## SENIOR SALUTES: SUN DEVIL SUCCESS

Dear MUSD Families,

Senior Salute 2026 starts in maroon and gold. Arizona State is calling, and three seniors are ready to make their mark.

**Brady Krigbaum** of Maricopa High School is headed to ASU with a Dean's scholarship in hand where he will major in Business with a focus on entrepreneurship. In CTE Marketing, he built business plans that balanced smart budgeting with bold ideas. Theater made sure he could step up and sell the vision with confidence. AP and Honors courses kept the bar high. He has a solid foundation and is ready to take it from paper to profit.

**Jacelyn Williams** of Desert Sunrise High School has earned National Recognition Finalist honors and a \$40,000 scholarship, and she is headed to ASU to major in Early Childhood Education. In Student Council and Rotary Interact, Jacelyn stepped into leadership roles that required consistency, follow-through, and heart. The path toward education is not a new idea for her, it is a direction she has been growing into for years. The next classroom may be years away, but the foundation is already there.

**Lacey Borgstrom** of Maricopa Virtual Academy is headed to the ASU online program to pursue a degree in Health Sciences. As a traveling trainer for Dutch Bros, she leads teams, sets the pace, and keeps operations running smoothly. She is also working toward EMT certification with long-term plans in healthcare. Lacey knows how to stay steady when things move fast.

Different majors. Different goals. One Sun Devil destination. Forks up.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
