March 2026 Edition

Principal's Message

For March, our Seaford Scholar focus is courageous risk taking. This month, we are encouraging our students to stretch themselves—academically and socially—by saying “yes” to new challenges, sharing their thinking, and persevering through uncertainty. Growth happens when students are willing to be uncomfortable, reflect on mistakes, and try again with determination. Together, let's continue fostering classrooms where effort is celebrated, resilience is strengthened, and every Viking feels empowered to take bold steps forward.

100 Days Brighter!

Our Kindergarteners had a blast celebrating the 100th Day of School on February 11! The day was filled with fun, hands-on activities that encouraged counting, creativity, and collaboration. Students dressed up as 100-year-olds, created collections of 100 items, and participated in exciting math and literacy challenges. This special milestone was a great way to reflect on how much they have learned and grown this year. Here's to the next 100 days of learning and fun!
