PRECISION MACHINING

Precision Machinists: Someone who likes working with their hands— a three-dimensional thinking, a problem solver, a metal craftsman.

Our instructors and labs are available to train and upskill your employees.

PRECISION MACHINING RESOURCES

Our lab capabilities include:

Manual Machining

- South Bend Vertical Manual Mills
- South Bend Manual Engine Lathes
- South Bend Manual Surface Grinder
- DoAll Manual Vertical Band Saw

Computer Numerical Control (CNC) Machining

- DOOSAN Lynx 220LYA CNC Lathe
- FANUC Robodrill D14siA CNC Mills
- HAAS VF-2ss CNC Mill
- HAAS SL-20T CNC Lathe
- MAZAK 430A Vertical Center Smart CNC Mill
- MAZAK 250 Quick Turn Universal CNC Lathe
- Levil WL-F400 CNC Trainer Mill
- Levil TL-F20 CNC Trainer Mill
- Levil WL-600 CNC Trainer Mill

Computer-Aided Design (CAD)/ Computer-Aided-Machining(CAM)

- SOLIDWORKS, Mastercam, Inventor®
