## **CONSENT FOR THE CALIFORNIA HEALTHY KIDS SURVEY 2025-2026 SCHOOL YEAR ELEMENTARY SCHOOL - GRADE 5 CMI**

Dear Parent or Guardian:

Your child is being asked to be a part of our school's California Healthy Kids Survey (CHKS), sponsored by the California Department of Education (CDE). This is a very important survey that will help promote better health and well-being among our youth, improve the school learning environment, and combat problems such as drug abuse and violence. *Your child does not have to take the survey. Participation is voluntary and requires your permission.*

**Survey Content.** The survey gathers information on School Climate, Behavioral Health, and Tobacco. The Resilience and Youth Development Module expands upon the core module and assesses personal social-emotional skills. The Community Schools Module measures features of the school environment including expanded and enriched learning opportunities.

This survey is compiled into district and county-level California Healthy Kids Survey Reports that will be available later in the year. To view a copy of the modules for this year's survey please visit the following website at [Healthy Kids Survey Module Review](#)

**It is Voluntary.** Your child does not have to take the survey. Students who participate only have to answer the questions they want to answer and they may stop taking it at any time.

**It is Anonymous.** No names will be recorded or attached to the survey forms or data. The results will be made available for analysis only under strict confidentiality controls.

**Administration.** The survey will be administered between **March 16, and March 27, 2026**. It will take about 45 minutes to complete in one sitting and will be administered during one class period.

**Potential Risks.** There are no known risks of physical harm to your child. Risks of psychological or social harm are very small. None have been reported in 25 years of survey administration. In rare instances, some discomfort might be experienced from the questions. The school's counseling services will be available to answer any personal questions that may materialize.

**For Further Information.** The survey was developed by WestEd, a public, non-profit educational institution. If you have any questions about this survey, or about your rights, Email [healthy-kid-survey@puhsd.org](mailto:healthy-kid-survey@puhsd.org) If you would like your student to participate, please return the form to Ms Tracy Assimakopoulos or Rosa Barreintos by **Wednesday, March 11, 2026**
