

# Annual Integrated Pest Management Notice For School Year 2025 - 2026

---

Dear Parent, Guardian, or Staff Member:

This notice is being distributed to comply with the New Jersey School Integrated Pest Management Act. Kingsway Regional School District has adopted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventive approach to managing pests that is explained further in the school's IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for Kingsway Regional High School is:

Name of IPM Coordinator: Andrew Kidder

Business Phone number: 856-467-3300 x4228

Business Address: 201 Kings Highway, Woolwich Township, NJ 08085

The IPM Coordinator maintains the pesticide product label, and the Material Safety Data Sheet (MSDS) (when one is available), of each pesticide product that may be used on school property. The label and the MSDS are available for review by a parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians, and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan Kingsway Regional High School may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible, persons who are potentially sensitive, such as pregnant women, infants and children, should avoid unnecessary pesticide exposure.

**KINGSWAY REGIONAL SCHOOL DISTRICT**  
**Integrated Pest Management Program**

The School Board approved the adoption of the program for Kingsway Regional School District with Board Policy.

The School Integrated Pest Management Act requires all New Jersey school districts notify parents and/or guardians of pesticides they expect to apply during the year. We intend to use the following pesticides in your school this year:

<b>Name of Pesticide</b>	<b>Active Ingredients</b>	<b>Proposed Date of Application</b>	<b>Applicator</b>
Primera Triplet SF	2,4-D Mecoprop-p and Dicamba	As Needed	Environmental Landscape Design
Prodiamine 65wg	Prodiamine	As Needed	Environmental Landscape Design
Chloropyrifros	Chloropyrifros	As Needed	Environmental Landscape Design
Advion Ant Bait Arena	Indoxacarb	As Needed	Hoffman's Exterminating
Advion Ant Gel	Indoxacarb	As Needed	Hoffman's Exterminating
Advion Cockroach Gel Bait	Indoxacarb	As Needed	Hoffman's Exterminating
Advion Cockroach Bait Arena	Indoxacarb	As Needed	Hoffman's Exterminating
Alpine Dust Insecticide	Dinotefuran, Diatomaceous Earth	As Needed	Hoffman's Exterminating
EcoExempt D	2-Phenethyl Proplonate, Soybean Oil, Eugenol	As Needed	Hoffman's Exterminating
Contrac	Bromadiolone	As Needed	Hoffman's Exterminating
Resolve Soft Bait	Bromadiolone	As Needed	Hoffman's Exterminating
Tempo 1% Dust Insecticide	Cyfluthrin	As Needed	Hoffman's Exterminating
Biozyme	Tetrasodium EDTA	As Needed	Hoffman's Exterminating
