical notation at sight and formulate critical evaluations about musical performance as a participant and as a listener. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.	

*Chorus 2	
Course #	1303310
Grade Level	9-12
Length	1 year
Prerequisite	Chorus I, Chorus High/Low Range I*
Credit	1
The purpose of this course is to extend the development of basic musicianship skills including choral performance techniques, vocal tone production, musical literacy and music listening. This course will include the study of a variety of choral literature.	

*Chorus 3	
Course #	1303320
Grade	9-12
Level	
Length	1 year
Prerequisite	Chorus II*
Credit	1
This course provides students with instruction in the development of vocal musicianship and technical skills. An emphasis will be placed on producing an appropriate vocal tone, interpreting musical notation, and formulating aesthetic values.	

*Chorus 4	
Course #	1303330
Grade	9-12
Level	
Length	1 year
Prerequisite	Chorus III*
Credit	1
This course provides students with instruction in the application of vocal musicianship and technical skills. An emphasis will be placed on the refinement of tone production and performance techniques, analysis of musical form, and aesthetic perceptions.	

Q *Chorus 5 Honors	
Course #	1303340
Grade	9-12
Level	
Length	1 year
Prerequisite	Chorus IV*
Credit	1
This course enables students to develop independence in musicianship and performance techniques while performing various styles of choral literature. The student will demonstrate ability to interpret and perform difficult musical notation at sight and formulate critical evaluations about musical performance as a participant and listener. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.	

Q *Chorus 6 Honors	
Course #	1303350
Grade	9-12
Level	
Length	1 year
Prerequisite	Chorus 5*
Credit	1
The purpose of this course is to develop independence in vocal musicianship, performance techniques, and aesthetic awareness through the performance of varied choral literature. The student will consistently demonstrate ability to interpret and perform difficult musical notation at sight. The student will formulate and justify critical evaluations about musical performance as a participant and listener. Course includes district developed requirements designed to demonstrate student mastery of rigorous standards required of quality point fine arts courses.	

Eurhythmics 1	
Course #	1305300
Grade	9-12
Level	
Length	1 year
Credit	1
The purpose of this course is so that student dancers develop basic skills in performing and evaluating choreographed performances as an independent ensemble and in cooperation with a music ensemble. Emphasis is placed on dance, equipment manipulation, precision, and the relationship between music and dance. Public performances may serve as a culmination of specific instructional goals.	

Guitar 1	
Course #	1301320
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
<p>Students with little or no experience develop basic guitar skills and knowledge, including simple and full-strum chords, bass lines and lead sheets, barre and power chords, foundational music literacy and theory, major scales, simple finger-picking patterns, and ensemble skills for a variety of music. Beginning guitarists explore the careers and music of significant performers in a variety of styles. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. This course may also require students to obtain a musical instrument (e.g., borrow, rent, purchase) from an outside source.</p>	

AVID

**Advancement Via
Individual Determination
(AVID)**

AVID Secondary is comprised of the AVID elective class and school wide initiatives. The students in the AVID elective are students in the middle who have a desire to go to college and are willing to work hard. These students take rigorous courses that are preparing them for college and the AVID elective is an academic support to allow them to be successful. The school wide component creates a college and career going culture in the school for all students that encompasses high expectations and success for all.

AVID I	
Course #	17003901,2
Grade Level	9th Grade AVID Students
Length	1 year
Prerequisite	None
Credit	1
Advancement Via Individual Determination (AVID) is an elective class that provides academic support for students in the AVID program through curricular and mentoring activities. This course is designed to enable students to develop fundamental skills aligned with current curriculum.	

AVID II	
Course #	1700400
Grade Level	10th Grade AVID Students
Length	1 year
Prerequisite	None
Credit	1
Advancement Via Individual Determination (AVID) is an elective class that provides academic support for students in the AVID program through curricular and mentoring activities. This course is designed to enable students to develop basic skills aligned with current curriculum.	

AVID III	
Course #	1700410
Grade Level	11th Grade AVID Students
Length	1 year
Prerequisite	None
Credit	1
Advancement Via Individual Determination (AVID) is an elective class that provides academic support for students in the AVID program through curricular and mentoring activities. This course is designed to enable students to develop intermediate skills aligned with current curriculum.	

AVID IV	
Course #	1700420
Grade Level	12th Grade AVID Students
Length	1 year
Prerequisite	None
Credit	1
Advancement Via Individual Determination (AVID) is an elective class that provides academic support for students in the AVID program through curricular and mentoring activities. This course is designed to enable students to develop advanced skills aligned with current curriculum.	

AP Capstone

Q AP CAPSTONE SEMINAR	
Course #	1700500
Grade Level	11-12
Length	1 year
Prerequisite	None
Credit	1
<p>AP Capstone is a foundational course that engages students in cross-curricular conversations that explore the complexities of academic and real-world topics and issues by analyzing divergent perspectives. Using an inquiry framework, students practice reading and analyzing articles, research studies, and foundational, literary, and philosophical texts; listening to and viewing speeches, broadcasts, and personal accounts; and experiencing artistic works and performances. Students learn to synthesize information from multiple sources, develop their own perspectives in research-based written essays, and design and deliver oral and visual presentations, both individually and as part of a team. Ultimately, the course aims to equip students with the power to analyze and evaluate information with accuracy and precision in order to craft and communicate evidence-based arguments. Students who take this junior level course are expected to continue on to the AP Capstone Research course their senior year.</p>	

Q AP CAPSTONE RESEARCH	
Course #	1700510
Grade Level	12
Length	1 year
Prerequisite	AP Capstone Seminar
Credit	1
<p>AP Research allows students to deeply explore an academic topic, problem, or issue of individual interest. Through this exploration, students design, plan, and conduct a year-long research based investigation to address a research question.</p> <p>In the AP Research course, students further their skills acquired in the AP Seminar course by understanding research methodology; employing ethical research practices; and accessing, analyzing, and synthesizing information as they address a research question. Students explore their skill development, document their processes, and curate the artifacts of the development of their scholarly work in a portfolio. The course culminates in an academic paper of 4000-5000 words (accompanied by a performance or exhibition of produce where applicable) and a presentation with an oral defense.</p>	

Family and Consumer Sciences

Principles of Food Preparation	
Course #	8500390
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2 credit
<p>Instruction and learning activities are provided in a foods lab using hands-on experiences. Activities provide instruction in the application of the principles of food preparation, food selection and storage. Ethnic, regional and international foods may also be studied and prepared.</p>	

Nutrition and Wellness	
Course #	8500355
Grade Level	9-12
Length	1 semester
Prerequisite	None
Credit	1/2 credit
<p>This course will prepare students to understand principles of nutrition in relationship to wellness, food choices, food preparation, and food storage. The concepts of meal planning and management are also addressed. Classroom food laboratory activities are an integral part of this course.</p>	

Culinary Arts 1	
Course #	8800510
Grade Level	9-12
Length	1 Year
Prerequisite	Nutrition and Wellness strongly recommended.
Credit	1 credit
<p>This course provides coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in Hospitality and Tourism career cluster; provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills and occupation-specific skills, and knowledge of all aspects of the Hospitality and Tourism career cluster.</p>	

Business Technologies/ Information Technologies

STEM	
*Digital Information Technology	
Course #	8207310
Grade Level	9-10
Length	1 year
Prerequisite	None
Credit	1
<p>This course is designed to provide an introduction to information technology concepts and careers, as well as, the impact information technology has on the world, people, and industry. The content includes information technology career research, emerging technologies, operating systems, office productivity software, and specialized software applications. Students will be introduced to electronic communications techniques including e-mail and Internet services. Additional coverage will include web page design features such as basic HTML, DHTML, and XML web commands. The appropriate soft skills for developing and maintaining professional business relationships will also be covered.</p>	

*Digital Design 1	
Course #	8209510
Grade Level	10-12
Length	1 year
Prerequisite	Computing for College and Careers or Introduction to Information Technology
Credit	1
<p>This course is designed to develop entry-level skills required for careers in the digital publishing industry. The content includes computer skills; digital publishing concepts and operations; layout, design and measurement activities; decision making activities, and digital imaging.</p>	

Q *Digital Design 2	
Course #	8209520
Grade Level	10-12
Length	1 year
Prerequisite	Digital Design 1
Credit	1
<p>This course continues the development of entry-level skills for careers in the digital publishing industry. The content includes computer skills: digital publishing operations; layout, design, and measurement activities; and digital imaging.</p> <p><i>*Quality Points approved for the first time in December 2009, for courses already existing in the course code directory, become effective with the 2010-2011 entering ninth grade class and subsequent years. (see district policy 5420.03, Final Grades, (H) Honors Quality Points)</i></p> <p>Note: Students not enrolled in the 2010-2011 entering ninth grade class may not receive quality points for these courses.</p>	

Q *Digital Design 3	
Course #	8209530
Grade Level	11-12
Length	1 year
Prerequisite	Digital Design 2
Credit	1
<p>This course continues the development of industry-standard skills required for careers in the digital publishing industry. The content includes the use of a variety of software and equipment to perform digital publishing and digital imaging activities.</p> <p><i>*Quality Points approved for the first time in December 2009, for courses already existing in the course code directory, become effective with the 2010-2011 entering ninth grade class and subsequent years. (see district policy 5420.03, Final Grades, (H) Honors Quality Points)</i></p> <p>Note: Students not enrolled in the 2010-2011 entering ninth grade class may not receive quality points for these courses.</p>	

STEM	
*Game and Simulation Foundations	
Course #	8208110
Grade Level	9-10
Length	1 year
Prerequisite	Introduction to Information Technology
Credit	1
<p>This course is designed to provide an introduction to game and simulation concepts and careers; the impact game and simulation has on society and industry; and basic game/simulation design concepts such as rule design, play mechanics, and media integration. The course compares and contrasts games and simulations, key development methodologies and tools, careers and industry-related information. This course also covers strategies, processes and methods for conceptualizing a game or simulation application; storyboarding techniques, and development tools.</p>	

STEM	
*Game and Simulation Design	
Course #	8208120
Grade Level	10-11
Length	1 year
Prerequisite	Game and Simulation Foundations
Credit	1
<p>This course covers fundamental principles of designing a game or a simulation application, in particular Human Computer Interface (HCI) principles, rules and strategies of play, conditional branching, design and development constraints, use of sound and animation, design tools, and implementation issues. The content includes market research, product design documentation, storyboarding, proposal development, and presentation of a project report. Emphasis is placed on the techniques needed to develop well-documented, structured game or simulation programs.</p>	

STEM	
Game and Simulation Programming	
Course #	Q 8208330
Grade Level	11-12
Length	1 year
Prerequisite	Game and Simulation Design
Credit	1
<p>This course is focused on students acquiring the appropriate programming skills for rendering a game or simulation product, including program control, conditional branching, memory management, score-keeping, times event strategies and methodologies and implementation issues.</p>	

STEM	
Q *Technology Support Services - Client Systems	
Course #	9001420
Grade Level	10-11
Length	1 year
Prerequisite	IIT
Credit	1
<p>In this course students will be introduced to categorized storage devices, backup media, motherboard components, types and features; installing and configuring client system hardware; troubleshooting, repair and maintenance of client systems; operating systems and software; system backup and recovery; computer security; and more.</p>	

STEM	
Q *Technology Support Services - Network Systems	
Course #	9001430
Grade Level	11-12
Length	1 year
Prerequisite	Technology Support Services-Client Sys.
Credit	1
<p>This course includes operation of data networks; various media and topologies; install and configure basic network devices; network IP addresses; network management tasks and methodologies; WLAN; network security threats and mitigation techniques; and more.</p>	

STEM	
Q *Technology Support Services - Specialized Technologies	
Course #	9001440
Grade Level	11-12
Length	1 year
Prerequisite	Technology Support Services- Network Systems
Credit	1
This course includes configure full disk encryption (FDE) software (e.g., BitLocker, BitLocker To Go; configure intranet tunneling software (e.g., DirectAccess, Barracuda); Network Mobility (NEMO); configuring and maintaining remote connections; RAID; troubleshooting specialized network and communications devices; and more.	

Workplace Essentials**	
Course #	83003101
Grade Level	11-12
Length	1 year
Prerequisite	None
Credit	1
The purpose of this course is to provide students with general practical skills. The content of this course will consist of instructional and learning activities provided in the school setting using hands-on experiences with the tools and materials appropriate to the course content and in accordance with current practices. **Students must be up to date on credits and GPA, as well as earned an acceleration point prior to enrolling*	

Workplace Technical Applications **	
Course #	83003102
Grade Level	11-12
Length	1 semester
Prerequisite	None
Credit	.5
The purpose of this course is to provide students with those workplace skills essential for gainful employment. The content of this course includes the following: developing an employment plan, seeking and applying for employment opportunities, accepting employment, communicating on the job, maintaining professionalism, adapting and coping with change, work ethics and behavior, demonstrating technological literacy, maintaining interpersonal relationships and demonstrating leadership and team work. **Students must be up to date on credits and GPA, as well as earned an acceleration point prior to enrolling*	

AP Computer Science Principles	
Course #	0200335
Grade Level	10-12
Length	1 year
Prerequisite	Algebra 1
Credit	1
The AP Computer Science Principles course is designed to be equivalent to a first-semester introductory college computing course. In this course, students will develop computational thinking vital for success across all disciplines, such as using computational tools to analyze and study data and working with large data sets to analyze, visualize, and draw conclusions from trends. The course is unique in its focus on fostering student creativity. Students are encouraged to apply creative processes when developing computational artifacts and to think creatively while using computer software and other technology to explore questions that interest them. They will also develop effective communication and collaboration skills, working individually and collaboratively to solve problems, and discussing and writing about the importance of these problems and the impacts to their community, society, and the world.	

Marketing

*Marketing Essentials	
Course #	8827110
Grade Level	9-10
Length	1 year
Prerequisite	Recommend Introduction to Information Technology (8207310) or Computing for College and Careers (8209020)
Credit	1
The purpose of this course is to develop the competencies essential to marketing. These competencies include human relations, employability, communication, math, and economic skills. The fundamental of marketing and selling are also included.	

*Marketing Applications	
Course #	8827120
Grade Level	10-12
Length	1 year
Prerequisite	Marketing Essentials (may be taken concurrently)
Credit	1
This course is designed to provide students with an in-depth study of marketing in a free enterprise society and provide the knowledge, skills, and attitudes required for employment in a wide variety of marketing occupations.	

*Marketing Management	
Course #	8827130
Grade Level	11-12
Length	1 year
Prerequisite	Marketing Applications (May be taken concurrently)
Credit	1
This course provides instruction for career sustaining level employment in the industry. The content includes applied skills related to the marketing functions including employment skills required for success in marketing and career planning as related to a marketing industry.	

Exceptional Student Education

Graduation Requirements: *Fundamental courses are academic skill-building courses which support a student's participation in general education classes by allowing them more time to build the necessary skills for success. Students with disabilities may earn elective credit towards a standard diploma for the successful completion of a fundamental course.*

A student for which the IEP Team has determined the general education curriculum with accommodations and supports is not appropriate but is ineligible to participate in access courses may take fundamental courses to earn credit towards a special diploma, in accordance with the district's student progression plan. These courses are appropriate for these students as general education courses may not be modified for this purpose.

Unique Skills	
Course #	79631700,1,2
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	Multiple
The purpose of this course is to provide instruction related to environmental, interpersonal, and task-related behavior of students with disabilities. The content should include, but not be limited to: appropriate classroom behavior, social and personal development, communication skills, behavioral control, conflict resolution, responsibility, interpersonal problem solving, and appropriate use of leisure time.	
EBD students and those students on an FBA or RTI behavior plan should be enrolled in this class. Also, open to all other ESE students.	

Learning Strategies	
Course #	79630800,1,2
Grade Level	9
Length	1 year
Prerequisite	None
Credit	Multiple
The purpose of this course is to provide instruction that enables students with disabilities to acquire and use strategies and skills to enhance their independence as learners in educational and community settings. The content should include, but not be limited to: strategies for acquiring and, storing knowledge, oral and written expression, problem solving, linking new information with prior knowledge, and active participation in reading. Content shall also include self-regulated use of comprehension strategies, test taking skills, time management, organizational skills, social skills, planning skills and self-advocacy.	
<i>Recommended elective for all ESE 9th graders and for any ESE student that has not passed the FCAT and/or obtained at least a 2.0 GPA. (Teacher must be trained in SIM Learning Strategies Curriculum.)</i>	

Dual Enrollment on Campus

Q Composition I	
Course #	ENC 1101
Grade Level	11-12
Length	1 Semester
Prerequisite	CPT/PERT scores & 3.0 GPA
Credit	1
<p>Composition I, ENC 1101, “is designed to develop composition skills. It emphasizes the development of the multi paragraph essay including practice in information retrieval from electronic and other sources, and in the selection restriction, organization and development of topics. It also offers student opportunities to improve abilities with sentence structure, diction, and mechanics. Selected writing samples are examined as models of form and as sources of ideas for the student’s own writing.”</p> <p><i>Meets the graduation requirement for either English III or English IV. Dual Enrollment courses offered on high school campuses must be taken on that campus. Students will not be permitted to take the course on the SPC campus unless the on campus course is full.</i></p>	

Q *America History to 1877/Since 1877 (DE)	
Graduation Requirement:	American History (AH)
Course #	AMH2010/2020
Grade Level	11, 12
Length	1 year
Prerequisite	Qualifying GPA and Qualifying PERT
Credit	2
<p>Survey of American History. First semester will cover from the founding of Virginia to the antebellum era. Analysis of colonial America, the American Revolution, the Constitution, and the growth of a new republic. Second semester moves to since 1877 including such topics as industrialization, political reform, experiences in war, social conflict and changing conceptions of the meaning of democracy.</p> <p>This is a college level course that will impact both the high school GPA and the College GPA.</p>	

Q Composition II	
Course #	ENC 1102
Grade Level	11-12
Length	1 Semester
Prerequisite	CPT/PERT scores & 3.0 GPA, ENC 1101
Credit	1
<p>This course builds upon the skills developed in Composition I. It provides further instruction in the planning, organization and writing of essays. It stresses methods of library research including information retrieval from electronic sources, and emphasizes writing of the research paper and the paper of literary interpretation. The reading includes selections from at least two forms of literature. This course partially satisfies the writing requirements outlined in the General Education Requirements. Credit is not given for both ENC 1102 and ENC 1122H. <i>Meets the graduation requirement for English IV. Dual Enrollment courses offered on high school campuses must be taken on that campus. Students will not be permitted to take the course on the SPC campus unless the on campus course is full.</i></p>	

Q Elementary Spanish I/II	
Course #	SPN 1120/1121
Grade Level	11-12
Length	1 Semester
Prerequisite	CPT/PERT scores & 3.0 GPA, ENC 1101
Credit	1
<p>This course is designed as an introduction to Spanish listening, comprehension, speaking, reading and writing. The primary goal is proficiency in communication skills. After completing two semesters of the course, students will be able to carry on a simple conversation with speakers of Spanish, write a letter, or short composition in Spanish, and read materials of moderate difficulty.</p>	

Q Ancient Greek Mythology	
Course #	CLT 2373
Grade Level	11-12
Length	1 Semester
Prerequisite	CPT/PERT scores & 3.0 GPA
Credit	.5
<p>This course will acquaint the student with the world of mythological gods and heroes of the Ancient Greeks. Literature, art and archaeology will be examined, as well as lifestyles and ideas of the Ancient Greek civilization.</p>	

Q Principles of Management	
Course #	MAN2021
Grade Level	11-12
Length	1 Semester
Prerequisite	Minimum of 2.0 GPA
Credit	.5
<p>This course offered through Embry-Riddle Aeronautical University (ERAU) is an introductory business course covering core management functions like planning, organizing, leading, and controlling, focusing on management theories and organizational excellence for performance and employee satisfaction, with applications in aviation/aerospace. It explores decision-making, structure, motivation, ethics, and technology in management within an aviation context.</p>	
<p>This is a college level course that will impact both the high school GPA and the College GPA.</p>	

Q Career and Life Planning	
Course #	SLS 1301
Grade Level	11-12
Length	1 Semester
Prerequisite	CPT/PERT scores & 3.0 GPA (11 th grade) or 2.0 GPA (12 th grade)
Credit	.5
<p>This course assists students in identifying aptitudes, interests, and values as related to career decision-making and is individualized to personal lifestyles. Employment and future trends in careers will be explored. Student will understand the importance of career and life planning and the process of career and life planning which can be used at any point in one's life.</p>	
<p>This is a college level course that will impact both the high school GPA and the College GPA.</p>	

Construction Technology Magnet

The Center for Construction Technologies is a program that gives students in grades nine through twelve the opportunity to learn a construction trade while in high school.

The program is designed for students to earn both a high school diploma and industry recognized National Center for Construction Education and Research (NCCER) certifications at the same time. By the time students graduate, they will be at a more advanced stage to enter postsecondary education, apprenticeship training or enter the workplace at a higher wage.

St. Petersburg High School's Center for Construction Technologies has teamed with Pinellas Technical College St. Petersburg (PTC) to offer students a unique program. There are five construction trade fields that students may choose from: Carpentry, Electrical, Heating/Ventilation & Air Conditioning, Masonry, and Plumbing.

Grades 9 -10: students enroll in a daily one-period Construction Technology I/II class. They will learn construction related skills through hands-on activities. Students have the opportunity to earn an Occupational Safety and Health Administration (OSHA) 10 certification, First Aid/AED and NCCER certifications.

Grades 11 – 12: students enroll in a daily three-period block at PTC St. Petersburg in one of the five construction trades. Students have the opportunity to earn NCCER certifications, a 900-hour Florida Pre-Apprenticeship Completion Certificate and Gold Seal Scholarships.

Upon high school graduation, WorkNet Pinellas, with local industry, assists program graduates with future employment. In addition, graduates have opportunities to work toward journeyman status in their chosen construction trade.

Building Trades & Construction Technologies 1	
Course #	87220100
Grade Level	9
Length	1 year
Prerequisite	Must be in Con Tec Magnet program
Credit	1
The purpose of this course is to develop the competencies essential to the building construction industry. These competencies include skills and knowledge related to safety practices, the proper use of hand and power tools, plan reading, basic rough carpentry and framing.	

Building Trades & Construction Technologies 2	
Course #	87220200
Grade Level	10
Length	1 year
Prerequisite	Building Construction Technologies 1
Credit	1
The purpose of this course is to develop the competencies necessary for the building, construction and repair industry. These competencies relate to construction components, materials and hardware, concrete and masonry skills.	

Carpentry & Masonry Technician	
Course #	BCV0081
Grade Level	11
Length	1 year
Prerequisite	Building Construction Technologies 2
Credit	1
This course is designed to provide students with a more in-depth knowledge of construction documents, as well as competencies in construction management. These include heavy equipment selection, knowledge of codes and regulations, site preparation, estimating, scheduling and knowledge of sustainability issues relevant to the construction industry.	

Electrical and Plumbing Technician	
Course #	BCV0082
Grade Level	12
Length	1 year
Prerequisite	Carpentry & Masonry Technician
Credit	1
The purpose of this course is to develop competencies in exterior finish carpentry.	

3DE Features

- Deep exposure to 16 different companies/industry sectors through Case Challenges
- Dedicated professionals to advise, counsel, and bridge students to their futures
- Interaction with career professionals through classroom advisors, coaches & site visits to business partners
- Post-secondary/college exposure
- Interdisciplinary course of study that authentically connects to real-world complexities
- Flexible opportunities for AP, Dual Enrollment, Industry Certifications, and Career Pathways

Available to all traditional students entering 9th grade at SPSHS in the 2020-2021 school year.

3DE by Junior Achievement re-engineers high school education and pushes students to discover solutions to real-world challenges, connect the relevancy of education, and develop the knowledge, skills and confidence to thrive in today's ever-evolving economy. 3DE's multifaceted approach to learning uses case methodology to integrate real-world connectivity into the standard high school experience. This universally effective approach to learning is the anchor for interdisciplinary pedagogy, relevant connectivity, and authentic project-based application. Coursework is complemented by career readiness experiences including career-site visits, interacting with business coaches, and consultancy experiences. The result is a high school experience that reflects the dynamic pace of activity and interconnectedness of life beyond the classroom walls.

3DE dedicated teachers set high expectations and foster a strong sense of community among their students. Year-over-year, the curriculum layers in defined competencies to continually build students' skills and mindset as they advance from facilitated learning to self-directed. By the end of their four-year high school career, students graduate with the knowledge, skills and confidence to thrive in post-secondary and beyond.

Digital Information Technology	
Course #	8207310
Grade Level	10
Length	1 year
Prerequisite	None
Credit	1
This core course is designed to provide a basic overview of current business and information systems and trends, and to introduce students to fundamental skills required for today's business and academic environments. The classes is the first of four 3DE courses that 9 th grade students in 3DE complete.	

Management and Human Resources	
Course #	8301110
Grade Level	10
Length	1 year
Prerequisite	None
Credit	1
This course explores the reach and impact of managing people, one of the most important resources of an organization. Students are required to perform higher level strategic thinking. Topics include; management policy development, evaluating organizational effectiveness, sourcing and recruitment, hiring and retention planning, employee training, performance appraisals, compensation and benefit programs, maintaining working conditions and providing a safe working environment. The classes is the second of four 3DE courses that 10 th grade students in 3DE complete.	

Business and Entrepreneurial Principles	
Course #	8215120
Grade Level	11
Length	1 year
Prerequisite	None
Credit	1
<p>This course is designed to provide an introduction to business organization, management, and entrepreneurial principles. Topics include communication skills, various forms of business ownership and organizational structures, supervisory/management skills, leadership skills, human resources management activities, business ethics, and cultural diversity. Emphasis is placed on job readiness and career development. The use of computers is an integral part of this program. The classes is the third of four 3DE courses that 11th grade students in 3DE complete.</p>	

Business and Entrepreneurial Principles	
Course #	8301120
Grade Level	12
Length	1 year
Prerequisite	None
Credit	1
<p>This course is designed to provide a higher level of understanding of business systems, accounting concepts, working with financial information, data analysis skills, managing business information with appropriate software, requirements analysis of information systems, data modeling, and database management. The classes is the final 3DE courses that 12th grade students in 3DE complete.</p>	

Air Force JROTC

Air Force JROTC is an application program that requires the completion of an application in the Student Reservation System and invitation from the school and program.

This program will begin in the 2023-2024 school year. In Air Force ROTC, students learn the principles of leadership in the classroom and apply these principles into practice outside of the classroom through hands-on management experience and valuable leadership-building exercises. Courses focus on the importance of effective leadership, application of leadership concepts and the role of a military leader in today's society.

Air Force: Aerospace Science 1	
Course #	1800300
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
The purpose of this course is to enable students to develop knowledge of the historical development of flight and the role of the military in history. Students also develop knowledge of the Air Force Junior Reserve Officer Training Corps (AFJROTC), individual self-control, citizenship, wellness, health, and fitness. Students practice basic drill techniques and conduct military ceremonies.	

Air Force: Aerospace Science 2	
Course #	1800310
Grade Level	9-12
Length	1 year
Prerequisite	Completed Aerospace Science 2
Credit	1
The purpose of this course is to enable students to develop knowledge of the historical development of flight and the role of the military in history. Students also develop knowledge of the Air Force Junior Reserve Officer Training Corps (AFJROTC), individual self-control, citizenship, wellness, health, and fitness. Students practice basic drill techniques and conduct military ceremonies.	

Air Force: Aerospace Science 3	
Course #	1800320
Grade Level	9-12
Length	1 year
Prerequisite	Completed Aerospace Science 3
Credit	1
The purpose of this course is to enable students to develop knowledge of the historical development of flight and the role of the military in history. Students also develop knowledge of the Air Force Junior Reserve Officer Training Corps (AFJROTC), individual self-control, citizenship, wellness, health, and fitness. Students practice basic drill techniques and conduct military ceremonies.	

ESPE (Exercise Science and Performance Education)

ESPE (Exercise Science and Performance Education) is a 4-year Health Science Program of Study intended for students interested in health-care careers such as athletic training, sports medicine, personal training and sports nutrition. Classes include Health Science Foundations, Health Science Anatomy & Physiology, Allied Health Assisting and Exercise Science. Students can earn multiple certifications, including the National Association of Sports Medicine (NASM) Certified Personal Trainer and Sports Nutrition Specialist

Health Science Foundations	
Course #	8417110
Grade Level	9-12
Length	1 year
Prerequisite	None
Credit	1
This course is part of the Secondary Health Core designed to provide the student with an in depth knowledge of the health care system and associated occupations. Emphasis is placed on communication and interpersonal skills, use of technology, ethics and the development of critical thinking and problem solving skills. Students may shadow professionals throughout the course.	

Health Science Anatomy & Physiology	
Course #	8417100
Grade Level	10-12
Length	1 year
Prerequisite	Health Science Foundations
Credit	1
This course is part of the secondary Health Core consisting of a study of the human body, both structurally and functionally with emphasis on the pathophysiology and transmission of disease. Medical terminology is an integral part of the course.
