BOOK OF THE MONTH

To ease Chester Raccoon's fears about starting school, his mother shares a family secret called "The Kissing Hand" by kissing his palm so he can carry her love with him all day. This heartwarming ritual provides Chester with the emotional comfort and reassurance he needs to face the unknown with confidence.

TIP OF THE MONTH

To build a strong literacy foundation, read aloud with your child daily and encourage them to play with "sound-first" activities like rhyming or identifying the first letter of familiar objects. This focus on oral language and systematic phonics will give them the confidence they need to transition into the more structured reading blocks of a full-day kindergarten program.
