

## UPDATE Notice of Construction #2 (Oct. 2025)

# Marion C. Seltzer PreK-8 School

### Congratulations on your new school!

The abatement and demolition of the existing Marion C. Seltzer building have commenced. Once completed, this project will proceed with the construction of the new school. The construction fence will be moved to encompass the open field which will provide a temporary space for staging the construction materials and the contractor's field offices. When construction of the new school is complete, the open field will be restored back to its original condition and usability. We recognize the significance of the Tamir Rice Memorial Garden, and all necessary steps will be implemented to protect it during this period of demolition and construction. For more information go to <https://www.clevelandmetroschools.org/page/19535>.
