

March

Art with Mrs. Richard

What We Are Learning

7th Grade - Students are making paper mache sculptures or digital animations.

8th Grade - Students are learning how artist come up with ideas for artwork. They are learning what process artist use to create art.

Talk About Learning

7th Grade - Did you know that an armature is the essential internal framework used to support, shape, and provide stability to sculptures?

8th Grade - Did you know that ideation in art is the initial, foundational phase of the creative process dedicated to generating, developing, and exploring ideas, and visual solutions before final execution.

Important Reminders

Art Club is every Wednesday after school from 3:50pm -5:25pm
