Your Privacy is Important to Us: Your registration information is considered private data under state and federal law. Information is used for the purposes of administering the activity or contacting you about upcoming cancellation changes. If you choose to withhold this information, this could limit the distribution of information.

Liability Waiver: There is an inherent risk of accident or injury in any activity. It is the responsibility of the participant or the parent of the participant to be aware that there are assumed risks in participation. ISD 624 assumes no responsibility for injuries received during activities. Any changes in a participant's activity level should be done under approval and direction of their physician and/or healthcare provider(s).

Do You Have a Disability? Do not let it be a barrier to enjoying the wide variety of class offerings in this catalog. Please call 651-407-7501 to discuss accommodations.

Need Financial Assistance? WBL Community Education & Recreation is dedicated to providing learning opportunities for people of all ages. Limited financial assistance is available. For details and to apply, call 651-407-7501.

Waitlist: When a class is at capacity, we create a waitlist, where you have the option to add your name. If a spot becomes available, we'll call you. If we do not reach you, a voicemail will be left, giving you some amount of time to return the call. If you do not contact us, we will call the next person on the list.

ISD 624 does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX, including in employment. Complete information in SB Policy 522.

Meals on Wheels

WE ARE CLOSED

Meals on Wheels:
Jul 3 & Sept 7

Meals on Wheels (MOW) is a community-based service that provides fresh, nutritious meals delivered directly to the homes of seniors and individuals with disabilities.

Meals on Wheels eliminates stress by providing fully prepared meals delivered right to your door.

We offer flexible delivery options: choose from hot, cold, or frozen meals to suit your lifestyle. We also offer gluten-free, dairy-free, low-sodium, mechanically soft, and pureed meals. This not only saves you time but also allows you to focus on other important aspects of your life.

- Monday - Friday delivery between 11:30 AM - 1:00 PM.
- Weekend meals are delivered frozen on Thursdays.
- Adults living in the White Bear Lake & Mahtomedi School Districts are eligible to receive meals.
- Cost is on a sliding scale based on income.

Early Childhood Family Education

ECFE Classes Include Three Components:

- » **Parent-Child Interaction:** You and your child enjoy activities together that support learning and leave with new ideas to try at home.
- » **Parent Education:** Connect with other parents and a licensed ECFE teacher to discuss development, temperament, discipline, and school readiness. This group meets separately or in a designated space in the classroom for non-separating classes.
- » **Children’s Classroom:** While parents meet, children learn through play with early childhood staff, enjoying music, art, stories, and large and small motor activities with peers.

2026-27 Registration

The ECFE brochure with class descriptions, registration information, and materials will be available in mid to late April.

ECFE registration opens Monday, May 4.

Early Childhood Screening

SCREEN AT THREE

Early Childhood Screening is required by the state of Minnesota for all children prior to entering kindergarten. White Bear Lake Area School District provides this screening at no charge.

3 reasons to screen at age 3:

- Screening can help ensure school success
- If health or developmental concerns are identified, educational services are readily available
- It is fun for children and provides caregivers with valuable information regarding child development

Register online at whitebear.arux.app/course/5820/ec-2526-screening/early-childhood-screening or call 651-653-3100 with your child’s name, date of birth, your name, and phone number.

Screening Location:

Normandy Park Education Center
2482 County Road F East, White Bear Lake, MN 55110
Note: Beginning next year, screenings will be held at Sunrise Park and Hugo!

JOIN OUR PAC!

What is the Parent Advisory Council (PAC)?

Every Early Childhood program is required to have an advisory council to help develop, plan, and monitor the ECFE program. The PAC is made up of parents in the program, local community professionals, and agency representatives who provide input and guidance on community needs.

- The PAC meets 3 times per year. (Sept, Nov, & Apr)
- The next PAC Meeting is Monday, April 20: 11:00-12:00 PM @ NP
- Free Childcare Provided
- \$50 Incentives Available
- The PAC approves grants for EC programs.
- Runs special PAC sponsored events
- The PAC supports 2-3 fundraisers per year

We're excited to share that, as part of our strategic planning process, the Community Education department has worked with participants to rename our School Age Care programs. Although we honor our long-standing history as Extended Day and FLEX, we also want to recognize the future of our programs as we strive to offer high-quality programs and experiences that meet the needs and interests of our students.

Visit the website for the new elementary program name.

The middle school program name will come from collaboration with summer 2026 participants.

Drivers Education: Ages 14- 18 A+ Driving School

This 30-hour course, led by a certified A+ Driving School instructor, meets Minnesota's driver's education requirement. The class covers the "how" and "why" of safe driving through lectures and interactive discussion. Upon completion, students are eligible for six hours of behind-the-wheel instruction.

Students can begin classroom lessons at 14, take the Knowledge Test and get their Instruction Permit at 15, and become eligible for the Road Test and Provisional License at 16. Students must hold their Instruction Permit for at least six months before the Road Test.

Classroom Phase - Teleconference or In-Person: 30 hours of instruction prepares students for the Minnesota permit test and safe driving responsibilities. Missed lessons can be made up at the next White Bear session or another A+ location.

Behind-the-Wheel Phase: After passing the permit test, students complete six hours of one-on-one instruction in three two-hour sessions with a MN Dept. of Public Safety-certified instructor. Pick-up and drop-off are available at home, school, or work. Detailed scheduling info is provided.

Parent Involvement: Optional informational meetings help families support students and fulfill the state requirement to reduce supervised driving hours from 50 to 40.

Sports Physicals

Students must have a current qualifying Sports Physical Examination form on file in their school's health office.

Sports Physicals are good for 3 years. To check on a physical, contact your school's Admin Assistant.

NOTE: A well-child exam does not meet the requirements.

Find the Sports Physical Form on the Middle School Athletics page of the Community Services & Recreation website.

Additional Notes

All athletes must be registered before he/she may participate in practice or competitions.

Refunds may be issued only within the first ten days of the season if the athlete has not yet competed.

If needed, please email your school's Admin Assistant for a Family Key or for any registration questions.

An Activity Bus is available after practice for students. View the schedule on the Middle School Athletics page of the Community Services & Recreation website.

Youth Gymnastics

Our Rec Gymnastics program is designed to build strength, coordination, and confidence in a fun, encouraging environment. Classes are available for ages 3-12, plus high school off-season sessions. Youth levels include Preschool, Beginner, and Intermediate.

Classes begin in March and run Monday-Thursday at Sunrise District Service Center, with multiple spring sessions and additional summer offerings.

Preschool (Ages 3-5):

Focuses on foundational motor development while introducing basic gymnastics skills in a supportive setting. Through obstacle courses, balance activities, and stations, children build coordination, strength, listening skills, turn-taking, following directions, and confidence. No experience needed.

Beginner (Ages 5-10):

Ideal for athletes building confidence with the basics. Gymnasts train on vault, bars, beam, and floor while developing strength, coordination, flexibility, and foundational skills. Coaches provide spotting and creative stations to support individual progress.

Intermediate (Ages 5-12):

Designed for gymnasts ready to move beyond the basics. This class builds on Beginner skills with greater emphasis on form, control, consistency, strength, and progressions across all four events while maintaining a supportive environment.

SUPERINTENDENT'S MESSAGE

Education, opportunity and connection

As we dive into 2026, our schools are bustling with activity – and if you follow our social media pages or YouTube channel, you've likely seen the energy firsthand. Our weekly video series, The Week in 62.4 Seconds, offers a quick glimpse into the vibrant learning happening across the district. From engaging science experiments and meaningful collaborations with community partners to creative projects that showcase our students' artistic talents, these snapshots capture the heart of our classrooms and hallways.

Amid all this learning, students are also planning for what comes next in their educational journeys. This is an especially exciting time for everyone from our incoming early childhood and kindergarten families to our middle and high school students. While it's hard to believe registration for the 2026-27 school year is already underway, families have been busy exploring our registration guides and discussing which courses and programs will be the best fit for their children's unique interests and goals.

Understanding the Role of School Board

In our district, voters elect school board members to represent the interests of all citizens and students. The board’s primary responsibility is to supervise and evaluate one employee -- the superintendent. Working in consultation with the board, the superintendent serves as the district’s chief administrator, overseeing all operations across schools and departments.

Like many school districts nationwide, White Bear Lake Area Schools operates under a policy governance model. This means the school board sets direction by adopting policies that outline the principles guiding district management. The superintendent and administrative team then develop specific regulations and recommendations to support and carry out those policies.

While board members exchange ideas and debate issues, once a vote is taken, all members speak with a single voice. This unified stance ensures clarity and consistency in the direction given to district leaders and staff.

Community members often approach the board with issues they care deeply about, but under policy governance, the board focuses on defining what the district provides, to whom, why, and at what cost — not how. The “how” belongs to the superintendent and administration.

Ultimately, the board’s role is to interpret the community’s needs, consider all perspectives, and make decisions in the best interest of students and the broader district. By practicing policy governance, the White Bear Lake Area School Board fulfills its key purpose: serving as a united, though not always unanimous, governing body for the community it represents.

Continued from cover

For our youngest learners, the district offers a variety of ways to personalize the educational experience – from half-day and full-day early childhood programs to neighborhood elementary schools and specialized districtwide options like International Baccalaureate (IB) and Elementary Spanish Dual Immersion. Each of these pathways provides students with distinct opportunities to grow academically, socially, and culturally.

Middle school and high school students are also making pivotal choices that help shape their future paths. With hundreds of courses to choose from – ranging from core academics and the arts to hands-on Career Pathways and college-level classes – students can explore their passions, challenge themselves, and bridge the gap between classroom learning and their life goals beyond graduation.

The district's Annual Update, shared with the community in December, highlighted many of the successes happening across our schools. Thanks to innovative programs, rigorous instruction, and strong relationships between staff and students, the majority of our students are exceeding expected academic growth.

High school students continue to take advantage of opportunities to earn college credit while in high school. Last year alone, White Bear Lake Area High School students earned college credits valued at \$4.3 million. With 47 college-level courses taught right at WBLAHS, students are not only challenging themselves academically but also helping their families save on future tuition costs.

The district's commitment to being a strong steward of community resources remains clear. White Bear Lake Area Schools has earned financial reporting awards for 25 consecutive years and continues to build and maintain strong partnerships throughout the community.

As we move further into 2026, we are proud to be an integral part of this vibrant and supportive community. Every success we celebrate – whether it's a student's first day of kindergarten, a musical performance, or a high school student earning college credit – reflects the shared dedication of our families, staff, and community members who make White Bear Lake Area Schools a great place to learn and grow.

We are proud of the work happening each day in our schools, and we remain grateful for the support of a community that values education, opportunity, and connection.

Dr. Wayne Kazmierczak, Superintendent

2026-27 and 2027-28 Calendars Approved

The School Board recently approved the 2026-27 Academic Calendar and the 2027-28 Academic Calendar.

Both approved calendars include start dates prior to Labor Day, which falls later than usual in both 2026 and 2027. The earlier start provides several benefits, including four instructional days before Labor Day with a four-day holiday weekend, and an earlier end to the school year – June 4, 2027, and June 2, 2028 – rather than mid-June.

In addition to the calendar shift, the late-August start allows for more instructional time before state testing and better alignment of trimester transitions with natural breaks, reducing interruptions in learning. It also allows for better scheduling for extended school year programs for students with special needs and staff.

The approved calendars are available on the district's website at www.isd624.org/about/calendar.

Digital Backpack

The district's Community Education and Recreation Department distributes electronic flyers from the school district, as well as local organizations that offer opportunities for youth, on the first and third Thursday of each month.

The Digital Backpack and submission instructions can be found at communityservices.isd624.org/about/digital-backpack

Requesting an Interpreter

Families and community members can request that a district staff member call them through the use of an interpreter who speaks the language they speak.

Information about how to make the request can be found in text and audio translations, in all languages spoken by students in the district, on the district website or at the QR code below:

Building Our Future

The district's Building Our Future website page has a new addition – the 2025 video update. These project highlights have been pulled together each year, going back to 2020. The set of videos showcases the construction journey we've taken – and it's fun to see just how far we've come!

Thank you to the White Bear Lake Area Schools community for supporting the 2019 bond referendum that made these facilities improvements possible. Our students, families and community will benefit from the projects for years to come.
