Learn with Passion, Lead with Integrity, and Succeed with Confidence!

Around the School

Attendance is the #1 predictor of a student's academic success.

Research shows that missing 18 days of school *negatively affects a student's academic performance.*

That's just two days a month, and that's known as **chronic absenteeism**.

Your child's attendance may be a reason they are falling behind academically.

4K/5K Spring Registration for the 2026-2027 School Year

Monday, April 13, 2026 8:30 AM – 12:00 PM / 3:30 PM – 5:00 PM

Health & Wellness

Sunshine

While the sun provides many benefits for our physical and emotional wellbeing, we need to protect ourselves from its strong ultra-violet rays known as UV light. Too much UV light can be harmful for skin and cause sunburn. Ultraviolet light is highest during the spring and summer months and during the middle of the day. You can protect your family from harmful UV rays by practicing sun safety which includes using sunscreen, wearing protective clothing, hats, and sunglasses.
