

POLICY - VOLUNTEERS

5630

The district recognizes the valuable contribution made to the total school program through the volunteer assistance of parents and other citizens. In working with volunteers, district staff will clearly explain the volunteer’s responsibility for supervising students in school, on the playground, and on field trips.

The Superintendent will be responsible for development and implementing procedures for the screening and utilization of volunteers. The selection and use of volunteers will be consistent with those policies and procedures as specified for unsupervised volunteers as specified in Policy 5005, Employment and Volunteers: Disclosures, Certification Requirements, Assurances and Approval.
