

FRESHMAN PREP

Bridge the gap! We are offering freshman prep courses for students who would like to strengthen their English, Algebra 1, or Executive Function skills prior to beginning their freshman year. Please note, these classes are not offered to students placed in honors level courses.

ALGEBRA 1 SKILLS

Algebra Skills gives students a jump-start into Algebra 1. The course reviews the first three chapters of the Algebra 1 textbook while focusing on the fundamentals of Algebra. Students leave, having the confidence, knowing the routine of an Algebra class at SM.

EXECUTIVE FUNCTIONS

This class is focused on providing the skills and strategies necessary for achieving academic success at SM. We will cover use of our tablet, goal setting, study strategies, time management, organization, stress management, and self-advocacy skills.

ENGLISH 1 SKILLS

English 1 Skills reintroduces and bolsters students' reading, grammar, annotation, writing, and analytic skills in order to prepare students for their summer reading, *Code Talker*.
