## School & Community Background

Located in the central, urban, city of Las Vegas, Nevada, Ed W. Clark High School opened in 1965. In 1993, Clark High transformed to a school-within-a-school Math, Science & Applied Technology magnet program with our Academy of Finance and Teacher Education Academy following in 1998. Most of our students come from 1st and 2nd generation immigrant families as our neighborhood is a unique, predominantly Hispanic community with over 90% of its residents speaking Spanish at home, and an estimated **80% of its residents living below the national poverty line**. Despite these challenges, our students thrive in a rigorous curriculum of class-level, Honors, AP, and Dual Enrollment courses. Our school offers over 90+ extracurricular clubs and honor societies, varsity & intramural sports, community events and varied opportunities to foster young students into leaders ready to **Take Charge of their Future**.

## Awards & Accolades

Ed W. Clark High School has been recognized nationally with the following honors:
