ROAR

ALETHEIA CHRISTIAN ACADEMY NEWSLETTER

12-13	Mid-Term Exams & Half Days
16-20	Spring Break
23	No Students-Teacher Training
27	Report Cards Go Home

With the funds raised through our Feed the Need fundraiser, we will be installing our new A/C unit in the gym this Spring Break! We have also purchased new soccer goals for our students to use during recess.

VPK WACKY DAY

VPK students are busy learning a letter a week and have already gotten to letter W! To reinforce that letter, they had a Wacky Wednesday complete with wacky clothes and hair. Our little Lions are just the cutest!

APPLE SCIENCE

Second graders in Mrs. Davis's class created a simple chemical reaction using vinegar and baking soda inside an apple. They added food coloring for an eye-catching "lava" effect and a little Dawn dish soap to make the eruption extra bubbly. Hands-on science (and a little mess!) makes learning so much fun!

BOOK FLOATS

Third graders in Mrs. Frame's class had a unique book report project. They read a book and created a "float" showing different elements of the story. Then they presented the book to the class. We love seeing their creativity shine!

CREEPY CRAWLERS

Mrs. Klimetz's fourth grade class had a very special visitor: a tarantula! Student Nina English brought in her pet tarantula, Blossom, during the class study of spiders and insects. Nina answered questions and shared interesting facts and stories about Blossom with the class.

PT VISITOR

Fifth grade students were visited by Mr. Richard Ross, a physical therapist, worship leader, and author. He shared about his career and taught the students a song highlighting the importance of bones and muscles. He even had a few students demonstrate some basic physical therapy techniques.

FIRST CITY ART CENTER TRIP

Sixth grade classes visited First City Art Center last month for a field trip. Students watched a demonstration on glass blowing, pottery on a wheel, and were even able to create their own works of art.

CROWNED WITH PURPOSE

Students in Mrs. Wendy's 5th grade art class studied artist Jean-Michel Basquiat, who famously painted crowns as his signature motif. Students created their own crowns to represent their royalty as sons and daughters of King Jesus.

SELF-DEFENSE SKILLS

Senior Fabio Fernandes, a blue belt in Jiu Jitsu, helped to demonstrate some basic self-defense moves in Mr. Nance's Life Skills class last month. The students really enjoyed practicing some techniques to protect themselves from dangerous situations.

MUSIC TIME WITH MRS. BOWMAN

4H SPEECH CONTEST

Congratulations to our 4th-6th grade finalists!

- 4th Grade: Ty Nolan (1st place), Nina English (2nd place), Sadie Fain (3rd place) and Emmy Bush (Honorable Mention)
- 5th Grade: Luke Davis (1st place), Kindyl Raby (2nd place), Eliana Driver (3rd place) and Titus Blackwell (Honorable Mention)
- 6th Grade: Davis Fain (1st place), Grace Brown (2nd place), Henry Jackson (3rd place) and Hudson Childers (Honorable Mention)

First place winners from each grade will compete in the County Competition on Thursday, March 13th at 6pm at the Langley Bell 4-H Center in Cantonment.

CODING TIME

Seventh grade students have been learning how to design characters, program movements, and set text on screen through Code.org in their Coding class with Mr. Foote. They are putting all these concepts together to create an interactive game. Here, Noah Brooks demonstrates for his class a multi-level game that he designed.

FROM PAGE TO POSTER

Mrs. Everett's AP Literature students read the play "The Crucible," a play in which various propaganda techniques are employed to sway public opinion and defend the Salem witch hunts. Students were assigned the task of creating their own propaganda poster related to the play. They analyzed and critiqued each other's works and chose a winner. Congrats to Emma Trotter for the winning design!

SHOWING LOVE

Mrs. Davis wanted her students to do something special for local nursing home residents, so during last month's half day, they took a break from their regular Bible lesson and put those teachings into action. Students created Valentine's cards for senior living residents, sharing encouragement and love in a simple but meaningful way.

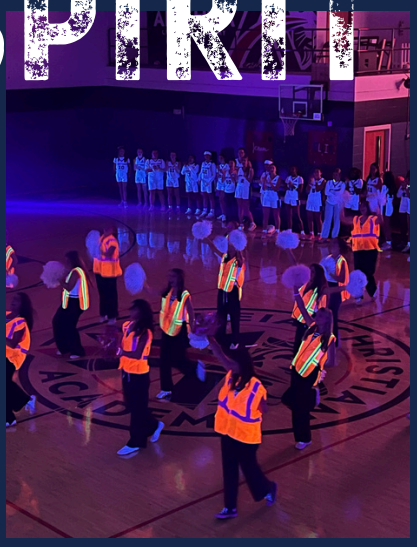

CELL PROJECT

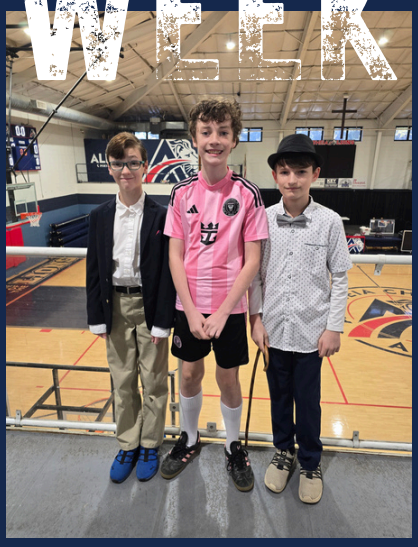

Mr. Tripp's Biology class was assigned a cell analogy project in which they had to relate every function of the cell organelles to the function of another complex system, such as a school, city, factory, or farm, and then present their projects to the class. They did a great job!

SPIRIT WEEK 2026

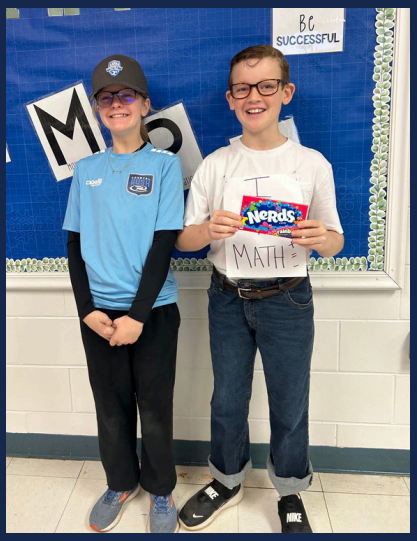

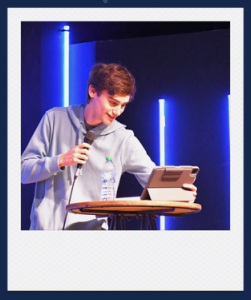

SPIRIT CON 2026

Our 7th–12th grade students were challenged at our annual Spiritual Conference to live out Philippians 1:21 “For to me, to live is Christ, and to die is gain.”

Through powerful messages and worship they were encouraged to boldly live for Christ in their everyday lives. We’re praying this truth continues to take root in their hearts .

A BIG thank you to First Baptist Church of Pensacola for hosting us and our SGA for all their hard work!

SATURDAY, APRIL 18TH
@8AM

COME WALK OR RUN WITH US!
STAY AFTER FOR A FLAPJACK BREAKFAST,
AWARDS CEREMONY, AND DOOR PRIZES!
