Every School Day

7:30 - 8:00 a.m.

AM Assist Rooms:

6th grade - Counselor's Office

7th grade - Rm. 205

8th grade - Rm. 305

Next Year Student Scheduling

Families of current 6th and 7th-grade students should be on the lookout for scheduling information for next school year in early April. Information about elective options will be sent to families via email.

MJHS counselors encourage parents/ guardians to review and discuss elective options with their students before the counselors visit classrooms, so students are prepared to make informed decisions.

During the classroom meetings, students will select their elective courses for the 2026–2027 school year. They will enter their selections into the computer and also record the same choices on a paper form. The paper form will be sent home for a parent/guardian signature and must be returned to the counseling office by the deadline listed on the form.

yearbookordercenter.com
Code: 21649

MJHS MAP Testing -
April 29 & 30, May 6, & 7

Counselor Connection

Competency of the Month:

Career Exploration

During the month of March, MJHS Counselors will focus on helping students explore and plan for their futures through career exploration, planning, and readiness skills. Students will have the opportunity to choose three sessions to attend during our upcoming Career Day on March 12th. Students will be encouraged to align their interests and goals with possible career pathways. In addition, counselors will guide students in building career readiness skills essential for long-term success by beginning the process of developing their MJHS Student Academic Portfolio. This portfolio will help students showcase their academic and extracurricular activity experiences in one place. Lessons will focus on transferable job skills and good work habits.

Families can support this learning at home by talking with students about their own careers and educational journeys, discussing the skills they use daily in their jobs, and exploring different career pathways together. The diagram linked here would also be a great way to have conversation with you child about where their interests lie.
