NOAA SCIENTISTS INSPIRE STEAM ACADEMY STUDENTS WITH REAL-WORLD STEM CAREERS

On February 3rd, students in Mr. Anselmo's Environmental Science class participated in an engaging virtual presentation with scientists and staff from the National Oceanic and Atmospheric Administration (NOAA), hosted at STEAM Academy. This interactive session introduced 10th-12th graders to the impressive range of career pathways within NOAA, an agency whose work touches nearly every aspect of daily life, from predicting severe weather to studying climate change, mapping ocean floors, and monitoring marine ecosystems.

Dr. Veeshan Narinesingh, a physical scientist at NOAA's Geophysical Fluid Dynamics Laboratory, guided students through the agency's mission and explained how NOAA's research spans everything, "from the surface of the sun to the bottom of the sea," including space weather that influences communications and satellite technologies on Earth. Students were especially excited to learn about the diversity of both people and professions at NOAA, including individuals from varied cultural, educational, and career backgrounds. Beyond scientists, the agency employs individuals with experience in aviation, business, accounting, human resources, visual arts, and more, showcasing how a wide range of talents and perspectives contribute to scientific discovery and public service. Scientific illustrator Anne Guthermann sparked particular enthusiasm as she described how she transforms complex data into clear, accessible visuals for research publications, inspiring students who hadn't realized that artistic skills could lead to STEM careers.

Throughout the session, students asked thoughtful, candid questions about career preparation, financial aid, federal employment pathways, and, unsurprisingly, the most popular question of the day: "How much money do you make?" Presenters offered honest, encouraging answers, highlighting that government careers, such as those at NOAA, can offer strong benefits, advancement opportunities, meaningful work that supports public safety and environmental understanding, and even chances to travel as part of their roles. Dr. Narinesingh shared his own journey, explaining how he began with a stipend while building coding skills and scientific expertise, emphasizing that these careers are accessible with dedication and support.

Awards

MOUNT VERNON CITY SCHOOL DISTRICT CELEBRATES OUTSTANDING STEAM TEACHERS AND TEACHING ASSISTANTS

Outstanding educators across the Mount Vernon City School District were honored during a districtwide recognition ceremony at Mount Vernon High School on Tuesday, February 4. Three Teachers and teaching assistants from each school were celebrated for their dedication and excellence in serving students.

From STEAM Academy, honorees included educators Ms. Grosso, Mr. Hyman, and Ms. Wallace, along with teaching assistants Ms. Matos and Ms. Wallace. Mr. Wilbekin proudly represented STEAM administration during the ceremony.

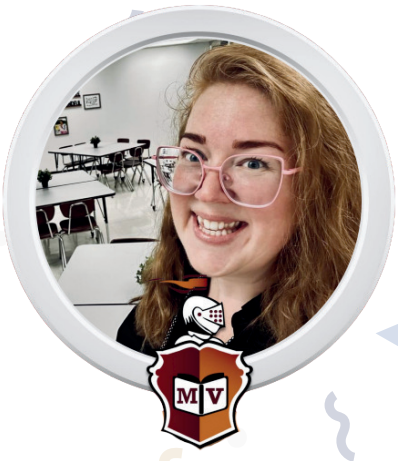

SCAN THE QR CODE TO SEE ALL PHOTOS FROM THE EVENT ON OUR DISTRICT WEBSITE!

Ms. Grosso sets the highest standard for school librarianship. She supports students and staff daily through media, research, and essential technology assistance, always going above and beyond. She collaborates with teachers, guides students in research and information-literacy skills, and approaches every challenge with patience and professionalism. Her warmth, positivity, and genuine care make her an invaluable part of our school community. The MV STEAM family is truly fortunate to have her.
- Ms. Marte

"Mr. Hyman is the kind of educator whose commitment is felt from the moment the day begins. He starts before sunrise, teaching 0-period at 7:00 AM so students receive the support they need. His dedication extends far beyond the classroom; he regularly leads efforts to help Mount Vernon families, from collecting funds after community hardships to organizing holiday toy and clothing drives. He also plays a key role in planning schoolwide events that build unity and lift morale. His generosity, reliability, and community-centered spirit make an immense impact every day, and we are proud to celebrate all he brings to our school."
- Mr. Sigman

"Ms. Wallace is an exceptional educator who brings English and Social Studies to life through engaging, interactive lessons that spark curiosity and critical thinking. Her classroom is a warm, welcoming space where students feel valued and excited to learn, and beyond it, she strengthens the school community by organizing events, producing the monthly newsletter, creating staff videos that build unity, and supporting students as the dedicated Sophomore class advisor. A true team player and committed volunteer, she consistently goes above and beyond; her positivity and uplifting spirit truly make her the sunshine in every room she enters."
- Ms. Pogue

ARTICLE CONTINUED ON NEXT PAGE

I feel truly fortunate to have worked with Ms. Phillip. She brought warmth, care, and steady support to our classroom, creating a space where students felt safe, welcomed, and genuinely known. Many came early just to spend time with her because she made them feel valued. Her impact extended beyond the classroom through her work with the Youth Bureau, where she guided students professionally, recognized their strengths, and helped them build confidence and envision new opportunities. She wasn't just caring–she opened doors for them and changed lives." - Ms. Guziczek

"Ms. Wallace serves as a dedicated 1:1 support for a senior student, ensuring he stays on task and receives all of his required accommodations. He specifically requested her as his TA, which speaks to the strong rapport they've built over the years. Having worked with him at the elementary level, she has had the unique opportunity to see his educational journey come full circle. When the student is absent, she continues to support the classroom and assists wherever she is needed. She is kind, dependable, and deeply committed to her work. Her consistent presence and positive attitude make her an invaluable member of our team." – Mr. Johnson

"Ms. Matos excels at helping students stay focused and on task, consistently creating a productive learning environment. She takes the time to understand each lesson thoroughly so she can better support students in real time. Her ability to translate for our MLL students is an incredible asset, ensuring they feel included, supported, and able to access the material. She also holds students accountable in a way that encourages their success, balancing high expectations with genuine care. Kind, attentive, and thoughtful, she remembers the small details that make each student feel seen and valued." – Ms. Batkay

Congratulations to our colleagues!

Guidance Department

COLLEGE, CAREERS & CONFIDENCE: GUIDANCE LEADS THE WAY

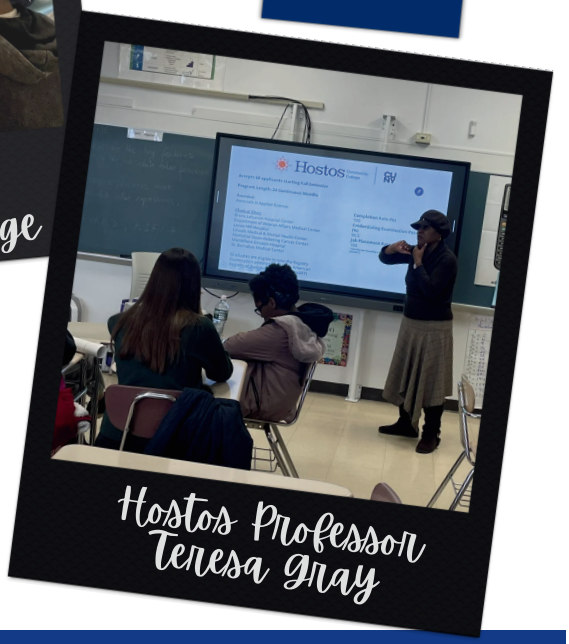

February has been an exciting month in our Guidance Department as students explored their futures beyond high school. Seniors kicked things off on February 5th during SUNY Westchester Community College Application Day, meeting with an admissions counselor to learn about programs, requirements, and opportunities awaiting them after graduation.

On February 11th, students participated in Mercy University's Instant Decision Day with Admissions Counselor Ms. Fayona Thomas, gaining insight into campus life, career pathways, and support systems for college success. Also that afternoon, the Great Potential program, led by Ms. Pogue, welcomed Hostos Professor Teresa Gray, who inspired students with a presentation on medical careers and pathways through CUNY Hostos.

SUNY WESTCHESTER COMMUNITY COLLEGE

MERCY UNIVERSITY

Guidance Department

To Our Incredible MV STEAM Academy High School Counselors,

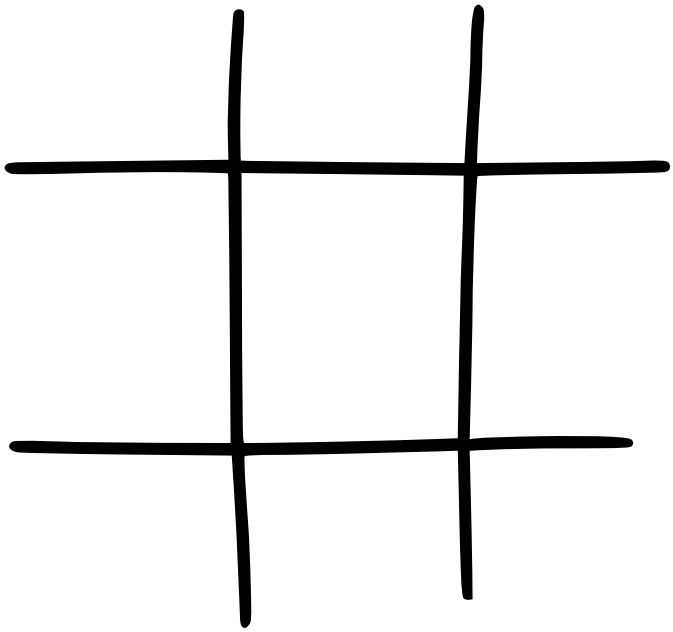

Thank you for being the heart, the calm, and a steady guide for our students and our school community. Your dedication, patience, and expertise provide students with opportunities to continue challenging themselves and pursuing lasting success.

You show up for our scholars with open hearts and unwavering dedication, guiding them toward greatness. You listen when they need to be heard, advocate when they need support, and celebrate every success right alongside them. Your impact reaches far beyond schedules, transcripts, and meetings. You shape their future and inspire hope, and remind every student attending the STEAM Academy that they matter.

I am deeply grateful for the professionalism, grace, and teamwork you bring to MV STEAM Academy. Thank you for your partnership in shaping our students' lives!

Sincerely,
Ms. E. Marte

Senior Spotlight

SHINING KNIGHT SPOTLIGHT: ZIOR WILLIAMS

Mount Vernon STEAM Academy proudly celebrates senior Zior Williams, whose ambition, resilience, and compassion are setting her on a path toward a future in law and global service. Having attended Mount Vernon schools since early childhood, Zior credits the district with giving her consistency, support, and a strong sense of belonging that helped shape her goals and confidence.

Inspired by her experience in STEAM's mock trial program, Zior discovered her passion for law and now plans to pursue an English major with a pre-law focus, with aspirations of becoming an attorney and possibly working in international corporate or family law. Her drive to advocate for others extends beyond the classroom through volunteer work supporting individuals with disabilities and mentoring younger students, reflecting her belief that kindness and compassion should guide every opportunity to give back.

She was also recently honored with a scholarship recognizing her as a "Most Extraordinary Student" for community service!

FAMILIES CONNECT AT DISTRICTWIDE PARENT INVOLVEMENT DAY

Mount Vernon STEAM Academy welcomed families on February 9 for a districtwide Parent Involvement Day held in the Media Center. The morning began with the Principal's Coffee Club and introductions from school and district leaders, followed by classroom visits, student ambassador support, and informative workshops focused on student well-being and awareness. Guests also explored a STEAM Showcase featuring biomedical and engineering displays before the day concluded with a closing session that highlighted the district's commitment to family engagement and student success.

The Art Department

STEAM ACADEMY STUDENTS HONOR DR. KING THROUGH COLLABORATIVE ART

In honor of Martin Luther King Jr. Day, STEAM Academy teacher Mr. Stankiewicz led students in a meaningful abstract art project inspired by Dr. King's message of unity and collective impact. In the days leading up to the holiday, students designed small individual drawings using intentional colors and patterns. When assembled, these pieces formed a striking portrait of Dr. King, demonstrating how many small contributions can come together to create something powerful. This hands-on activity helped students see that even when a task feels overwhelming, breaking it into manageable parts can make it achievable, a lesson Mr. Stankiewicz tied directly to Dr. King's famous reminder:

"IF I CANNOT DO GREAT THINGS, I CAN DO SMALL THINGS IN A GREAT WAY."

Celebrations

STEAM LOUNGE HONORS DECEMBER & JANUARY STAFF OF THE MONTH

On Thursday, February 12th, the STEAM Academy community came together for a vibrant celebration honoring our December Staff of the Month, Coach Smith and Ms. Guziczek, and our January Staff of the Month, Ms. Ingram. The after-school STEAM Lounge event, held just before Parent-Teacher Conferences, was a joyful tribute to excellence, teamwork, and the spirit of our school.

The celebration was brought to life by none other than Mr. Hyman, who delivered an unforgettable performance as MC. With his signature radio-ready voice and unmatched stage presence, he introduced each honoree with energy, admiration, and true star quality. His leadership extended far beyond the microphone; he also provided the delicious menu of fish, plantains, seafood pasta, jerk chicken, and mac and cheese (and more!) that guests are still talking about.

The atmosphere was set by Kojo's incredible DJ skills, keeping the room lively and upbeat throughout. Ms. Barris and Ms. Ingram, whose eye for décor and event flow is second to none, transformed the space beautifully, executing a setup that perfectly matched Mr. Hyman's vision.

A dedicated serving team, Ms. Wallace, Ms. Roberts, Ms. Wally, and Ms. Nassis, ensured everyone enjoyed the amazing food and felt welcome throughout the event. Their teamwork added warmth and hospitality to the celebration. The February STEAM Lounge was a true community effort and a shining example of what makes our school family so strong: collaboration, creativity, and appreciation for one another. Congratulations again to Coach Smith, Ms. Guziczek, and Ms. Ingram on their well-deserved honors!

School Clubs

WINTER MADNESS CHAMPIONS CROWNED

Under the bright lights of the auditorium stage this January, 8th grader Alexander Felix battled his way to claim the 2026 Fight Club “Winter Madness” Major Championship title, while 10th grader Nikel Evans dominated the competition to secure the Junior Championship crown. Both competitors delivered thrilling, crowd-pleasing performances throughout the month-long tournament and are already top contenders heading into the highly anticipated “Spring Madness” showdown in late May and early June. Fight Club was founded by art teacher Mr. Chambers, better known as “The Dirty Commissioner,” and science teacher Jason Anselmo, “The Final Boss,” who served as one of the club’s formidable trainers. Congratulations to our champions on an action-packed, electrifying season!

Middle School

7/8TH GRADE ADVISORY UPDATES: EVENTS, FUNDRAISERS, AND STAFF VOLUNTEER OPPORTUNITIES

Several upcoming activities and initiatives are on the horizon for students and staff. The deadline for **8th-grade dues is March 31**, and students can participate in Pi Day on Friday, March 13, which will include a math challenge where participants must correctly identify what pi represents and recite at least five digits.

Students can also get ready for a Volleyball Tournament on March 19 and a Basketball game on March 27, both taking place during 5th-period lunch. Four student teams will compete, and the winning team will face off against staff in a short championship round. **Staff members are needed to sign up to participate in both events!**

Fundraising efforts are now underway to support the creation of National Honor Society and Junior National Honor Society chapters, with a total of $770 needed to cover chapter fees for this year and next. Organizers are also **seeking six staff volunteers** to serve on the Junior National Honor Society committee as advisors.

Staff interested in signing up for volleyball or basketball, volunteering for the committee, or supporting any of these initiatives are encouraged to see Ms. Ingram or Ms. Porter, advisors to 7th and 8th grade!

Awards

STEAM SCHOLARS HONORED WITH YOUTH SERVICE AWARDS

Mount Vernon STEAM Academy proudly celebrates seniors Eric Rodriques and Zior Williams, who were recognized at the Westchester County Youth Service Awards for their outstanding leadership and dedication to service. The annual ceremony, hosted by the Westchester County Youth Bureau and Youth Advisory Board, honored 12 exceptional high school students from across the county for their commitment to uplifting their communities.

The honorees received certificates from Westchester County Executive Ken Jenkins and the Westchester County Board of Legislators in recognition of their impactful work and dedication to social good. Award recipients were selected for demonstrating leadership through initiatives such as expanding volunteer networks, promoting social awareness, and supporting their communities with compassion and resilience.

We are incredibly proud of Eric and Zior for representing STEAM Academy with integrity, compassion, and purpose. Their recognition reflects not only their individual excellence but also the strong culture of leadership and service within our school community!

"I am truly honored to receive the Youth Service Award. I am very thankful that my achievements have been recognized by the Westchester County Youth Bureau and elected officials. It is a blessing to represent Mount Vernon and to hear about the impressive achievements of the other honorees. This experience brought me great joy, seeing others succeed just as much, if not more than, myself. I hope we all continue down this path and create meaningful change in our respective communities. The reason for my achievements was never for recognition, but to be myself and serve others, which is why I am so honored and grateful to receive this award. Lastly, I am grateful to God, my family, my school, and the Mount Vernon Youth Bureau for supporting me and providing a platform that made everything possible." - ***Eric Rodriques, Senior***

Clubs

STEAM MOCK TRIAL TEAM TAKES THE STAND

Mount Vernon STEAM Academy's Mock Trial Club officially stepped into the courtroom for its first preliminary round of the New York State High School Mock Trial Competition on Thursday, February 26th, held at the Westchester County Courthouse. The statewide program, run by the New York State Bar Association, gives students hands-on experience with courtroom procedure, legal reasoning, and trial advocacy while building skills such as public speaking, critical thinking, and professionalism. Thousands of students across New York participate each year.

Assisted by advisor Ms. Wallace and working alongside attorney mentor Brian Johnson, the team opened the competition, presenting the defense side of the case. Defense attorneys included sophomore Vidhi Goel and seniors Zachary Cotto and Madyson Powell, while witnesses, freshman Leia Forman and sophomore Isabel Nava Ferreira, delivered testimony. Senior Tatiana Santiful served as timekeeper, and sophomore Alana Diggs portrayed the defendant, helping bring the courtroom simulation to life.

Mock Trial competitions challenge students to analyze legal cases prepared by the state program and argue them before real judges and legal professionals, offering an authentic courtroom experience that extends beyond the classroom.

The team will return to court for its second preliminary round on Thursday, March 5th, this time presenting the prosecution side. Regardless of outcome, the experience marks an exciting milestone for the club as students develop real-world skills, confidence, and a deeper understanding of the justice system.

Afterschool Programs

ACE STUDENTS HEAR FROM INDUSTRY PROFESSIONALS

Students in STEAM Academy's ACE Mentorship Program recently attended a session where industry professionals shared insights on real-world engineering projects, sustainability, and career pathways, giving students a deeper understanding of how classroom concepts apply in professional settings. At their next meeting, students will participate in Project Manager elections and begin working with official site plan materials for upcoming projects. The program is advised by Mr. Glinias and Ms. Rodriguez, who support students as they develop leadership skills, explore careers, and gain hands-on professional experience.

Junior Achievement

FUTURE LEADERS TEACHING FINANCIAL SKILLS AT BENJAMIN TURNER ACADEMY

Students at Benjamin Turner Academy recently received a powerful lesson in money management from an inspiring group of mentors, their peers from Mount Vernon STEAM Academy. As part of Junior Achievement's High School Heroes program, STEAM students visited classrooms to teach younger scholars about financial responsibility, saving, and how money works, demonstrating leadership as they applied lessons they had studied in advance.

The visit highlighted the impact of peer-led learning, as younger students eagerly engaged with high school mentors, gaining early exposure to financial literacy concepts such as earning, saving, and investing. Programs like these reflect Junior Achievement's mission to equip young people with practical financial knowledge and real-world skills that support future success.

Through this meaningful experience, STEAM scholars not only strengthened their own leadership and public-speaking abilities, but also inspired the next generation to think confidently about their financial futures.

KNIGHTS WRESTLING SHINES AT SECTION 1 CHAMPIONSHIPS!

Our very own Mount Vernon Knights Varsity Wrestling Team competed in the Section 1 Championships over the weekend, bringing home some impressive performances against fierce competition. This year marked a milestone as the first-ever girls wrestling team from Mount Vernon City School District competed, and they did us proud! Among them were Mia Martinez and Avea Miller, with Avea earning All-Section honors for her strong showing. On the boys' side, Caiden Hylton also earned All-Section honors with a fourth-place finish in the competitive 215-lb weight class, showcasing grit and determination throughout the tournament.

Other STEAM Academy wrestlers who represented our community with tenacity and pride include Kymani Williams, Gustavo Ramos, Niel Jackson, Eric Rodrigues, and Eli Foreman, all competing at Section 1 and giving it their all on the mat. We're proud of these student-athletes for their hard work, sportsmanship, and the way they represent the STEAM Academy both in and out of the classroom!

About MV STEAM Academy

MISSION AND VISION

The vision of the Mount Vernon STEAM Academy is to prepare students for success in the 21st century by providing equitable, rigorous and innovative learning opportunities across all content areas through a STEAM lens.

We will promote active learning and challenge our students to take full ownership of their education centered around the 4Cs (critical thinking, communication, collaboration and creativity) and 5Es (engage, explore, explain, elaborate and evaluate). We encourage our students to identify and recognize their skills, talents and passions.

About MV STEAM Academy

STEAM CREED

STEAM rises! I'm all the way up!
Nothing can stop me! I'll rise all the way up.
Nothing can stop me! I'll go all the way up.
Nothing can stop me! I'll press all the way up.
Nothing can stop me! I'll stay all the way up.
Nothing can stop me! I will never give up!
Nothing can stop me! I'll dream all the way up.

We are the **STEAM Academy**, thriving in an advanced **global economy**. Together, we will believe and achieve. We will study hard and succeed.

We will lead by example through our actions, decisions, and interactions. We will **collaborate** and investigate. We will conduct research and **innovate**.

We will ask questions and find **solutions.** We will develop and utilize our talents in every opportunity to better ourselves, our school, and our community.

We will give our best and nothing less. We will resist complacency, use all our **energy**, and move full steam ahead towards our destiny.

We are **MV STEAM**, and we're all the way up!

JANUARY STAFF OF THE MONTH!
