

| Icon | Description | Pop-up |
|---|---|---|
|  | The + will allow the user to zoom in on the map while the – zooms out. The house icon will bring the user back to the original map position. | |
|  | The user may enter an address in the space bar and click on the magnifying glass to search for the location on the interactive map.<br><br>When the user clicks on the magnifying glass, the address will appear on the map with a "search result" box. |  |
|  | The Legend displays labels and symbols for layers in the map.<br><br>When the user clicks on legend, another box will appear that will provide the symbol and color coding information for the map. |  |

| | | |
|---|---|---|
|  | The Layers icon provides a list of operational layers and their symbols. It allows the user to turn individual layers on and off.<br><br>When the user clicks on layers, an eye icon will appear. A strikethrough of the eye icon means the layer is off. |  |
|  | The Basemap Gallery icon provides a variety of optional basemaps that may be selected by the end user. These maps include aerial images of housing and different street views.<br><br>When the user clicks on the base map gallery, another box will appear that will allow the user to select a different base map. The district's shapemaps will be positioned over the users selected basemap. |  |
