

Counseling News

Mission Statement: The mission of CGMA school counseling program is to provide a nurturing environment that supports all students in being their best selves while promoting social-emotional, academic, and career development.

Vision Statement: To transform students in developing their full potential while promoting skills for lifelong learning.

What's Happening in Class?

The theme for March is **COOPERATION**. Cooperation is the act of working together with someone or doing what they ask of you. Cooperation can benefit groups to help them run more efficiently. Cooperation looks like students taking turns during a discussion. Cooperation sounds like students that are speaking with a level 1 voice tone during a discussion. Students also show cooperation when they are respectful, responsible, a problem solver, and safe! Through cooperation and hard work, the most difficult tasks can be accomplished.

Teamwork Makes The Dream Work!
