Enrollment Projection Report 2026-2027 Overview

Enrollment projections are developed using a variety of sources. These sources include building permits issued by cities within the district boundary, number of live births in Hennepin and Anoka counties, preschool census population counts as well as historical and potential growth patterns of enrollment.

Other factors that affect building level projected student counts include:

- Open enrollment and in-district transfer options
- Northwest Suburban Integration School District program options
- Special Education Programs

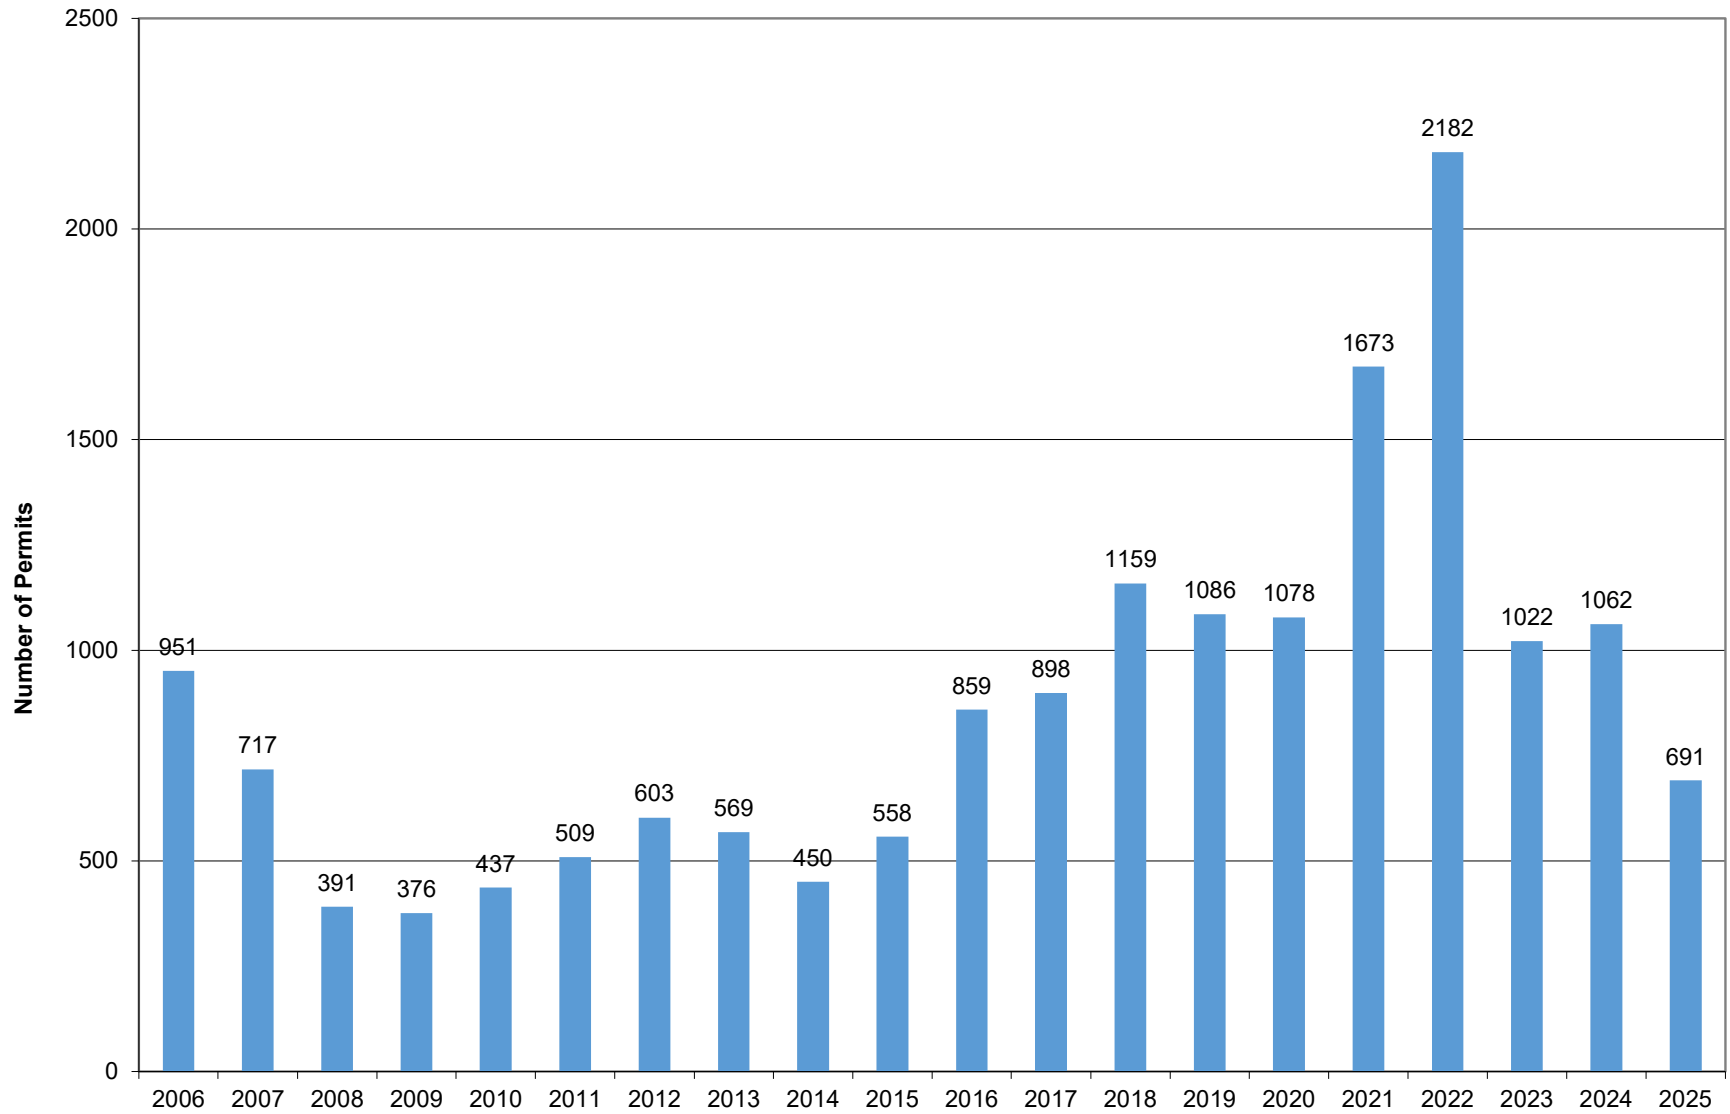

Building Permits

Building permit data includes the cities of Andover, Anoka, Blaine, Brooklyn Park, Champlin, Coon Rapids, Dayton, Ham Lake and Ramsey. Single and multi-family units are reported. There was a decrease in the number of building permits in 2025 from 2024. There were 1,062 permits in 2024 and 691 permits in 2025.
