BID 718
Dust Collector Installation Re-Bid

Addendum #1

Date: 2/23/26

To All Bidders:

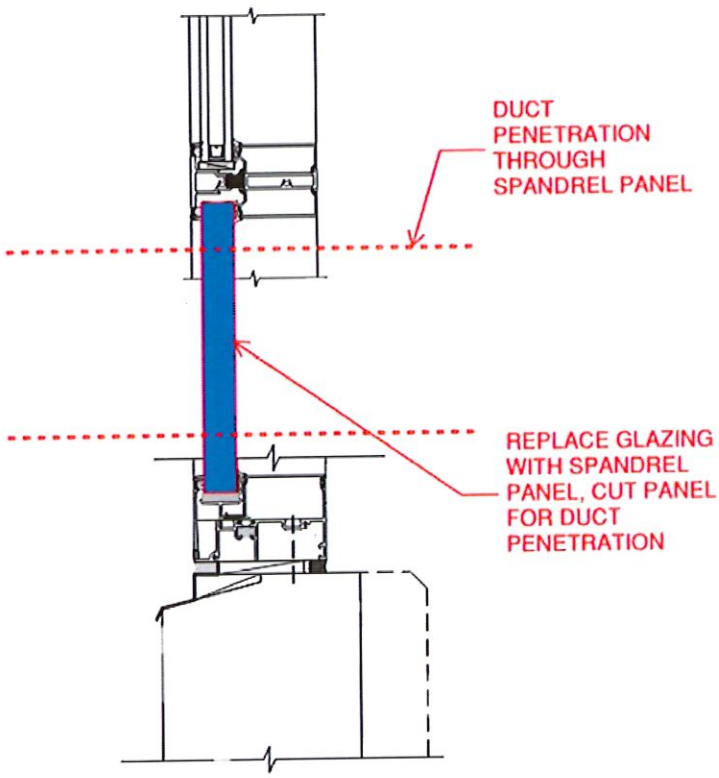

This Addendum Number One (1) shall be considered an integral part of Bid 718 and bidders are hereby notified that they should make adjustments as necessary to account for the information provided in this addendum. It will be assumed that all bids are submitted with full awareness of the modifications and additional information provided herein. Bidders must acknowledge receipt of Addendum #1 by checking the appropriate box on the Bid Proposal form (Item F) included in the Bid Package.

Revised Bid Deadline
The District is hereby revising the Bid Deadline to February 27, 2026 at 2:30 p.m.

Questions and Answers
Several Bidder Clarification Requests were received as of the 2/17/26 deadline. The questions submitted are on the following pages, with the corresponding answers in GREEN.

Date	Firm	Question	Response
2/3/2026	MCM Constructors	Is there an engineer's estimate for the project?	No
2/12/2026	Dust Collector Services, Inc.	During the bid walk thru it was noticed that the explosion membrane on the dust collector has a hole in it. The dust collector will not work properly unless this is fixed. Should a new explosion vent be added to the proposal and will you update the bid requirements to include this?	Proceed as is. The District will review at commencement of work to make a decision.

2/12/2026	Dust Collector Services, Inc.	It was discussed during the walk through that they were not positive where the duct will penetrate the building. My suggestion is to go through the roof as that will be the least expensive way and least structural alteration.	The duct will go through the window. See illustration on next page of this addendum.
2/12/2026	Dust Collector Services, Inc.	Does this project include plumbing and HVAC? I thought it was only for installing the dust collector, concrete pad, and duct for the dust collector but there are sheets with plumbing and HVAC duct as well. Is this to be included in the bid? It was not mentioned in the walk through. Please very the scope of work that is listed The written scope of work just says to install a cold water shut off valve and back flow preventer. Is there additional work.	All the work associated with this bid is indicated in the clouded areas with delta 27 designation as noted in the description of work and shown on CCD 27.
2/12/2026	Dust Collector Services, Inc.	MI-217, DOW 1 I sheet MI-217 there is a note that says make up air through hopper and upper windows. This is not clear if bidder should provide duct from collector through windows or will windows be used for make up air. No details are provided in the plans.	The windows will be used for makeup air.

The Surety, for value received, further stipulates and agrees that this bid bond shall in no way be impaired or otherwise affected by any extension of the time within which the School District may accept the Principal's bid for the Project or of the time within which the Principal must enter into the Contract and submit the required documentation, and Surety hereby waives any requirement for notice of any such extension.

The Surety shall not be deemed to have fully and appropriately executed this Bid Bond unless Surety has provided all of the following information:

NOTICE AND CERTIFICATION REGARDING RUSSIA-RELATED SANCTIONS

(Executive Order N-6-22)

Project Owner: Oxnard Union High School District
Project: Dust Collector Installation Re-Bid
Bid No.: 718
Contractor Name: Dust Collector Services, Inc

NOTICE TO BIDDER

On March 4, 2022, California Governor Gavin Newsom issued Executive Order No. N-6-22 ("Executive Order") relating to sanctions imposed by the U.S. government and the State of California in response to actions in Ukraine by the Russian Federation ("Russia").

Among other things, the Executive Order "calls upon businesses, non-governmental organizations, and public entities in the State [of California] to review their investments and contracts to ensure their compliance with economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law (collectively economic sanctions), and to take actions to support the Ukrainian government and people, including by refraining from new investments in, and financial transactions with, Russian institutions or companies that are headquartered or have their principal place of business in Russia (Russian entities), not transferring technology to Russia or Russian entities, and directly providing support to the government and people of Ukraine."

The Executive Order requires that all California State agencies and departments subject to the Governor's authority: (i) review contracts for commodities, services, and technology to determine compliance with such federal and State of California economic sanctions ("Economic Sanctions"); (ii) terminate contracts with entities or individuals that are a target of the Economic Sanctions; and (iii) not enter into any additional contracts with such entities or individuals.

The Executive Order further requires that each California State agency and department: (i) notify all grantees of the agency or department (each a "Grantee") and contractors with contracts of $5 million or more (each, a "State Contractor") of their obligations to comply with the Economic Sanctions; (ii) direct all Grantees and State Contractors to report to the agency or department regarding their compliance with the Economic Sanctions; and (iii) direct all Grantees and State Contractors to report on steps they have taken in response to Russia's activities in Ukraine.
