FINANCIAL INFORMATION 2026-2027

The mission of Mount Carmel Academy is to educate the students: For God · For Learning · For Life.
For God through the development of one's Catholic faith and spirituality, for learning by providing excellence in academics, technology, project based learning with a STREAM focus, and for life through developing the ability to love as Jesus did, while discovering talents and skills, and living and loving others as we are called to do through giving service to others. We wish there were no costs; however, here are the costs, which are a great investment for your daughter.

STUDENT INSURANCE

The Student Accident Plan is a program designed to reimburse parents/guardians for out-of-pocket expenses incurred from hospital, physician, and other medically necessary eligible expenses which occur as a result of an accident to their dependent child who is a full-time registered student in a school which has agreed to participate in the Religious and Charitable Risk Pooling Trust. The Plan is an "Excess" Plan over other valid coverage. Your family medical insurance is "Primary". If the parent/guardians are employed, but have no insurance, we must receive a letter to that effect on the employer's letterhead. If the parents can prove that they could not be covered by an employer sponsored plan, or unemployed with no access to coverage, then the student accident plan will be primary.

CONTRIBUTION TO CARMEL "GAP" DRIVE

In order to help us keep the tuition as reasonable as possible, our annual parent giving drive is most successful because of because of generous parents who have sacrificed for us and given tax deductible contributions. We are most grateful to our parents who have supported our school throughout the years, which enables us to continue to have the excellence in formation and education for our girls at a reasonable cost. Because we expect the current parents to give as generously as previous parents, our tuition listed above is less than the amount it costs to operate the school. It is your turn now to give sacrificially and generously to us so that we may continue to fill the GAP between the tuition we receive and the cost of a Mount Carmel Academy education. Please help us. We do need it.

COST OF EDUCATING A STUDENT		**$14,449.00**
TUITION FROM PARENTS		**11,700.00**
