Measure I Master Plan

[Annual Financial Reports](#)

[About Master Planning](#)

[Site Surveys](#)

[Final Master Plans](#)

[Questions & Answers](#)

The District currently operates 31 sites with total buildings in excess of 2 million square feet. The average school site in CVUSD is over forty years old. District schools need additional renovation and modernization, improvements in safety, and significant investments in technology infrastructure and support in order to provide students with an education that will prepare them for success in the new century.

The CVUSD master planning effort requires consulting architecture/master planning support utilizing series of templates and community meetings.

Measure I Citizens' Bond Oversight Committee

The Conejo Valley Unified School District was successful in the election conducted on [November 4, 2014, in obtaining authorization](#) from the District's voters to issue up to \$197,000,000 aggregate principal amount of the District's school facilities bond, Measure I ([click here for more information about the Measure I ballot question as it appeared on the November 4, 2014 election ballot](#)). Pursuant to Section 15278 of the Education Code, the District is obligated to establish an Independent Citizens' Bond Oversight Committee in order to satisfy the accountability requirements of Proposition 39. The Committee shall confine itself specifically to bond proceeds generated under Measure I. Regular and deferred maintenance projects and all monies generated under other sources shall fall outside the scope of the Committee's review.

Conejo Valley Unified School District is proud to share information on an on-going basis about Measure I, and the transformative Measure I projects taking place across the Conejo. In an effort to be as transparent as possible, please see our Questions and Answers tab below for recent questions we have received from community members regarding Measure I. In this tab, there is also the opportunity to submit any questions you may have related to Measure I.
