And to tackle all of this madness, Birdie has made a happy list (with the help of her school teacher, Mrs Mulder, and her dad, of course.) Hopefully, she will stop being anxious!

4.5/5

I liked the laid-back, but also perfect view of what it's like to be in Birdie's shoes style of writing. I also liked all of the drama packed in this read!

This book is perfect for anyone that is a fan of Lottie Brooks and Dark Diaries!
