(please include your phone number in any emails)

Welcome

Since Summer At The Academy was launched 38 years ago, it has been one of the most successful programs of its kind in the country. Each year, hundreds of girls and boys from South Texas and beyond attend a diverse array of classes taught by the area's top educators, coaches, entrepreneurs, and artisans. Our eight-week enrichment program for children ages 4 through 14 provides excellent opportunities to create, learn, explore, and have fun!

San Antonio Academy of Texas is located just north of downtown at 117 East French Place, between Main Avenue and McCullough at the gateway to the Monte Vista Historic District. Our tree-shaded, seven-acre campus provides an excellent environment for classroom studies as well as outdoor activities. There are many great choices: science, language arts, technology, crafts, math, cooking, fine arts and performance classes. The Summer At The Academy 2026 catalog will be available for viewing on our website on Friday, February 27, and online registration begins Friday, March 6.

We anticipate the return of our former students, and look forward to welcoming new students to our campus.

For further information, please call (210) 736-5876.

Table of Contents

Kids Place	1
General Information	2-3
Summer Courses: Week by Week	4-7
Week 1: June 1-5	8-14
Week 2: June 8-12	14-21
Week 3: June 15-18 (4-Day Week)	22-26
Week 4: June 22-26	26-32
Week 5: June 29-July 2 (4-Day Week)	32-36
Week 6: July 6-10	37-41
Week 7: July 13-17	42-47
Week 8: July 20-24	48-52

Kids Place

Kids' Place is for boys and girls ages 4-12 who are enrolled in **both morning and afternoon** enrichment classes. Kids' Place provides creative and fun activities in a supervised and safe setting.

Full-Day Kids' Place includes:

- Mornings from 7:30-9:00 AM
- Hot Lunch from 11:30 AM-12:30 PM
- Afternoons from 3:00-6:00 PM

General Information

ENRICHMENT COURSES

Week-long enrichment courses are offered in the morning from 9:00-11:30 AM and in the afternoon from 12:30-3:00 PM. Enrollment in each class is limited and varies according to age group or topic. Course fees vary per class and are listed with the individual course descriptions.

LUNCH OPTIONS: HOT LUNCH OR BROWN BAG

To participate in either lunch program, students must be enrolled in BOTH morning and afternoon classes. Our counselors supervise both lunch programs, and also escort students between classrooms and lunch locations. Parents having lunch with their children must do so off campus.

HOT LUNCH: \$75 per 5-day week; \$60 per 4-day week

Hot Lunch is a nutritious meal served in our Dining Hall, and includes food and drink provided by Summer At The Academy. The Hot Lunch Menu will be posted on our website in May. **Regrettably, we are unable to accommodate special dietary requirements.**

BROWN BAG: \$40 per 5-day week; \$32 per 4-day week

Brown Bag participants bring their own lunch and drink; they eat in a separate air-conditioned area. **Regrettably, we are unable to guarantee an allergy-free environment.**

KIDS' PLACE: EXTENDED CARE (BEFORE AND AFTER CLASSES)

Fee **INCLUDES HOT LUNCH** provided by Summer At The Academy — **\$175 per 5-day week; \$140 per 4-day week**

Kids Place is for campers ages 4-12 who are **enrolled in both morning and afternoon classes**. Care includes mornings (before classes) from 7:30-9:00 AM, Hot Lunch from 11:30 AM-12:30 PM, and afternoons (after class) from 3:00-6:00 PM. Creative and fun activities are provided in a safe, well-supervised setting; staff members escort students at all times. Children are grouped according to age; these age groups may vary, depending on weekly enrollment.

SUMMER 2026 REGISTRATION

Online Registration begins Friday, March 6, 2026

Early registration is advised as all classes, lunches and Kids Place have a limited enrollment and many sections fill early. Payment in full is required at the time of registration.

REGISTRATION FEE

The registration fee is \$50 per student, per year. This fee is not refundable.

ONLINE REGISTRATION

Access our website at www.sa-academy.org/summer. Click **REGISTER ONLINE**. Payment by eCheck (ACH Transaction) or credit card is required in order to confirm registration (MasterCard, Visa, and Discover only). For assistance with registration or payment, call 210-736-5876.

REGISTRATION OPTIONS

MORNING Class Only: 9:00-11:30 AM

**Please note: after 11:45 AM, there will be a late pickup fee of \$15/quarter hour or part thereof.

AFTERNOON Class Only: 12:30-3:00 PM

**Please note: after 3:15 PM, there will be a late pickup fee of \$15/quarter hour or part thereof.

Morning and Afternoon Classes and Hot Lunch (9:00 AM-3:00 PM): Food and drink provided by SAA; menu will be posted on Summer At The Academy webpage beginning in May. **MUST REGISTER FOR BOTH MORNING AND AFTERNOON CLASSES**, and will attend from 9:00 AM TO 3:00 PM. **Please note: after 3:15 PM, there will be a late pickup fee of \$15/quarter hour or part thereof.

Morning and Afternoon Classes and Brown Bag Lunch (9:00 AM-3:00 PM): Campers bring their own lunch and drink. **MUST REGISTER FOR BOTH MORNING AND AFTERNOON CLASSES**, and will attend from 9:00 AM TO 3:00 PM. **Please note: after 3:15 PM, there will be a late pickup fee of \$15/quarter hour or part thereof.

Morning and Afternoon Classes and KIDS PLACE (7:30 AM-6:00 PM): Includes Hot Lunch (food and drink provided by SAA); menu will be posted on Summer at The Academy webpage beginning in May. **MUST register for BOTH MORNING AND AFTERNOON CLASSES. MAY ARRIVE AS EARLY AS 7:30 AM AND MUST BE PICKED UP BY 6:00 PM.** **Please note: after 6:00 PM, there will be a late pickup fee of \$15/quarter hour or part thereof.

WEEKLY CLASS REGISTRATION DEADLINES AND LATE REGISTRATION INFO

Weekly registration (subject to availability) will close at 1:00 PM on Thursdays before the start of the following week; no changes or tuition transfers can be made after this time.

Exception: Registration for Week 4 will close at 1:00 PM Wednesday, June 17.

Exception: Registration for Week 6 will close at 1:00 PM Wednesday, July 1.

To request an ADDITION after the weekly deadlines, please contact the Summer Office at 210-736-5876. **Please note: There will be a Late Registration Fee of \$15 per class.

CANCELLATIONS

FOUR WEEKS' NOTICE IS REQUIRED FOR CANCELLATIONS. Confirmed registrations may be canceled and tuition refunded with four weeks' notice (minus a \$50 per week cancellation fee). No refunds will be given with less than four weeks' notice. Credit balances must be used before the end of the 2026 Summer At The Academy program.

If a class is canceled by The Academy due to conditions beyond our control (e.g., weather, water/electricity issues, health protocols, etc.), we will make every effort to inform our Summer families as soon as possible. No refunds will be given and the tuition is not transferable to another class. For information when such situations occur, please check our website (www.sa-academy.org) and San Antonio Academy's social media.

If a class is canceled due to insufficient enrollment, the tuition may be applied toward another class or refunded in full. Parents will be notified of such cancellations the week prior to the class.

SCHEDULE CHANGES

Each time a confirmed class is changed, a \$15 fee will be charged. We are unable to give refunds or adjust schedules due to absences, illness, etc.

DROP-OFF/PICK-UP

Drop-off and pick-up will be through the driveway between the Stribling and Franklin Houses near Main Avenue.

Please enter French Place from McCullough Avenue to keep vehicle traffic moving smoothly across the front of our campus. After drop-off at the Pavilion, students will be escorted at all times by summer staff. We ask that parents picking up Kids Place campers please avoid pickup between 3:00–3:30 PM, as this is the time when parents are picking up students who have finished their afternoon classes, and traffic is very heavy.

SUMMER ATTIRE

Campers should dress comfortably — we recommend t-shirts and shorts or long pants, as well as sneakers. Remember, fun can sometimes be messy, and our summer temperatures are very warm!

SECURITY/SAFETY FIRST

Our campus is staffed with trained and certified security personnel who monitor access to the campus. There is an RN/LVN on duty from 7:30 AM–6:00 PM, who administers prescribed medication and responds to medical emergencies. A physician is on call at all times for medical service and to advise our personnel on all first aid and nursing services provided by Summer At The Academy.

DISCIPLINE POLICY

If a student displays unacceptable behavior, parents will be notified immediately. This notification may be followed by removal from the program with no refund(s).

POLICY REGARDING ELECTRONIC DEVICES AND OTHER NON-ALLOWED ITEMS

Items such as cell phones, laptops, gaming units, DVD players, and wheeled sneakers are not allowed on campus during Summer At The Academy.

Please label all personal items, including lunch containers, water bottles, jackets, caps, etc., and do not bring any valuable/sentimental items to camp. SAA is not responsible for lost items.

DISCLAIMER

The 2026 Summer At The Academy catalog has been carefully prepared to ensure that all information is accurate and as complete as possible. However, San Antonio Academy reserves the right to change the information provided herein.

Summer Courses: June Week by Week

WEEK 1: JUNE 1-5

MORNING CLASSES

- 102 Renaissance Fair
- 104 Hot Wheels Racing: Extreme Builders
- 106 Rock and Roll Boot Camp
- 108 Rhythm Rascals
- 110 Dig It Dino & Geology Camp
- 112 Wildcat War Games
- 114 Amazing Animals Adventures
- 116 Wildcat Soccer
- 118 Flag Football
- 120 Speed and Agility Training
- 122 Magic of Making: Crafting, Painting, Origami
- 124 Minecraft Creative World
- 126 Embodied Logic Basketball Camp
- 128 Mastering Multiplication: Beginners
- 130 LEGO Creative Challenges
- 132 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 134 Potter & Paint Studies
- 136 Cuentos & Cocina: Spanish Storyteller
- 138 Barbie Through the Decades
- 140 Creative Cooking Adventures (Advanced)
- 142A The Literacy Lab: Week 1 of 2 (Ages 5-6)

AFTERNOON CLASSES

- 152 Blow Your Top: Chemistry Gone Wild
- 154 Rock and Roll Boot Camp
- 156 Summer Soundwave
- 158 Jr Doctor: Medical School
- 160 Ninja Skills Camp
- 162 Little Astronauts Academy
- 164 Wildcat Sports Camp
- 166 Speed and Agility Training
- 168 Magic of Making: Crafting, Painting, Origami
- 170 Minecraft Survival World
- 172 Embodied Logic Basketball Camp
- 174 Financial Literacy
- 176 Once Upon a Chessboard: Little Thinkers
- 178 LEGO Build a City
- 180 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 182 Cruise through the Caribbean
- 184 Messy Masterpieces
- 186A The Literacy Lab: Week 1 of 2 (Ages 6-8)

WEEK 2: JUNE 8-12

MORNING CLASSES

- 202 Mastering Multiplication
- 204 Snack Attack: Globe Trotters
- 206 Making Chinese Food
- 208 Dungeons and Dragons
- 210 Face Painting
- 212 STEM Robotics Drones
- 214 Snakes, Spiders, and Extreme Animals
- 216 Harry Potter Magic Camp
- 218 Little Kickers Summer Camp-Indoor Soccer
- 220 Wildcat Soccer
- 222 Flag Football
- 224 K Popper Dance & Crafters
- 226 From the Zoo to YOU!
- 228 Embodied Logic Basketball Camp
- 230 Once Upon a Chessboard Little Thinkers!
- 232 Real Life Minecraft
- 234 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 236 LEGO Creative Challenges
- 238 Jr. Fire Heroes Training Camp
- 240 Messy Masterpieces
- 242 Jr Engineering: Ultimate S.T.E.M. Program
- 244 Summer Soundwave
- 246 Creative Cooking Adventures (Advanced)

- 882 Young World: Travelers

Week 1: June 1-5

WEEK 1 MORNING CLASSES

102 Renaissance Fair

"King John and the Abbot" – A Medieval Mystery! Drama Kids summer camp offers a unique combination of creative and entertaining theatre activities for ages 4-12. Our Renaissance Fair play is looking for Knights, Princesses, and Dragons to bring the story to life. Help the royal kingdom finally rid the land of the evil dragon; create your own Renaissance story! At the end of the week, our young actors will take the stage to demonstrate their skills in a special performance for family and friends.

Maximum enrollment: 20
Instructor: Sandra Detamore
Age Range: 4-12
Tuition: \$200

104 Hot Wheels Racing: Extreme Builders

Are you a mega Hot Wheels track builder? This is an exciting, fast-paced session for young engineers and speedsters to build the largest, longest, and most elaborate Hot Wheels tracks imaginable! While they build, students will explore the scientific principles of speed, force, inertia, and momentum. Every participant will receive a Hot Wheels "driver's license," trophies, and medals, plus a brand-new Hot Wheels car to collect daily! The week culminates in the Mega Race on Friday, where learners show off their skills in a display of pure speed. Everyone is a winner in Hot Wheels Extreme Builders!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

106 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock! This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to find their sound and rock out.

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

108 Rhythm Rascals

Get ready for a lively week of musical adventures! Rhythm Rascals invites kids to explore the exciting world of rhythm through hands-on play, movement, and creative crafts. Children will experiment with percussion instruments—drums, tambourines, shakers, and rhythm sticks—while learning simple beats, building coordination, and boosting motor skills. Each day includes a fun craft project where kids design and decorate their own musical instruments and accessories, letting their creativity shine. They'll also participate in rhythm games, movement activities, and teamwork-based music challenges. At the end of the week, students share what they've learned with a joyful in-class Rhythm Showcase, celebrating their creativity and newfound musical confidence.

Your child will:

- Learn to play percussion instruments and explore fun rhythms
- Create and decorate their own instruments and musical accessories
- Build creativity, fine motor skills, and imagination through hands-on crafts
- Gain confidence through group music activities and an in-class showcase This upbeat course encourages movement, discovery, and self-expression—all while fostering a love for music.

Sign up today and let your child join the fun this summer as a Rhythm Rascal!

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 4-6
Tuition: \$200

110 Dig It Dino & Geology Camp

Get ready to dig into a week of discovery, science, and fun at "Dig It! Dino & Geology Camp!" Young explorers will travel through time to uncover the mysteries of the Earth, from sparkling gems to prehistoric giants. Campers will pan for gold, collect pyrite, and uncover treasures like rubies, emeralds, and sapphires while learning about their meanings and origins. They will also investigate how rocks form and change through hands-on activities that reveal the secrets of the rock cycle. Then it's time to step into the prehistoric world and explore the age of the dinosaurs. Kids will examine fossils, hunt for dinosaur eggs, and even create their own fossil replica to take home. Along the way, they will learn what dinosaurs ate, how they lived, and what may have caused their extinction. With interactive lessons, exciting science activities, and a roaring good time at every turn, this camp truly rocks, and roars!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

112 Wildcat War Games

Get ready for the ultimate adventure at Wildcat War Games! Join the Wildcat team and prepare to engage in exciting daily battles, where teamwork, strategy, and leadership are the keys to victory. You'll develop your skills as a warrior by learning how to use a variety of battle equipment, including Nerf guns, water blasters, water balloons, and more. The battles will test your ability to think quickly and make smart decisions, as you'll need to master many military tactics to outsmart your opponents. Discover that the best warriors win the battle in their minds long before stepping onto the field. Every day, you'll conquer new challenges, outwit rivals, and have a blast along the way. This is the perfect camp to take over and over as you gain experience and develop into battle-tested leaders who love to play, strategize, and compete. Do you have what it takes to become the ultimate warrior? Sign up and find out! You may bring your own Nerf Gun to use during class.

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$210

114 Amazing Animals Adventures

Get ready for a wild adventure! Each day, little explorers will discover amazing animals from around the world through fun crafts, games, and hands-on activities. From jungle creatures to ocean friends, kids will learn cool animal facts while creating animal art and playing exciting games. It's the perfect mix of learning and play for every young animal lover!

Maximum enrollment: 20

Instructor: Lupita Perez

Age Range: 4-6

Tuition: \$200

116 Wildcat Soccer

Score goals and have a ball with Wildcat Soccer, where the world's most popular sport takes center stage! Led by Keystone soccer coach Kyle Unruh, this week-long program offers a fun-filled adventure in skill development, technical drills, lead-up games, and scrimmages suitable for all skill levels. Participants will not only sharpen their soccer prowess but also explore the rich history of the sport, culminating in a tournament at the end of the week. Activities are designed for both large and small groups to ensure a dynamic and inclusive experience. To celebrate their hard work, every player will receive a medal at the end of the session. Rain or shine, we're prepared with alternative activities to keep the soccer spirit alive. Join us for a week of excitement, sportsmanship, and the joy of "kicking it" with friends!

Maximum enrollment: 30

Instructor: Kyle Unruh

Age Range: 5-12

Tuition: \$200

118 Flag Football

Join certified strength and conditioning coach Kevin Wiley, founder of Training With Intelligence, for an exciting week of flag football instructional skills and games. Participants will enhance their quick decision-making skills while learning the fundamentals of the game in a fun and engaging environment. Each group instruction session will be age and skill-based to ensure balanced competition and effective development.

Maximum enrollment: 24

Instructor: Kevin Wiley

Age Range: 8-12

Tuition: \$200

120 Speed and Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25

Instructor: Jajuanza Williams

Age Range: 10-12

Tuition: \$250

122 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on creative arts course designed for students who love to build, design, and express themselves through a variety of art forms. Throughout this class, students will explore crafting, experiment with

Week 1: June 1-5

Registration Deadline:
Thursday, May 28 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 102 Renaissance Fair
- 104 Hot Wheels Racing: Extreme Builders
- 106 Rock and Roll Boot Camp
- 108 Rhythm Rascals
- 110 Dig It Dino & Geology Camp
- 112 Wildcat War Games
- 114 Amazing Animals Adventures
- 116 Wildcat Soccer
- 118 Flag Football
- 120 Speed & Agility Training
- 122 Magic of Making: Crafting, Painting, Origami
- 124 Minecraft Creative World
- 126 Embodied Logic Basketball Camp
- 128 Mastering Multiplication: Beginners
- 130 LEGO Creative Challenges
- 132 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 134 Potter & Paint Studies
- 136 Cuentos & Cocina: Spanish Storyteller
- 138 Barbie Through the Decades
- 140 Creative Cooking Adventures (Advanced)
- 142A The Literacy Lab: Week 1 of 2 (Ages 5-6)

AFTERNOON CLASSES

- 152 Blow Your Top: Chemistry Gone Wild
- 154 Rock and Roll Boot Camp
- 156 Summer Soundwave
- 158 Jr Doctor: Medical School
- 160 Ninja Skills Camp
- 162 Little Astronauts Academy
- 164 Wildcat Sports Camp
- 166 Speed and Agility Training
- 168 Magic of Making: Crafting, Painting, Origami
- 170 Minecraft Survival World
- 172 Embodied Logic Basketball Camp
- 174 Financial Literacy
- 176 Once Upon a Chessboard: Little Thinkers
- 178 LEGO Build a City
- 180 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 182 Cruise through the Caribbean
- 184 Messy Masterpieces
- 186A The Literacy Lab: Week 1 of 2 (Ages 6-8)

painting techniques, fold their way through the beautiful world of origami, and create unique door décor pieces that showcase their personal style. Learners will practice fine motor skills, develop artistic confidence, and engage in guided projects that spark creativity while encouraging independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps students discover the magic that happens when ideas come to life through art. By the end of the course, students will have a collection of handmade creations they're proud to display—and the skills to keep creating long after class ends.

Maximum enrollment: 20
Instructor: Jacklyn Banuelos
Age Range: 10-12
Tuition: \$200

124 Minecraft Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

126 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 4-6
Tuition: \$200

128 Mastering Multiplication: Beginners

The goal of this one-week enrichment class is to provide your student with the ability to access the beginning multiplication facts. In other words, if asked for the product of any two numbers that we have covered in class, the student will have learned a technique for calculating or remembering that information. Students will learn different techniques, including song memorization, a simple counting approach, the steeple multiplication method, possibly squaring numbers, and the lattice multiplication method for larger numbers. This class will be fast-paced and engaging.

Maximum enrollment: 20
Instructor: Cyndie Finley
Age Range: 8-10
Tuition: \$200

130 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs, or work with others using LEGO base plates, 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong builds. Each day, a building challenge will be presented: interlocking to make towers, then using windows & doors, adding LEGO elements such as fences, animals, and vegetation, and building with other unique pieces. We will also create pyramids and mosaics, and build vehicles and facades. Verbal and communication skills are enhanced as students describe their creations to others. Not only will creativity be demonstrated, but students will also work with counting and estimation. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting, and returning LEGO elements to the correct bins. It is an amazing week of fun and exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 5-10
Tuition: \$210

132 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

134 Potter & Paint Studies

Let your child's creativity shine in this hands-on, clay and painting workshop! Kids will learn foundational hand-building techniques such as pinching, coiling, and slab building, along with basic painting and glazing skills. We will sculpt and decorate their very own food-safe bowl, plate, or coffee mug. They'll also craft and personalize a decorated picture frame, perfect for their favorite family photo keepsake! No prior pottery experience is needed—just creativity, imagination, and a willingness to try something new and get a little messy!

Maximum enrollment: 20
Instructor: Amanda Goodale-Dennis
Age Range: 10-12
Tuition: \$200

136 Cuentos & Cocina: Spanish Storyteller

Once upon a time... in Español! In Cuentos & Cocina, campers aged 4-7 will bring bilingual stories to life through food, art, and language. Each day, we open a new book to learn Spanish vocabulary for animals, colors, and feelings. Campers will whip up a yummy snack inspired by the story

(like Oruga fruit kabobs!), craft their own puppets or props, and use their new Spanish words to help retell the tale. It's a playful blend of mixing, making, and speaking designed to build confidence in early learners. Join us for a week where every recipe tells a story—en Español!

Maximum enrollment: 15
Instructor: Alexandra De Leon Johnson
Age Range: 4-7
Tuition: \$200

138 Barbie Through the Decades

In this class, children will discover the fascinating history of Barbie! Each participant will receive a Barbie of their choice, complete with glamorous outfits for spectacular fashion shows. Beyond the fashion, students will engage in creative dramatic play and develop social skills while making friends. It's an opportunity for imaginative fun and friendship!

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 7-9
Tuition: \$200

140 Creative Cooking Adventures (Advanced)

Join Chef Danny this SATA 2026 for a fun-filled culinary adventure! From making Candy Sushi to Ice Cream from scratch. Come explore the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 7-12
Tuition: \$220

142A The Literacy Lab: Week 1 of 2 (Ages 5-6)

Welcome to The Literacy Lab - Summer Edition! This TWO-WEEK, interactive summer camp helps young learners master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Please Note: This is a two-week morning class designed for ages 5-6. When enrolling, select BOTH Week 1 (June 1-5), Class 142A, AND Week 2 (June 8-12), Class 248B.

If you need assistance, please call the Summer Office: 210-736-5876.

Maximum enrollment: 16
Instructor: Maree Longoria, M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 5-6
Tuition: \$600

WEEK 1 AFTERNOON CLASSES

152 Blow Your Top: Chemistry Gone Wild

Ever wonder how to make chemical reactions at home? Well, here is your chance! In this action-packed class, we will learn exactly what causes explosions using solids, liquids, and gases. Get messy and amazed with seven exciting science experiments that can be done at home with your very own chemical reaction kits. Students will learn about pressure and temperature—and how they can make explosions even louder—before getting scientific at the end of the week with the Scientific Explosions Extravaganza!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

154 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock! This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to find their sound and rock out.

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

156 Summer Soundwave

Summer Soundwave is a vibrant vocal camp designed for kids who love to sing and want to take their skills to the next level. Throughout the week, students dive into vocal technique, rhythm work, harmony building, and the fundamentals of performing with confidence. Campers will learn songs in styles they love—including pop, musical theatre, and Disney—while exploring creative elements like songwriting snippets, vocal storytelling, and simple beat-based arrangements. Each day blends music-making with expressive activities, such as movement warm-ups, lyric interpretation, and small-group collaboration. The week concludes with a fun in-class "Soundwave Session," where students share their favorite pieces with their fellow singers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 9-12
Tuition: \$200

158 Jr Doctor: Medical School

Put on your doctor coat and grab your stethoscope, it is time to join Jr. Doctor Medical School Camp! Future doctors, nurses, and surgeons will have a blast learning what it is like to help people feel better. Campers will use real doctor tools, wrap pretend injuries, take care of "patients," and learn how the body works. They will listen to heartbeats, check reflexes, and even diagnose make-believe illnesses. Every day brings fun, imagination, and hands-on activities that make learning about medicine exciting. Kids will love pretending to work in a real doctor's office and discovering what it takes to keep everyone healthy and strong. This class is perfect for little medical heroes who like to help others and have fun doing it! Space is limited, so sign up today for this doctor adventure!

Maximum enrollment: 20

Instructor: Sylvia Sarate

Age Range: 4-8

Tuition: \$210

160 Ninja Skills Camp

Are you ready to unlock your inner ninja? If you dream of mastering the arts of stealth, agility, and skill, then this is the camp for you! Step into the world of your favorite ninja heroes from Naruto, Ninja Turtles, and Kungfu Panda, and learn to move like a true warrior. In this action-packed camp, you'll get to practice awesome ninja moves like sword fighting, throwing stars, nunchucks, and even master cool flips and tumbles. Each day, you'll face exciting challenges, engaging in epic sword battles and high-energy obstacle courses that will test your speed, strength, and focus. You'll also build character values like discipline, respect, and teamwork while learning the skills of a true ninja. With daily practice, you'll become a stealth fighter who's ready to take on any challenge that comes your way. Whether it's running, jumping, kicking, or tumbling, this camp is designed to keep you moving and having fun the whole time. Get your friends to join you for the best ninja class of the summer—your ninja journey starts now!

Maximum enrollment: 30

Instructor: John MacLaren

Age Range: 4-8

Tuition: \$210

162 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through hands-on crafts, stories, and interactive lessons. Each day, we'll make a new space-themed project—from sparkling stars to colorful planets and rocket ships—while learning fascinating facts about our solar system. Students will discover what makes each planet unique, how stars shine, and what it's like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20

Instructor: Lupita Perez

Age Range: 4-6

Tuition: \$200

164 Wildcat Sports Camp

Gear up for a week of sports excitement with Keystone Coach Kyle Unruh at Wildcat Sports Camp! This dynamic program offers a blend of traditional and non-traditional sports, ensuring a fun and engaging experience for participants. Throughout the week, campers will enjoy a variety of activities, from the fast-paced action of rugby to creative kickball variations, as well as soccer and hockey. Under Coach Unruh's guidance, participants will not only build their skills in each sport but also experience the thrill of friendly competition and teamwork. Join us for a week of sportsmanship, camaraderie, and the joy of exploring a diverse range of athletic endeavors in Wildcat Sports Camp!

Maximum enrollment: 30

Instructor: Kyle Unruh

Age Range: 7-12

Tuition: \$200

166 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25

Instructor: Jajuanza Williams

Age Range: 10-12

Tuition: \$250

168 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on creative arts course designed for students who love to build, design, and express themselves through a variety of art forms. Throughout this class, students will explore crafting, experiment with painting techniques, fold their way through the beautiful world of origami, and create unique door décor pieces that showcase their personal style. Learners will practice fine motor skills, develop artistic confidence, and engage in guided projects that spark creativity while encouraging independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps students discover the magic that happens when ideas come to life through art. By the end of the course, students will have a collection of handmade creations they're proud to display—and the skills to keep creating long after class ends.

Maximum enrollment: 20

Instructor: Jacklyn Banuelos

Age Range: 10-12

Tuition: \$200

170 Minecraft: Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19

Instructor: Frank Ogo

Age Range: 7-12

Tuition: \$200

172 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers will master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment, designed to build confidence, discipline, and Basketball IQ. Wheth-

er your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-12
Tuition: \$200

174 Financial Literacy

Financial Literacy is a fun, hands-on course designed to teach students essential skills for managing money. Participants will explore the basics of budgeting, the importance of saving, the fundamentals of investing, and the concept of credit. Our goal is to empower students to make wise, confident decisions with their finances. Through interactive activities, students will practice counting currency, play games centered on purchasing merchandise, and master the art of making change. By the end of the week, campers will walk away with a better understanding of the real-world cost of items and the tools they need for a successful financial future!

Maximum enrollment: 20
Instructor: Cyndie Finley
Age Range: 7-9
Tuition: \$200

176 Once Upon a Chessboard: Little Thinkers

This summer at San Antonio Academy, students will journey into the exciting world of chess through stories, games, and hands-on activities. Campers will discover each chess piece as a unique character, learn how they move and work together, and explore creative strategies through play. With fun challenges, friendly competition, and teamwork, students will strengthen their focus, sportsmanship, and problem-solving skills—making every move an adventure on the chessboard!

Maximum enrollment: 17
Instructor: Complete Chess
Age Range: 5-10
Tuition: \$200

178 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe-inspiring structures such as airports, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and more. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analysis, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building techniques that help to create solid structures that can be as tall as you choose to create. Design and customize vehicles (such as cars, trucks, planes, boats, and buses) to add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$205

180 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

182 Cruise Through the Caribbean

Pack your bags, explorers—we're going on an adventure around the Caribbean! Each day, our travelers will 'visit' a new country to discover its people, language, food, and culture through crafts, stories, and activities. Campers will create their own passports and suitcases to hold souvenirs from each stop on our journey, taste traditional treats, and make colorful keepsakes inspired by each country.

Maximum enrollment: 20
Instructor: Amanda Goodale-Dennis
Age Range: 4-8
Tuition: \$200

184 Messy Masterpieces

Does your child love to create? Give them the tools to become a true artist! This week, we are taking a tour through the art world. Students won't just draw; they will smudge, sculpt, paint, and design. We provide the materials and the guidance; they provide the imagination. Best of all? We handle the cleanup.

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 4-6
Tuition: \$200

186A The Literacy Lab: Week 1 of 2 (Ages 6-8)

Welcome to The Literacy Lab - Summer Edition! This TWO-WEEK, interactive summer camp helps young learners master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Please Note: *This is a two-week afternoon class designed for ages 6-8. When enrolling, select BOTH Week 1 (June 1-5), Class 186A, AND Week 2 (June 8-12), Class 256B.*

If you need assistance, please call the Summer Office:
210-736-5876.

Maximum enrollment: 16
Instructor: Maree Longoria, M.Ed., CALT, Spalding and
Lindsay Rouse, M.Ed., CALT
Age Range: 6-8
Tuition: \$600

Week 2: June 8-12

WEEK 2 MORNING CLASSES

202 Mastering Multiplication

The goal of this one-week enrichment class is to provide your student with the ability to access the multiplication facts of 6×6 through 12×12 . In other words, if asked for the product of any two numbers that we have covered in class, the student will have learned a technique for calculating or remembering that information. Students will learn different techniques, including song memorization, a simple counting approach, the steeple multiplication method, and possibly squaring numbers and the lattice multiplication method for larger numbers. This class will be fast-paced and engaging.

Maximum enrollment: 20
Instructor: Cyndie Finley
Age Range: 9-12
Tuition: \$200

204 Snack Attack: Globe Trotters

Grab your passports and bring your appetites! In Snack Attack: Globe Trotters, our littlest chefs will embark on a delicious voyage around the world—without ever leaving the kitchen. Each day, we'll stamp our culinary passports by exploring a new country, learning fun facts about its culture, and creating a tasty, age-appropriate snack inspired by local flavors. From rolling sweet treats to mixing savory dips, campers will practice fine motor skills while expanding their palates. Join us for a week of mixing, munching, and multicultural fun!

Maximum enrollment: 20
Instructor: Alexandra De Leon Johnson
Age Range: 4-7
Tuition: \$200

206 Making Chinese Food

Chinese Culinary Adventure: Everyone loves Chinese food! It is delicious and fun to make. Your instructor, a native of China, enjoys preparing authentic Chinese dishes and will ensure you gain hands-on experience. Students will make dumplings, healthy fried rice, and hand-stretched green onion pancakes. In addition, we will taste delicious fruits—like lychee and dragon fruit—and learn their names in Chinese. How fun and exciting! On our last day, we will draw these dishes on a shirt with their Chinese characters as a memento. Students will take all the delicious recipes home, too!

Maximum enrollment: 20
Instructor: Xueling Xu
Age Range: 4-7
Tuition: \$220

208 Dungeons and Dragons

Step into a world of imagination, courage, and camaraderie in our Dungeons & Dragons Camp for adventurers ages 10 and up! Whether you're a newcomer or a seasoned hero, this is your chance to embark on an unforgettable summer of storytelling and strategy. You begin by forging a legend of your own, designing a unique character such as a daring Elf Rogue, a wise Human Wizard, or a fearless Dragonborn Paladin. Once your party is formed, you'll venture through

shadowy forests and perilous dungeons to battle ferocious orcs and mighty dragons. Creative campers may even take the helm as the Dungeon Master, learning to guide their friends through thrilling challenges and custom-built worlds. Through every roll of the dice, you will develop essential skills in narrative storytelling, creative problem-solving, and teamwork while making amazing memories with fellow adventurers!

Maximum enrollment: 20
Instructor: Troy Wilson
Age Range: 10-12
Tuition: \$200

210 Face Painting

Get ready for a week of face-painting fun! Join us as students learn to paint flowers, butterflies, and adorable animals on their faces. We'll kick off with simple designs like flowers and gradually move to more exciting animals, such as cats, foxes, bunnies, and even wolves. The creativity doesn't stop there - students will also explore face-painting fantasy creatures like dragons and unicorns, or dive into Halloween-themed fun with zombies and spiderwebs. Every day is a new adventure, with students deciding what to paint next. To top it off, students will take home their own face painting set at the end of the week to keep the artistic fun going!

Maximum enrollment: 18
Instructor: Tian Xing
Age Range: 4-8
Tuition: \$200

212 STEM Robotics: Drones

This beginner STEM Robotics camp has it all: building, creating, designing, and engineering! From constructing their own robots to experimenting with basic robotics, remote-controlled cars, and drones, campers will dive into the world of tech. We aim to make a child's first experience with STEM both fun and engaging by using exciting, age-appropriate technology and fostering a collaborative environment where kids can bring their ideas to life. This is a truly hands-on camp. We believe that the more fun a child has in this early learning environment, the more likely they are to pursue STEM opportunities in the future. There's no better place to start—so come join us this summer as we live out our motto: "Bringing the Future to People...Today."

Maximum enrollment: 15
Instructor: Scott Zimmerman
Age Range: 4-6
Tuition: \$235

214 Snakes, Spiders, and Extreme Animals

Whoa! If your child loves animals, this is the class for them! Join us to learn about the biology and behavior of snakes, spiders, Texas wildlife, and other extreme animals. Campers will handle 10 different animals, spiders, and insects—and you won't want to miss the chance for a photo with a real-life, 17-foot boa constrictor! During the week, students will learn how to build a habitat, identify venomous and non-venomous animals, and master the five ways to track any creature. The adventure culminates on Friday with a trail hunt at McAllister Park, where your child will become a real-life animal tracker. Get ready, because there will be seven different kinds of snakes to hold! The great outdoors awaits!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

Week 2: June 8-12

Registration Deadline:
Thursday, June 4 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 202** Mastering Multiplication
- 204** Snack Attack: Globe Trotters
- 206** Making Chinese Food

216 Harry Potter Magic Camp

Step into the magical world of Harry Potter. This is the most enchanting camp of the summer! Create your very own wizarding wand and magical broomstick to take home, and brew potions (slime) like Felix Felicis, Love Potion, Polyjuice Potion, and even the Elixir of Life. Each day, you'll wear your wizard's cloak and tie as you embark on exciting role-playing adventures in the magical world. You'll be sorted into a Hogwarts house and compete in fun challenges with your new friends. Explore an amazing collection of authentic film props and dolls from the Harry Potter universe, and get a taste of what it's like to live in a world full of spells and secrets. Whether you're crafting potions or discovering which house truly fits you, this magical adventure will ignite your imagination in ways you never imagined. If you're a fan of Harry Potter, this camp is a must! Come experience the magic with Coach MacLaren and make unforgettable memories. Space is limited, so sign up today!

Maximum enrollment: 25
Instructor: John MacLaren
Age Range: 4-8
Tuition: \$210

218 Little Kickers Summer Camp: Indoor Soccer

Beat the heat and stay active! In this exciting indoor soccer camp, kids will learn basic skills like dribbling, passing, and shooting in the comfort of a climate-controlled gym. We combine creative drills, silly challenges, and mini-matches to keep the energy high without the sunburn. It's the perfect way to build confidence, make friends, and have a blast while staying cool!

Maximum enrollment: 25
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

220 Wildcat Soccer

Score goals and have a ball with Wildcat Soccer, where the world's most popular sport takes center stage at Summer at the Academy! Led by Keystone soccer coach Kyle Unruh, this week-long program offers a fun-filled adventure in skill development, technical drills, lead-up games, and scrimmages suitable for all skill levels. Participants will not only sharpen their soccer prowess but also explore the rich history of the sport, culminating in an exciting tournament at the end of the week. Activities are designed for both large and small groups to ensure a dynamic and inclusive experience. To celebrate their hard work, every player will receive a medal at the end of the session. Rain or shine, we are prepared with alternative activities to keep the soccer spirit alive. Join us for a week of excitement, sportsmanship, and the joy of "kicking it" with friends!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 5-12
Tuition: \$200

222 Flag Football

Join certified strength and conditioning coach Kevin Wiley, founder of Training With Intelligence, for an exciting week of flag football instructional skills and games! Participants will enhance their quick decision-making skills while learning the fundamentals of the game in a fun and engaging

environment. Each session will be age and skill-based to ensure balanced competition and effective development.

Maximum enrollment: 24
Instructor: Kevin Wiley
Age Range: 8-12
Tuition: \$200

224 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts, such as glow-in-the-dark sand bottles, slime, shine bracelets, and so much more. Come share and show what you know!

Maximum enrollment: 20
Instructor: Karen Johnson
Age Range: 5-10
Tuition: \$200

226 From the Zoo to YOU!

Who DOESN'T love the zoo? Who doesn't love going "behind the scenes" with zoo personnel? "Experiences of a Zoo Keeper" video presentations, an "up close and personal" animal visit in our classroom, a zoo song the students will learn...PLUS a "specially-prepared-for-us" onsite class at the San Antonio Zoo on Friday - with MORE animals! Top that off with a carousel ride, and it becomes a little piece of HEAVEN for animal lovers!

Maximum enrollment: 20
Instructor: JoAnne Burch
Age Range: 7-9
Tuition: \$250

228 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-12
Tuition: \$200

230 Once Upon a Chessboard: Little Thinkers

This summer at San Antonio Academy, students will journey into the exciting world of chess through stories, games, and hands-on activities. Campers will discover each chess piece as a unique character, learn how they move and work together, and explore creative strategies through play. With fun challenges, friendly competition, and teamwork, students will strengthen their focus, sportsmanship, and problem-solving skills—making every move an adventure on the chessboard!

Maximum enrollment: 17
Instructor: Complete Chess
Age Range: 5-10
Tuition: \$200

232 Real Life Minecraft

This class is all about Minecraft jumping out of the computer screen and into the hands of our creative students! We will bring the game to life by crafting our own Minecraft props, iconic characters, and even building 3D Minecraft worlds. It's the ultimate "unplugged" adventure for every young fan of the game!

Maximum enrollment: 15
Instructor: Carlise Bentley
Age Range: 6-9
Tuition: \$200

234 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

236 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs, or work with others using LEGO base plates, 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong builds. Each day, a building challenge will be presented: interlocking to make towers, then using windows & doors, adding LEGO elements such as fences, animals, and vegetation, and building with other unique pieces. We will also create pyramids and mosaics, and build vehicles and facades. Verbal and communication skills are enhanced as students describe their creations to others. Not only will creativity be demonstrated, but students will also work with counting and estimation. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting, and returning LEGO elements to the correct bins. It is an amazing week of fun and exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 5-10
Tuition: \$210

238 Jr. Fire Heroes Training Camp

Sound the alarm - it's time to join the Junior Firefighter crew! Young campers will learn all about fire safety, teamwork, and community helpers through fun, hands-on activities, stories, crafts, and games. Each day introduces

new firefighting adventures that build confidence, cooperation, and curiosity. To top off an exciting week, our crew will take a special field trip to a real fire station on the final day to meet the local heroes in person!

Maximum enrollment: 15
Instructor: Amanda Goodale-Dennis
Age Range: 6-9
Tuition: \$250

240 Messy Masterpieces

Does your child love to create? Give them the tools to become a true artist! This week, we are taking a tour through the art world. Students won't just draw; they will smudge, sculpt, paint, and design. We provide the materials and the guidance; they provide the imagination. Best of all? We handle the cleanup.

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 4-6
Tuition: \$200

242 Jr Engineering: Ultimate S.T.E.M. Program

Get ready to build, create, and imagine during our Jr. Engineering camp! Future engineers and inventors will have a blast designing, building, and testing fun projects that move, roll, and fly. Each day brings new hands-on challenges where kids use their creativity and problem-solving skills to make cool contraptions and clever creations. Campers will work together to design cars that roll the farthest, build tall towers, and create structures that really work. It's all about teamwork, imagination, and lots of "wow" moments! This camp is packed with fun building challenges and exciting discoveries that make learning feel like play. Space is limited, so grab your tool belt and join the Jr. Engineering Team of Excellence today!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

244 Summer Soundwave

Summer Soundwave is a vibrant vocal camp designed for kids who love to sing and want to take their skills to the next level. Throughout the week, students dive into vocal technique, rhythm work, harmony building, and the fundamentals of performing with confidence. Campers will learn songs in styles they love—including pop, musical theatre, and Disney—while exploring creative elements like songwriting snippets, vocal storytelling, and simple beat-based arrangements. Each day blends music-making with expressive activities such as movement warm-ups, lyric interpretation, and small-group collaboration. The week concludes with a fun in-class "Soundwave Session," where students share their favorite pieces with their fellow singers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 9-12
Tuition: \$200

246 Creative Cooking Adventures (Advanced)

Join Chef Danny this SATA 2026 for a fun-filled culinary adventure! From making candy sushi to ice cream from scratch. Come explore the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 7-12
Tuition: \$220

248B The Literacy Lab: Week 2 of 2 (Ages 5-6)

Welcome to The Literacy Lab - Summer Edition! This TWO-WEEK, interactive summer camp helps young learners master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Please Note: *This is a two-week morning class for ages 5-6. When enrolling, select BOTH Week 1 (June 1-5), Class 142A, AND Week 2 (June 8-12), Class 248B.*

For assistance, please call the Summer Office:
210-736-5876.

Maximum enrollment: 16
Instructor: Maree Longoria, M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 5-6
Tuition: 0

WEEK 2 AFTERNOON CLASSES

252 Making Chinese Food

Chinese Culinary Adventure: Everyone loves Chinese food! It's delicious and fun to make. Your instructor, a native of China, enjoys preparing authentic Chinese dishes and will ensure you gain hands-on experience. Students will make dumplings, healthy fried rice, and hand-stretched green onion pancakes. In addition, we will taste delicious fruits—like lychee and dragon fruit—and learn their names in Chinese. On our last day, we will draw these dishes on a shirt with their Chinese characters as a memento. Students will take all the delicious recipes home, too!

Maximum enrollment: 20
Instructor: Xueling Xu
Age Range: 8-12
Tuition: \$220

254 Face Painting

Get ready for a week of face-painting fun! Join us as students learn to paint flowers, butterflies, and adorable animals on their faces. We'll kick off with simple designs like flowers and gradually move to more exciting animals,

such as cats, foxes, bunnies, and even wolves. The creativity doesn't stop there - students will also explore face-painting fantasy creatures like dragons and unicorns, or dive into Halloween-themed fun with zombies and spiderwebs. Every day is a new adventure, with students deciding what to paint next. To top it off, students will take home their own face painting set at the end of the week to keep the artistic fun going!

Maximum enrollment: 18
Instructor: Tian Xing
Age Range: 4-8
Tuition: \$200

256B The Literacy Lab: Week 2 of 2 (Ages 6-8)

Welcome to The Literacy Lab - Summer Edition! This TWO-WEEK, interactive summer camp helps young learners master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Please Note: *This is a two-week afternoon class designed for ages 6-8. When enrolling, select BOTH Week 1 (June 1-5), Class 186A, AND Week 2 (June 8-12), Class 256B.*

For assistance, please call the Summer Office:
210-736-5876.

Maximum enrollment: 16
Instructor: Maree Longoria, M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 6-8
Tuition: 0

258 Renaissance Fair

"King John and the Abbot" - A Medieval Mystery! Drama Kids summer camp offers a unique combination of creative and entertaining theatre activities for ages 4-12. Our Renaissance Fair play is looking for Knights, Princesses, and Dragons to bring the story to life. Help the royal kingdom finally rid the land of the evil dragon; create your own Renaissance story! At the end of the week, our young actors will take the stage to demonstrate their skills in a special performance for family and friends.

Maximum enrollment: 20
Instructor: Sandra Detamore
Age Range: 4-12
Tuition: \$200

260 Math Toy Store

Cha-Ching! Show Me the Money! This class is designed to teach young learners about coins, bills, and the value of a dollar! Each student will receive their very own cash drawer filled with play money to use throughout the week. They will master counting currency quickly, understand relative value, and—the class favorite—how to negotiate! But it's not just about counting; students will learn how to get the most value for their money by shopping at our classroom

“Toy Store.” We will dive into the banking system, discuss saving for large purchases, and learn how to control impulse buying. Best of all, students will bring home a new toy every day that they personally saved for, budgeted, and bought. If you want your child to learn financial literacy while having a BLAST, this is the class for you!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

262 Color Splash: Tie Dye Camp

A Bright & Creative Summer Camp for Ages 7+ Color Splash Tie-Dye Camp is a fun, hands-on week where young artists learn beginner-friendly techniques while creating a brand-new item to take home each day. Kids will explore simple folds and bold patterns—including spirals, stripes, crumples, and bullseyes—while adding personalized touches with stencils, fabric markers, and unique color palettes. Throughout the week, students will safely learn the basics of dyeing, experiment with color theory, and create wearable art they’ll be proud to show off. The week concludes with a cheerful in-class “Color Splash Artwalk,” where campers celebrate their creations with their peers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 7-12
Tuition: \$200

264 Extreme Dissection

Eye-popping, first-hand, real up-close dissections of actual specimens (worms, frogs, and more)! If you’ve ever dreamed of becoming a scientist, doctor, or brain surgeon, this is your chance to dive deep into the amazing world of biology with real, up-close dissections! You will explore the inner workings of organisms as you compare and contrast their skeletal, cardiovascular, nervous, and digestive systems. You’ll learn the proper techniques for dissection and safely handle real organs like hearts, brains, kidneys, and eyes, getting an unforgettable look at how our bodies work! It’s not every day you get to touch and explore the organs that make life happen, so come ready to expand your curiosity and discover the wonders of the human body in ways you never imagined. Space is limited to just 20 spots, so make sure to sign up early for this unforgettable, hands-on experience. This is one class your child will remember and talk about for years to come!

Maximum enrollment: 25
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$210

266 Pet Vet - Love of Animals

Do you LOVE animals? Then Pet Vet -Love of Animals, is the camp for you! Kids will step into the world of animal care and learn what it is like to be a real veterinarian, vet helper, and pet owner. Each day is packed with fun, hands-on activities where campers care for furry, feathery, and scaly friends. They will learn how to keep pets healthy, bandage pretend injuries, and understand what pets need to feel safe and loved. There is plenty of make believe play too! kids can dress up, role play, and even run their own pretend pet clinic! And the best part? On Friday, campers can have their

parents bring their own pet to show and tell the class (check with your instructor first). This camp is filled with learning, laughter, and animal fun your child will never forget! Space is limited, so do not wait to join this purr-fect adventure!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

268 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through hands-on crafts, stories, and interactive lessons. Each day, we’ll make a new space-themed project—from sparkling stars to colorful planets and rocket ships—while learning fascinating facts about our solar system. Students will discover what makes each planet unique, how stars shine, and what it’s like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

270 Wildcat Sports Camp

Gear up for a week of sports excitement with Keystone Coach Kyle Unruh at Wildcat Sports Camp! This dynamic program offers a blend of traditional and non-traditional sports, ensuring a fun and engaging experience for participants. Throughout the week, campers will enjoy a variety of activities, from the fast-paced action of rugby to creative kickball variations, as well as soccer and hockey. Under Coach Unruh’s guidance, participants will not only build their skills in each sport but also experience the thrill of friendly competition and teamwork. Join us for a week of sportsmanship, camaraderie, and the joy of exploring a diverse range of athletic endeavors in Wildcat Sports Camp!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

272 Let’s Act and Rap

Here’s a chance for your child to be immersed in the physiology, migration patterns, adaptations, contributions... the BEAUTY of birds! This class is based on a dramatized rap, “Protect the Birds,” performed by a national award-winning public school ecology club, which was presented at a Keep Texas Beautiful conference. As students prepare props and costumes used to rap/act out the verses (in which our topics are embedded), they will come to appreciate the unique attributes of “our feathered friends.” They will also learn about protecting the environment, so that we may “protect the birds” in our daily lives. To quote Dr. Thomas Lovejoy, “If you take care of the birds, you take care of most of the big problems of the world.”

Maximum enrollment: 15
Instructor: JoAnne Burch
Age Range: 7-10
Tuition: \$200

274 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25

Instructor: Eric Leung

Age Range: 4-6

Tuition: \$200

276 Financial Literacy

Financial Literacy is a fun, hands-on course designed to teach students essential skills for managing money. Participants will explore the basics of budgeting, the importance of saving, the fundamentals of investing, and the concept of credit. Our goal is to empower students to make wise, confident decisions with their finances. Through interactive activities, students will practice counting currency, play games centered on purchasing merchandise, and master the art of making change. By the end of the week, campers will walk away with a better understanding of the real-world cost of items and the tools they need for a successful financial future!

Maximum enrollment: 20

Instructor: Cyndie Finley

Age Range: 10-12

Tuition: \$200

278 Legends of Chess

In this exciting and challenging camp, students will advance their chess skills through matches, puzzles, and interactive strategy sessions. Campers will explore tactics, forward planning, and creative problem-solving while participating in friendly competitions, team challenges, and story-driven chess adventures. Along the way, they will strengthen their focus, confidence, and sportsmanship as they uncover what it takes to become a true legend of the chessboard!

Maximum enrollment: 20

Instructor: Complete Chess

Age Range: 7-12

Tuition: \$200

280 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe-inspiring structures like an airport, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and parks. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analyzation, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building

techniques that help to create solid structures that can be as tall as you choose to create. Design and customize vehicles (like cars, trucks, planes, boats, and buses) which add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$205

282 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$235

284 Jr. Soldiers Basic Bootcamp

Get ready to move, march, and make memories in this high-energy camp designed for active kids who love teamwork and challenges. Throughout the week, campers will build strength, confidence, and perseverance through obstacle courses, relay races, and team-based missions. Beyond the physical fun, recruits will explore the importance of leadership, respect, and the vital role the military plays in our nation. The week concludes with a unique experience: young soldiers will meet a real soldier, sample MRE (Meals Ready to Eat), and celebrate their hard work with a formal Basic Training Graduation and signed certificate!

Maximum enrollment: 20

Instructor: Amanda Goodale-Dennis

Age Range: 4-8

Tuition: \$200

286 Snack Attack: Globe Trotters

Ready to upgrade your snack game? Snack Attack: Globe Trotters is the ultimate destination for chefs aged 8-12 who are ready to explore the world through food. We're trading ordinary snacks for international eats, exploring global street foods and cultural delicacies. Campers gain independence in the kitchen as they learn to chop, mix, and balance fresh ingredients from different continents. Whether it's sweet treats from Europe or savory spices from Asia, you'll explore new cultures and build confidence with every bite.

Maximum enrollment: 20

Instructor: Alexandra De Leon Johnson

Age Range: 8-12

Tuition: \$200

288 Barbie Through the Decades

In this class, children will discover the fascinating history of Barbie! Each participant will receive a Barbie of their choice, complete with glamorous outfits for spectacular fashion shows. Beyond the fashion, students will engage in creative dramatic play and develop social skills while making friends. It's an opportunity for imaginative fun and friendship!

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 7-9
Tuition: \$200

290 All Things Paper & Weaving

Get ready to explore the art of paper design! This class focuses on experimenting with unique ways to create patterns and textures on paper. Students will dive into hands-on techniques such as bubble painting, shaving cream scraping, balloon and vegetable printing, and various watercolor styles. Once their masterpieces are dry, students will learn how to collage and weave their beautiful, custom-made papers into stunning works of art!

Maximum enrollment: 20
Instructor: Carlise Bentley
Age Range: 5-9
Tuition: \$200

Week 3: June 15-18

4-Day Week Due to Juneteenth Holiday on Friday, June 19

302 Edible Holiday Creations

This hands-on summer camp blends creativity, food, and fun as students explore the world of edible art through fully holiday-themed projects. Campers design, build, and decorate imaginative food-based creations while learning basic kitchen safety, simple food preparation skills, and artistic techniques. Students work with colorful ingredients to create festive character treats, edible structures, fruit art, wearable snacks, and a final showcase masterpiece, all inspired by a variety of holidays and seasonal celebrations. The course encourages creativity, teamwork, problem-solving, and fine motor skill development in a playful, engaging environment. Campers practice planning their designs, following step-by-step instructions, and presenting their creations with confidence. By combining art, food, and holiday traditions, this program provides a unique sensory learning experience where imagination comes to life — and everything they make is deliciously edible.

Maximum enrollment: 20
Instructor: Rosalinda Garcia
Age Range: 6-12
Tuition: \$160

304 Snack Attack: Creative Celebrator

Get ready to unwrap the fun! Snack Attack: Creative Celebrator invites children aged 4-7 to turn ordinary ingredients into extraordinary edible art. We believe food is the center of every great celebration, so we will be mixing, dipping, and decorating our way through different holidays. Campers will learn about the traditions behind the treats, build fine motor skills through food assembly, and discover how to make every snack break feel like a special occasion. Join us for a week where the only thing better than making the snacks is eating them!

Maximum enrollment: 20
Instructor: Alexandra De Leon Johnson
Age Range: 4-7
Tuition: \$160

306 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$160

308A Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games,

lunch with friends, and ensuring every hour is packed with action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH AM 308A AND PM 380B.

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: \$496

310 Rhythm Rascals

Get ready for a lively week of musical adventures! Rhythm Rascals invites kids to explore the exciting world of rhythm through hands-on play, movement, and creative crafts. Children will experiment with percussion instruments - drums, tambourines, shakers, and rhythm sticks - while learning simple beats, building coordination, and boosting motor skills. Each day includes a fun craft project where kids design and decorate their own musical instruments and accessories, letting their creativity shine. They'll also participate in rhythm games, movement activities, and teamwork-based music challenges. At the end of the week, students share what they've learned with a joyful, in-class Rhythm Showcase, celebrating their newfound musical confidence.

Your child will:

- Learn to play percussion instruments and explore fun rhythms
- Create and decorate their own instruments and musical accessories
- Enhance fine motor skills through hands-on crafts
- Gain confidence during group music activities and an in-class showcase. This upbeat course encourages movement and self-expression, all while fostering a love for music!

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 4-6
Tuition: \$160

312 Explode Into Science

Step right up and prepare to be amazed—this is the ultimate science camp of the summer! Packed with hands-on experiments and thrilling discoveries, this week will ignite your curiosity and blow your mind. Dive into the fascinating world of chemistry and physics as you and Coach Maclaren create explosions, change states of matter, and conjure up reactions that fizz, pop, and erupt! Learn to think like a scientist as you hypothesize, experiment, and solve real-world challenges in the most exciting way possible. If you're a fan of Steve Spangler, Bill Nye, or just love making things go BOOM, then this class is your dream come true. From colorful chemical reactions to jaw-dropping explosions, every day is an adventure in science. Brace yourself for a spectacular science show featuring the largest, messiest, and most exciting experiments of the week. Don't miss out on this unforgettable experience—sign up now and get ready to explode into science. This class often has a waitlist!

Maximum enrollment: 25
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$168

314 Little Kickers Summer Camp: Outdoor Soccer

Get ready to kick, run, and score in the great outdoors! In this exciting soccer camp, kids will learn basic skills like dribbling, passing, and shooting while enjoying the fresh air. Each day includes creative drills, silly challenges, and mini-matches designed specifically for young players. It's the perfect way to build confidence, make friends, and have a blast on the field under the summer sun.

Maximum enrollment: 25

Instructor: Lupita Perez

Age Range: 4-6

Tuition: \$160

316 Flag Football

Join certified strength and conditioning coach Kevin Wiley, founder of Training With Intelligence, for a week of flag football instructional skills and games! Participants will enhance their quick decision-making skills while learning the fundamentals of the game in a fun and engaging environment. Each group instruction session will be age- and skill-based to ensure balanced competition and effective development.

Maximum enrollment: 24

Instructor: Kevin Wiley

Age Range: 8-12

Tuition: \$160

318 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25

Instructor: Jajuanza Williams

Age Range: 10-12

Tuition: \$200

320 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19

Instructor: Frank Ogo

Age Range: 6-12

Tuition: \$160

322 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for

Week 3: June 15-18 (4-Day Week)

Registration Deadline:
Thursday, June 11 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 302 Edible Holiday Creations
- 304 Snack Attack: Creative Celebrator
- 306 Rock and Roll Boot Camp
- 308A Out on the Town (Full Day)
- 310 Rhythm Rascals
- 312 Explode Into Science
- 314 Little Kickers Summer Camp: Outdoor Soccer
- 316 Flag Football
- 318 Speed & Agility Training
- 320 Minecraft: Creative World
- 322 Embodied Logic Basketball Camp
- 324 All Things Paper & Weaving
- 326 LEGO Creative Challenges
- 328 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 330 Creative Cooking Adventures (Advanced)

AFTERNOON CLASSES

- 352 Builders Like Bob
- 356 Crayola Creations
- 358 Hot Wheels Racing: Extreme Builders
- 360 Rock and Roll Boot Camp
- 362 Color Splash: Tie Dye Camp
- 364 Marshmallow Blasters
- 366 Speed & Agility Training
- 368 Minecraft: Survival World
- 370 Embodied Logic Basketball Camp
- 372 Real Life Minecraft
- 374 LEGO Build a City
- 376 S.T.E.A.M. Robotics: Computer-Controlled Robots
- 378 Snack Attack: Creative Celebrator
- 380B Out on the Town (Full Day)

the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 4-6
Tuition: \$160

324 All Things Paper & Weaving

Get ready to explore the art of paper design! This class focuses on experimenting with unique ways to create patterns and textures on paper. Students will dive into hands-on techniques such as bubble painting, shaving cream scraping, balloon and vegetable printing, and various watercolor styles. Once their masterpieces are dry, students will learn how to collage and weave their beautiful, custom-made papers into stunning works of art!

Maximum enrollment: 20
Instructor: Carlise Bentley
Age Range: 5-9
Tuition: \$160

326 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs. Or, work with others using LEGO base plates along with 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong “builds.” Each day there will be an “interlocking” challenge to make towers; then, participants may add windows, doors, fences, animals, vegetation and other unique pieces. We’ll create pyramids and mosaics, vehicles and facades, too. Participants also practice counting and estimation; verbal communication skills are enhanced as students describe their creations to others. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting and returning LEGO elements to the correct bins. It is an amazing week of exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O’Brien
Age Range: 5-10
Tuition: \$168

328 S.T.E.A.M. Robotics: Computer Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot’s movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O’Brien
Age Range: 7-12
Tuition: \$188

330 Creative Cooking Adventures (Advanced)

Join Chef Danny this summer for a fun-filled culinary adventure! From making Candy Sushi to Ice Cream from scratch. Come explore the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 7-12
Tuition: \$176

WEEK 3 AFTERNOON CLASSES

352 Builders Like Bob

Through this hands-on course, young innovators will explore various methods of designing bridges and house-like structures. In this experience, a young builder will learn the basics of engineering, focusing on the relationship between structure and strength. This course allows for young builders to bring their imagination to life and put it to the test.

Maximum enrollment: 20
Instructor: Zercovia White
Age Range: 7-9
Tuition: \$160

356 Crayola Creations

Crayola Creations is a fun, hands-on summer art course where students explore creativity through a different Crayola medium each day. Campers will experiment with markers, crayons, and colored pencils while learning foundational art techniques such as blending, shading, color mixing, and texture. As the course progresses, students will move into 3D art by designing and sculpting their own projects using air-dry clay, developing fine motor skills and creative problem-solving. To complete their artistic journey, students will paint and decorate their clay creations, bringing their ideas to life in full color. This course encourages imagination, artistic confidence, and self-expression in a supportive, engaging environment where every child becomes an artist!

Maximum enrollment: 20
Instructor: Rosalinda Garcia
Age Range: 6-12
Tuition: \$160

358 Hot Wheels Racing: Extreme Builders

Are you a Mega Hot Wheels track builder? This is an exciting, fast-paced session for young engineers and speedsters to build the largest, longest, and most elaborate Hot Wheels tracks imaginable! While they build, students will explore the scientific principles of speed, force, inertia, and momentum. Every participant will receive a Hot Wheels driver’s license, trophies, and medals, plus a brand-new Hot Wheels car to collect daily! The week culminates in the Mega Race on Thursday, where learners show off their skills in a display of pure speed. Everyone is a winner in Hot Wheels Extreme Builders!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$160

360 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$160

362 Color Splash: Tie Dye Camp

A Bright & Creative Summer Camp for Ages 7+ Color Splash Tie-Dye Camp is a fun, hands-on week where young artists learn beginner-friendly techniques while creating a brand-new item to take home each day. Kids will explore simple folds and bold patterns—including spirals, stripes, crumples, and bullseyes—while adding personalized touches with stencils, fabric markers, and unique color palettes. Throughout the week, students will safely learn the basics of dyeing, experiment with color theory, and create wearable art they'll be proud to show off. The week concludes with a cheerful in-class "Color Splash Artwalk," where campers celebrate their creations with their peers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 7-12
Tuition: \$160

364 Marshmallow Blasters

Get ready for the most exciting and action-packed week of the summer! At Marshmallow Blasters, you'll create your very own PVC marshmallow blaster and take it home at the end of the week. But first, you'll put it to the test in thrilling games and challenges! Learn how to aim, fire, and strategize as part of a team to capture your opponents or take them out from a distance. Train your precision and teamwork as you become a master at ambushing rivals, setting up defenses, or launching surprise attacks. Build and design your perfect blaster! Camouflage it to give you the ultimate edge. Who will become the sharpest sniper or the most skilled marksman? Will anyone be able to defeat the mighty Mr. MacLaren? Prepare for daily battles, epic shootouts, and loads of fun! This camp combines engineering, strategy, and excitement in the ultimate adventure. Don't miss out—sign up now for a BLAST!

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$168

366 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$200

368 Minecraft: Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 7-12
Tuition: \$160

370 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-9
Tuition: \$160

372 Real Life Minecraft

This class is all about Minecraft jumping out of the computer screen and into the hands of our creative students! We will bring the game to life by crafting our own Minecraft props, iconic characters, and even building 3D Minecraft worlds. It's the ultimate "unplugged" adventure for every young fan of the game!

Maximum enrollment: 15
Instructor: Carlise Bentley
Age Range: 6-9
Tuition: \$160

374 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe inspiring structures like an airport, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and parks. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analyzation, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building

techniques that help to create solid structures that can be as tall as you choose to create. Design and customize vehicles (like cars, trucks, planes, boats, and buses) which add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$164

376 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M. (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$188

378 Snack Attack: Creative Celebrator

Become the ultimate party host! In Snack Attack: Creative Celebrator, we are taking holiday snacking to the next level. This camp is designed for junior chefs who want to learn how to create show-stopping treats for any occasion. We will explore traditions from around the calendar, using them as inspiration to practice real kitchen skills—from measuring and mixing to intricate decorating. Campers will gain kitchen independence and learn how to design themed snacks that are perfect for sharing with friends and family. Come prepared to create (and eat) your own masterpieces!

Maximum enrollment: 20

Instructor: Alexandra De Leon Johnson

Age Range: 8-12

Tuition: \$160

380B Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games, lunch with friends, and ensuring every hour is packed with action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH AM 308A AND PM 380B.

Maximum enrollment: 30

Instructor: Myron Jones

Age Range: 9-14

Tuition: 0

Week 4: June 22-26

WEEK 4 MORNING CLASSES

402 Barbie Through the Decades

In this class, children will discover the fascinating history of Barbie! Each participant will receive a Barbie of their choice, complete with glamorous outfits for spectacular fashion shows. Beyond the fashion, students will engage in creative dramatic play and develop social skills while making friends. It's an opportunity for imaginative fun and friendship!

Maximum enrollment: 20

Instructor: Aimee Guardiola

Age Range: 7-9

Tuition: \$200

404 Making Chinese Food

Everyone loves Chinese food! It is delicious and fun to make. Your instructor, a native of China, enjoys preparing authentic Chinese dishes and will ensure you gain hands-on experience. Students will make dumplings, healthy fried rice, and hand-stretched green onion pancakes. In addition, we will taste delicious fruits—like lychee and dragon fruit—and learn their names in Chinese. How fun and exciting! On our last day, we will draw these dishes on a shirt with their Chinese characters as a memento. Students will take all the delicious recipes home!

Maximum enrollment: 20

Instructor: Xueling Xu

Age Range: 4-7

Tuition: \$220

406 Dungeons and Dragons

Step into a world of imagination, courage, and camaraderie in our Dungeons & Dragons Camp for adventurers ages 10 and up! Whether you are a newcomer or a seasoned hero, this is your chance to embark on an unforgettable summer of storytelling and strategy. You will begin by forging a legend of your own, designing a unique character such as a daring Elf Rogue, a wise Human Wizard, or a fearless Dragonborn Paladin. Once your party is formed, you'll venture through shadowy forests and perilous dungeons to battle ferocious orcs and mighty dragons. Creative campers may even take the helm as the Dungeon Master, learning to guide their friends through thrilling challenges and custom-built worlds. Through every roll of the dice, you will develop essential skills in narrative storytelling, creative problem-solving, and teamwork while making amazing memories with fellow adventurers!

Maximum enrollment: 20

Instructor: Troy Wilson

Age Range: 10-12

Tuition: \$200

408 Face Painting

Get ready for a week of face-painting fun! Join us as students learn to paint flowers, butterflies, and adorable animals on their faces. We'll kick off with simple designs like flowers and gradually move to more exciting animals, such as cats, foxes, bunnies and even wolves. The creativity doesn't stop there - students will also explore face-painting fantasy creatures like dragons and unicorns or dive into

Halloween-themed fun with zombies and spiderwebs. Every day is a new adventure, with students deciding what to paint next. To top it off, students will take home their own face painting set at the end of the week to keep the artistic fun going!

Maximum enrollment: 17

Instructor: Tian Xing

Age Range: 4-8

Tuition: \$200

410 Renaissance Fair

“King John and the Abbot” – A Medieval Mystery! Drama Kids summer camp offers a unique combination of creative and entertaining theatre activities for ages 4-12. Our Renaissance Fair play is looking for Knights, Princesses, and Dragons to bring the story to life. Help the royal kingdom finally rid the land of the evil dragon; create your own Renaissance story! At the end of the week, our young actors will take the stage to demonstrate their skills in a special performance for family and friends.

Maximum enrollment: 20

Instructor: Sandra Detamore

Age Range: 4-12

Tuition: \$200

412 Comic Marvel Super Heroes

BAM! Boom! Zap! Welcome to the world of Comic Marvel! In this universe of superpowers, we'll explore the history and the real-world science behind the most amazing superheroes. Campers are encouraged to dress up as their favorite heroes every day as they discover what truly makes them SUPER! Each class features a “dramatic event” where the team must collaborate to save the day. Suit up, power up, and get ready for an epic experience where your might will defeat any villain! On Friday, all students will participate in a “Superheroes vs. Villains” showcase to display their powers and demonstrate the science they've mastered to defeat their foes. Suit up—LET'S GO!

Maximum enrollment: 20

Instructor: Clinton Proctor

Age Range: 4-7

Tuition: \$200

414 Crime Investigation

Unlock the secrets of the crime lab! In this engaging class, students discover how real crime scene investigators collect and analyze evidence. From dusting for fingerprints and examining footprints to solving the mystery of a “crime” using forensic clues, participants will use critical thinking and scientific methods to piece together the truth. Become a CSI expert, sharpen your observation skills, and unlock your inner detective!

Maximum enrollment: 20

Instructor: Quinton Walker

Age Range: 7-12

Tuition: \$200

416 Rhythm Rascals

Get ready for a lively week of musical adventures! Rhythm Rascals invites kids to explore the exciting world of rhythm through hands-on play, movement, and creative crafts. Children will experiment with percussion instruments—drums, tambourines, shakers, and rhythm sticks—while learning simple beats, building coordination, and boosting motor skills. Each day includes a fun craft project where kids design and decorate their own musical instruments and accessories, letting their creativity shine. They'll also participate in rhythm games, movement activities, and teamwork-based music challenges. At the

492 The Literacy Lab: One Week (Ages 6-8)

end of the week, students share what they've learned with a joyful in-class Rhythm Showcase, celebrating their creativity and newfound musical confidence.

Your child will:

- Learn to play percussion instruments and explore fun rhythms
- Create and decorate their own instruments and musical accessories
- Build creativity, fine motor skills, and imagination through hands-on crafts
- Gain confidence through group music activities and an in-class showcase

This upbeat course encourages movement, discovery, and self-expression—all while fostering a love for music. Sign up today and let your child join the fun this summer as a Rhythm Rascal!

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 4-6
Tuition: \$200

418 Jr Engineering: Ultimate S.T.E.M. Program

Get ready to build, create, and imagine during our Jr. Engineering camp! Future engineers and inventors will have a blast designing, building, and testing fun projects that move, roll, and fly. Each day brings new hands-on challenges where kids use their creativity and problem-solving skills to make cool contraptions and clever creations. Campers will work together to design cars that roll the farthest, build tall towers, and create structures that really work. It's all about teamwork, imagination, and lots of "wow" moments! This camp is packed with fun building challenges and exciting discoveries that make learning feel like play. Space is limited, so grab your tool belt and join the Jr. Engineering Team of Excellence today!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 7-12
Tuition: \$210

420 Ninja Skills Camp

Are you ready to unlock your inner ninja? If you dream of mastering the arts of stealth, agility, and skill, then this is the camp for you! Step into the world of your favorite ninja heroes from Naruto, Ninja Turtles, and Kungfu Panda, and learn to move like a true warrior. In this action-packed camp, you'll get to practice awesome ninja moves like sword fighting, throwing stars, nunchucks, and even mastering cool flips and tumbles. Each day, you'll face exciting challenges, engaging in epic sword battles and high-energy obstacle courses that will test your speed, strength, and focus. You'll also build character values like discipline, respect, and teamwork while learning the skills of a true ninja. With daily practice, you'll become a stealth fighter who's ready to take on any challenge that comes your way. Whether it's running, jumping, kicking, or tumbling, this camp is designed to keep you moving and having fun the whole time. Get your friends to join you for the best Ninja class of the summer—your ninja journey starts now!

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 7-12
Tuition: \$210

422 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through hands-on crafts, stories, and interactive lessons. Each day, we'll make a new space-themed project—from sparkling stars to colorful planets and rocket ships—while learning fascinating facts about our solar system. Students will discover what makes each planet unique, how stars shine, and what it's like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

424 Wildcat Soccer

Score goals and have a ball with Wildcat Soccer, where the world's most popular sport takes center stage! Led by Keystone soccer coach Kyle Unruh, this week-long program offers a fun-filled adventure in skill development, technical drills, lead-up games, and scrimmages suitable for all skill levels. Participants will sharpen their soccer prowess while also exploring the rich history of the sport, culminating in a tournament at the end of the week. Activities are designed for both large and small groups to ensure a dynamic and inclusive experience. To celebrate their hard work, every player will receive a medal at the end of the session. Rain or shine, we're prepared with alternative activities to keep the soccer spirit alive. Join us for a week of excitement, sportsmanship, and the joy of "kicking it" with friends!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 5-12
Tuition: \$200

426 Minecraft: Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 7-12
Tuition: \$200

428 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-12
Tuition: \$200

Maximum enrollment: 20
Instructor: Amanda Goodale-Dennis
Age Range: 10-12
Tuition: \$200

430 Real Life Minecraft

This class is all about Minecraft jumping out of the computer screen and into the hands of our creative students! We bring the game to life by crafting our own Minecraft props, iconic characters, and building 3D Minecraft worlds. It's the ultimate "unplugged" adventure for every fan of the game!

Maximum enrollment: 15
Instructor: Carlise Bentley
Age Range: 6-9
Tuition: \$200

432 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs, or work with others using LEGO base plates, 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong builds. Each day, a building challenge will be presented: interlocking to make towers, then using windows & doors, adding LEGO elements such as fences, animals, and vegetation, and building with other unique pieces. We will also create pyramids and mosaics, and build vehicles and facades. Verbal and communication skills are enhanced as students describe their creations to others. Not only will creativity be demonstrated, but students will also work with counting and estimation. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting, and returning LEGO elements to the correct bins. It is an amazing week of fun and exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 5-10
Tuition: \$210

434 LEGO Designing Vehicles and Racing

Using LEGO bricks and elements, campers design and build racing vehicles—either individually or with a group. In the process, they learn how size, weight, stability, and gravity affect performance. Mathematics and engineering concepts are involved in the design of their creations. After testing their unique builds on the 25-foot electronic track, they refine their designs to enhance the vehicles' power and speed for continual racing. It's fun for all!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$210

436 Potter & Paint Studies

Let your child's creativity shine in this hands-on, clay and painting workshop! Kids will learn foundational hand-building techniques such as pinching, coiling, and slab building, along with basic painting and glazing skills. We will sculpt and decorate their very own food-safe bowl, plate, or coffee mug. They'll also craft and personalize a decorated picture frame, perfect for their favorite family photo keepsake! No prior pottery experience is needed—just creativity, imagination and a willingness to try something new and get a little messy!

438 Creative Cooking Adventures (Advanced)

Join Chef Danny this SATA 2026 for a fun-filled culinary adventure! From making candy sushi to ice cream from scratch. Come explore the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 7-12
Tuition: \$220

440 The Literacy Lab: One Week (Ages 5-6)

Welcome to The Literacy Lab - Summer Edition! This ONE-WEEK (mornings) interactive summer camp helps young learners ages 5-6 master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Maximum enrollment: 16
Instructor: Maree Longoria, M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 5-6
Tuition: \$300

WEEK 4 AFTERNOON CLASSES

452 Making Chinese Food

Chinese Culinary Adventure: Everyone loves Chinese food! It is delicious and fun to make. Your instructor, a native of China, enjoys preparing authentic Chinese dishes and will ensure you gain hands-on experience. Students will make dumplings, healthy fried rice, and hand-stretched green onion pancakes. In addition, we will taste delicious fruits—like lychee and dragon fruit—and learn their names in Chinese. How fun and exciting! On our last day, we will draw these dishes on a shirt with their Chinese characters as a memento. Students will take all the delicious recipes home.

Maximum enrollment: 20
Instructor: Xueling Xu
Age Range: 8-12
Tuition: \$220

454 Face Painting

Get ready for a week of face-painting fun! Join us as students learn to paint flowers, butterflies, and adorable animals on their faces. We'll kick off with simple designs like flowers and gradually move to more exciting animals, such as cats, foxes, bunnies and even wolves. The creativity doesn't stop there - students will also explore face-painting

fantasy creatures like dragons and unicorns or dive into Halloween-themed fun with zombies and spiderwebs. Everyday is a new adventure, with students deciding what to paint next. To top it off, students will take home their own face painting set at the end of the week to keep the artistic fun going!

Maximum enrollment: 18
Instructor: Tian Xing
Age Range: 4-8
Tuition: \$200

456 Math Toy Store

Cha-Ching! Show Me the Money! This class is designed to teach young learners about coins, bills, and the value of a dollar! Each student will receive their very own cash drawer filled with play money to use throughout the week. They will master counting currency quickly, understand relative value, and—the class favorite—how to negotiate! But it's not just about counting; students will learn how to get the most value for their money by shopping at our classroom "Toy Store." We will dive into the banking system, discuss saving for large purchases, and learn how to control impulse buying. Best of all, students will bring home a new toy every day that they personally saved for, budgeted, and bought. If you want your child to learn financial literacy while having a BLAST, this is the class for you!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

458 Crime Investigation

Unlock the secrets of the crime lab! In this engaging class, students discover how real crime scene investigators collect and analyze evidence. From dusting for fingerprints and examining footprints to solving the mystery of a "crime" using forensic clues, participants will use critical thinking and scientific methods to piece together the truth. Become a CSI expert, sharpen your observation skills, and unlock your inner detective!

Maximum enrollment: 20
Instructor: Quinton Walker
Age Range: 7-12
Tuition: \$200

460 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock! This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to find their sound and rock out.

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

462 Out on the Town

Get ready for daily adventures and nonstop fun! In this exciting class, students hit the road to explore local hotspots like Bowlero and Main Event. From bowling strikes to conquering arcade challenges, each trip is a chance to discover new places and create unforgettable memories—all while experiencing the best our city has to offer!

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: \$310

464 Marshmallow Blasters

Get ready for the most exciting and action-packed week of the summer! At Marshmallow Blasters, you'll create your very own PVC marshmallow blaster and take it home at the end of the week. But first, you'll put it to the test in thrilling games and challenges! Learn to aim, fire, and strategize as part of a team to capture your opponents or take them out from a distance. Train your precision and teamwork as you become a master at ambushing rivals, setting up defenses, or launching surprise attacks. Build and design your perfect blaster! Camouflage it to give you the ultimate edge. Who will become the sharpest sniper or the most skilled marksman? Will anyone be able to defeat the mighty Mr. MacLaren? Prepare for daily battles, epic shootouts, and loads of fun! This camp combines engineering, strategy, and excitement in the ultimate adventure. Sign up for a BLAST!

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 8-12
Tuition: \$210

466 Under the Sea Adventures: Arts & Crafts

Get ready to splash into fun with Under the Sea Adventures Camp! Young ocean explorers will dive into an exciting week filled with sharks, squids, sea turtles, and glowing fish from the deep blue sea. Kids will learn about amazing sea creatures, from the sneaky camouflage of squids to the bright lights of the anglerfish. Each day brings hands-on activities, creative crafts, and ocean discoveries. Campers will touch real seashells, imagine the creatures that lived inside, and make their own shark tooth or seashell necklace to take home. This camp is full of imagination, learning, and ocean fun that will keep kids talking long after the week ends. Spots fill fast, so grab your flippers and join the adventure under the sea!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

468 Amazing Animals Adventures

Get ready for a wild adventure! Each day, little explorers will discover amazing animals from around the world through fun crafts, games, and hands-on activities. From jungle creatures to ocean friends, kids will learn cool animal facts while creating their own animal art and playing exciting games. It's the perfect mix of learning and play for every young animal lover!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

470 Wildcat Dodgeball

Get ready for a week of high-energy, action-packed fun with Wildcat Dodgeball! Led by Keystone coach Kyle Unruh, this program offers an exciting lineup of games that will

keep participants on their toes. Every day promises a new and thrilling challenge, from the classic dodgeball match to popular variations like Popcorn, Resurrection, and Medic. Participants will experience the joy of friendly competition, teamwork, and strategic play. Join us for a week filled with dodging, ducking, dipping, diving, and plenty of laughter, as we embrace the exhilarating world of Wildcat Dodgeball!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

472 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts, such as glow-in-the-dark sand bottles, slime, shine bracelets, and so much more. Come share and show what you know!

Maximum enrollment: 20
Instructor: Karen Johnson
Age Range: 5-10
Tuition: \$200

474 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$250

476 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

478 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals,

teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 4-6
Tuition: \$200

480 Once Upon a Chessboard: Little Thinkers!

Students will journey into the exciting world of chess through stories, games, and hands-on activities. Campers will discover each chess piece as a unique character, learn how they move and work together, and explore creative strategies through play. With fun challenges, friendly competition, and teamwork, students will strengthen their focus, sportsmanship, and problem-solving skills—making every move an adventure on the chessboard!

Maximum enrollment: 17
Instructor: Complete Chess
Age Range: 5-10
Tuition: \$200

482 Real Life Minecraft

This class is all about Minecraft jumping out of the computer screen and into the hands of our creative students! We will bring the game to life by crafting our own Minecraft props, iconic characters, and building 3D Minecraft worlds. It's the ultimate "unplugged" adventure for every fan of the game!

Maximum enrollment: 15
Instructor: Carlise Bentley
Age Range: 6-9
Tuition: \$200

484 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe inspiring structures like an airport, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and parks. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analyzation, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building techniques that help to create solid structures that can be as tall as you choose to create. Design and customize vehicles (like cars, trucks, planes, boats, and buses) which add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$205

486 S.T.E.A.M. Robotics: Computer-Controlled Robots

Join us for a week of LEGOs and computers as we develop building skills in S.T.E.A.M. (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots built with specific LEGO bricks and elements, and focuses on building robots (boat, soccer kicker and goalie, alligator, and more). Throughout the week, students will create robots that incorporate a variety of parts (such as a motor, tilt sensor, or motion sensor). To control their robot's movements, students will use a specially designed LEGO USB Hub programmed through computer software. To advance their skills, students are encouraged to design their own computer program to operate their robots.

Maximum enrollment: 20

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$235

488 Cruise Through the Caribbean

Pack your bags, explorers—we're going on an adventure around the Caribbean! Each day, our travelers will 'visit' a new country to discover its people, language, food, and culture through crafts, stories, and activities. Campers will create their own passports and suitcases to hold souvenirs from each stop on our journey, taste traditional treats, and make colorful keepsakes inspired by each country.

Maximum enrollment: 20

Instructor: Amanda Goodale-Dennis

Age Range: 4-8

Tuition: \$200

490 Messy Masterpieces

Does your child love to create? Give them the tools to become a true artist! This week, we are taking a tour through the art world. Students won't just draw; they will smudge, sculpt, paint, and design. We provide the materials and the guidance; they provide the imagination. Best of all? We handle the cleanup.

Maximum enrollment: 20

Instructor: Aimee Guardiola

Age Range: 4-6

Tuition: \$200

492 The Literacy Lab: One Week (Ages 6-8)

Welcome to The Literacy Lab - Summer Edition! This ONE-WEEK (afternoons) interactive summer camp helps young learners ages 6-8 master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Maximum enrollment: 16

Instructor: Maree Longoria, M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT

Age Range: 6-8

Tuition: \$300

32 Summer At The Academy

Week 5: June 29-July 2

4-Day Week Due to Independence Day Holiday on Friday, July 3

WEEK 5 MORNING CLASSES

502 Paper Creations

Explore the creative world of paper art! Each day, campers will learn new techniques to fold, cut, and decorate paper, creating everything from origami animals and 3D sculptures to handmade cards and festive decorations. Through guided projects and open-ended challenges, students will develop fine motor skills, patience, and problem-solving while expressing their imagination. By the end of the week, campers will have a collection of colorful, unique paper creations to take home, along with the confidence to keep crafting on their own.

Maximum enrollment: 20

Instructor: Rosalinda Garcia

Age Range: 6-12

Tuition: \$160

504 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock! This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to find their sound and rock out.

Maximum enrollment: 10

Instructor: Owen Duggan

Age Range: 7-12

Tuition: \$160

506 Murder Mystery

Grab your magnifying glass and get ready to solve some fun mysteries! Kids become real-life crime investigators like Sherlock Holmes, Nancy Drew, or even Scooby Doo. Each day, young detectives search for clues, dust for fingerprints, and use cool tools to crack exciting cases. They will learn how to notice tiny details, solve puzzles, and think like smart crime solvers. Campers work together in groups to solve a big mystery before the week is over! With hands-on activities, teamwork, and surprise discoveries, this camp turns every child into a super crime solving detective. Spaces fill fast, so grab your badge and join the investigation!

Maximum enrollment: 20

Instructor: Sylvia Sarate

Age Range: 4-8

Tuition: \$168

508 Wildcat War Games

Get ready for the ultimate adventure at Wildcat War Games! Join the Wildcat team and prepare to engage in exciting daily battles, where teamwork, strategy, and leadership are the keys to victory. You'll develop your skills as a warrior by learning how to use a variety of battle equipment, including Nerf guns, water blasters, water balloons, and more. The battles will test your ability to think quickly and make smart decisions, as you'll need to master many military tactics to outsmart your opponents. Discover that the best warriors win the battle in their minds long before stepping onto the

field. Every day, you'll conquer new challenges, outwit rivals, and have a blast along the way. This is the perfect camp to take over and over as you gain experience and develop into battle tested leaders who love to play, strategize, and compete. Do you have what it takes to become the ultimate warrior? Sign up and find out! You may bring your own Nerf Gun to use during class.

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$168

510 Little Kickers Summer Camp: Outdoor Soccer

Get ready to kick, run, and score in the great outdoors! In this exciting soccer camp, kids will learn basic skills like dribbling, passing, and shooting while enjoying the fresh air. Each day includes creative drills, silly challenges, and mini-matches designed specifically for young players. It's the perfect way to build confidence, make friends, and have a blast on the field under the summer sun.

Maximum enrollment: 25
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$160

512 English from the Roots Up

In order to be prepared for upper level studies, every student needs to have a strong vocabulary. Greek and Latin words provide the foundation for most of the words students encounter in every day reading, as well as the "languages" learned in science and the social studies. In this class, participants will learn to analyze new words, as well as determine their meanings, based upon a thorough examination of various Greek and Latin words. Students will prepare learning aids, share strategies they've developed, and compete in "buzzer" games daily that reinforce the knowledge they've incorporated into language arts. Expect standard test scores to soar, with timely review of the "verbal attack skills" we'll learn during our studies!

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 10-12
Tuition: \$160

514 Reading Safari

Step into a wild adventure with Reading Safari, where the classroom transforms into a magical safari full of stories, letters, and words! Young explorers track letters like animal footprints, uncover hidden story treasures, act out their favorite characters, and create crafts inspired by the tales they read. Each session features literacy stations, where children rotate through hands-on activities to practice phonics, letter recognition, storytelling, and early reading skills. They sing and chant sounds, play literacy games, and connect letters to words—all while moving, imagining, and exploring in a safari-themed environment. Perfect for energetic, creative learners, Reading Safari combines storytelling, crafts, phonics, literacy stations, and games to help children build confidence and fall in love with reading—one safari adventure at a time!

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$160

516 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-

Week 5: June 29–July 2 (4-Day Week)

Registration Deadline:
Thursday, June 25 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 502** Paper Creations
- 504** Rock and Roll Boot Camp
- 506** Murder Mystery
- 508** Wildcat War Games
- 510** Little Kickers Summer Camp: Outdoor Soccer
- 512** English from the Roots Up
- 514** Reading Safari
- 516** Speed & Agility Training
- 518** Magic of Making: Crafting, Painting, Origami
- 520** Minecraft: Creative World
- 522** All Things Paper & Weaving
- 524** LEGO Designing Vehicles and Racing
- 526** S.T.E.A.M Motorized Machines and Mechanisms
- 528** Tiny Chef Adventures (Beginners)

AFTERNOON CLASSES

- 552** Builders Like Bob
- 554** Edible Holiday Creations
- 556** Rock and Roll Boot Camp
- 558** Dig It Dino & Geology Camp
- 560** Wildcat War Games
- 562** Little Astronauts Academy

- 580** The Art of War: Water Edition

focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$200

518 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on creative arts course designed for students who love to build, design, and express themselves through a variety of art forms. Throughout this class, students will explore crafting, experiment with painting techniques, fold their way through the beautiful world of origami, and create unique door décor pieces that showcase their personal style. Learners will practice fine motor skills, develop artistic confidence, and engage in guided projects that spark creativity while encouraging independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps students discover the magic that happens when ideas come to life through art. By the end of the course, students will have a collection of handmade creations they're proud to display—and the skills to keep creating long after class ends.

Maximum enrollment: 20
Instructor: Jacklyn Banuelos
Age Range: 10-12
Tuition: \$160

520 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$160

522 All Things Paper & Weaving!

Get ready to explore the art of paper design! This class focuses on experimenting with unique ways to create patterns and textures on paper. Students will dive into hands-on techniques such as bubble painting, shaving cream scraping, balloon and vegetable printing, and various watercolor styles. Once their masterpieces are dry, students will learn how to collage and weave their beautiful, custom-made papers into stunning works of art!

Maximum enrollment: 20
Instructor: Carlise Bentley
Age Range: 5-9
Tuition: \$160

524 LEGO Designing Vehicles and Racing

Using LEGO bricks and elements, campers design and build racing vehicles—either individually or with a group. In the process, they learn how size, weight, stability, and gravity affect performance. Mathematics and engineering concepts are involved in the design of their creations. After testing their unique builds on the 25-foot electronic track, they refine their designs to enhance the vehicles' power and speed for continual racing. It's fun for all!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$168

526 S.T.E.A.M Motorized Machines and Mechanisms

Explore a series of cross-curricular, theme-based activities that develop S.T.E.A.M. skills (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots powered by both batteries and human energy that are built with specific LEGO bricks and elements focusing on various moving parts. Throughout the week, participants will construct builds like boxcar racers, windmills, fishing rods & fish, construction cranes, scales, dogs, insects, clocks, dual shifting racers, and more. Those wishing to advance beyond basic builds are encouraged to enroll in additional sessions.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$188

528 Tiny Chef Adventures (Beginners)

Join Chef Danny this SATA 2026 for an exciting culinary adventure! From making pizza to ice cream from scratch! Come have fun in the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 6-9
Tuition: \$176

WEEK 5 AFTERNOON CLASSES

552 Builders Like Bob

Through this hands-on course, young innovators will explore various methods of designing bridges and house-like structures. In this experience, a young builder will learn the basics of engineering, focusing on the relationship between structure and strength. This course allows for young builders to bring their imagination to life and put it to the test.

Maximum enrollment: 20
Instructor: Zercovia White
Age Range: 7-9
Tuition: \$160

554 Edible Holiday Creations

This hands-on summer camp blends creativity, food, and fun as students explore the world of edible art through holiday-themed projects. Campers design, build, and decorate imaginative food-based creations while learning basic kitchen safety, simple food preparation skills, and

artistic techniques. Students work with colorful ingredients to create festive character treats, edible structures, fruit art, wearable snacks, and a final showcase masterpiece, all inspired by a variety of holidays and seasonal celebrations. The course encourages creativity, teamwork, problem-solving, and fine motor skill development in a playful, engaging environment. Campers practice planning their designs, following step-by-step instructions, and presenting their creations with confidence. By combining art, food, and holiday traditions, this program provides a unique sensory learning experience where imagination comes to life — and everything they make is delicious.

Maximum enrollment: 20
Instructor: Rosalinda Garcia
Age Range: 6-12
Tuition: \$160

556 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock! This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to find their sound and rock out.

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$160

558 Dig It Dino & Geology Camp

Get ready to dig into a week of discovery, science, and fun at “Dig It! Dino & Geology Camp!” Young explorers will travel through time to uncover the mysteries of the Earth from sparkling gems to prehistoric giants. Campers will pan for gold, collect pyrite, and uncover treasures like rubies, emeralds, and sapphires while learning about their meanings and origins. They will also investigate how rocks form and change through hands-on activities that reveal the secrets of the rock cycle. Then, it’s time to step into the prehistoric world to explore the age of dinosaurs. Kids will examine fossils, hunt for dinosaur eggs, and even create their own fossil replica to take home. Along the way, they will learn what dinosaurs ate, how they lived, and what may have caused their extinction. With interactive lessons, exciting science activities, and a roaring good time at every turn, this camp truly rocks, and roars!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$168

560 Wildcat War Games

Get ready for the ultimate adventure at Wildcat War Games! Join the Wildcat team and prepare to engage in exciting daily battles, where teamwork, strategy, and leadership are the keys to victory. You’ll develop your skills as a warrior by learning how to use a variety of battle equipment, including Nerf guns, water blasters, water balloons, and more. The battles will test your ability to think quickly and make smart decisions, as you’ll need to master many military tactics to outsmart your opponents. Discover that the best warriors win the battle in their minds long before stepping onto the field. Every day, you’ll conquer new challenges, outwit rivals, and have a blast along the way. This is the perfect camp to take over and over as you gain experience and develop into battle tested leaders who love to play, strategize, and

compete. Do you have what it takes to become the ultimate warrior? Sign up and find out! You may bring your own Nerf Gun to use during class.

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 8-12
Tuition: \$168

562 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through hands-on crafts, stories, and interactive lessons. Each day, we’ll make a new space-themed project—from sparkling stars to colorful planets and rocket ships—while learning fascinating facts about our solar system. Students will discover what makes each planet unique, how stars shine, and what it’s like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$160

564 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts, such as glow-in-the-dark sand bottles, slime, shine bracelets, and so much more. Come share and show what you know!

Maximum enrollment: 20
Instructor: Karen Johnson
Age Range: 5-10
Tuition: \$160

566 Create a “Rube Goldberg”

A “Rube Goldberg” is a machine that is deliberately over-engineered to perform a simple task in a complex fashion. It is based upon premier cartoonist, Rube Goldberg’s work, and is anything but simple ... and a strategist’s “dream-come true”. Students will review the six simple machines, study designs, identify complex methods used to solve simplistic problems, create designs of their own and attempt to create “Rube Goldberg” devices in the classroom. Physics concepts, such as inertia, transference of energy, momentum, etc., will be examined, as teams work together to create complex problems ... that were never meant to BE complex! Expect to experience problem-solving at its FINEST in this class! (Also expect to have a LOT of fun!!)
*Note: This class is, by design, a teacher-facilitated/student-guided classroom experience. Family and friends will be invited to an end-of-class presentation on Thursday.

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 10-12
Tuition: \$160

568 Active Math Playground

Active Math Playground is a dynamic, movement-based math class designed for curious and energetic 4-7 year olds. In this engaging program, children develop early math skills

through interactive games, hands-on activities, and creative LEGO games—all while staying active and having fun. Each session turns math into an adventure. Children hop along giant number lines, sort colorful objects, explore shapes with their bodies, build imaginative LEGO structures, play pattern and matching games, and collaborate on problem-solving challenges. Every activity is thoughtfully designed to support early numeracy, spatial awareness, logical thinking, and creativity. Through guided play, students practice counting, comparing quantities, recognizing numbers, identifying patterns, and beginning addition—all while strengthening teamwork, confidence, and a positive relationship with math. Perfect for curious, imaginative learners, Active Math Playground helps children discover that math is not just something they learn—it's something they can move through, build with, and joyfully play.

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$160

570 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$200

572 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on creative arts course designed for students who love to build, design, and express themselves through a variety of art forms. Throughout this class, students will explore crafting, experiment with painting techniques, fold their way through the beautiful world of origami, and create unique door décor piece guided projects that spark creativity while encouraging independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps students discover the magic that happens when ideas come to life through art. By the end of the course, students will have a collection of handmade creations they're proud to display—and the skills to keep creating long after class ends.

Maximum enrollment: 20
Instructor: Jacklyn Banuelos
Age Range: 10-12
Tuition: \$160

574 Minecraft Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 7-12
Tuition: \$160

576 LEGO Designing Vehicles & Racing

Using LEGO bricks and elements, students design and build their own racing vehicles—either individually or with a group. In the process, they learn how size, weight, stability, and gravity affect its performance. Mathematics and engineering concepts are involved in the design of their creations. After testing their unique builds on the 25-foot electronic track, they can refine their designs to enhance their vehicles' power and speed for continual racing.

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$168

578 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs, or work with others using LEGO base plates, 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong builds. Each day, a building challenge will be presented: interlocking to make towers, then using windows & doors, adding LEGO elements such as fences, animals, and vegetation, and building with other unique pieces. We will also create pyramids and mosaics, and build vehicles and facades. Verbal and communication skills are enhanced as students describe their creations to others. Not only will creativity be demonstrated, but students will also work with counting and estimation. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting, and returning LEGO elements to the correct bins. It is an amazing week of fun and exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 5-10
Tuition: \$168

580 The Art of War: Water Edition

Get ready to go to WATER WAR. In this soaked course, learners will go back in time to learn Chinese, Roman, and Ottoman-Turk war tactics, along with building machines of war. Students will practice war strategy, learn how to negotiate, identify rules of war, understand leadership, and understand how science plays a huge role - all while having a blast getting soaked and learning. Everyone takes home trophies, a war binder, and machines built. Make sure you come for Thursday's battle, where everyone's war knowledge is on display.

Maximum enrollment: 25
Instructor: Clinton Proctor
Age Range: 4-9
Tuition: \$160

Week 6: July 6-10

WEEK 6 MORNING CLASSES

602 Blow Your Top: Chemistry Gone Wild

Boom, Bang, Wham! Ever wonder how to make chemical reactions at home? Well, here is your chance! In this action-packed class, we will learn exactly what causes explosions using solids, liquids, and gases. Get messy and amazed with seven exciting science experiments that can be done at home with your very own chemical reaction kits. Students will learn about pressure and temperature—and how they can make explosions even louder—before getting scientific at the end of the week with the Scientific Explosions Extravaganza!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

604 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

606 Color Splash: Tie Dye Camp

Color Splash Tie-Dye Camp is a fun, hands-on week where young artists learn beginner-friendly techniques while creating a brand-new item to take home each day. Kids will explore simple folds and bold patterns, including spirals, stripes, crumples, and bullseyes, while adding personalized touches with stencils, fabric markers, and unique color palettes. Throughout the week, students will safely learn the basics of dyeing, experiment with color theory, and create wearable art they'll be proud to display. The week concludes with a cheerful, in-class "Color Splash Artwalk," where campers celebrate their creations with their peers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 7-12
Tuition: \$200

608 Extreme Dissection

Eye popping, first-hand, up-close dissections of actual specimens (worms, frogs and more)! If you've ever dreamed of becoming a scientist, doctor, or brain surgeon, this is your chance to dive deep into the amazing world of biology! You will explore the inner workings of organisms as you compare and contrast their skeletal, cardiovascular, nervous and digestive systems. You'll learn the proper techniques for dissection and safely handle real organs like hearts, brains, kidneys and eyes, getting an unforgettable look at how our bodies work! It's not every day you get to touch and explore the organs that make life happen, so come ready to expand your curiosity and discover the wonders of the human body in ways you never imagined. Space is limited, so make sure to sign up early for this unforgettable, hands-on experience. This is one class your child will remember and talk about for years to come!

Maximum enrollment: 25
Instructor: John MacLaren
Age Range: 7-12
Tuition: \$210

Week 6: July 6-10

Registration Deadline:
Thursday, July 2 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 602 Blow Your Top: Chemistry Gone Wild
- 604 Rock and Roll Boot Camp
- 606 Color Splash: Tie Dye Camp
- 608 Extreme Dissection
- 610 Wildcat Sports Camp
- 612 K Popper Dance & Crafters
- 614 Entirely Entomology
- 616 Reading Safari
- 618 Speed and Agility Training
- 620 Magic of Making: Crafting, Painting, Origami
- 622 Minecraft Survival World
- 624 Embodied Logic Basketball Camp
- 626 LEGO Creative Challenges
- 628 LEGO Designing Vehicles and Racing
- 630 Messy Masterpieces
- 632 Tiny Chef Adventures (Beginners)

AFTERNOON CLASSES

- 652 Snakes, Spiders, and Extreme Animals
- 654 Rock and Roll Boot Camp
- 656 Out on the Town
- 658 Color Splash: Tie Dye Camp
- 660 Pet Vet—Love of Animals
- 662 Star Wars—Jedi Academy
- 664 Wildcat Dodgeball
- 668 Builder Buddies
- 670 Active Math Playground
- 672 Speed and Agility Training
- 674 Magic of Making: Crafting, Painting, Origami
- 676 Minecraft Creative World
- 678 Embodied Logic Basketball Camp
- 680 Legends of Chess
- 682 LEGO Build a City
- 684 S.T.E.A.M Motorized Machines and Mechanisms
- 686 Barbie Through the Decades

610 Wildcat Sports Camp

Gear up for a week of sports excitement with Keystone Coach Kyle Unruh at Wildcat Sports Camp! This dynamic program offers a blend of traditional and non-traditional sports, ensuring a fun and engaging experience for participants. Throughout the week, campers will enjoy a variety of activities, from the fast-paced action of rugby to creative kickball variations, as well as soccer and hockey. Under Coach Unruh's guidance, participants will not only build their skills in each sport but also experience the thrill of friendly competition and teamwork. Join us for a week of sportsmanship, camaraderie and the joy of exploring a diverse range of athletic endeavors in Wildcat Sports Camp!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

612 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts, such as glow-in-the-dark sand bottles, slime, shine bracelets, and so much more. Come share and show what you know!

Maximum enrollment: 20
Instructor: Karen Johnson
Age Range: 5-10
Tuition: \$200

614 Entirely Entomology

Summer experiences should be fun, but adding the acquisition of KNOWLEDGE makes that even better! We'll do an actual academic unit on "entomology" - the study of insects - by focusing on art, science, geography, geometry and literature as we study some of the most important creatures on this planet. If your young entomologist would enjoy chances to create insect art; examine and draw bug parts with the aid of magnifying lenses and microscopes; create "edible bugs"; mix homemade lip balm with bees wax; make "bug viewers" for a "bug hunt"; and learn a song about "bugs"... don't miss out on this bug-TASTIC week!

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 5-8
Tuition: \$200

616 Reading Safari

Step into a wild adventure with Reading Safari, where the classroom transforms into a magical safari full of stories, letters, and words! Young explorers track letters like animal footprints, uncover hidden story treasures, act out their favorite characters, and create crafts inspired by the tales they read. Each session features literacy stations, where children rotate through hands-on activities to practice phonics, letter recognition, storytelling, and early reading skills. They sing and chant sounds, play literacy games, and connect letters to words - all while moving, imagining, and exploring in a safari-themed environment. Perfect for energetic, creative learners, Reading Safari combines storytelling, crafts, phonics, literacy stations, and games to help children build confidence and fall in love with reading - one safari adventure at a time!

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200

618 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$250

620 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on course for students who love to design, build and express themselves through a variety of art forms. Students will explore crafting, experiment with painting techniques, fold their way through the beautiful world of origami and create unique door décor pieces that showcase their personal style. Learners will practice fine motor skills, develop artistic confidence and engage in guided projects that encourage independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps participants discover the magic that happens when ideas come to life through art. At the end of the course, students will have a collection of handmade creations they're proud to display - and the skills to keep on creating!

Maximum enrollment: 20
Instructor: Jacklyn Banuelos
Age Range: 10-12
Tuition: \$200

622 Minecraft: Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 7-12
Tuition: \$200

624 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with

collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25

Instructor: Eric Leung

Age Range: 4-6

Tuition: \$200

626 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs. Or, work with others using LEGO base plates along with 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong “builds.” Each day there will be an “interlocking” challenge to make towers; then, participants may add windows, doors, fences, animals, vegetation and other unique pieces. We’ll create pyramids and mosaics, vehicles and facades, too. Participants also practice counting and estimation; verbal communication skills are enhanced as students describe their creations to others. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting and returning LEGO elements to the correct bins. It is an amazing week of exciting builds!

Maximum enrollment: 25

Instructor: Rosemary Pratt, Robin Bernhard, Jim O’Brien

Age Range: 5-10

Tuition: \$210

628 LEGO Designing Vehicles & Racing

Using LEGO bricks and elements, students design and build their own racing vehicles, either individually or with a group. In the process, they learn how size, weight, stability, and gravity affect its performance. Mathematics and engineering concepts are involved in the design of their creations. After testing their unique builds on the 25-foot electronic track, they can refine their designs to enhance their vehicles’ power and speed for continual racing. It’s fun and challenging for all!

Maximum enrollment: 25

Instructor: Rosemary Pratt, Robin Bernhard, Jim O’Brien

Age Range: 7-12

Tuition: \$210

630 Messy Masterpieces

Does your child love to create? Give them the tools to become a true artist! This week, we are taking a tour through the art world. Students won’t just draw; they will smudge, sculpt, paint, and design. We provide the materials and the guidance; they provide the imagination. Best of all? We handle the cleanup!

Maximum enrollment: 20

Instructor: Aimee Guardiola

Age Range: 4-6

Tuition: \$200

632 Tiny Chef Adventures (Beginners)

Join Chef Danny this summer for an exciting culinary adventure! From making Pizza to Ice Cream from scratch! Come have fun in the world of cooking!

Maximum enrollment: 18

Instructor: Daniel Arkhipov

Age Range: 6-9

Tuition: \$220

WEEK 6 AFTERNOON CLASSES

652 Snakes, Spiders & Extreme Animals

Whoa! If your child loves animals, this is the class for them! Join us to learn about the biology and behavior of snakes, spiders, Texas wildlife, and other extreme animals. Campers will handle 10 different animals, spiders, and insects - and you won’t want to miss the chance for a photo with a real 17-foot boa constrictor! During the week, students will learn how to build a habitat, identify venomous and non-venomous animals, and master the five ways to track any creature. The adventure culminates on Friday with a trail hunt at McAllister Park, where your child will become an animal tracker. Get ready, because there will be seven different kinds of snakes to hold! The great outdoors awaits!

Maximum enrollment: 20

Instructor: Clinton Proctor

Age Range: 4-7

Tuition: \$200

654 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10

Instructor: Owen Duggan

Age Range: 7-12

Tuition: \$200

656 Out on the Town

Get ready for daily adventures and nonstop fun! In this exciting class, students hit the road to explore local hotspots like Bowlero and Main Event. From bowling strikes to conquering arcade challenges, each trip is a chance to discover new places and create unforgettable memories - all while experiencing the best our city has to offer!

Maximum enrollment: 30

Instructor: Myron Jones

Age Range: 9-14

Tuition: \$310

658 Color Splash: Tie Dye Camp

Color Splash Tie-Dye Camp is a fun, hands-on week where young artists learn beginner-friendly techniques while creating a brand-new item to take home each day. Kids will explore simple folds and bold patterns - including spirals, stripes, crumples, and bullseyes - while adding personalized touches with stencils, fabric markers, and unique color palettes. Throughout the week, students will safely learn the

basics of dyeing, experiment with color theory, and create wearable art they'll be proud to display. The week concludes with a cheerful, in-class "Color Splash Artwalk," where campers celebrate their creations with their peers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 7-12
Tuition: \$200

660 Pet Vet - Love of Animals

If you LOVE animals, then Pet Vet is the camp for you! Kids will step into the world of animal care and learn what it is like to be a veterinarian, vet helper, and pet owner. Each day is packed with fun, hands-on activities where campers care for furry, feathery, and scaly friends. They will learn how to keep pets healthy, bandage pretend injuries, and understand what pets need to feel safe and loved. There is plenty of make believe play, too! Participants can dress up, role play, and even run their own pet clinic! And the best part? On Friday, campers can have their parents bring their own pet to show and tell the class (check with your instructor first). This camp is filled with learning, laughter, and animal fun your child will never forget! Space is limited, so do not wait to join this purr-fect adventure!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

662 Star Wars: Jedi Academy

Calling all young Jedi, Padawans, Mandalorians, and Baby Yodas! Get ready to embark on the most exciting adventure of your life as you dive into the thrilling world of Star Wars. Are you ready to feel the Force? In this action-packed camp, you'll experience the magic of the galaxy far, far away like never before. You'll train to become a Jedi, learn lightsaber techniques, master the ways of the Force, and prepare for epic missions across the stars. Explore the planets, meet your favorite characters, and discover how to use the Force to overcome challenges and defeat the dark side. Whether you dream of battling Sith Lords, racing through space on a starship, or joining the rebellion to protect the galaxy, this camp is your chance to live out your Star Wars fantasy. May the Force be with you!

Maximum enrollment: 20
Instructor: John MacLaren
Age Range: 4-8
Tuition: 210

664 Wildcat Dodgeball

Get ready for a week of high-energy, action-packed fun with Wildcat Dodgeball! Led by Keystone coach Kyle Unruh, this program offers an exciting lineup of games that will keep participants on their toes. Every day promises a new and thrilling challenge, from the classic dodgeball match to popular variations like Popcorn, Resurrection, and Medic.

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

668 Builder Buddies

Kids love to BUILD! Participants work together to create using various construction materials: PVC pipes, 'The Ultimate Fort Builder' sets, K'Nex, bed sheets, and more. As they construct amazing structures, they naturally learn to work cooperatively—especially when handling large materials—proving that collaboration is a valuable skill! We document their progress with photos throughout the week. Family and friends are invited to a slideshow presentation on Friday to see the amazing daily creations.

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 7-9
Tuition: \$200

670 Active Math Playground

Active Math Playground is a dynamic, movement-based math class designed for curious and energetic 4-7 year olds. In this engaging program, children develop early math skills through interactive games, hands-on activities, and creative LEGO games—all while staying active and having fun. Each session turns math into an adventure. Children hop along giant number lines, sort colorful objects, explore shapes with their bodies, build imaginative LEGO structures, play pattern and matching games, and collaborate on problem-solving challenges. Every activity is thoughtfully designed to support early numeracy, spatial awareness, logical thinking, and creativity. Through guided play, students practice counting, comparing quantities, recognizing numbers, identifying patterns, and beginning addition—all while strengthening teamwork, confidence, and a positive relationship with math. Perfect for curious, imaginative learners, Active Math Playground helps children discover that math is not just something they learn—it's something they can move through, build with, and joyfully play.

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200

672 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$250

674 Magic of Making: Crafting, Painting, Origami

Step into a world where imagination takes shape! Magic of Making is a hands-on course for students who love to design, build and express themselves through a variety of art forms. Students will explore crafting, experiment with

painting techniques, fold their way through the beautiful world of origami and create unique door décor pieces that showcase their personal style. Learners will practice fine motor skills, develop artistic confidence and engage in guided projects that encourage independent design choices. From crafting sculptures to designing colorful signs and decorations, each project helps participants discover the magic that happens when ideas come to life through art. At the end of the course, students will have a collection of handmade creations they're proud to display - and the skills to keep on creating!

Maximum enrollment: 20
Instructor: Jacklyn Banuelos
Age Range: 10-12
Tuition: \$200

676 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

678 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-9
Tuition: \$200

680 Legends of Chess

In this exciting and challenging camp, students will advance their chess skills through matches, puzzles, and interactive strategy sessions. Campers will explore tactics, forward planning, and creative problem-solving while participating in friendly competitions, team challenges, and story-driven chess adventures. Along the way, they will strengthen their focus, confidence, and sportsmanship as they uncover what it takes to become a true legend of the chessboard!

Maximum enrollment: 20
Instructor: Complete Chess
Age Range: 7-12
Tuition: \$200

682 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe inspiring structures like an airport, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and parks. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analyzation, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building techniques that help to create solid structures that can be as tall as you choose to create. Design and customize vehicles (like cars, trucks, planes, boats, and buses) which add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$205

684 S.T.E.A.M. Motorized Machines and Mechanisms

Explore a series of cross-curricular, theme-based activities that develop S.T.E.A.M. skills (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots powered by both batteries and human energy that are built with specific LEGO bricks and elements focusing on various moving parts. Throughout the week, participants will construct builds like boxcar racers, windmills, fishing rods & fish, construction cranes, scales, dogs, insects, clocks, dual shifting racers, and more. Those wishing to advance beyond basic builds are encouraged to enroll in additional sessions.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

686 Barbie Through The Decades

In this class, children will discover the fascinating history of Barbie! Each participant will receive a Barbie of their choice, complete with glamorous outfits for spectacular fashion shows. Beyond the fashion, students will engage in creative dramatic play and develop social skills while making friends. It's an opportunity for imaginative fun and friendship!

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 7-9
Tuition: \$200

Week 7: July 13-17

WEEK 7 MORNING CLASSES

702 Drones: Flying Adventures

Come explore one of the fastest-growing spaces in technology: drone piloting. We welcome all experience levels into our beginner-friendly program, where students start with foundational flight skills and advance to more challenging maneuvers as their confidence grows. Many of these activities are designed by the students themselves, including custom obstacle courses, team challenges, and aerial races. Every session is designed to be collaborative, hands-on, and - most importantly - safe for all pilots. Discover what the buzz is about and join us as we zoom, flip, and soar through an exciting season of learning!

Maximum enrollment: 14
Instructor: Scott Zimmerman
Age Range: 9-12
Tuition: \$235

704 Renaissance Fair

"King John and the Abbot" - A Medieval Mystery! Drama Kids summer camp offers a unique combination of creative and entertaining theatre activities for ages 4-12. Our Renaissance Fair play is looking for Knights, Princesses, and Dragons to bring the story to life. Help the royal kingdom finally rid the land of the evil dragon; create your own Renaissance story! At the end of the week, our young actors will take the stage to demonstrate their skills in a special performance for family and friends.

Maximum enrollment: 20
Instructor: Sandra Detamore
Age Range: 4-12
Tuition: \$200

706 Crime Scene Investigation

Unlock the secrets of the crime lab! In this engaging class, students discover how real crime scene investigators collect and analyze evidence. From dusting for fingerprints and examining footprints to solving the mystery of a "crime" using forensic clues, participants will use critical thinking and scientific methods to piece together the truth. Become a CSI expert, sharpen your observation skills, and unlock your inner detective!

Maximum enrollment: 20
Instructor: Quinton Walker
Age Range: 7-12
Tuition: \$200

708A Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games, lunch with friends, and ensuring every hour is packed with action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH Morning 708A AND Afternoon 760B. For assistance, please call the Summer Office: 210-736-5876

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: \$620

710 Rhythm Rascals

Get ready for a lively week of musical adventures! Rhythm Rascals invites kids to explore the exciting world of rhythm through hands-on play, movement, and creative crafts. Children will experiment with percussion instruments - drums, tambourines, shakers, and rhythm sticks - while learning simple beats, building coordination, and boosting motor skills. Each day includes a fun craft project where kids design and decorate their own musical instruments and accessories, letting their creativity shine. They'll also participate in rhythm games, movement activities, and teamwork-based music challenges. At the end of the week, students share what they've learned with a joyful, in-class Rhythm Showcase, celebrating their newfound musical confidence.

Your child will:

- Learn to play percussion instruments and explore fun rhythms
- Create and decorate their own instruments and musical accessories
- Enhance fine motor skills through hands-on crafts
- Gain confidence during group music activities and an in-class showcase.

This upbeat course encourages movement and self-expression, all while fostering a love for music!

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 4-6
Tuition: \$200

712 Explode into Science

This is the ultimate science camp of the summer! If you're a fan of Steve Spangler, Bill Nye, or you just love making things go BOOM, this class is your dream come true. Packed with hands-on experiments and thrilling discoveries, this week will ignite your curiosity and blow your mind. Dive into the fascinating world of chemistry and physics as you and Coach Maclaren create explosions, change states of matter, and conjure up reactions that fizz, pop, and erupt! Learn to think like a scientist as you hypothesize, experiment, and solve real-world challenges in the most exciting way possible. From colorful chemical reactions to jaw-dropping explosions, every day is a spectacular science show featuring the largest, messiest, and most exciting experiments - don't miss this unforgettable experience!

Maximum enrollment: 25
Instructor: John MacLaren
Age Range: 7-12
Tuition: \$210

714 Jr. Doctor: Medical School

Put on your doctor coat and grab your stethoscope, it is time to join Jr. Doctor Medical School Camp! Future doctors, nurses, and surgeons will have a blast learning what it is

like to help people feel better. Campers will use real doctor tools, wrap pretend injuries, take care of “patients,” and learn how the body works. They will listen to heartbeats, check reflexes, and even diagnose make-believe illnesses. Every day brings fun, imagination, and hands-on activities that make learning about medicine exciting. Kids will love pretending to work in a doctor’s office and discovering what it takes to keep everyone healthy and strong. This class is perfect for little medical heroes who like to help others and have fun doing it!

Maximum enrollment: 20

Instructor: Sylvia Sarate

Age Range: 4-8

Tuition: \$210

716 Sew Fun

Sew Fun introduces sewing basics to beginners while building the skills of those with prior experience. Students will primarily use sewing machines (provided by the instructor) alongside focused opportunities to practice hand-sewing with a needle and thread. Each project is carefully selected to cover a variety of techniques, helping students build confidence and comfort in their abilities. This course is taught by a former public school teacher and avid fabric artist who loves sharing her passion for creating with the next generation of sewists.

Maximum enrollment: 14

Instructor: Maud Garrison-Thorp

Age Range: 7-12

Tuition: \$200

718 Wildcat Sports Camp

Gear up for a week of sports excitement with Keystone Coach Kyle Unruh at Wildcat Sports Camp! This dynamic program offers a blend of traditional and non-traditional sports, ensuring a fun and engaging experience for participants. Throughout the week, campers will enjoy a variety of activities, from the fast-paced action of rugby to creative kickball variations, as well as soccer and hockey. Under Coach Unruh’s guidance, participants will not only build their skills in each sport but also experience the thrill of friendly competition and teamwork. Join us for a week of sportsmanship, camaraderie, and the joy of exploring a diverse range of athletic endeavors in Wildcat Sports Camp!

Maximum enrollment: 30

Instructor: Kyle Unruh

Age Range: 7-12

Tuition: \$200

720 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts, such as glow-in-the-dark sand bottles, slime, shine bracelets, and so much more. Come share and show what you know!

Maximum enrollment: 20

Instructor: Karen Johnson

Age Range: 5-10

Tuition: \$200

722 Saturated in Science

Experience is the best teacher, and “hands on”, inquiry-based science provides the experience your budding young scientist needs to understand some of science’s most important concepts; however, add concept-rich science songs, and the SKY is the limit ... where basic scientific knowledge is concerned! Have you ever forgotten the “ABC Song”, “Twinkle, Twinkle Little Star” ... or “Jingle Bells”? Research has shown that music opens special neural pathways, making the acquisition of knowledge far easier, for significant periods of time. Your child can master some of the basics of science in this course, including

Week 7: July 13-17

Registration Deadline:
Thursday, July 9 at 1:00 PM
(subject to availability)

MORNING CLASSES

- 702** Drones Flying Adventures
- 704** Renaissance Fair
- 706** Crime Scene Investigation
- 708B** Out on the Town (Full Day)
- 710** Rhythm Rascals
- 712** Explode into Science
- 714** Jr Doctor-Medical School
- 716** Sew Fun
- 718** Wildcat Sports Camp
- 720** K Popper Dance & Crafters
- 722** Saturated in Science
- 724** Reading Safari
- 726** Minecraft Creative World
- 728** Legends of Chess
- 730** Real Life Minecraft
- 732** LEGO Creative Challenges
- 734** LEGO Designing Vehicles and Racing
- 736** Jr. Fire Heroes Training Camp
- 738** The Art of War-Water Edition
- 740** Boardgaming Bonanza!
- 742** Tiny Chef Adventures (Beginners)

AFTERNOON CLASSES

- 752** Renaissance Fair
- 754** Comic Marvel Super Heroes
- 756** Crime Scene Investigation
- 758** Rock and Roll Boot Camp
- 760B** Out on the Town (Full Day)
- 762** Summer Soundwave
- 764** Wildcat War Games
- 766** Amazing Animals Adventures
- 768** Wildcat Dodgeball
- 770** Meteorite Mysteries
- 772** Active Math Playground
- 774** Crafting Club 101!
- 776** Minecraft Survival World
- 778** All Things Paper & Weaving!
- 780** LEGO Build a City
- 782** S.T.E.A.M Motorized Machines and Mechanisms
- 784** Jr. Soldiers Basic Bootcamp
- 786** Sew Fun

balance in nature, the scientific method, the water cycle, and the rock cycle. **Parents are invited to a “sing-a-long” on Friday, demonstrating what students have learned. Prepare to be AMAZED!

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 7-10
Tuition: \$200

724 Reading Safari

Step into a wild adventure with Reading Safari, where the classroom transforms into a magical safari full of stories, letters, and words! Young explorers track letters like animal footprints, uncover hidden story treasures, act out their favorite characters, and create crafts inspired by the tales they read. Each session features literacy stations, where children rotate through hands-on activities to practice phonics, letter recognition, storytelling, and early reading skills. They sing and chant sounds, play literacy games, and connect letters to words—all while moving, imagining, and exploring in a safari-themed environment. Perfect for energetic, creative learners, Reading Safari combines storytelling, crafts, phonics, literacy stations, and games to help children build confidence and fall in love with reading—one safari adventure at a time!

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200

726 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment. They will create, explore, and play together on a secure server that is dedicated to Summer at the Academy students. Campers will be taught the essentials of multiplayer and online safety. They will be placed into teams that will be given specific tasks or challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

728 Legends of Chess

In this exciting and challenging camp, students will advance their chess skills through matches, puzzles, and interactive strategy sessions. Campers will explore tactics, forward planning, and creative problem-solving while participating in friendly competitions, team challenges, and story-driven chess adventures. Along the way, they will strengthen their focus, confidence, and sportsmanship as they uncover what it takes to become a true legend of the chessboard!

Maximum enrollment: 20
Instructor: Complete Chess
Age Range: 7-12
Tuition: \$200

730 Real Life Minecraft

This class is all about Minecraft jumping out of the computer screen and into the hands of our creative students! We will bring the game to life by crafting our own Minecraft props, iconic characters, and even building 3D Minecraft worlds. It's

the ultimate “unplugged” adventure for every young fan of the game!

Maximum enrollment: 15
Instructor: Carlise Bentley
Age Range: 6-9
Tuition: \$200

732 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs. Or, work with others using LEGO base plates along with 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong “builds.” Each day there will be an “interlocking” challenge to make towers; then, participants may add windows, doors, fences, animals, vegetation and other unique pieces. We'll create pyramids and mosaics, vehicles and facades, too. Participants also practice counting and estimation; verbal communication skills are enhanced as students describe their creations to others. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting and returning LEGO elements to the correct bins. It is an amazing week of exciting builds!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 5-10
Tuition: \$205

734 LEGO Designing Vehicles & Racing

Using LEGO bricks and elements, students design and build their own racing vehicles, either individually or with a group. In the process, they learn how size, weight, stability, and gravity affect its performance. Mathematics and engineering concepts are involved in the design of their creations. After testing their unique builds on the 25-foot electronic track, they can refine their designs to enhance their vehicles' power and speed for continual racing. It's fun and challenging for all!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$210

736 Jr. Fire Heroes Training Camp

Sound the alarm - it's time to join the Jr. Firefighter crew! Young campers will learn all about fire safety, teamwork, and community helpers through fun, hands-on activities, stories, crafts, and games. Each day introduces new firefighting adventures that build confidence, cooperation, and curiosity. To top off an exciting week, our crew will take a special field trip to a real fire station on the final day to meet the local heroes in person!

Maximum enrollment: 15
Instructor: Amanda Goodale-Dennis
Age Range: 6-9
Tuition: \$250

738 The Art of War: Water Edition

Get ready to go to WATER WAR. In this soaked course, learners will go back in time to learn Chinese, Roman, and Ottoman-Turk war tactics, along with building machines of war. Students will practice war strategy, learn how to negotiate, identify rules of war, understand leadership, and

understand how science plays a huge role - all while having a blast getting soaked and learning. Everyone takes home trophies, a war binder, and machines built. Make sure you come for Friday's battle, where everyone's war knowledge is on display.

Maximum enrollment: 25
Instructor: Clinton Proctor
Age Range: 4-9
Tuition: \$200

740 Board Gaming Bonanza!

From colorful card games like Uno and Skip-Bo to "whodunit" mysteries like Clue and Ghosted, this camp offers a variety of classic and newer releases. Campers will learn the basics of new games while developing both strategic and social skills. They'll even create their own puzzles to take home! Campers will problem-solve through a rotating selection of favorites, including Battleship, Boggle, Checkers, Chess, Headbanz, Jenga, Life, Monopoly, Pay Day, Pictionary, Rubik's Cubes, Scrabble, and Sorry. We'll even throw in some Connect 4 and Balderdash! Your camper will walk away a board gaming champion - just in time for your next family game night!

Maximum enrollment: 20
Instructor: Jennifer Lehman
Age Range: 8-11
Tuition: \$200

742 Tiny Chef Adventures (Beginners)

Join Chef Danny this summer for an exciting culinary adventure, from making pizza to ice cream from scratch! Come have fun in the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 6-9
Tuition: \$220

WEEK 7 AFTERNOON CLASSES

752 Renaissance Fair

"King John and the Abbot" - A Medieval Mystery! Drama Kids summer camp offers a unique combination of creative and entertaining theatre activities for ages 4-12. Our Renaissance Fair play is looking for Knights, Princesses, and Dragons to bring the story to life. Come help the royal kingdom finally rid the land of the evil dragon; create your own Renaissance story! At the end of the week, our young actors will take the stage to demonstrate their skills in a special performance for family and friends.

Maximum enrollment: 20
Instructor: Sandra Detamore
Age Range: 4-12
Tuition: \$200

754 Comic Marvel Super Heroes

BAM! Boom! Zap! Welcome to the world of Comic Marvel! In this universe of superpowers, we'll explore the history and the real-world science behind the most amazing superheroes. Campers are encouraged to dress up as their favorite heroes every day as they discover what truly makes

them SUPER! Each class features a "dramatic event" where the team must collaborate to save the day. Suit up, power up, and get ready for an epic experience where your might will defeat any villain! On Friday, all students will participate in a "Superheroes vs. Villains" showcase to display their powers and demonstrate the science they've mastered to defeat their foes. Suit up, and LET'S GO!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

756 Crime Scene Investigation

Unlock the secrets of the crime lab! In this engaging class, students discover how real crime scene investigators collect and analyze evidence. From dusting for fingerprints and examining footprints to solving the mystery of a "crime" using forensic clues, participants will use critical thinking and scientific methods to piece together the truth. Become a CSI expert, sharpen your observation skills, and unlock your inner detective!

Maximum enrollment: 20
Instructor: Quinton Walker
Age Range: 7-12
Tuition: \$200

758 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

760B Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games, lunch with friends, and ensure every hour is packed with action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH Morning class 708A AND Afternoon class 760B.

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: 0

762 Summer Soundwave

Summer Soundwave is a vibrant vocal camp designed for kids who love to sing and want to take their skills to the next level. Throughout the week, students dive into vocal technique, rhythm work, harmony building, and the fundamentals of performing with confidence. Campers will learn songs in styles they love -including pop, musical theatre, and Disney - while exploring creative elements like

songwriting snippets, vocal storytelling, and simple beat-based arrangements. Each day blends music-making with expressive activities such as movement warm-ups, lyric interpretation, and small-group collaboration. The week concludes with an in-class “Soundwave Session,” where students share their favorite pieces with their fellow singers.

Maximum enrollment: 20
Instructor: Melissa Cruz
Age Range: 9-12
Tuition: \$200

764 Wildcat War Games

Do you have what it takes to become the ultimate warrior? Join the Wildcat team and prepare to engage in exciting daily battles, where strategy, teamwork and leadership are the keys to victory. Develop your skills as a warrior by learning how to use a variety of battle equipment including Nerf guns, water blasters, water balloons, and more. The battles test your ability to think quickly and make smart decisions, as you'll need to master many military tactics to outsmart your opponents. Discover that the best warriors win the battle in their minds long before stepping onto the field. Every day you'll conquer new challenges, outwit rivals, and have a blast along the way. This is the perfect camp to take again and again as you develop into battle tested leaders who love to play, strategize, and compete. You may bring your own Nerf gun to use during class.

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 5-8
Tuition: \$210

766 Amazing Animals Adventures

Get ready for a wild adventure! Each day, little explorers will discover amazing animals from around the world through fun crafts, games, and other hands-on activities. From jungle creatures to ocean friends, kids will learn cool facts while creating their own themed art and playing exciting games. It's the perfect mix of learning and play for every young animal lover!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

768 Wildcat Dodgeball

Get ready for a week of high-energy, action-packed fun with Wildcat Dodgeball! Led by Keystone coach Kyle Unruh, this program offers an exciting lineup of games that will keep participants on their toes. Every day promises a new and thrilling challenge, from the classic dodgeball match to popular variations like Popcorn, Resurrection, and Medic.

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

770 Meteorite Mysteries

Who doesn't like rocks? What if your child could study the most interesting “rocks” on this planet – meteorites? Kids will learn not only the basics of geology (how to test and classify rocks), but also where “rocks from the heavens”

come from, what they're made of, and how they are processed after discovery. The class will include examination of actual meteorites; using lessons & labs created at NASA, students will broaden their knowledge of rocks . . . even those from space!

Maximum enrollment: 15
Instructor: Joanne Burch
Age Range: 8-12
Tuition: \$200

772 Active Math Playground

Active Math Playground is a dynamic, movement-based math class designed for curious and energetic 4-7 year olds. In this engaging program, children develop early math skills through interactive games, hands-on activities, and creative LEGO games—all while staying active and having fun. Each session turns math into an adventure. Children hop along giant number lines, sort colorful objects, explore shapes with their bodies, build imaginative LEGO structures, play pattern and matching games, and collaborate on problem-solving challenges. Every activity is thoughtfully designed to support early numeracy, spatial awareness, logical thinking, and creativity. Through guided play, students practice counting, comparing quantities, recognizing numbers, identifying patterns, and beginning addition—all while strengthening teamwork, confidence, and a positive relationship with math. Perfect for curious, imaginative learners, Active Math Playground helps children discover that math is not just something they learn—it's something they can move through, build with, and joyfully play.

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200

774 Crafting Club 101!

Do you like colorful arts and crafts? Is your home refrigerator completely covered with exquisite artwork? If so, this camp was designed just for you! This crafting club helps children explore their creativity through a culmination of hands-on activities such as painting, chalking, beading, crafting, marbleizing, tie-dyeing, creating origami paper crafts, stamping, and so much more. Campers will have an opportunity to artfully express themselves in a safe environment, while creating treasures to be cherished for many years to come!

Maximum enrollment: 20
Instructor: Jennifer Lehman
Age Range: 7-9
Tuition: \$200

776 Minecraft: Survival World

Campers will be placed into teams to tackle specific tasks and challenges, working together to ensure their team's survival. To win mini-games, campers will build, tear down, run, and even fly through the world! All gameplay takes place on a dedicated, secure server to promote both cooperative play and safety.

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 7-12
Tuition: \$200

778 All Things Paper & Weaving!

Get ready to explore the art of paper design! This class focuses on experimenting with unique ways to create patterns and textures on paper. Students will dive into hands-on techniques such as bubble painting, shaving cream scraping, balloon and vegetable printing, and various watercolor styles. Once their masterpieces are dry, students will learn how to collage and weave their beautiful, custom-made papers into stunning works of art!

Maximum enrollment: 20
Instructor: Carlise Bentley
Age Range: 5-9
Tuition: \$200

780 LEGO Build a City

Explore the exciting world of LEGO bricks and unleash your creativity as you construct a vibrant miniature city! Build awe inspiring structures like an airport, skyscrapers, fire and police stations, sports stadiums, office buildings, homes, bridges, towers, train stations, schools, hospitals, roads, parks, playgrounds, farms and ranches, and parks. This is a journey in creativity that blends fun and learning where mathematics, engineering principles, measurement, estimation, analyzation, architectural forms, and geometric concepts come to life in the design of your unique creations. Discover the art of interlocking and other building techniques that help to create solid structures that can be as tall as you choose. Design and customize vehicles (cars, trucks, planes, boats, and buses) which add a dynamic touch to your cityscape. The artistic creations that are built throughout the week are unique and as individual as each participant. Sign up for multiple sessions and let your imagination soar!

Maximum enrollment: 25
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$205

782 S.T.E.A.M. Motorized Machines and Mechanisms

Explore a series of cross-curricular, theme-based activities that develop S.T.E.A.M. skills (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots powered by both batteries and human energy that are built with specific LEGO bricks and elements focusing on various moving parts. Throughout the week, participants will construct builds like boxcar racers, windmills, fishing rods & fish, construction cranes, scales, dogs, insects, clocks, dual shifting racers, and more. Those wishing to advance beyond basic builds are encouraged to enroll in additional sessions.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

784 Jr. Soldiers Basic Bootcamp

Get ready to move, march, and make memories in this high-energy camp designed for active kids who love teamwork and challenges. Throughout the week, campers will build strength, confidence, and perseverance through obstacle courses, relay races, and team-based missions. Beyond the physical fun, recruits will explore the importance of leadership, respect, and the vital role the military plays in

our nation. The week concludes with a unique experience: young soldiers will meet a real soldier, sample MRE (Meals Ready to Eat), and celebrate their hard work with a formal Basic Training Graduation and signed certificate!

Maximum enrollment: 20
Instructor: Amanda Goodale-Dennis
Age Range: 4-8
Tuition: \$200

786 Sew Fun

Sew Fun introduces sewing basics to beginners while building the skills of those with prior experience. Students will primarily use sewing machines (provided by the instructor), alongside focused opportunities to practice hand-sewing with a needle and thread. Each project is carefully selected to cover a variety of techniques, helping students build confidence and comfort in their abilities. This course is taught by a former public school teacher and avid fabric artist who loves sharing her passion for creating with the next generation of sewists.

Maximum enrollment: 14
Instructor: Maud Garrison-Thorp
Age Range: 7-12
Tuition: \$200

Week 8: July 20-24

WEEK 8 MORNING CLASSES

802 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25

Instructor: Eric Leung

Age Range: 4-6

Tuition: \$200

804 S.T.E.A.M. Motorized Machines and Mechanisms

Explore a series of cross-curricular, theme-based activities that develop S.T.E.A.M. skills (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots powered by both batteries and human energy that are built with specific LEGO bricks and elements focusing on various moving parts. Throughout the week, participants will construct builds like boxcar racers, windmills, fishing rods & fish, construction cranes, scales, dogs, insects, clocks, dual shifting racers, and more. Those wishing to advance beyond basic builds are encouraged to enroll in additional sessions.

Maximum enrollment: 20

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 7-12

Tuition: \$235

806 Stitch it Up Sewing Studio

Calling all creative makers! In this hands-on sewing camp, students will learn the fundamentals of both hand sewing and machine sewing while building confidence, patience, and problem-solving skills. Campers will practice threading, stitching, measuring, and cutting techniques — then bring their new skills to life by completing fun, age-appropriate projects they can take home. No experience necessary — just curiosity and creativity! By the end of the week, campers will know how to safely use a sewing machine, sew by hand, follow simple patterns, and proudly say, "I made this myself!"

Maximum enrollment: 15

Instructor: Amanda Goodale-Dennis

Age Range: 9-12

Tuition: \$200

808 The Art of War: Water Edition

Get ready to go to WATER WAR. In this soaked course, learners will go back in time to learn Chinese, Roman, and Ottoman-Turk war tactics, along with building machines of war. Students will practice war strategy, learn how to

negotiate, identify rules of war, understand leadership, and understand how science plays a huge role - all while having a blast getting soaked and learning. Everyone takes home trophies, a war binder, and machines built. Make sure you come for Friday's battle, where everyone's war knowledge is on display.

Maximum enrollment: 25

Instructor: Clinton Proctor

Age Range: 4-9

Tuition: \$200

810 LEGO Creative Challenges

Join us in the fun of building with LEGO bricks and elements to create your own designs. Or, work with others using LEGO base plates along with 1x2, 1x3, and 1x4 bricks as you discover the beauty of interlocking for strong "builds." Each day there will be an "interlocking" challenge to make towers; then, participants may add windows, doors, fences, animals, vegetation and other unique pieces. We'll create pyramids and mosaics, vehicles and facades, too. Participants also practice counting and estimation; verbal communication skills are enhanced as students describe their creations to others. Throughout the week, builders also cooperate with one another in the challenging task of disassembling, sorting and returning LEGO elements to the correct bins. It is an amazing week of exciting builds!

Maximum enrollment: 25

Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien

Age Range: 5-10

Tuition: \$210

812 Barbie Through The Decades

In this class, children will discover the fascinating history of Barbie! Each participant will receive a Barbie of their choice, complete with glamorous outfits for spectacular fashion shows. Beyond the fashion, students will engage in creative dramatic play and develop social skills while making friends. It's an opportunity for imaginative fun and friendship!

Maximum enrollment: 20

Instructor: Aimee Guardiola

Age Range: 7-9

Tuition: \$200

814 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10

Instructor: Owen Duggan

Age Range: 7-12

Tuition: \$200

816A Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games, lunch with friends, and ensure every hour is packed with

action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH Morning class 816A AND Afternoon class 870B.

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: \$620

818 Wildcat War Games

Do you have what it takes to become the ultimate warrior? Join the Wildcat team and prepare to engage in exciting daily battles, where strategy, teamwork and leadership are the keys to victory. Develop your skills as a warrior by learning how to use a variety of battle equipment including Nerf guns, water blasters, water balloons, and more. The battles test your ability to think quickly and make smart decisions, as you'll need to master many military tactics to outsmart your opponents. Discover that the best warriors win the battle in their minds long before stepping onto the field. Every day you'll conquer new challenges, outwit rivals, and have a blast along the way. This is the perfect camp to take again and again as you develop into battle tested leaders who love to play, strategize, and compete. You may bring your own Nerf gun to use during class.

Maximum enrollment: 30
Instructor: John MacLaren
Age Range: 8-12
Tuition: \$210

820 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through hands-on crafts, stories, and interactive lessons. Each day, we'll make a new space-themed project—from sparkling stars to colorful planets and rocket ships—while learning fascinating facts about our solar system. Students will discover what makes each planet unique, how stars shine, and what it's like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

822 Wildcat Sports Camp

Gear up for a week of sports excitement with Keystone Coach Kyle Unruh at Wildcat Sports Camp! This dynamic program offers a blend of traditional and non-traditional sports, ensuring a fun and engaging experience for participants. Throughout the week, campers will enjoy a variety of activities, from the fast-paced action of rugby to creative kickball variations, as well as soccer and hockey. Under Coach Unruh's guidance, participants will not only build their skills in each sport but also experience the thrill of friendly competition and teamwork. Join us for a week of sportsmanship, camaraderie, and the joy of exploring a diverse range of athletic endeavors in Wildcat Sports Camp!

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

824 K Popper Dance & Crafters

Dance! Craft! Dance! The K-Pop Dance and Craft Club is a balance of creating and learning dance routines and creating some unique crafts,

Maximum enrollment: 20
Instructor: Karen Johnson
Age Range: 5-10
Tuition: \$200

826 Advanced Rockets

Explore the physics of rocketry in this make-n-take rocket class. We will use models, NASA curriculum, and build our own toys to study Newton's Laws and the physics of propulsion. Various projectiles will be launched all week, propelled by air, compressed air, water, and fuels. Students will build their own Alpha rockets and launch them at the San Antonio Trap & Skeet field. Family & Friends are invited to meet the class at the San Antonio Trap & Skeet club and share in the excitement & thrill as the rockets are launched.

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 10-12
Tuition: \$225

828 Active Math Playground

Active Math Playground is a dynamic, movement-based math class designed for curious and energetic 4-7 year olds. In this engaging program, children develop early math skills through interactive games, hands-on activities, and creative LEGO games—all while staying active and having fun. Each session turns math into an adventure. Children hop along giant number lines, sort colorful objects, explore shapes with their bodies, build imaginative LEGO structures, play pattern and matching games, and collaborate on problem-solving challenges. Every activity is thoughtfully designed to support early numeracy, spatial awareness, logical thinking, and creativity. Through guided play, students practice counting, comparing quantities, recognizing numbers, identifying patterns, and beginning addition—all while strengthening teamwork, confidence, and a positive relationship with math. Perfect for curious, imaginative learners, Active Math Playground helps children discover that math is not just something they learn—it's something they can move through, build with, and joyfully play.

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200

830 Speed & Agility Training

Speed and Agility Training is a high-energy experience where young athletes learn to move like their older counterparts - faster, sharper, and with confidence. Through fun drills, reaction games and technique-focused activities, students explore the science behind acceleration, quick direction changes, sprint mechanics, and coordination. Each day blends movement with simple skill lessons so students not only get faster but understand why their bodies move the way they do. This class builds athleticism and teamwork while giving students a chance to challenge themselves and celebrate measurable improvement - all leading up to a special final-day field trip to Alamo Stadium to practice and showcase their skills in a real stadium setting.

Maximum enrollment: 25
Instructor: Jajuanza Williams
Age Range: 10-12
Tuition: \$250

832 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

834 Tiny Chef Adventures (Beginners)

Join Chef Danny this summer for an exciting culinary adventure, from making pizza to ice cream from scratch! Come have fun in the world of cooking!

Maximum enrollment: 18
Instructor: Daniel Arkhipov
Age Range: 6-9
Tuition: \$220

836 The Literacy Lab: One Week (Ages 5-6)

Welcome to The Literacy Lab - Summer Edition! This ONE-WEEK (mornings) interactive summer camp helps young learners ages 5-6 master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Maximum enrollment: 16
Instructor: Maree Longoria M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 5-6
Tuition: \$300

WEEK 8 AFTERNOON CLASSES

852 Minecraft: Creative World

Campers will be immersed in a fun and safe learning environment, creating and exploring on a secure server dedicated exclusively to Summer at the Academy students. In addition to playing, campers will learn the essentials of multiplayer etiquette and online safety. Working in teams, they will tackle specific tasks and creative challenges. Let's build together in a virtual wonderland!

Maximum enrollment: 19
Instructor: Frank Ogo
Age Range: 6-12
Tuition: \$200

854 Embodied Logic Basketball Camp

Embodied Logic Basketball Camp: Where passion meets purpose on the court. Designed for student-athletes of all skill levels, our camp focuses on developing the mind, body, and game through high-energy drills and elite skill development. Led by a certified USA Basketball coach with collegiate experience, campers master the fundamentals, teamwork, and leadership — skills that translate both on and off the court. Parents can trust that their athletes are training in a positive, structured environment designed to build confidence, discipline, and Basketball IQ. Whether your player is just starting out or preparing for the next level, Embodied Logic provides the foundation for growth, excellence, and a lifelong love for the game.

Maximum enrollment: 25
Instructor: Eric Leung
Age Range: 7-12
Tuition: \$200

856 All Things Paper & Weaving!

Get ready to explore the art of paper design! This class focuses on experimenting with unique ways to create patterns and textures on paper. Students will dive into hands-on techniques such as bubble painting, shaving cream scraping, balloon and vegetable printing, and various watercolor styles. Once their masterpieces are dry, students will learn how to collage and weave their beautiful, custom-made papers into stunning works of art!

Maximum enrollment: 20
Instructor: Carlise Bentley
Age Range: 5-9
Tuition: \$200

858 S.T.E.A.M. Motorized Machines & Mechanisms

Explore a series of cross-curricular, theme-based activities that develop S.T.E.A.M. skills (Science, Technology, Engineering, Art, and Math) as well as language and communication concepts. This workshop features robots powered by both batteries and human energy that are built with specific LEGO bricks and elements focusing on various moving parts. Throughout the week, participants will construct builds like boxcar racers, windmills, fishing rods & fish, construction cranes, scales, dogs, insects, clocks, dual shifting racers, and more. Those wishing to advance beyond basic builds are encouraged to enroll in additional sessions.

Maximum enrollment: 20
Instructor: Rosemary Pratt, Robin Bernhard, Jim O'Brien
Age Range: 7-12
Tuition: \$235

860 Cricut Creations

Unleash your creativity with a Cricut! In this camp, students learn to design, cut, and create custom crafts using a Cricut maker 4 cutting machine. Campers explore design software, experiment with vinyl, paper, and fabric, and make their own personalized projects — from stickers and keychains to tote bags and t-shirts! Throughout the week, students will gain confidence in digital design, safe crafting techniques, and creative problem-solving while bringing their imagination to life — one cut at a time. No experience needed — just creativity and a love for all things crafting!

Maximum enrollment: 15
Instructor: Amanda Goodale-Dennis
Age Range: 9-12
Tuition: \$200

862 Messy Masterpieces

Does your child love to create? Give them the tools to become a true artist! This week, we are taking a tour through the art world. Students won't just draw; they will smudge, sculpt, paint, and design. We provide the materials and the guidance; they provide the imagination. Best of all? We handle the cleanup!

Maximum enrollment: 20
Instructor: Aimee Guardiola
Age Range: 4-6
Tuition: \$200

864 The Literacy Lab: One Week (Ages 6-8)

Welcome to The Literacy Lab - Summer Edition! This ONE-WEEK (afternoon) interactive summer camp helps young learners ages; 6-8 master the fundamentals of reading and writing through the Orton-Gillingham approach. Campers will explicitly review and write the 70 phonograms, recognize and manipulate sounds, practice reading skills, and build confidence in their literacy journey. Using creativity to reinforce learning, Campers will enjoy making fun crafts that connect to the phonograms and book of study. Guided by certified instructors (M.Ed., CALT, Spalding), we will read exciting stories highlighting phonetic patterns and enjoy rhymes and chants to solidify our understanding of sounds and symbols. Through fun games, they will connect sounds to letters and words, making learning enjoyable and playful!

Maximum enrollment: 16
Instructor: Maree Longoria M.Ed., CALT, Spalding and Lindsay Rouse, M.Ed., CALT
Age Range: 6-8
Tuition: \$300

866 Hot Wheels Racing: Extreme Builders

Are you a Mega Hot Wheels track builder? This is an exciting, fast-paced session for young engineers and speedsters to build the largest, longest, and most elaborate Hot Wheels tracks imaginable! While they build, students will explore the scientific principles of speed, force, inertia, and momentum. Every participant will receive a Hot Wheels driver's license, trophies, and medals, plus a brand-new Hot Wheels car to collect daily! The week culminates in the Mega Race on Friday, where learners show off their skills in a display of pure speed. Everyone is a winner in Hot Wheels Extreme Builders!

Maximum enrollment: 20
Instructor: Clinton Proctor
Age Range: 4-7
Tuition: \$200

868 Rock and Roll Boot Camp

Find your stage presence and learn the fundamentals of rock. This class offers foundational training on guitar, drums, bass, and keyboard, giving students the tools to discover their own sound and rock out!

Maximum enrollment: 10
Instructor: Owen Duggan
Age Range: 7-12
Tuition: \$200

870B Out on the Town (Full Day)

Get ready for daily adventures and nonstop fun! In this exciting Full Day Edition, students hit the road every morning to explore San Antonio's best local hotspots, including Bowlero, Main Event, and more. From bowling strikes to conquering arcade challenges, each day is an all-day excursion designed for maximum excitement. Between our big destination trips, we'll enjoy team-building games, lunch with friends, and ensure every hour is packed with action. It's the ultimate way to create unforgettable memories while experiencing the best our city has to offer.

When enrolling, select BOTH Morning class 816A AND Afternoon class 870B.

Maximum enrollment: 30
Instructor: Myron Jones
Age Range: 9-14
Tuition: 0

872 Star Wars: Jedi Academy

Calling all young Jedi, Padawans, Mandalorians, and Baby Yodas! Get ready to embark on the most exciting adventure of your life as you dive into the thrilling world of Star Wars. Are you ready to feel the Force? In this action-packed camp, you'll experience the magic of the galaxy far, far away like never before. You'll train to become a Jedi, learn lightsaber techniques, master the ways of the Force, and prepare for epic missions across the stars. Explore the planets, meet your favorite characters, and discover how to use the Force to overcome challenges and defeat the dark side. Whether you dream of battling Sith Lords, racing through space on a starship, or joining the rebellion to protect the galaxy, this camp is your chance to live out your Star Wars fantasy. May the Force be with you!

Maximum enrollment: 20
Instructor: John MacLaren
Age Range: 7-12
Tuition: \$210

874 Under the Sea Adventures: Arts & Crafts

Get ready to splash into fun with Under the Sea Adventures Camp! Young ocean explorers will dive into an exciting week filled with sharks, squids, sea turtles, and glowing fish from the deep blue sea. Kids will learn about amazing sea creatures, from the sneaky camouflage of squids to the bright lights of the anglerfish. Each day brings hands-on activities, creative crafts, and ocean discoveries. Campers will touch real seashells, imagine the creatures that lived inside, and make their own shark tooth or seashell necklace to take home. This class will keep kids talking long after the week ends - grab your flippers and join the adventure under the sea!

Maximum enrollment: 20
Instructor: Sylvia Sarate
Age Range: 4-8
Tuition: \$210

876 Little Astronauts Academy

Get ready to blast off on an out-of-this-world adventure! In this fun and creative class, young astronauts will explore the wonders of outer space through crafts, stories, and interactive lessons. Each day, we'll make a new space-themed project, from sparkling stars to colorful planets and rocket ships, while learning fascinating facts about our

solar system. Students will discover what makes each planet unique, how stars shine, and what it's like to be an astronaut exploring the galaxy. This class combines art, science, and imagination to spark curiosity and creativity in every little space explorer!

Maximum enrollment: 20
Instructor: Lupita Perez
Age Range: 4-6
Tuition: \$200

878 Wildcat Dodgeball

Get ready for a week of high-energy, action-packed fun with Wildcat Dodgeball! Led by Keystone coach Kyle Unruh, this program offers an exciting lineup of games that will keep participants on their toes. Every day promises a new and thrilling challenge, from the classic dodgeball match to popular variations like Popcorn, Resurrection, and Medic.

Maximum enrollment: 30
Instructor: Kyle Unruh
Age Range: 7-12
Tuition: \$200

880 Learn & Launch: Jr. Rocketry

We'll use interactive stations, models, NASA curriculum and books to learn about rocketry and space travel. Kids will have fun learning the basics of Newton's Laws and the physics of propulsion, as they experiment with various projectiles throughout the week: balloon rockets, "stomp" rockets, water rockets and more! Students will build a Star Hopper rocket in class and launch it on Friday. Family & Friends are invited to the Launch Party to share in the excitement and thrills!

Maximum enrollment: 20
Instructor: Joanne Burch
Age Range: 7-10
Tuition: \$225

882 Young World Travelers

Prepare to hop on your imaginary airplane, Little Explorers - adventure is waiting! Young World Travelers is an exciting class for 4 to 7-year-olds who are curious about the globe and love to explore through creativity and play. We'll "visit" several countries, experiencing their cultures through art, music, dance, games and storytelling. Participants will make bright and colorful crafts, and even create dough maps to explore countries and continents in a fun, tactile way. In addition to building knowledge about different cultures, students will develop social and fine motor skills; additional activities include scavenger hunts and special take-home creations, making the learning engaging and memorable. Start packing!

Maximum enrollment: 20
Instructor: Jenny Castillo
Age Range: 4-7
Tuition: \$200
