

THE LOST WHALE

by Hanna Gold!

My rating:

What I liked about it - I liked it because I love all the Hanna Gold books because they are full of love and teach children to keep believing in what they believe is right.

The characters - Rio - a little boy who is connected to a whale they both care and love each other.

Marina: a little girl who Rio meets and becomes friends with.

Whitebeak: A whale that Rio falls in love with.

I think my favourite character is whitebeak because he is so affectionate to humans.

Synopsis

A beautiful book about a little boy called Rio who has moved in with his grandma because his mother is quite ill. But he has to try really hard to fit in. Thankfully a little girl called Marina and a whale called Whitebeak have bonded so well with Rio. Those three were an unstoppable trio never to be broken apart. But then when white beak goes missing things start falling to pieces...
