Placement Information (English)

Eligible children will be placed in their home school district or a nearby private site location. If the home school does not have a Pre-K class, children will be placed in a nearby private site location. Children placed outside of their home school must be able to provide transportation to those locations. If a child is already receiving childcare at one of our private site locations, the family may request placement there. To help us keep the placement process fair and organized, please do not call schools or private child care sites about NC Pre-K availability or placement. All placements are managed by the Pre-K office. For questions, please call 704-866-6124.

Informacion de ubicacion (Español)

Los niños que cumplan los requisitos serán matriculados en el distrito escolar de su domicilio o en un centro privado cercano. Si la escuela de su zona no ofrece clases de Pre-K, los niños serán matriculados en un centro privado cercano. Las familias de los niños matriculados fuera de su distrito escolar deberán encargarse del transporte a dichos centros. Si un niño ya recibe cuidado infantil en uno de nuestros centros privados, la familia puede solicitar que continúe allí. Para garantizar que el proceso sea justo y organizado, le pedimos que no llame a las escuelas ni a los centros privados para preguntar sobre la disponibilidad o las ubicaciones escolares del programa NC Pre-K. Todas las disponibilidades y las ubicaciones escolares son gestionadas por la oficina de Pre-K. Si tiene alguna pregunta, llame al 704-866-6124.
