SUMMER SCHOOL OPTIONS

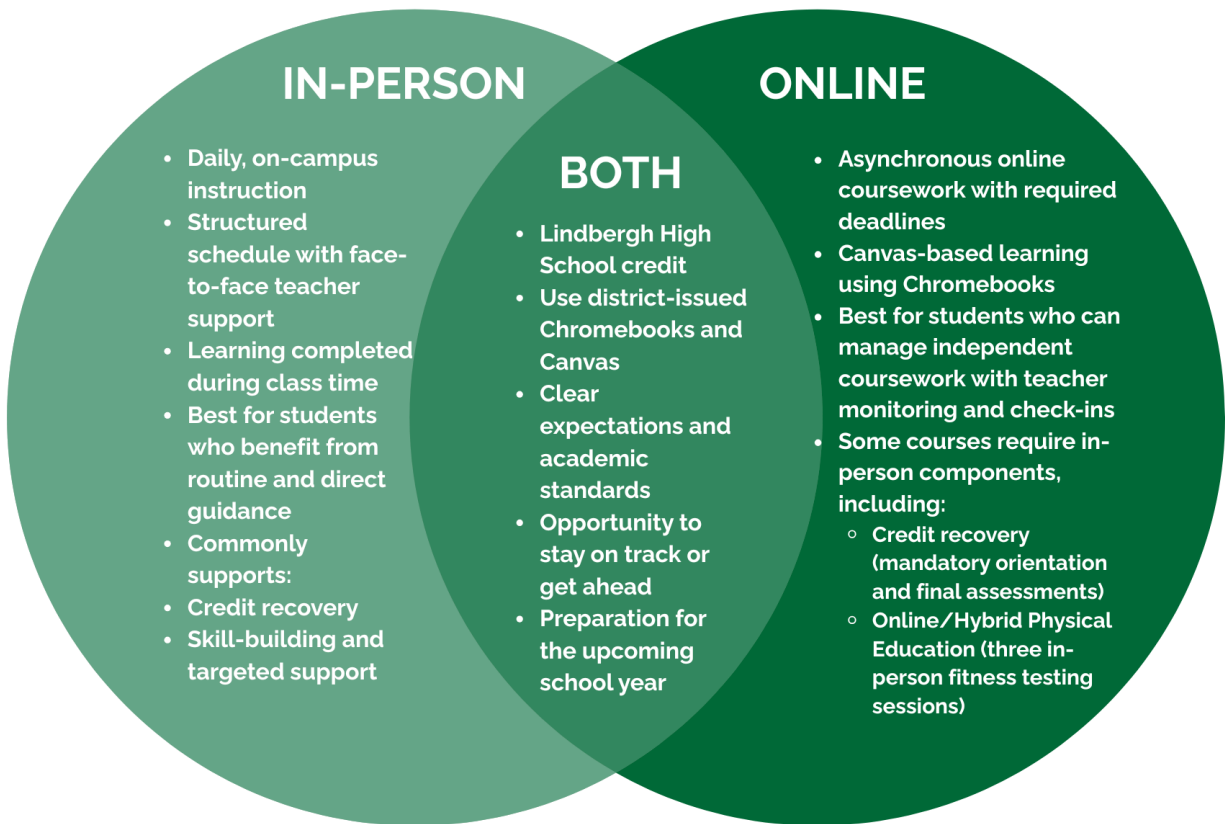

Why Attend Summer School at Lindbergh?

Summer school at Lindbergh High School provides students with opportunities to strengthen skills, earn credit, and create flexibility in their academic journey. Students may choose to attend summer school to recover credit, get ahead, or gain additional practice in a supportive learning environment.

Benefits include:

- Opportunities to earn credit and create flexibility in future schedules
- Focused instruction in a smaller, supportive setting
- For incoming 9th-grade students: early, low-risk practice using Chromebooks to support the transition from middle school technology to high school expectations
- Time to strengthen academic, organizational, and study skills before the next school year

Choosing the Right Summer School Option

LAUNCH ONLINE PROGRAM

Launch is a separate online program and is not part of Lindbergh High School summer school. Students may enroll in either Lindbergh High School summer school or the Launch Online Program, but not both. Launch has its own calendar, platform, and expectations.

Students must choose between LHS Summer School and Launch. Enrollment in both programs during the summer is prohibited.

Elective Class Course Descriptions

Arts and Crafts - Grades 9 - 12 -Fine Art

General art techniques and terms will provide a base knowledge for additional exploration into art. Arts and Crafts can be used to supplement or fill in the student's Art and Design experiences. However, a semester of Art and Design taken during the school year would be required to take additional art classes. Drawing, painting and ceramics will be explored in addition to other projects and textbook work that will be covered. This course counts as one-half credit of Fine Art.

Personal Financial Management and Online Personal Financial Management - Grades 10 - 12

Understanding and managing personal finances are key to one's future financial success. This course is based on the Missouri Personal Finance Competencies and presents essential knowledge and skills to make informed decisions about real world financial issues. Students will learn how choices influence occupational options and future earning potential. Students will also learn to apply decision-making skills to evaluate career choices and set personal goals. The course content is designed to help the learner make wise spending, saving, and credit decisions and to make effective use of income to achieve personal financial success. Students will create a portfolio of their financial skills and reflect on the value and application of these personal finance concepts throughout their life. Students will use the Internet to complete Canvas assignments. All students enrolled in online or in-person Personal Finance will be required to meet weekly deadlines for unit instruction. Your teacher will provide a pacing guide and due dates for the entirety of the class in advance. This course is required for graduation.

Independent Living - Grades 9 - 12 - Practical Art

Surviving on your own! Whether you plan to continue schooling or jump right into the workforce after high school, this course will give you the knowledge and skills needed to become a successful adult. Students will become prepared for living independently through a variety of activities and lessons. Topics explored include cooking, budgeting time and money, making wise decisions, career and post-high school planning, resume building, and more. This course counts towards a Practical Art credit.

Physical Education - Grades 9 - 12

The course covers the basic components of fitness, which includes cardiovascular health, stress management, muscular strength and endurance training, flexibility and body composition. Activities will include, but are not limited to, individual, dual, and team sports and swimming. Students learn proper methods, theories, safety precautions and physical benefits associated with each health-related fitness component, as well as how to develop personal fitness plans based on the concepts taught in the class. This is a Co-ed class experience. Students must take this course as a prerequisite to all other PE courses.

Online P.E. – Grades 9 - 12

This course is a six-week physical education course that allows students to earn 0.5 PE credit while completing the Personal Fitness Concept (PFC) curriculum primarily online via Canvas. **There is a required in-person fitness testing component for the class.** Students must attend three fitness testing sessions throughout the six-week course. There will be a date offered each week for students to attend to complete their fitness testing. There will be more details available from your instructor. Students will be required to maintain documentation of fitness minutes completed independently and log into the online course at regularly scheduled intervals to complete other course work involving fitness principles and health concepts.

Health and Online Health - Grades 9 - 12

The premise is that healthy behavior is a choice that begins with the ability to separate fact from fiction in order to make informed decisions. Health covers the essential elements of active living, life management and wellness skills and making healthy personal choices. Subject matter includes mental health, body

structures and functions, nutrition, first aid, consumer health, personal hygiene, human sexuality, disease prevention, and the harmful effects of drugs, alcohol and tobacco. This course is required for graduation.

Online Driver Education 1 - Must be 15 years old by June 1 - Practical Art

Driver Education is a fully **asynchronous online course**. **Students are expected to complete daily coursework and assessments independently using Canvas.** The main themes of the course include: the Missouri Driver's license program, defensive driving strategies, traction and roadway conditions, decision making, and vehicle ownership. This course counts towards half a Practical Art credit.

Driver Education 2 - Street Driving Prerequisite: Drivers Education 1 or concurrent enrollment

All students who enroll in Summer School Driver Education 1 will receive information about signing up for Summer School Driver Education 2 via email from the instructor, Mr. Droege, in early May. Driver Education 2, the behind the wheel course, requires a fee of \$250 (this applies to district and non-district students). Enrollment is limited and will be done on a first-come, first serve basis according to when the registration form and payment are received. Driving appointments will be arranged individually with the instructor.

Pathways to Literacy - Grade 9 Placement by administration invitation only

Students will participate in a combination of guided mini-lessons and interventions that will focus on specific reading skills, which will provide the student with the intensive practice needed to enhance their reading.

ATTENDANCE REQUIREMENTS

Online Lindbergh Summer School

For online courses, attendance is measured through regular logins and steady progress on assignments rather than physical attendance. As a result, active class participation is essential for achieving success in our summer school program. Students are required to log in regularly and complete all classwork punctually. Failure to log into online classes during the first week will result in immediate removal from the course.

Furthermore, students must demonstrate consistent progress toward course completion. Those who do not meet the established benchmarks for adequate progress by the three-week mark will also be subject to course dismissal.

In-Person Lindbergh Summer School

Summer school attendance is essential for academic success as each day offers crucial learning opportunities. Exceeding the allowed absences can result in removal.

- Maximum Absences: Students are allowed to miss up to **TWO** days of summer school.
- Consequences of Absences: If a student misses **THREE** days, **they will be removed** from the course.

Excused Absences: Absences may be excused for the following reasons:

- Illness with a doctor's note
- Death in the family
- Religious obligations
- Court appearance
- Other emergencies as approved by the principal

Tardiness Policy:

- Two tardies count as one absence.
- A student is considered tardy if they arrive up to 15 minutes late to a class.
- If a student arrives 16 minutes or more late, it will be counted as an absence.

Withdrawing from Summer School

Students can withdraw from a course until the last day of the fourth week of summer school without penalty by contacting the summer school office at (314) 729-2410. After that, an F will be assigned to the student's transcript.

HELPFUL SUMMER SCHOOL FACTS

Eligibility

Any student who is currently enrolled or residing in the Lindbergh School District and has completed the eighth grade may enroll in the summer school program at no charge. Non-resident students may enroll if space is available.

Enrollment Process for Non-Lindbergh Students

Contact the Lindbergh Schools Registrar at registrar@lindberghschools.ws to start the registration process. For more information on what is required, please visit the [Enrollment](#) page on the Lindbergh Schools website.

Tuition

Residents of the Lindbergh School District may enroll in any course free of charge except for Driver Education Part 2 (street driving). The fee for students enrolled in Driver Education 2 is \$250.

Credit Options

Students who successfully complete one course will earn half (1/2) credit. Students who successfully complete two courses will earn a total of one credit.

Summer School Grades

Grades in summer school **do not replace an F** received during the school year. Both the summer school grade and the grade earned during the school year are figured into the grade point average, and both grades will appear on the transcript.

Physical Education

Students are allowed to take **only ONE** semester of P.E. each summer through Lindbergh's summer school program.

Parking

Parking is available on Lindbergh High School's campus. Permits are not required.

Important Notes

- ***Please note that classes fill quickly.*** Priority will be given to upperclassmen during the first week registration materials are accepted.
- ***All classes are subject to being canceled based on enrollment numbers.*** Students will be notified if they do not get into a class due to class cancellation or a class being closed.
