Subject: Our Commitment to Student Safety and Family Privacy

Dear Excelsior Charter School Families,

At Excelsior Charter Schools, the safety, well-being, and dignity of every student and family are central to everything we do. We are writing to share information about an important safety-related procedure that is now part of our school's Comprehensive School Safety Plan, as required by California law.

California Senate Bill 98 (also known as the SAFE Act) requires all schools to have clear procedures in place for communication if immigration enforcement activity is ever confirmed on a school campus. While we do not anticipate such a situation, having a plan ensures that our school community is prepared, informed, and supported in a calm and respectful way.

What this means for families

- Our school has established clear communication procedures designed to promote calm, prevent confusion, and protect student learning.
- If immigration enforcement activity were ever confirmed on a school site, families and staff would receive timely, factual communication that prioritizes safety and reassurance.
- Any communication would not include personal information about students, families, or staff.
- Our school remains committed to protecting student privacy and maintaining a welcoming, inclusive environment for all.

Excelsior Charter Schools serves students from many backgrounds, and we are proud to be a community where every child belongs. Our staff will continue to focus on learning, care, and support for students, regardless of background or circumstance. If you have questions or would like additional information about our school safety plans or family support resources, please feel free to contact our school office.

Thank you for your continued trust and partnership

Warm regards,
Excelsior Charter Schools
