<u>NEW BUSINESS</u> (Dr. Stoker)

<u>School Code Changes</u>

- ➢ Policy 204 Attendance
  - Our policy was last updated May 2023

- This policy has been updated to address new requirements of PA School Code 24 P.S. Sec. 13-1333 which includes two (2) new provisions to be addressed in the parental notifications made when their child is truant. In addition to current requirements, the notice must now include:
  - Informing the person in parental relation that a student who becomes habitually truant may not transfer during the school year to a cyber charter school unless it is determined to be in the student's best interest by a judge.
  - Resources available to assist the student and person in parental relation with returning the student to compulsory school attendance and opportunities for academic recovery.
- These took effect December 12, 2025
- This policy is a mandated policy

➢ Policy 218.1 Weapons

- Our policy was last updated February 2025
- This policy has been updated to comply with the PA School Code, 24 P.S. §1303.2-A, which outlines new notification requirements when an incident involving possession of a weapon occurs on school property, at a school-sponsored activity, or on a conveyance providing transportation to a school or school-sponsored activity.
- As of January 6, 2026, notifications are now required for the appropriate population of parents/guardians and district employees, in addition to the previously existing requirement of notifying any parents/guardians whose child was directly involved in the incident.
- The "appropriate population" to be notified is determined by where the incident occurred - in an individual school building, on a shared campus with other school buildings, or at a school-sponsored activity or on a public conveyance providing transportation to or from a school-related activity.
- The policy also specifies that these notifications must be issued within twenty-four (24) hours of the incident and communicated in such a way that they are likely to reach the appropriate individuals, unless circumstances of the incident necessitate otherwise.
- This policy is a mandated policy

Procurement Policies

➢ Policy 610 Purchases Subject to Bid/Quotation

- Our policy was last updated March 1997, so administration recommends adopting the most recent version of the policy developed by PSBA and putting the procurement thresholds in an administrative regulation as they change each year.

- Title of policy changed from *Purchases Subject to Bid to Purchases Subject to Bid/Quotation*
- Each year, the Pennsylvania Department of Labor and Industry is required by law to publish changes to the base amounts triggering the requirement for public, telephonic bids or separate bids for certain contracts, or both. These changes are based on the Consumer Price Index and are published annually in the Pennsylvania Bulletin.
- PA School Code Sections 24 P.S. §7-751 and 24 P.S. §8-807.1 require public school entities to obtain competitive bids and price quotations based on these amounts. As of January 1, 2026, the amount for purchases subject to public bid will be **$24,500** and the amount for purchases subject to written or telephonic price quotation will be **$13,200**.
