Independent Auditor's Report

To the Board of Trustees
San Elizario Independent School District

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Elizario Independent School District (District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statements date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information, pension and other postemployment benefits information on pages 9 through 20 and 79 through 92 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the San Elizario Independent School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the required TEA schedules but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 5, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

This page is left blank intentionally.

The mission of the San Elizario Independent School District is to graduate students with innovative skills for 21st-century careers by focusing on academic and social skills, fostering transformative practices, and building community support through positive relationships between home and school.

A Proud Community of Champions – Soaring to Excellence!

Legal Requirements for Audit

Section 44.008 of the Texas Education Code requires that all school districts file an annual report with the Texas Education Agency within 150 days of the close of each fiscal year. The annual report must be prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental entities and must be audited by a firm of independent licensed certified public accounts.

The financial statements of the District for the fiscal year ended June 30, 2024 are enclosed and have been audited by Gibson, Ruddock, Patterson LLC.

THE ANNUAL FINANCIAL REPORT

The annual financial report consists of three components: *Management's Discussion & Analysis*, *Basic Financial Statements*, and *Required Supplementary Information*.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of San Elizario Independent School District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2024. Please read it in conjunction with the independent auditor's report and the District's Basic Financial Statements.

Financial Highlights

- The assets and deferred outflows of the District exceeded its liabilities and deferred inflows at the close of the fiscal year ended June 30, 2024 with a total ending net position \$6.4 million. (Exhibit A-1)
- The total fund balance for all the governmental funds at the close of the fiscal year was \$17.8 million. Of that \$17.8 million, \$16.8 million is accounted for in the general fund. (Exhibit C-1)
- Expenditures exceeded revenues in the general fund by approximately \$1.4 million. (Exhibit C-3). Of that amount, \$0.2 million was part of the child nutrition program which is accounted for in the general fund. (Exhibit J-2). The following one-time projects contributed to expenditures exceeding revenues as they were funded via the general fund
 - Current year additions included three school buses, a suburban, a jumbotron, lighting systems and fence improvements for high school baseball and softball fields, playground equipment and an outdoor fitness court with metal canopy for the Fernie Madrid Eagle Park, library renovations and cafeteria equipment.
- The General Fund actual revenues of \$40.1 million represent approximately 98.32% of the amended revenues of \$40.8 million, while actual expenditures of \$41.6 million represent approximately 96.01% of the amended expenditures of \$43.3 million. (Exhibit G-1)
- There were no current year financial statement findings and no current findings or questioned costs for federal awards. (Schedule of Findings and Questioned Costs)
- Regarding critical indicators for the FIRST rating, the auditor issued an unmodified opinion for the annual financial report and no material weaknesses were reported in internal controls over financial reporting and compliance for local, state and federal funds. (Independent Auditor's Report; Independent Auditor's Report on Internal Control; Independent Auditor's Report on Compliance)
- The District's 2023-24 FIRST rating based on fiscal year 2022-23 data was an 'A = Superior' with a score of 95 out of 100.

Overview of the Basic Financial Statements

The basic financial statements consist of (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements.

- (1) The government-wide financial statements report information about the District's overall financial condition and include the Statement of Net Position and the Statement of Activities. These provide information about the activities of the District taken as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. Together, they reflect the flow of total economic resources in a manner similar to the financial reports of a private enterprise.
 - a. The Statement of Net Position presents the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether the District's financial position is improving or deteriorating. To fully assess the overall health of the District, however, other nonfinancial factors such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities should also be considered.
 - b. The Statement of Activities details the change in net position of the District for the most recent fiscal year. In this statement, changes in net position are reflected as soon as the event occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal period (e.g., uncollected taxes and earned but unused vacation leave).
- (2) Fund financial statements report the District's operations in more detail than the government-wide statements by providing information about the District's most significant *funds* – not the District as a whole. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.
 - a. *Governmental funds*—Most of the District's basic services are reported in governmental funds. These funds use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. They reflect the flow of current financial resources and supply the basis for tax levies and budget appropriation. Government fund financial statements include those found on Exhibits C-1 and C-3.
 - b. *Proprietary funds*—The District reports the activities if it charges users (whether outside customers or other units of the District) in proprietary funds using the same accounting methods employed in the Statement of Net Position and the Statement of Activities. Internal service funds are used to accumulate and allocate costs for certain activities. The internal service funds are used to account for the activities of its self-funded insurance programs for health insurance and for worker's compensation insurance. Proprietary fund financial statements include those found on Exhibits D-1, D-2 and D-3.

- c. *Fiduciary funds* – The District is the trustee, or fiduciary, for certain funds and is responsible for ensuring that assets reported in these funds are used for the intended purpose. The fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. The activities of the high school student groups of the District's schools are reported here. Fiduciary fund financial statements include those found on Exhibits E-1 and E-2.
- (3) The notes to the financial statements provide narrative explanations or additional data needed for full disclosure in the government-wide statements and the fund financial statements which include the following sections:
- I. Summary of Significant Accounting Policies
 - II. Reconciliation of Government-wide and Fund Financial Statements
 - III. Detailed Notes on All Funds and Account Groups

Overview of Required Supplementary Information

A comparison between budget and actual amounts is included for the District's legally adopted general fund budget is located under Exhibit G-1.

Information regarding the Teacher Retirement System of Texas is included under Exhibits G-2, G-3, G-4, G-5 and accompanying notes.

The combining statements for non-major funds contain even more information about the District's *individual* funds and are located under Exhibits H-1, H-2, H-3, H-4 and H-5.

The section labeled *Other Information – Required TEA Schedules*, includes:

- The Schedule of Delinquent Taxes Receivable (Exhibit J-1)
- Budget and Actual for the Child Nutrition Program (Exhibit J-2)
- Budget and Actual for the Debt Service Fund (Exhibit J-3)
- Use of Funds Report – Select State Allotment (Exhibit J-4)

The section labeled *Federal Awards Section* contains data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants and includes:

- Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*
- Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance
- Schedule of Findings and Questioned Costs
- Schedule of Status of Prior Findings
- Schedule of Expenditures of Federal Awards and accompanying notes

Government-wide Financial Statement Analysis

GASB Statement #34 requires that the District present an analysis of comparative balances and changes therein as required by generally accepted accounting principles and discuss significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Total expenses exceeded total revenues on the Statement of Activities by \$639,467 and the ending total net position of \$6,498,338 is shown on the Statement of Net Position (Exhibit A-1 & Exhibit B-1).

The following tables show the District's net position and changes in net position:

Table A-1 The District's Net Position (<i>in thousands</i>)	Governmental Activities

Fund Financial Statement Analysis

Governmental Funds

The General Fund

The District's total fund balance for the General Fund (Exhibit C-1) is \$16,807,886 for the year ended 2024 and \$17,601,593 for the year ended 2023, representing a decrease of \$793,707 due to the following as noted on Exhibit C-3:

- Expenditures exceeded revenues by \$1,423,272
- Sale of real and personal property worth \$10,523
- Right-to-Use Lease and SBITA Proceeds worth \$619,042

The District's Child Nutrition Program operates one program that is reported in the general fund and another program that is reported as a special revenue fund. Expenditures exceeded revenues in fund 101 by \$235,936 (Exhibit J-2), while there was no activity in fund 242 (Exhibit H-2). The program ended with a combined fund balance of \$1,178,103 for 2024 compared to a combined fund balance of \$1,406,100 in 2023. As required by Texas Department of Agriculture, during FY 2024 the District spent down fund balance in the Child Nutrition Program.

The District does not have a formal fund balance policy designating a fund balance target, but management's goal is to follow TEA's three-month guideline as a basis. For the 2024-25 fiscal year, the District adopted a \$42,113,379 general fund budget that included \$3,535,000 worth of food service expenditures (function 35). The general fund budget excluding these food service expenditures is \$38,578,379. The calculation for the recommended fund balance estimate of a three-month average of operating expenditures is calculated as follows:

- $\$38,578,379 \text{ (budget)} / 12 \text{ (months)} \times 3 \text{ (months for recommended guideline)} = \$9,644,595$
- The unassigned fund balance in 2024 was \$13,873,184 (Exhibit C-1)

ESSER III Funds

The ESSER III grant includes funds for loss of learning along with various items that can be found on the district's plan for uses accessible at <https://www.seisd.net/departments/finance/essser>. The district spent \$3.7M in FY 2022, \$3.7M in FY 2023, and \$6.3M in FY 2024 along with \$1.7M in indirect costs throughout the grant period. The ESSER III grant ends September 30, 2024.

The Debt Service Fund

The ending fund balance in the District's Debt Service fund (Exhibit J-3) was \$379,737 for 2024, an increase from \$349,327 at the end of the prior fiscal year of 2023.

Debt Administration

At the end of the fiscal year, the District had approximately \$23.6 million outstanding in bonds payable, which is a decrease from the \$24.3 million outstanding from the previous year. Additional information regarding bonds payable can be found under Note H, Bonds Payable, within the *Detailed Notes on All Fund and Account Groups* section. San Elizario ISD continues to be among the lowest of Interest & Sinking tax rate in the area:

Capital Assets

At year-end, the capital assets of the District increased to \$92.9 million from the \$90.1 million at the end of the prior year. Current year additions included three school buses, a suburban, a jumbotron, lighting systems and fence improvements for high school baseball and softball fields, playground equipment and an outdoor fitness court with metal canopy for the Fernie Madrid Eagle Park, an E-Sports lab, cafeteria equipment and various additional items. Additional information regarding capital assets can be found under Note D, Capital Asset Activity, within the *Detailed Notes on All Fund and Account Groups* section.

The Capital Projects Fund

The ending fund balance for capital acquisition in the District's Capital Projects fund was \$394,316 (Exhibit H-1). All the original bond projects have been completed at a savings of approximately \$5 million which has been earmarked for additional projects within the scope of the bond proposition.

Proprietary Funds

In the District's Internal Service Funds, the total combined net position decreased to negative \$462 for 2024 from a positive net position of \$792,915 in 2023. The District has two internal service funds, one for Self-Insurance and one for Worker's Compensation. The Self-Insurance Fund had an operating loss of \$798,136 and the Worker's Compensation Fund had an operating loss of \$64,252 (Exhibit H-4). In October of 2024, the Board of Trustees directed the administration to proceed with TRS Active Care for the upcoming plan year beginning September 1, 2025.

Fiduciary Funds

The District is the trustee, or fiduciary, for money raised by student activities. All of the District's fiduciary activities are reported separately in the Statement of Fiduciary Net Position. We exclude these resources from the District's other financial statements because the District cannot use these assets to finance its operations. The District is only responsible for ensuring that the assets reported in these funds are used for their intended purposes. (Exhibits E-1 & E-2).

General Fund Budget Recap (Exhibit G-1)

The Board of Trustees adopted a general fund budget of \$43,684,219 on June 21, 2023. Over the course of the year, the District revised its general fund budget for several reasons to include:

- Transferring funds across function codes to properly account for expenditures in the correct area.
- Increase of appropriations for various reasons to include funds for the Student Council led renovation project, for classroom renovations to open a HOSA program and LED conversion projects in addition to funding additional Pathway of Champions Monuments for three new state winners, travel funds related to the implementation of AVID district wide and to fund the 1:1 School Resource Officer mandate.
- Transferring funds across function codes to implement GASB 96 for SBITAs.

The final amended budget at the end of the fiscal year was \$43,338,573.

Budgeted revenues were also revised to include the impact of local and state funding due to the increase in the homestead exemption, the decrease in federal funding due to revised SHARS reimbursement rates, unexpected insurance recovery proceeds and revised estimates for indirect costs charged to federal grants.

Economic Factors and Next Year's Budgets and Tax Rates

The 2024-25 budget was legally adopted by the Board of Trustees on June 25, 2024. Approximately 80% of the general fund revenues are generated from state sources with the majority of that being derived from the Per Capita and Foundation School Program Act Revenues. Due to the continued decline in enrollment, the District's budget was prepared without any projected increases in enrollment in an attempt to minimize budget shortfalls. In order to offset these continued revenues decreases, budget reductions will need to continue to be implemented, staffing levels will need to continue to be evaluated, and operational changes such as the recently approved attendance boundary changes (ABC) initiative will need to continue to be considered in an effort to continue reducing expenditures.

The adopted budget for the 2024-25 (tax year 2024) fiscal year was based on a Maintenance & Operations rate of \$0.7156 and an Interest & Sinking rate of \$0.1697 per \$100 of assessed valuation of property for a total rate of \$0.8853 compared to a total rate of \$0.8916 in the preceding 2023-24 (tax year 2023) year.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional information, contact the Chief Financial Officer at 1050 Chicken Ranch Road, San Elizario, Texas 79849, or call (915) 872-3900.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
JUNE 30, 2024

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$ 17,897,254
1 The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net effect of this consolidation is to decrease net position.	(462)
2 Capital assets, right-to-use lease assets and SBITAs used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$90,192,617 and the accumulated depreciation and amortization was (\$46,070,346). In addition, long-term liabilities, including bonds payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation and amortization) and long-term debt in the governmental activities is to increase net position.	14,926,479
3 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the capital outlays and debt principal payments is to increase net position. Similarly, the principal payments on right-to-use lease assets and SBITA assets are not expenses, rather they are decreases in the right-to-use lease liabilities and the SBITA liabilities. These payments must be reclassified and shown as reductions to these liabilities increasing net position.	3,956,926
4 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$8,019,609, a deferred resource inflow in the amount of \$1,668,530, and a net pension liability in the amount of \$17,811,006. This resulted in a decrease in net position.	(11,459,927)
5 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. The net position related to TRS a deferred resource outflow in the amount of \$4,258,732, a deferred resource inflow in the amount of \$13,118,101, and a net OPEB liability in the amount of \$7,338,519. This resulted in a decrease in net position.	(16,197,888)
6 The 2024 year depreciation and amortization expense increases accumulated depreciation and amortization. The net effect of the current year's depreciation and amortization is to decrease net position.	(3,336,990)
7 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, reclassifying the proceeds of bond sales as an increase in bonds payable, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase net position.	712,946
29 Net Position of Governmental Activities	\$ 6,498,338

The notes to the financial statements are an integral part of this statement.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2024

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$ (732,274)
The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The net income (loss) of internal service funds are reported with governmental activities. The net effect of this consolidation is to decrease net position.	(793,377)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2024 year capital outlays and debt principal payments is to increase the change net position. Similarly, current year principal payments on right-to-use leases and SBITAs are also reclassified as reductions to the right-to-use lease liability and the SBITA liability which will result in an increase in the change in Net Position.	4,100,961
Depreciation and amortization is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation and amortization is to decrease the change in net position.	(3,336,990)
Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable revenue from property taxes as revenue, adjusting current year revenue to show the revenue earned from the current year's tax levy, reclassifying the proceeds of bond sales, and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to increase the change in net position.	93,186
GASB 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$1,143,727. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in the change in net position totaling \$1,110,936. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense decreased the change in net position by \$1,793,275. The net result is an decrease in the change in net position.	(1,760,484)
GASB 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$238,850. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net OPEB liability. This caused a decrease in the change in net position totaling \$238,404. Finally, the proportionate share of the TRS OPEB expense on the plan as a whole had to be recorded. The net OPEB expense increased the change in net position by \$1,789,065. The net result is an increase in the change in net position.	1,789,511

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

San Elizario Independent School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the "Board") elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board, and it complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability System Resource Guide* (the "Resource Guide") and the requirements of contracts and grants of agencies from which it receives funds.

A. Reporting Entity

Because the Board of Trustees (the "Board") is elected by the public; has the authority to make decisions, appoint administrators and managers, and significantly influence operations; and has the primary accountability for fiscal matters; the District is not included in any other governmental "reporting entity" as defined by the Governmental Accounting Standards Board ("GASB").

The decisions to include or exclude a potential component unit in the reporting entity were made by applying standards contained in GAAP. The most primary standard for including or excluding a potential component unit is whether it is financially dependent on the reporting entity. The fiscal dependency criterion also requires that a financial benefit or burden relationship be present in order for a potential component unit to be included in the financial reporting entity. Other manifestations of the ability to exercise oversight responsibility include, but certainly are not limited to, the selection of the governing authority, the designation of management, the ability to materially influence operations and accountability for fiscal matters. The second standard used to evaluate potential component units is the scope of public services. Application of this standard entails considering whether the activity benefits the District or whether the activity is conducted within the geographic boundaries of the District and is generally available to its citizens. The third standard involved in evaluating whether potential component units are included or excluded from the reporting entity is the existence of special financing relationships, regardless of whether the District is able to exercise oversight responsibilities.

The above standards were applied to the San Elizario Independent School District Public Facilities Corporation (Corporation), and the District determined that it is a component unit of the District.

San Elizario Independent School District Public Facilities Corporation (PFC)

In 1998, the Board of Trustees adopted a resolution approving the creation of the San Elizario Independent School District Public Facilities Corporation for the purpose of constructing school facilities and leasing those facilities to the District. The balances, if any, included in these financial statements related to the PFC are as of June 30, 2024, and are presented in the appropriate capital asset accounts.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the District's nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, charges to school districts for services, state funds, grants, and other intergovernmental revenues.

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement category represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For pensions and OPEB, these outflows result from pension plan and OPEB contributions made after the measurement date of the net pension and OPEB liabilities and the net differences between projected and actual earnings on pension and OPEB plan investments; results of changes in actuarial assumptions; differences between expected and actual economic experiences; and changes in the District's proportional share of net pension and OPEB liabilities. The deferred outflows of resources related to pensions and OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension and OPEB liabilities in the next fiscal year. The other pension and OPEB related deferred outflows will be amortized over a systematic and rational method over a closed period.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement category represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For pensions and OPEB, these inflows result from pension plan and OPEB changes in actuarial assumptions; differences between expected and actual economic experiences; and changes in the District's proportional share of net pension and OPEB liabilities. These inflows will be amortized over a systematic and rational method over a closed period.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. The Plan's fiduciary net position has been determined on the same basis as that used by the Plan. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and addition to/deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs through program revenues. The “charges for services” column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Direct expenses are those that are clearly identifiable with a specific function or segment. Examples of program revenues include tuition paid by students not residing in the district, school lunch charges, etc. The “grants and contributions” column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District’s functions. Taxes are always general revenues.

Interfund activities between governmental funds and between governmental and proprietary funds appear as due to/due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions between governmental funds and between governmental and internal service funds are eliminated on the government-wide statements. Interfund activities between governmental funds and fiduciary funds remain as due to or due from on the government-wide Statement of Net Position.

The fund financial statements report on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental funds as major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. All other revenues and expenses are nonoperating.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property Taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, deferred inflows of resources, and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, leases and SBITAs, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The District considers all revenues, except for property tax revenue, available if they are collectible within one year after year end. School Health and Related Services (SHARS) revenue is recognized as revenue when it is earned and when the annual Cost Report is acknowledged by the Texas Health and Human Service Commission.

Revenues from local sources consist primarily of property taxes, services provided to districts and teachers, and investment income. Revenues received from the State are recognized under the susceptible -to- accrual concept, that is, when they are both measurable and available. The District considers property tax revenue available if it will be collected within 60 days of the end of the fiscal year. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Unavailable revenue from property taxes arises only under modified accrual basis of accounting. The governmental funds report this unavailable revenue as deferred inflow of resources, which is recognized as revenue in the period that the amounts become available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors some times require the District to refund all or part of the unused amount.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. Within this measurement focus, assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the fund Statement of Net Position. The fund equity is segregated into investment in capital assets net of related debt, restricted, and unrestricted.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Fund Accounting

The District reports the following major governmental fund:

1. General Fund - The general fund is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. Elementary and Secondary School Emergency Relief (ESSER) III (Special Revenue fund) - The ESSER III fund is used to account for the American Rescue Plan Act funds awarded to the District by TEA.

Additionally, the District reports the following fund types:

GOVERNMENTAL FUNDS:

1. Special Revenue Funds - The District accounts for resources restricted for specific purposes by a grantor in a special revenue fund. Most Federal and State financial assistance is accounted for in a Special Revenue Fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.
2. SEISD Public Facilities Corporation (PFC) - If this entity had activity, a special revenue fund would be utilized for the District's component unit.
3. Debt Service Fund - The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.
4. Capital Projects Fund- The proceeds from long-term debt financing will be used to construct, renovate, acquire and equip school buildings in the District and pay any associated costs.
5. Permanent Funds - Account for donations for which the donor has stipulated that the principal may not be expended and where the income may only be used for purposes that support the District's programs. The District has no permanent funds.

PROPRIETARY FUNDS:

6. Enterprise Funds - The District's activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities are accounted for in an enterprise fund. The District has no enterprise funds.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Internal Service Funds - These funds are used to account for financing of goods or services provided by one department to other departments of the District on a cost-reimbursement basis. The District's internal service funds are the self-insurance health and worker's compensation funds.

FIDUCIARY FUNDS:

8. Private Purpose Trust Fund - This fund is used to report all fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds or investment trust funds and are held in a trust. The District has no Private Purpose Trust Fund.
9. Pension (and Other Employee Benefit) Trust Funds - These funds are used to report fiduciary activities for pensions plans and OPEB plans that are administered through trusts and other employee benefit plans for which resources are held in a trust. The District has no Pension Trust Funds.
10. Investment Trust Fund - This fund is used to report fiduciary activities from the external position of investments pools and individual investment accounts that are held in a trust. The District has no investment trust funds.
11. Custodial Funds - These funds are used to report fiduciary activities that are not required to be reported in pension (and other employee benefit) trust funds, investment trust funds, or private purpose trust funds. The District's custodial fund is the Student Activity Fund and consists of funds that are the property of students and others and cannot be used in the District in operations.

E. Other Accounting Policies

1. For purposes of the statement of cash flows for proprietary and similar fund-types, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. Investments with an original maturity greater than one year from date of purchase are stated at fair value based on quoted market prices as of year end, except for nonparticipating interest-earning investment contracts which are reported at cost. Investments with an original maturity of less than one year are reported at amortized cost, which approximates fair value.
3. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.
5. The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers' acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. Management asserts that the District is in substantial compliance with the requirements of the Act and with local policies.
6. Additional policies and contractual provisions governing deposits and investments for the District are specified below:

Credit Risk:

Deposits - The District is not exposed to credit risk.

Temporary Investments - To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations, the District limits investments in public funds investment pools to those that have received top ratings issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2024, the District's investments in LoneStar Investment Pool were rated AA+ and AA, and Texas CLASS investments were rated AA by Standard & Poors.

Custodial Credit Risk:

Deposits - State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. Since the District complies with this law, it has minimal custodial credit risk for deposits.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Temporary Investments - To limit the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party, the District requires counterparties to register the securities in the name of the District and hand them over to the District or its designated agent. This includes securities in securities lending transactions. Investment pools are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book-entry form.

Concentration of Credit Risk:

Deposits - The District is not exposed to concentration of credit risk.

Temporary Investments - To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the District's policy states that the portfolio must be diversified. Concentration of Credit Risk is not applicable to investment pools since the purpose of these pools is to diversify the District's investment portfolio.

Interest Rate Risk:

Deposits - The District is not exposed to interest rate risk.

Temporary Investments - To limit the risk that changes in interest rates will adversely affect the fair value of the investments, the District requires its investment portfolio to have maturities of less than one year on a weighted average maturity (WAM) basis.

Foreign Currency Risk:

Deposits - The District attempts to limit the risk that changes in exchange rates will adversely affect a deposit by avoiding deposits denominated in a foreign currency.

Temporary and Long-term Investments - The District attempts to limit the risk that changes in exchange rates will adversely affect the fair value of an investment by avoiding investment pools or securities which are denominated in a foreign currency.

7. Inventories of supplies on the balance sheet are reported at weighted average cost and they include food and non-food supplies, consumable maintenance, instructional, office, athletic, and transportation items. Supplies are recorded as expenditures when they are consumed. Inventories of food commodities are recorded at market values supplied by the Texas Department of Agriculture. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Agriculture and recorded as inventory and unearned revenue when received. When requisitioned, inventory and unearned revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. In the government-wide financial statements, long-term debt, right-to-use lease liabilities, subscription based information technology agreements, and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type Statement of Net Position. When applicable, premiums and discounts are presented as a component of liabilities while deferred losses on refundings are presented as deferred outflows of resources. Both items are deferred and amortized over the life of the related debt using the straight line method. Long-term debt is reported net of the applicable premium or discount. The right-to-use lease liability is reported in the government wide statements and in proprietary fund statements, if any. The lease liability is calculated as the present value of the reasonably certain expected payments to be made over the term of the lease and the interest included in the lease payment is recorded as an expense. Subscription based information technology agreements (SBITA) liability is reported in the government-wide statements and in proprietary fund statements, if any. The subscription liability is calculated as the present value of the subscription payments expected to be made during the subscription term of the agreement and the interest included in the subscription payment is recorded as an expense.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, and new right-to-use lease arrangements and new SBITAs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. For new right-to-use leases and SBITAs, the initial measurement is reported in governmental fund types as an other source during the current period. Payments are reported as principal and interest payments during the reporting period in the fund level statements.

9. It is the District's policy to permit some employees to accumulate earned but unused vacation and sick pay benefits. The District currently does not have a policy to pay any amounts related to unpaid accumulated sick leave when employees separate from service with the District.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

10. Capital assets, which include land, buildings, furniture and equipment, and right-to-use assets, are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life (or lease/SBITA term) in excess of one year. Land, building, furniture, and equipment are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the acquisition value at the date of the receipt.

Right-to-use assets are recorded at the present value of their future payments over the non-cancelable agreement. In a governmental fund, the full amount of the right-to-use asset is reported as an expenditure in the year the agreement is executed.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment are depreciated using the straight line method over the following estimated useful lives. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset. When a lease contains a purchase option the District chooses to exercise, the lease asset is amortized over the useful life of the underlying asset. The amortization expense is combined with depreciation expense for financial reporting purposes. SBITAs are amortized in systematic and rational manner over the shorter of the subscription agreement or the useful life of the underlying asset. The amortization expense is combined with depreciation expense for financial reporting purposes.

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	40
Vehicles	10
Other Equipment	10
Computer Equipment	10

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

11. Net Position on the Statement of Net Position includes the following:

Net Investment in Capital Assets - this component of net position consists of capital assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, leasing, or improvement of those assets or related debt will be included in this component of net position.

Restricted for Federal and State Programs - this component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, which are restricted by federal and state granting agency(s).

Restricted for Debt Service - this component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. The assets arise from bond issuance which have constraints placed on them by the bond covenant(s) for the purpose of future debt service payments.

Restricted for Campus Activities - this component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, which are restricted transactions related to a principal or student activity fund.

Restricted for Scholarships - this component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, which are restricted transactions related to scholarships.

Unrestricted Net Position - this component of net position is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District considers restricted resources to have been spent.

12. The District reports the following fund balance categories which describe the nature and relative strength of the spending constraints:
- **Non-spendable** - Represents amounts that are not in spendable form or are legally or contractually required to be maintained intact, such as inventories.
 - **Restricted Fund Balance** - Represents amounts that are restricted to specific purposes, with constraints placed on the use of resources by (a) external creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or (c) enabling legislation.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Committed Fund Balance** - Represents amounts that are restricted for purposes which the Board of Trustees, the District's highest level of decision-making authority, has designated their use. These amounts are committed through a formal resolution, requiring funds to be used only for specific purposes. These amounts can only be re-allocated by the same formal action that was taken to originally commit those amounts. The Board of Trustees shall take action to commit funds for a specific purpose prior to the end of the fiscal year.
- **Assigned Fund Balance** – Represents amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The governing body has delegated authority to the Superintendent or designated managers. Should the Board opt not to commit any balances, it will implicitly defer to the designees to make appropriate assignments.
- **Unassigned Fund Balance** – Represents amounts that are available for any purpose and have not been restricted, committed, or assigned for specific purposes. Positive amounts are reported only in the general fund.

The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of a formal resolution. Assigned fund balance is established by the Superintendent or designated managers through adoption or amendment of the budget as intended for specific purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed amounts, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes of which amounts in any of those unrestricted fund balance classifications could be used, unless the Board of Trustees or designee's have provided otherwise in its commitment or assignment actions.

13. Since internal service funds support the operations of governmental funds, they are consolidated with the governmental funds in the government-wide financial statements. The expenditures of governmental funds that create the revenues of internal service funds are eliminated to avoid "grossing up" the revenues and expenses of the District as a whole.
14. The District sponsors self-insured plans to provide health care benefits to employees and their dependents and worker's compensation benefits to employees. Revenues of these internal service funds are received from both the District's governmental funds and premiums charged to employees. Expenses are comprised of claims incurred during the fiscal year, professional and contracted services and other miscellaneous expenses. The General Fund is contingently liable for liabilities of these funds.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

15. The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide* (FASRG). Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a Statewide data base for policy development and funding plans.
16. The District receives substantial amounts of funding from special revenue sources. The majority of this money is cost reimbursement to the District by the federal government or Texas Education Agency. The portion of revenue allowable for indirect cost is credited as revenue to the General Fund and as a reduction to revenue in the Special Revenue Fund, as appropriate. The indirect cost revenue is fully allocated to function 41 in the Statement of Activities as operating grants and contributions.
17. In accordance with the Resource Guide, the District has adopted and installed an accounting system which meets as least the minimum requirements prescribed by the Texas State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure presented in the Resource Guide. Mandatory codes are recorded in the order provided in the Resource Guide.
18. Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to the property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.
19. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

- F. The District implemented GASB No. 100, *Accounting Changes and Error Corrections - an amendment of GASB No. 62*. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections and to provide more understandable, reliable, relevant, consistent, and comparable information for making or assessing accountability. The implementation of this Statement did not have an impact in the presentation of the financial statements or disclosures.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the Net Position for governmental activities as reported in the government-wide statement of Net Position. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including bonds payable, right-to-use lease liabilities, SBITA liabilities and the District's proportionate share of the net pension and OPEB liabilities are not due and payable in the current period and are not reported as liabilities in the funds.

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in fund balances and the changes in Net Position of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements, but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both net position and the change in net position.

Another element of the reconciliation on Exhibit C-4 described as "various other reclassifications and eliminations" is necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. This includes recognizing property tax revenue considered available, recognizing accruals of interest on long-term debt, and recognizing internal service fund activity. In addition, certain pension and OPEB expenditures were de-expended, and the District recorded their proportionate share of the pension and OPEB expense. These adjustments are necessary to convert from the modified accrual basis of accounting to the full accrual basis of accounting.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

At June 30, 2024 the carrying amount of the District's deposits (cash, certificates of deposit, and interest-bearing savings accounts, including the fiduciary funds' cash, and internal service funds cash) was \$197,570 and the bank balance was \$526,953. The Districts' cash deposits at June 30, 2024 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a. Depository: Wells Fargo Bank
- b. The market value of bonds and securities pledged as of the date of the highest combined balance on deposit was \$1,628,067.
- c. The highest combined balances of cash, savings, and time deposit accounts amounted to \$1,676,432 and occurred during the month of August 2023.
- d. Total amount of FDIC coverage at the time of the largest combined balance was \$500,000.

Due to the immediate availability of the funds, the District's temporary investments are presented as cash as of June 30, 2024 and, include the following:

	<u>Account Balance</u>
Lone Star Investment Pool	
Government Overnight Fund - amortized cost	\$ 3,398,601
Corporate Overnight Fund - amortized cost	1,469,877
Corporate Overnight Plus Fund - fair value	6,856,597
Texas CLASS - fair value	<u>3,511,801</u>
Total	<u><u>\$ 15,236,876</u></u>

The Lone Star Investment Pool is a member owned, member-governed public funds investment pool. It is managed by an eleven member Board of Trustees and the Board is authorized to adopt and maintain bylaws. There is also an Advisory Board composed of participants that gathers and exchanges information from participants relating to the operation of the Pool. Each fund within the Pool has received the highest rating, that of AAA, from Standard & Poor's as required by the Public Fund's Investment Act. Each fund seeks to maintain a net asset value of one dollar. Lone Star Investment Pool issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by calling Lone Star at 1-800-558-8875. Texas Class (Texas Cooperative Liquid Assets Securities System Trust) is a pooled investment program administered by the Public Trust Advisors, LLC and has received the highest rating, that of AAA, from Standard & Poor's as required by the Public Fund's Investment Act. Texas Class is governed by the Board of Trustees which has appointed an Advisory Board composed of Participants and other persons who are qualified to advise the Trust. Each fund seeks to maintain a net asset value of one dollar. Texas Class issues a publicly available financial report that includes financial statements. The report may be obtained online at www.texasclass.com.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

For those pools measured at amortized cost, management is not aware of the presence of any limitations or restrictions on withdrawals such as redemption notice periods, maximum transaction amounts, or the investment pool's authority to impose liquidity fees or redemption gates.

B. Due from Other Governments

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. A majority of the federal grants are passed through the TEA. Amounts due from federal and state governments as of June 30, 2024, are summarized below.

	General Fund	ESSER III	Non-Major Governmental Funds	Total
Federal Grants	\$ 340,623	\$ 2,197,016	\$ 893,558	\$ 3,431,197
State Entitlements/Grants	3,377,147	-	140,252	3,517,399
Total	<u>\$ 3,717,770</u>	<u>\$ 2,197,016</u>	<u>\$ 1,033,810</u>	<u>\$ 6,948,596</u>

C. Interfund Balances

Interfund balances are the result of normal operations and are cleared out periodically. Management intends to pay out these balances within one year. Interfund balances at June 30, 2024 consisted of the following individual fund balances:

	Due from Other Funds	Due to Other Funds
General Fund:		
ESSER III	\$ 1,856,446	\$ -
Non-Major Governmental Funds	762,880	560,532

H. Bonds Payable

A summary of changes in the bonds payable for the year ended June 30, 2024 is as follows:

Bonded Indebtedness:	Interest Rate and Maturity Date	Original Issue	Interest Current Year	Beginning Balance	Issued	Retired	Ending Balance	Due Within One Year
Unlimited Tax Refunding Bonds-Series 2021								
Serial bonds	1.47% - 2.1% 5/1/2033	\$ 4,790,000	\$ 156,263	\$ 4,645,000	\$ -	\$ 65,000	\$ 4,580,000	\$ 70,000
Current interest term bonds	1.47% - 2.1% 5/1/2033	420,000	-	420,000	-		420,000	-
Capital appreciation bonds	5/1/2028	355,000	-	355,000	-		355,000	-
Unlimited Tax School Building Bonds-Series 2015	3.375% - 6.0% 5/1/2045	27,905,000	727,150	18,940,000	-	675,000	18,265,000	705,000
Total			883,413	24,360,000	\$ -	740,000	23,620,000	775,000

On December 1, 2021, the District issued Unlimited Tax Refunding Bonds, Series 2021 in the amount of \$5,565,000. The bonds and interest are payable on May 1 and November 1 of each year, commencing on May 1, 2022 and ending on May 1, 2033. The bonds were issued to refund portions of the Unlimited Tax Refunding Bonds Series 2015 and to pay the cost associated with the issuance sale of the bonds. As a result, \$5,565,000 of the 2015 Series bonds are considered to be defeased and not presented in these financial statements. The amount of defeased debt still outstanding at June 30, 2024 was \$5,565,000 and the related escrow balance was \$5,574,809.

Debt service requirements for bonds are as follows:

Year Ending June 30,	Principal (Unlimited Bond Series)	Interest (Unlimited Bond Series)	Total Requirements
2025	\$ 775,000	\$ 848,707	1,623,707
2026	810,000	812,428	1,622,428
2027	850,000	774,399	1,624,399
2028	355,000	1,274,370	1,629,370
2029	890,000	734,370	1,624,370
2030-2034	4,995,000	3,170,030	8,165,030
2035-2039	6,075,000	2,315,244	8,390,244
2040-2044	7,255,000	1,137,569	8,392,569
2045	1,615,000	60,563	1,675,563
Total	\$ 23,620,000	\$ 11,127,680	\$ 34,747,680

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions at June 30, 2024. For the year ended June 30, 2024, the District paid \$883,413 in interest costs related to bonds payable.

I. Right-to-Use Leases

In June of 2023, the District executed a lease for copiers throughout the District for a term of 3 years with monthly payments of \$7,541. Management utilized a 5% interest rate to calculate the net present value of the lease. The right-to-use lease asset is being amortized over the remaining term of the lease using the straight-line method.

In May of 2024, the District executed a lease for servers and networks throughout the District for an original term of 5 years with monthly payments of \$3,375. The agreement allows the District to extend for 3 periods of 5 years each. Management expects to exercise all extensions in the agreement. Further, management utilized a 5% interest rate to calculate the net present value of the lease. The right-to-use lease asset is being amortized over the expected term of the lease using the straight-line method.

Debt service requirements for Right-to-Use Leases are as follows:

Year Ending June 30,	Principal	Interest	Total Requirements
2025	\$ 99,205	\$ 31,787	\$ 130,992
2026	104,281	26,711	130,992
2027	17,021	23,479	40,500
2028	17,892	22,608	40,500
2029	18,807	21,693	40,500
2030-2034	109,494	93,006	202,500
2035-2039	140,520	61,980	202,500
2040-2044	173,573	22,177	195,750
TOTAL	\$ 680,793	\$ 303,441	\$ 984,234

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

J. Subscription Based Information Technology Agreements (SBITA)

The District has executed various agreements for software, licenses, educational instruction, data management, etc. to be used throughout the District for terms of 3 - 5 years. The District recorded subscription based information technology agreement assets and the related liabilities. Management utilized a 5% interest rate to calculate the net present value. The SBITA assets are being amortized over the remaining term of the agreement using the straight-line method. Debt service requirements for SBITAs are as follows:

Year Ending June 30,	Principal	Interest	Total Requirements
2025	\$ 72,983	\$ 3,544	\$ 76,527
2026	56,402	550	56,952
TOTAL	<u>\$ 129,385</u>	<u>\$ 4,094</u>	<u>\$ 133,479</u>

K. Rebatable Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. Arbitrage is evaluated and estimated on an annual basis by a third party company. The company has estimated no liability for the District as of June 30, 2024.

L. Accumulated Unpaid Vacation and Sick Leave

Sick leave is available at the beginning of the year. The actual liability may increase or decrease due to teachers moving into and out of the district, and either using or accumulating more sick leave. Additionally, the Board of Trustees may change the District's policy with respect to accrued benefits.

The balance of accumulated unpaid vacation and sick leave at June 30, 2024 was \$2,416,169. The estimated payment due within one year is \$1,985,765. The remainder balance of \$430,405 is presented as other long-term liabilities in these financial statements. A summary of changes in the accumulated sick leave and vacation leave liability follows:

	Sick and Vacation Leave
Balance, June 30, 2023	\$ 2,507,525
Additions - New Entrants and Salary Increments	1,619,843
Deductions and corrections - Payments to Participants	<u>(1,711,199)</u>
Balance, June 30, 2024	<u>\$ 2,416,169</u>

The District does not pay any accrued sick leave or vacation leave upon retirement or death, unless special consideration is given by the Superintendent and the Board of Trustees.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

M. Defined Benefit Pension Plan

Plan Description: The District participates in a cost-sharing multiple-employer defined benefit pension plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position: Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/TRS%20Documents/2023%20ACFR%20Final%2011-20-2023.pdf>; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided: TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Contributions: Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2019 through 2024.

	<u>Contribution Rates</u>	
	<u>Plan Fiscal Year</u>	
	<u>2023</u>	<u>2024</u>
Member	8.00%	8.25%
Non-Employer Contributing Entity (State)	8.00%	8.25%
Employers	8.00%	8.25%

<u>Contributions Required and Made</u>	
2024 Employer Contributions	\$ 1,365,497
2024 Member Contributions	2,257,572
2023 Plan Year NECE On-Behalf Contributions (State)	1,269,916

Contributors to the plan include active members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies, including TRS. In each respective role, the State contributes to the plan in accordance with State Statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.

Included in the employer contributions amount listed above for fiscal year 2024, the District paid \$37,176 in retiree surcharges and \$408,776 for the Public Education Employer Contribution. These two additional surcharges an employer is subject to are summarized as follows:

- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- All public schools, charter schools and regional education service centers must contribute 1.8 percent of the member's salary beginning in fiscal year 2023, gradually increasing to 2 percent in fiscal year 2025.

Actuarial Assumptions: The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total pension liability to August 31, 2023. The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the four year period ending August 31, 2021 and were adopted in July 2022. The following table discloses the assumptions that were applied to this measurement period:

Valuation Date	August 31, 2022 rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.00%

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Mortality Assumption	The active mortality rates were based on the PUB (2010), Amount-Weighted, Below-Median Income, Teacher, Male and Female tables, with a 2-year set forward for male. The rates are projected on a fully generational basis by the long-term rates of scale UMP 2021 to account for future mortality improvements. The post-retirement mortality rates were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates are projected on a fully generational basis by Scale UMP 2021, but with immediate convergence, to account for future mortality improvements.
Long-term expected Investment Rate of Return	7.00%
Municipal Bond Rate as of August 2023	4.13%. - The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index"
Last year ending August 31 in Projection Period (100 years)	2122
Inflation	2.30%
Salary Increases	2.95% to 8.95% including inflation
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. For a full description of these assumptions please see the actuarial valuation report dated November 22, 2022.

Discount Rate: A single discount rate of 7.00 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on pension plan investments of 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 9.50 percent of payroll in fiscal year 2024 increasing to 9.56 percent of payroll in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.00 percent and was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2023 are summarized below:

Asset Class*	Target Allocation %**	Long-Term Expected Geometric Real Rate of Return***	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.00%	4.00%	1.00%
Non-U.S. Developed	13.00%	4.50%	0.90%
Emerging Markets	9.00%	4.80%	0.70%
Private Equity*	14.00%	7.00%	1.50%
Stable Value			
Government Bonds	16.00%	2.50%	0.50%
Absolute Return*	0.00%	3.60%	0.00%
Stable Value Hedge Funds	5.00%	4.10%	0.20%
Real Return			
Real Estate	15.00%	4.90%	1.10%
Energy, Natural Resources and Infrastructure	6.00%	4.80%	0.40%
Commodities	0.00%	4.40%	0.00%
Risk Parity	8.00%	4.50%	0.40%
Asset Allocation Leverage			
Cash	2.00%	3.70%	0.00%
Asset Allocation Leverage	-6.00%	4.40%	-0.01%
Inflation Expectation			2.30%
Volatility Drag****			-0.90%
Total	100.00%		8.00%

*Absolute Return includes Credit Sensitive Investments.

**Target allocations are based on the FY2023 policy model.

***Capital Market Assumptions come from Aon Hewitt (as of 6/30/2023).

****The volatility drag results from conversion between arithmetic and geometric mean returns.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Discount Rate Sensitivity Analysis: The following table presents the net pension liability of the plan using the discount rate of 7.00 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate.

	1% Decrease 6.00%	Current Single Discount Rate 7.00%	1% Increase 8.00%
District's proportionate share of the net pension liability	\$ 26,628,440	\$ 17,811,006	\$ 10,479,304

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At June 30, 2024, the District reported a liability of \$17,811,006 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

The District's proportionate share of the collective net pension liability	\$ 17,811,006
State's proportionate share that is associated with the District	<u>16,970,223</u>
Total	<u><u>\$ 34,781,229</u></u>

The net pension liability was measured as of August 31, 2022 and rolled forward to August 31, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2022 through August 31, 2023.

At August 31, 2023 the employer's proportion of the collective net pension liability was 0.0259294141% which was an increase of 0.0030713901% from its proportion measured as of August 31, 2022.

Changes of Assumptions Since the Prior Actuarial Valuation: The actuarial assumptions and methods are the same as used in the determination of the prior year's net pension liability.

Changes in Benefit Provisions Since the Prior Measurement Date: The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS. In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

For the year ended June 30, 2024, the District recognized pension expense of \$2,562,357 and revenue of \$2,562,357 for support provided by the State.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

The amount of pension expense recognized by the District in the reporting period was \$5,688,338

At June 30, 2024, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 634,612	\$ 215,672
Changes in actuarial assumptions	1,684,572	412,253
Net difference between projected and actual investment earnings	2,591,934	-
Changes in proportion and difference between District's contributions and proportionate share of contributions	1,964,764	1,040,605
District contributions to TRS subsequent to the measurement date	1,143,727	-
Total	<u>\$ 8,019,609</u>	<u>\$ 1,668,530</u>

The \$1,143,727 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025.

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	Pension Expense
2025	\$ 999,759
2026	689,217
2027	2,335,825
2028	950,933
2029	231,618
Thereafter	-
	<u>\$ 5,207,352</u>

Changes in Net Pension Liability:

	Beginning Balance	Additions	Reductions	Ending Balance
Net Pension Liability	<u>\$ 13,570,221</u>	<u>\$ 5,573,619</u>	<u>\$ 1,332,834</u>	<u>\$ 17,811,006</u>

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Payable to the Pension Plan: At June 30, 2024, the District reported a payable of \$308,829 to the pension plan for the outstanding amount of contractually required contributions related to past service costs. Member contributions included in this payable were \$192,329.

N. Defined Other Post-Employment Benefit Plan

Plan Description: The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position: Detail information about the TRS-Care's fiduciary net position is available in the separately-issued TRS Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/TRS%20Documents/2023%20ACFR%20Final%2011-20-2023.pdf>; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided: TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

TRS-Care Monthly Plan Premium Rates			
	Medicare		Non-Medicare
Retiree or Surviving Spouse	\$	135	\$ 200
Retiree and Spouse		529	689
Retiree or Surviving Spouse and Children		468	408
Retiree and Family		1,020	999

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Contributions: Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based on active employee compensation. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65 percent of salary. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public or charter school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contributions Rates</u>	
	2023	2024
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
2024 Employer Contributions	\$ 287,970	
2024 Member Contributions	178,795	
2023 Plan Year NECE On-behalf Contributions (State)	346,979	

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to, regardless of whether or not they participate in the TRS-Care OPEB program. When employers hire a TRS retiree, employers are required to pay TRS-Care a monthly surcharge of \$535 per retiree. During the year ended June 30, 2024, the District paid \$2,140 in retiree surcharges

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$21.3 million in fiscal year 2023 provided by Rider 14 of the Senate Bill GAA of the 87th Legislature. These amounts were re-appropriated from amounts received by the pension and TRS-Care funds in excess of the state's actual obligation and then transferred to TRS-Care.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Actuarial Assumptions: The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2023. The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2021. The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2022 pension actuarial valuation that was rolled forward to August 31, 2023:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Salary Increases
Rates of Disability Incidence	

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2022 rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry-Age Normal
Inflation	2.30%
Single Discount Rate	4.13% as of August 31, 2023
Salary Increases	2.95% to 8.95%, including inflation
Demographic Assumptions	The rates of mortality, retirement, termination and disability incidence are identical to the assumptions used to value the pension liabilities of TRS. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2021.
Mortality Assumption	The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables with full generational projection using the ultimate rates of Scale MP 2021. The active mortality rates were based on PUB(2010) Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males), also with full generational mortality using the ultimate rates of Scale MP 2021.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Health Care Trend Rates	Initial medical trend rates of 7.75% for Medicare retirees and 7.00% for non-Medicare retirees. Initial prescription drug trend rate of 7.75% for all retirees. Initial trend rates decrease to an ultimate trend rate of 4.25% over a period of 12 years.
Election Rates	Normal Retirement: 62% participation prior to age 65 and 25% participation after age 65; 30% of pre-65 retirees are assumed to discontinue coverage at age 65
Aging Factors	Based on plan specific experience.
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Ad hoc post-employment benefit changes	None
Other Information:	
Notes	Assumption changes include a discount rate change from 3.91% as of August 31, 2022 to 4.13% as of August 31, 2023, and revised demographic and economic assumptions based on the TRS experience study.

Discount Rate: A single discount rate of 4.13 percent was used to measure the total OPEB liability. This was an increase of 0.22 percent in the discount rate since the previous year. Because the investments are held in cash and there is no intentional objective to advance fund the benefits, the single discount rate is equal to the prevailing municipal bond rate.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2023 using the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax exempt municipal bonds.

Discount Rate Sensitivity Analysis: The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used in measuring the Net OPEB Liability.

	1% Decrease 3.13%	Current Single Discount Rate 4.13%	1% Increase 5.13%
District’s proportionate share of the Net OPEB Liability:	\$ 8,643,248	\$ 7,338,519	\$ 6,273,830

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Healthcare Cost Trend Rates Sensitivity Analysis: The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1 percent less than and 1 percent greater than the health trend rates assumed.

	1% Decrease in Healthcare Trend Rate	Current Single Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
District's proportionate share of the Net OPEB Liability:	\$ 6,042,904	\$ 7,338,519	\$ 9,005,334

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs: At June 30, 2024, the District reported a liability of \$7,338,519 for its proportionate share of the TRS-Care's net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

The District's proportionate share of the collective Net OPEB Liability	\$ 7,338,519
State's proportionate share that is associated with the District	<u>8,855,052</u>
Total	<u>\$ 16,193,571</u>

The net OPEB liability was measured as of August 31, 2022 and rolled forward to August 31, 2023 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB Liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2022 through August 31, 2023.

At August 31, 2023 the employer's proportion of the collective net OPEB liability was 0.0331485155%, which was an increase of 0.0029822323% from its proportion measured as of August 31, 2022.

Changes Since the Prior Measurement Date— The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period:

- The single discount rate changed from 3.91 percent as of August 31, 2022 to 4.13 percent as of August 31, 2023, accompanied by revised demographic and economic assumptions based on the TRS experience study.

Changes of Benefit Terms Since the Prior Measurement Date - There were no changes in benefit terms since the prior measurement date.

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

For the year ended June 30, 2024, the District recognized OPEB expense of \$(1,893,023) and revenue of \$1,893,023 for support provided by the State.

The amount of OPEB expense recognized by the District in the reporting period was \$(3,394,564).

At June 30, 2024, the District reported its proportionate share of the TRS-Care's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits (OPEB) from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 332,012	\$ 6,173,974
Changes in actuarial assumptions	1,001,654	4,493,570
Difference between projected and actual investment earnings	3,171	-
Changes in proportion and difference between the District's contributions and the proportionate share of contributions	2,683,045	2,450,557
Contributions paid to TRS-Care subsequent to the measurement date	238,850	-
Total	<u>\$ 4,258,732</u>	<u>\$ 13,118,101</u>

The \$238,850 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025.

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	OPEB Expense
2025	\$ 2,112,324
2026	1,775,741
2027	1,320,063
2028	1,521,828
2029	1,193,263
Thereafter	<u>1,175,000</u>
	<u>\$ 9,098,219</u>

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Changes in Net OPEB Liability:

	Beginning Balance	Additions	Reductions	Ending Balance
Net OPEB Liability	\$ 7,223,016	\$ 403,058	\$ 287,555	\$ 7,338,519

Payable to the OPEB Plan: At June 30, 2024, the District reported a payable of \$39,486 to the OPEB plan for the outstanding amount of contractually required contributions related to past service costs. Member contributions included in this payable were \$15,153.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. Medicare Part D contributions made on behalf of the District's employees for the year ended June 30, 2024, 2023, 2022 and 2021 were \$154,804, \$148,220, \$105,843 and \$112,109, respectively. These amounts are recorded as equal revenues and expenditures in the governmental fund financial statements of the District.

O. Health Care Coverage

The District began its own self funded insurance program effective September 1, 2001 with respect to health insurance. The District contributed \$625 from July 2023 - June 2024 per month per employee to the plan. Employees, at their option, authorize payroll withholdings to pay premiums for dependent's health insurance coverage. Aetna is the third party administrator for the plan. Terms and provisions are included in the contractual provisions.

The District obtained excess loss insurance which limited annual claims paid from the Fund for the year ended June 30, 2024 to \$110,000 for any individual participant. There was no aggregate limit for the Fund.

Estimates of claims payable and of claims incurred but not reported (IBNR) at June 30, 2024, are reflected as accrued expenses of the fund. The plan is funded to discharge liabilities of the fund as they become due.

Changes in the balances of claims liabilities during the 2023-2024 year are as follows:

	Period Ended June 30, 2024
Unpaid claims, beginning of year	\$ 408,721
Incurred claims (including IBNRs)	3,271,685
Claim payments	(3,202,268)
Unpaid claims, end of fiscal year (Included in accrued expenses)	\$ 478,138

(Continued)

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

P. Self-Insured Worker's Compensation

The District self-insures its worker's compensation claims which are administered by a third party, Claims Administrative Services, Inc. Estimated incurred but not paid claims are accrued as liabilities in the Worker's Compensation Fund. The District also participates in a pool exclusively for school districts with acceptable loss histories. The District has a stop loss maximum of \$152,707.

Worker's Compensation liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The accrued liability for Worker's Compensation self-insurance of \$222,159 includes estimated incurred but not paid claims. Because of past history, the District considers all claims to be current liabilities. Because actual claim liabilities depend on such complex factors as inflation, changes in legal requirements and impairment benefits, the process used in computing claim liabilities results in an estimate and actual results may differ.

Changes in the balances of claims liabilities during the year are as follows:

Unpaid claims, beginning of year	\$	241,296
Incurred claims		89,067
Claims payments		(108,204)
Unpaid claims, end of fiscal year	\$	<u>222,159</u>

Q. Fund Balance and Deficit Fund Balance

As of June 30, 2024, fund balances are composed of the following:

	General Fund	Non Major Governmental Funds	Total
Nonspendable:			
Inventories	\$ 228,510	\$ -	\$ 228,510
Restricted:			
Food Service	913,648	-	913,648
Capital Acquisition and Contractual Obligation	-	394,316	394,316
Summer Feeding Program	-	147,311	147,311
Scholarships	-	4,254	4,254
Debt Service	-	379,737	379,737
Campus Activities	-	163,750	163,750
Committed:			
Construction	19,022	-	19,022
Other	1,773,522	-	1,773,522
Assigned:			
Repairs, Maintenance and Upgrades	446,172	-	446,172
Unassigned	13,427,012	-	13,427,012
Total	<u>\$ 16,807,886</u>	<u>\$ 1,089,368</u>	<u>\$ 17,897,254</u>

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

As of June 30, 2024, the self insurance health fund had a deficit fund balance of \$1,037,587. The District has increased health insurance premiums for FY 2025 to reduce the deficit.

R. Encumbrances

The District utilizes encumbrance accounting in its governmental funds. Encumbrances represent commitments related to contracts not yet performed and are used to control expenditures for the year and to enhance cash management. The encumbrance account does not represent an expenditure for the period, only a commitment to expend resources. Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at year end, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget. Encumbrance accounting is employed as an extension of formal budgetary integration for the District's funds. At June 30, 2024, the District had unfilled purchase orders that it intends to honor in the 2024-2025 year in the amount of \$549,376, of which \$446,172 is in the general fund assigned fund balance and \$103,204 is in the general fund committed fund balance.

S. Revenue from Local and Intermediate Sources

During the year, revenues from local and intermediate sources consisted of the following:

	General Fund	Non-Major Governmental Funds	Total
Property Taxes	\$ 2,014,914	\$ 461,387	\$ 2,476,301
Penalties and Interest on Taxes	71,396	11,737	83,133
Food Service Activity	399,451	-	399,451
Investment Income	651,841	47,484	699,325
Athletic Activities	18,848	-	18,848
Enterprising Services	-	120,827	120,827
Other Revenues from Local Sources	230,007	27,369	257,376
Total	\$ 3,386,457	\$ 668,804	\$ 4,055,261

T. School Health and Related Services (SHARS) Revenue

SHARS is a Medicaid financing program and allows local school districts to obtain Medicaid reimbursement for certain health-related services provided to students in special education. Since SHARS settle-up amounts are usually calculated and received a year or more in arrears, the District does not have adequate information to make an estimate for receivable related to the current year on the government wide financial statements. However, the receivable and related revenues are recorded in the fiscal year the preliminary settle-up amounts are available, which is usually one year in arrears.

SHARS revenue adjustment recorded in the current period related to prior years' settle-up amounts was a reduction of \$273,565. As of June 30, 2024, the SHARS receivable was \$274,544 and is included in "Due from Other Governments."

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2024

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

U. Litigation

During the normal course of business the District is subject to various legal claims. As of June 30, 2024, management is not aware of any such claim which would have a material adverse effect on the financial statements.

V. Construction and Other Significant Commitments and Contingencies

Construction Commitments -The District had ongoing projects under non-cancelable contracts at June 30, 2024. Commitments as of June 30, 2024 are as follows:

Project Name	Fund	Commitment	Paid To Date	Remaining Commitment
Natural gas powered backup generator for network operating center	General Fund	\$ 73,500	\$ 6,200	\$ 67,300
High School Lighting poles for parking lot	General Fund	85,343	-	85,343
Total		\$ 158,843	\$ 6,200	\$ 152,643

Federal and State Funding - San Elizario Independent School District participates in numerous state and federal programs that are subject to audit by the Texas Education Agency and various Federal and/or State audit agencies. These programs have complex compliance requirements, and should State or Federal auditors discover areas of material noncompliance, those District funds may be subject to refund if so determined by administrative audit review.

In the opinion of administration, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

W. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board maintains insurance policies acquired from independent insurance carriers covering all structural property, automobiles, dishonesty, education legal liability, errors and omissions, boiler and machinery, personal property, and general liability. There have been no significant reductions to insurance coverage from prior years and settlements have not exceeded insurance coverage.

For the year ended June 30, 2024, San Elizario Independent School District carried insurance for building, contents, and property in the amount of \$184,803,828 with deductibles ranging from \$5,000 to \$500,000 per occurrence.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

X. Related Party Transactions

From time to time, the District may enter into transactions with related parties through the normal course of business. If a Board member has a conflict of interest, proper documentation is completed and he/she is required to abstain from any discussion or voting regarding the matter. Management is not aware of any material related party transactions that occurred during the 2023-2024 fiscal year.

Y. Other Employment Benefits

The District has established a 457 Deferred Compensation Plan and a Tax-sheltered Annuity 403(b) Plan. All regular full-time employees are eligible to participate in these Plans immediately upon becoming employed by the District. As of June 30, 2024, the District had 121 employees participating in these two Plans. Employee contributions to the Plans totaled \$296,774.

In addition, the District also has a FICA Alternative Plan for non TRS substitutes and non TRS part-time workers. As of June 30, 2024, the District had 134 employees participating in the FICA Alternative Plan and employee contributions to the plan for the year ended June 30, 2024 were \$47,726.

The District does not contribute to any of these Plans and does not hold the assets in a trustee capacity. Management does not have control over the funds nor can they access the funds, and therefore believes the District does not have fiduciary accountability for the Plans. As such, the Plan assets are not included in a trust fund in the District's financial statements.

Z. Top Ten Taxpayers

The following businesses and individuals represent the top ten taxpayers of San Elizario Independent School District's tax base:

Name of Taxpayer	Net Taxable Value
Martinez Carlos	\$ 4,732,414
Comanche Trail Pipeline	3,800,162
Texas Gas Service	3,202,920
Villa Victoria Apartments LLC	3,100,000
El Paso Electric Co	2,738,534
Flores Raul	2,358,585
El Paso Natural Gas Co	1,522,564
Yec LLD	1,412,000
San Elizario Palms LTD	1,332,278

AA. New Accounting Pronouncements

The District has not completed the process of evaluating the impact on its financial position that will result from adopting the following Governmental Accounting Standards Board (GASB) Statements:

- GASB No. 101, *Compensated Absences*, effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION BUDGET AND ACTUAL GENERAL FUND

FOR THE YEAR ENDED JUNE 30, 2024

Budgets and Budgetary Control

Each school district in Texas is required by law to prepare annually a budget of anticipated revenues and expenditures for the General, National School Breakfast and Lunch Program, and Debt Service funds before the beginning of the fiscal year. For fiscal years beginning July 1, the Texas Education Code requires the budget to be prepared not later than June 20 and adopted by June 30 of each year. The District's administration determines budgetary funding priorities and the budgets are prepared on the same basis of accounting that is used for reporting in accordance with generally accepted accounting principles. Final budget allocations are determined by the Board, which subsequently establishes a tax rate sufficient to support the approved budget. The annual budget, which is prepared on the modified accrual basis of accounting, must be adopted by the Board at a scheduled meeting after giving ten days public notice of the meeting. The District annually adopts legally authorized appropriated budgets for the General, National School Breakfast and Lunch Program, and Debt Service funds. On June 21, 2023, the 2023-2024 budget was legally adopted by the Board.

The District's administration performs budget reviews during the year in which budget requirements are re-evaluated and revisions are recommended to the Board. The Board must approve amendments to the budget at the fund and functional expenditure categories or revenue object accounts as defined by the TEA. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Several amendments were necessary during the year. However, none of these were significant.

Expenditures may not legally exceed budgeted appropriations, as amended, at the function level by fund. Unexpended appropriations lapse at year-end.

Budgetary Basis of Accounting

The District's budget is prepared on a modified accrual basis of accounting.

The Budget and Actual - General Fund includes the District's Child Nutrition Program which is separately presented as Exhibit J-2.

Excess Expenditures Over Appropriations

Exhibit G-1 presents unfavorable budget variances in function 53 and 72. At year-end, reclassifications were necessary in order to record the transactions in accordance with GASB No. 87 *Leases* and GASB No. 96 *SBITAs*. These reclassifications caused the unfavorable budget variance on those specific lines. Overall, the District had a favorable budget variance.

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY OPEB INFORMATION
TEACHER RETIREMENT SYSTEM OF TEXAS
FOR THE YEAR ENDED JUNE 30, 2024

Changes of Benefit Terms Since the Prior Measurement Period

There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 3.91 percent as of August 31, 2022 to 4.13 percent as of August 31, 2023. This change decreased the total OPEB liability.
- Demographic and economic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2021.

Difference Between Expected and Actual Experience

The primary driver of the \$2.2 billion experience gain was favorable claims experience, which resulted in lower overall 2024 retiree claims estimates than previously assumed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
San Elizario Independent School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Elizario Independent School District, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise San Elizario Independent School District's basic financial statements, and have issued our report thereon dated November 5, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered San Elizario Independent School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion of the effectiveness of San Elizario Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of San Elizario Independent School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Elizario Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees
San Elizario Independent School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited San Elizario Independent School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of San Elizario Independent School District's major federal programs for the year ended June 30, 2024. San Elizario Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, San Elizario Independent School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of San Elizario Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of San Elizario Independent School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to San Elizario Independent School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on San Elizario Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about San Elizario Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding San Elizario Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of San Elizario Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of San Elizario Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2024

SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of Auditor's Report issued on whether the financial statements audited were prepared in accordance with GAAP:

Unmodified

Internal control over financial reporting:

Were significant deficiencies in internal control disclosed?

None reported

Were material weaknesses in internal control disclosed?

No

Was any noncompliance disclosed that is material to the financial statements of the auditee, which would be required to be reported in accordance with Government Auditing Standards?

No

Federal Awards

Internal control over major federal award programs:

Were significant deficiencies in internal control over major programs disclosed?

None reported

Were material weaknesses in internal control over major programs disclosed?

No

Type of auditor's report issued on compliance for major federal programs:

Unmodified

Were there any audit findings that the auditor is required to disclose under Title 2 CFR 200.516 Audit findings paragraph (a)?

No

Major Programs:

**Education Stabilization Fund
Assistance Listing No. 84.425**

**ESEA Title I Part A - Improving Basic
Programs Assistance Listing No. 84.010**

Dollar threshold used to distinguish between Type A and Type B programs:

\$750,000

Did auditee qualified as low-risk auditee under 2 CFR 200.520 Criteria for a low-risk auditee?

Yes

See Accompanying Notes to the Schedule of Expenditures of Federal Awards

SAN ELIZARIO INDEPENDENT SCHOOL DISTRICT

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED JUNE 30, 2024

1. BASIS OF ACCOUNTING

The District accounts for all awards under federal programs in the general fund or a special revenue fund in accordance with the Texas Education Agency's *Financial Accountability System Resource Guide*. Special revenue funds are used to account for resources restricted to, or committed for specific purposes by a grantor. Federal and state financial assistance is generally accounted for in a special revenue fund. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount. For the year ended June 30, 2024, the District predominately accounted for federal grant funds in special revenue funds, with the exception of the National School Lunch and Breakfast Program, Fresh Fruit and Vegetable Program, SHARS, Navy JROTC, and indirect costs, which were accounted for in the general fund.

These programs are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets, deferred outflow of resources, current liabilities, and deferred inflow of resources generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in fund balance.

The modified accrual basis of accounting is used for these funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due, and certain compensated absences, which are recognized when the obligations are expected to be liquidated with expendable available financial resources. Expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement. Pass-through entity identifying numbers are presented where available.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. When grant funds are received before expenditures are made, they are recorded as unearned revenues until earned. Due to the nature of the reporting process for the SHARS program, the District recognizes SHARS revenue upon receipt of the reimbursement notice from federal government.

2. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal activity of the District under programs of the federal government for the year ended June 30, 2024. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.
